INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of

Global Indemnity 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed the audit of the financial statements of Global Indemnity 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the 2021 financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and therefore, is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by the qualified institution. In our report dated September 16, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

GLOBAL INDEMNITY 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

(1) Description of Plan

The following description of the Global Indemnity 401(k) Plan, (the "Plan") provides only general information. Participants should refer to the Summary Plan Description and Plan Document for a more complete description of the Plan's provisions.

General - The Plan is the Employee Retirement Income Security Act of 1974 ("ERISA") 404c compliant, Defined Contribution 401(k) Profit Sharing Plan of GBLI Holdings, LLC (the "Company" or "plan sponsor"). An eligible employee is any employee of the Company who is: 1) an eligible employee as defined by the Plan and 2) eighteen years of age or older, except if the employee is any of the following: 1) represented by a bargaining unit that has bargained with the Company in good faith on the subject of retirement benefits; 2) a nonresident alien with no U.S. income or all such income is exempt from U.S. income tax; 3) a leased employee; 4) an individual who is considered an independent contractor or an employee of an independent contractor who is later determined by the Internal Revenue Service ("IRS") to be an employee of the Company; or 5) a part-time, temporary, or seasonal employee who is regularly scheduled to work less than 1,000 hours, until such time as the employee works 1,000 hours in a 12-month period defined in the Plan. The eligibility requirements are: 1) the employee must be an eligible employee as defined by the Plan and 2) the employee must be eighteen years of age or older. The Plan is subject to the provisions of ERISA.

In 2005, the Company acquired Penn Independent Corporation and Subsidiary Companies, which was the plan sponsor of the Penn Independent Corporation and Subsidiary Companies Incentive Savings and Retirement Plan (the "PIC Plan"). All assets of the PIC Plan were transferred into the Plan as of January 1, 2007. The plan administrator believes that the Plan merger was a tax-exempt transaction under the applicable provisions of the Internal Revenue Code ("IRC") and, therefore, was not subject to federal income taxes.

On March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"). The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management evaluated the relief provisions available to plan participants under the CARES Act and implemented the following provisions throughout the remainder of 2020:

- Special coronavirus ("COVID-19") distributions up to \$100,000;
- Increased the available loan amount as described below to the lesser of \$100,000 or 100% of the participant's vested account balance;
- Extended the period for loan repayments, if applicable, up to one year; and
- Temporarily waived required minimum distributions for the 2020 calendar year unless requested by the participant.

Contributions - Eligible employees may contribute up to the lesser of 100% of pay (eligible compensation, as defined in the Plan) or the limits set by federal law. Rollover contributions may be made by an eligible employee or an inactive participant provided that those contributions meet the conditions as outlined in the Plan. Eligible employees who are at least age 50 by the end of that year may make catch-up contributions. Eligible employees returning to work after a period of qualified military service can make up missed 401(k) elective deferral contributions as required by law.

GLOBAL INDEMNITY 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

(1) Description of Plan (continued)

Contributions (continued) - The Company contributes 100% of the first 6% of eligible compensation, as defined by the Plan, equivalent to contributions made by the participant per pay period. The Plan also allows for Roth contributions. Contributions are subject to certain IRC limitations.

Participants are able to allocate 100% of their contributions among the various investment options. Participants may change their investment options at any time with respect to future contributions or to the funds in existing investment options.

With respect to the Company's matching contributions, the participant may allocate any portion to any investment regardless of the percentage allocation of his or her deferral contributions.

Participant investment account options - Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers twelve mutual funds, six pooled separate accounts, thirteen collective investment trusts, and a common/collective trust fund as investment options for participants.

Participant accounts - Each participant's account is credited with the participant's contribution, the Company's matching contribution, and earnings, and is charged with administrative expenses, which are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are 100% vested in their contributions as well as any matching contributions.

Notes receivable from participants - Participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balances. The loans are secured by the balances in the participants' accounts and bear interest at rates which are commensurate with local prevailing rates, as determined quarterly by the plan administrator. As of December 31, 2021, notes receivable bear interest between 4.25% and 6.50%. Principal and interest are repaid ratably through payroll deductions.

Under the provisions of the CARES Act, the maximum amount that participants could borrow from their accounts increased to the lesser of \$100,000 or 100% of the participant's vested account balance, effective for the period between April 1, 2020 and December 31, 2020. In addition, the CARES Act enabled participants to freeze their loan repayments from April 1, 2020 through December 31, 2020, with loans being reamortized and payments re-starting in 2021.

Payment of benefits - Participants may withdraw funds subject to limitations outlined in the Plan. Upon termination of service due to voluntary resignation, death, disability or retirement or if actively employed upon the attainment of age 59½, a participant or his or her beneficiary(ies) may elect to receive either a lump sum cash or rollover amount equal to the value of the participant's vested interest in his or her account or a series of substantially equal annual payments over a fixed period of whole years or a specified dollar amount each year. Under the provisions of the CARES Act, effective for the period between April 1, 2020 and December 31, 2020, participants could request a special COVID-19 distribution of up to \$100,000 due to adverse financial consequences from COVID-19.

GLOBAL INDEMNITY 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies

Forfeited accounts - These accounts can be used to pay Plan expenses and to reduce future employer contributions. There were no forfeited accounts as of December 31, 2021 and 2020. There were no forfeitures generated or used during the year ended December 31, 2021. During the year ended December 31, 2020, \$214 and \$4,217, of forfeitures were used to reduce employer match and pay plan expenses, respectively.

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussions on fair value measurements.

Pooled separate accounts are valued at the net asset value ("NAV") of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is reported on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Unit values - Individual participant accounts for the common/collective trust fund are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the fund, but do have an interest therein represented by units valued daily. The fund earns dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from the fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - The Plan's administrative expenses are paid by the Plan's participants. Other expenses paid by the Company, which is the plan sponsor, represent independent auditors' fees, Plan amendment fees, and Plan restatement fees, and are not included in the statements of changes in net assets available for benefits.

(3) Information prepared and certified by the trustee

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2021 and 2020, notes receivable from participants, net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company ("Principal"), the trustee of the Plan.

(4) Fair value measurements

Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") Topic 820, "*Fair Value Measurements and Disclosures*," provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

Level 1 - inputs utilize quoted prices (unadjusted) in active markets for identical assets that the Plan has the ability to access at the measurement date;

Level 2 - inputs utilize other than quoted prices included in Level 1 that are observable for the similar assets, either directly or indirectly; and

Level 3 - inputs are unobservable for the asset, and include situations where there is little, if any, market activity for the asset.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust fund and collective investment trust funds: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective trust fund, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities' liquidations will be carried out in an orderly business manner. See Note 5.

NOTES TO FINANCIAL STATEMENTS

(4) Fair value measurements (continued)

Pooled separate accounts: Valued at the NAV of units held by the Plan at year end based on the market value of its underlying investments. Although the pooled separate accounts are not available in an active market, the NAV of the units are approximated on the quoted prices of the underlying investments that are traded in an active market.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

Investments at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total

				<u>47,958,779</u>
Total investments at fair value				<u>\$ 71,769,056</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(5) NAV per share

In accordance with FASB Accounting Standards Update 2009-12, the Plan expanded its disclosures to include the categories below for those assets whose fair value is estimated using the NAV per share as of December 31, 2021 and 2020.

The following table as of December 31, 2021 and 2020, sets forth a summary of the Plan's investments with a reported NAV:

<u>Investments</u>	<u>Fair Value 12/31/2021</u>	<u>Fair Value 12/31/2020</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Pooled separate accounts (a):					
Principal U.S. Property	\$ 1,757,526	\$ 1,868,976	\$ -	Daily	(b)
All others	7,093,976	6,526,722	-		
Common/collective trust fund (a)	4,606,677	5,231,765	-	Daily	(c)
Collective investment trusts (a)	<u>39,078,028</u>	<u>34,331,316</u>	<u>-</u>	Daily	(c)
Total	<u>\$ 52,536,207</u>	<u>\$ 47,958,779</u>	<u>\$ -</u>		

(a) See Note 4 for the description of the pooled separate accounts, common/collective trust fund, and collective investment trusts.

(b) Up to thirty days.

(c) Up to thirty days for withdrawals from the fund for benefit payments and participant transfers to noncompeting options and up to twelve months for all other withdrawals.

(6) Related-party transactions and party-in-interest transactions

Certain Plan investments are funds managed by an affiliate of Principal. Principal is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Certain investment advisory services are provided by UBS. UBS receives compensation for these services and, therefore, qualifies as a fiduciary and a party-in-interest. Administrative expenses paid to the trustee and investment advisor for the years ended December 31, 2021 and 2020, totaled \$171,828 and \$165,779, respectively.

(7) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(8) Tax status

The IRS has determined that the 401(k) Volume Submitter Plan is designed in accordance with applicable sections of the IRC and informed by a letter dated August 8, 2014, that the Plan and the related trust are designed in accordance with the applicable sections of the IRC. The Plan has been amended since receiving this determination letter. However, the plan administrator believed, as of December 31, 2021, that the Plan was currently designed and being operated in compliance with the applicable requirements of the IRC.

GLOBAL INDEMNITY 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

(8) Tax status

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain tax position that "more likely than not" would not be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefit.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of COVID-19, creating risks to the international community as the virus spread globally beyond its point of origin. On March 11, 2020, the WHO classified COVID-19 as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined at this time.

(10) Subsequent events

The Plan has evaluated subsequent events through September 12, 2022, which is the date the financial statements were available to be issued.
