INDEPENDENT AUDITOR'S REPORT

To the Board of Directors and Participants,
403(b) Thrift Plan of Philabundance:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We were engaged to perform an audit of the financial statements of 403(b) Thrift Plan of Philabundance (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a period of one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplementary Schedules Required by ERISA

The supplementary schedule, schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedule, we evaluated whether the supplementary schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary schedule, other than the information in the supplementary schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplementary schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of 403(b) Thrift Plan of Philabundance were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated October 13, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedules, and (b) the form and content of the information included in the financial statements and supplemental schedules other than that derived from the certified information, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

403(b) Thrift Plan of Philabundance

Notes to Financial Statements

December 31, 2021 and 2020

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the 403(b) Thrift Plan of Philabundance (the "Plan") are prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America ("US GAAP"). Under this method of accounting, contributions and investment income are recorded when earned and expenses are recorded when incurred.

Estimates

The preparation of financial statements in conformity with US GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities, and additions and deductions to net assets available for benefits as of the date of the financial statements. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 4 for discussion of fair value measurements.

Investment transactions are recorded on a trade date basis. Gains and losses on sale of investments are based on the average cost method. The net appreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits includes unrealized gains (losses) on investments held at year-end plus realized gains (losses) on investments sold during the year. Dividends are recorded on the ex-dividend date. Interest income is recorded when earned.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance, plus any accrued but unpaid interest. Interest income from notes receivable from participants is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Principal and interest are repaid through payroll deductions.

Risks and Uncertainties

The Plan's assets are invested in various investment securities. Investment securities are exposed to various risks, such as interest rate volatility, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by Philabundance (the "Employer" or "Organization") and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expense. Investment related expenses are included in net appreciation in fair value investments.

Payment of Benefits

403(b) Thrift Plan of Philabundance
Notes to Financial Statements
December 31, 2021 and 2020

2. DESCRIPTION OF THE PLAN

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan qualifying under Section 403(b) of the Internal Revenue Code ("IRC"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan originally became effective January 1, 2008 and has been amended throughout the years to comply with tax legislation and most recently retroactively restated effective January 1, 2010. The Plan covers substantially all employees of the Organization. The Board of Directors is responsible for the oversight of the Plan. The plan administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Directors.

Eligibility

Employees are eligible to participate in the salary reduction arrangement in the Plan, which includes both pre-tax and Roth contributions, immediately or as soon as feasible after the date of hire, provided they have achieved 18 years of age. The Plan document excludes certain employees from participation, including certain nonresident aliens and union employees whose employment is governed by a collective bargaining agreement.

The Plan allows for qualified matching contributions and discretionary non-elective contributions (referred to by the Plan as profit-sharing contributions). An employee is eligible for matching and profit-sharing contributions after one month of service.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 403(b) of the IRC. Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax 403(b) contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Organization may, at its discretion, elect to make a qualified matching contribution or profit-sharing contribution to the Plan. For the years ended December 31, 2021 and 2020, the Organization's matching contribution was the lesser of 50% of salary reduction contributions deferred during each pay period or 2% of compensation received for that pay period. The Organization also elected to provide profit-sharing contribution for the years ended December 31, 2021 and 2020, which was calculated as 1% of employees compensation received during each pay period and not dependent upon whether or not the employee made salary reduction contributions during that pay period.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Organization's matching contribution, an allocation of the Organization's profit-sharing contribution, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts, the lesser of a maximum of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a reasonable rate, generally prime plus one percent as determined by the Plan administrator. As of December 31, 2021, the interest rates on the outstanding loans ranged from 5.25% to 7.50%.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Organization's matching and profit-sharing contributions, plus actual earnings thereon, is based on years of credited service. A participant is 100% vested after one year of credited service. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Payment of Benefits

Upon termination of service, death, disability, or retirement, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump sum distribution. The Plan allows for in-service distributions if a participant reaches age 59½ and hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed \$1,000, the plan administrator will authorize the benefit payment without the participant's consent. If the balance of the terminated participant's account is between \$1,000 and \$5,000, the Plan Sponsor may authorize that the benefit payment be rolled into an individual retirement account in the participant's name.

Forfeited Accounts

Forfeited nonvested accounts may be used to reduce either administrative expenses or future Organization contributions. Forfeited nonvested accounts as of December 31, 2021 and 2020 totaled \$43 and \$332, respectively. Forfeitures in the amount of \$9,988 were used to pay administrative expenses for the year ended December 31, 2021.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (UNAUDITED)

No auditing procedures were performed by the independent public accountants as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by Alerus Financial, N.A. (the "Trustee"). Based on information provided and certified by the Trustee, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, for the years December 31, 2021 and 2020.

The following information included in the accompanying financial statements and supplementary schedule was obtained from data that has been prepared and certified as complete and accurate by the Plan's trustee, as of and for the years ended December 31:

	<u>2021</u>	<u>2020</u>

December 31, 2021 and 2020

T. Rowe Price, a custodian of the Plan, has not supplied the plan administrator with a certification as to the completeness and accuracy of certain investment information reflected on the accompanying financial statements and supplementary schedule as of December 31:

	<u>2021</u>	<u>2020</u>
Investments, at fair value		
Mutual funds	\$ 81,092	\$ 66,801
Net appreciation in fair value of investments	\$ 9,506	
Interest and dividend income	\$ 4,825	

4. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Such inputs include quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used for the periods presented in these financial statements.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 5,396,526	\$ -	\$ -	\$ 5,396,526

2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,096,233	\$ -	\$ -	\$ 4,096,233

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in the Organization's contributions and any earnings thereon.

6. INCOME TAX STATUS

403(b) plans are not required to receive a favorable determination or opinion letter from the Internal Revenue Service ("IRS") indicating that the Plan is tax-exempt under present income tax law. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 403(b). The Organization adopted a prototype document retroactively effective January 1, 2010, with a favorable opinion letter dated March 31, 2017, in which the IRS stated the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PARTY-IN-INTEREST TRANSACTIONS

The Plan paid fees for record keeping and investment advisory services of \$4,086. These transactions qualify as party-in-interest transactions. Certain investment related fees are reflected as an offset of net investment income and are not readily determinable. Notes receivable from participants are transactions with participants; these loan transactions qualify as exempt party-in-interest transactions.

Net assets available for benefits per filed form 5500	<u>\$ 5,542,458</u>	<u>\$ 4,222,649</u>

The following is a reconciliation of changes in net assets available for benefits from the statement of changes in net assets available for benefits and filed form 5500 for the year ended December 31, 2021:

Net increase in net assets available for benefits per the statement of changes in net assets available for benefits	\$ 1,317,987
Defaulted loans during the year ended December 31, 2020	<u>1,822</u>
Net change in net assets available per form 5500	<u>\$ 1,319,809</u>

9. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 4, 2022, the date the financial statements were available to be issued. Based on that evaluation, the Plan has determined that no subsequent events have occurred that require adjustment to or disclosure in the financial statements.
