INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Heiser Automobile Dealerships 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Heiser Automobile Dealerships 401(k) Profit Sharing Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section,

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the plan. As permitted by 29 CFR 2520.013-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 30, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information was presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

HEISER AUTOMOBILE DEALERSHIPS 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - Heiser Automobile Dealerships 401(k) Profit Sharing Plan ("the plan") follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2021 through October 3, 2022, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which would impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Key parties of the plan - Heiser Ford, Inc. is the plan sponsor/employer and plan administrator. Participating employers include Heiser Chevrolet, Inc., Heiser Motor Sales, Inc., Heiser Chevrolet Cadillac of West Bend and Quick Motors, Inc. Wells Fargo Retirement Plan Services was the third party administrator that maintained plan and participant records and performed various compliance tests as tax counsel. Wells Fargo Bank, N.A. was the custodian of plan assets and the plan trustee. The two Wells Fargo entities are collectively referred to as "Wells Fargo". On July 1, 2019, Principal Life Insurance Company acquired the Wells Fargo investment and recordkeeping platform, however, the Wells Fargo investment and recordkeeping platform was run separately from the Principal Life Trust Company ("Principal") platform through May 21, 2021, at which time, the plan's assets, recordkeeping and third party administration services were transferred from Wells Fargo to Principal. On July 22, 2021, the plan transitioned the third party administrator, investment custodial and trustee services to Associated Trust Company, N.A. ("Associated Trust Company").

Investments - The plan sponsor determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. The net appreciation (depreciation) in fair value of investments bought, sold and held during the years is reflected in the statements of changes in net assets available for benefits. Participants should refer to the prospectuses and annual reports of the investments for more information.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows.

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

The following is a description of the valuation methodologies used for investments measured at fair value.

Mutual funds - Valued at the daily quoted market prices as reported by the fund. The mutual funds held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily net asset value ("NAV"), and are deemed to be actively traded.

Common/collective trusts - Valued at the NAV based on units of the common/collective trust. The common/collective trusts held by the plan are various trusts, which are all individual direct filing entities. The NAV, as provided by Associated Trust Company and Wells Fargo, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the common/collective trust less its liabilities. This practical expedient is not used when it is determined to be probable that the common/collective trust will sell the investment for an amount different than the reported NAV.

Wells Fargo Target My Retirement funds - Plan participants were allowed to enroll in the Wells Fargo AdviceTrack program ("AdviceTrack"). AdviceTrack implemented an appropriate asset allocation of the plan's existing Wells Fargo common/collective trusts and mutual funds investment options ("managed funds") for each participant that elected to enroll in the AdviceTrack program based on their personal and financial data as provided to AdviceTrack. Participants were charged additional asset based management fees for participating in AdviceTrack. The Wells Fargo Target My Retirement funds were valued at the NAV based on units of the managed funds. The NAV, as provided by Wells Fargo, was used as a practical expedient to estimate fair value. The NAV was generally based on the fair value of the underlying investments of the managed funds less its liabilities. This practical expedient was not used when it is determined to be probable that the managed fund will sell the investment for an amount different than the reported NAV.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

Investments at fair value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$12,449,789	\$ -	\$ -	\$12,449,789
Total investments in the fair value hierarchy	\$12,449,789	\$ -	\$ -	12,449,789
Investments measured at NAV (a)				1,021,197
Total investments at fair value				\$13,470,986

Investments at fair value as of December 31, 2020				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$10,271,679	\$ -	\$ -	\$10,271,679
Total investments in the fair value hierarchy	<u>\$10,271,679</u>	<u>\$ -</u>	<u>\$ -</u>	<u>10,271,679</u>
Investments measured at NAV (a)				2,740,012
Total investments at fair value				<u>\$13,011,691</u>

(a) In accordance with GAAP, certain investments that are measured at NAV have not been classified in the fair value hierarchy. The fair value amounts presented in the above tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following tables summarize investments for which fair value is measured using the NAV as a practical expedient as of December 31, 2021 and 2020. Participant transactions (purchases and sales) for these transactions may occur daily. There are no participant redemption restrictions for these investments; the redemption notice period, if any, is applicable only to the plan.

<u>December 31, 2021</u>	<u>Fair value</u>	<u>Unfunded commitments</u>	<u>Redemption frequency</u>	<u>Redemption notice period</u>
Common/collective trusts	\$1,021,197	n/a	Daily	n/a

<u>December 31, 2020</u>	<u>Fair value</u>	<u>Unfunded commitments</u>	<u>Redemption frequency</u>	<u>Redemption notice period</u>
Wells Fargo common/collective trusts	\$2,490,216	n/a	Daily	n/a
Wells Fargo My Target Retirement funds (a)	249,796	n/a	Daily	n/a

(a) The objective of these funds is to maximize returns by providing customized investment options based on participant's personal investment strategies when considering the participant's age, gender, years to retirement, current salary, current savings rate and account balance.

2. DESCRIPTION OF PLAN

The following description of the plan provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

General - The plan was established on March 1, 1990 as a defined contribution plan with a 401(k) salary deferral arrangement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - For purposes of employee elective deferral contributions, employees are eligible if they have completed 90 days of service and have reached age twenty-one (age eighteen effective August 2021). For purposes of employer matching and nonmatching contributions, an employee is eligible if they have completed twelve months of service, have 1,000 hours of service during these twelve months and have reached age twenty-one (effective August 2021 the eligibility requirements for all employer contributions is now the same as the eligibility requirements for employee elective deferral contributions). An employee can enter the plan on January 1, April 1, July 1 or October 1 after meeting the eligibility requirements.

Contributions - Contributions to the plan can be made in the following ways:

- a. Participants may contribute up to 25% of their compensation subject to certain limitations (elective deferral contribution). The plan also permits Roth elective deferrals. Upon meeting the eligibility requirements, employees are automatically enrolled in the plan and have 5% of compensation withheld as deferral contributions. Participant deferral percentages automatically increase by 1% each year until they reach a maximum of 9% (10% effective August 2021). Such participants have the option to increase, decrease or stop the deferral by completing the necessary documentation.
- b. Rollover contributions are accepted by the plan from other qualified plans.
- c. A matching contribution equal to a discretionary percentage, determined by the employers' board of directors, of the employee's elective deferral contribution. The employer matching contributions were 20% of the first 5% of the employee compensation contributed to the plan as elective deferral contributions in 2021 and 2020.
- d. A nonmatching contribution may be made at the discretion of the employers' board of directors. No such contributions were made for 2021 or 2020.

Participant accounts - Earnings, including the fair value appreciation or depreciation, are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Each participant's account is credited with the participant's elective deferral contributions and an allocation of the employer contributions. Participants are allowed to transfer funds between the various investment options and change their deferral percentage at any time.

Vesting - Participants begin vesting in the employer matching and nonmatching contributions and related earnings upon two full years of service, at which time they are 20% vested. The participant then vests at the rate of 20% for each year thereafter. Upon death, disability or qualified retirement participants become 100% vested. Participants are always 100% vested in their elective deferral and rollover contributions and related earnings.

Payment of benefits - Benefit payments may commence upon termination of employment, death, disability, or attainment of normal retirement age. Participants normally receive their distribution in the form of a single lump sum payment. Installment payment options are available to participants that require minimum distributions in accordance with Internal Revenue Service requirements. In addition, hardship withdrawals are permitted under the plan in certain circumstances. In-service withdrawals can commence upon attaining the age of 59 ½.

Forfeitures - Forfeitures are used to reduce employer contributions or pay plan expenses. Forfeitures used were \$21,000 in 2021. No forfeitures were used in 2020. Unapplied forfeitures were insignificant as of December 31, 2021 and 2020.

Administrative fees - Certain administrative fees of the plan are paid by the employer. Certain other administrative fees are paid by the plan from plan assets and recorded as administrative expenses in the accompanying financial statements. Such expenses include participant directed charges for distribution fees and nonparticipant directed charges for service, administrative and advisory fees. Nonparticipant directed charges are allocated to the participants on an account value basis.

Participant loans - Participant loans are not permitted under the plan.

3. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the plan sponsor has the right to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and related earnings.

4. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of funds managed by the investment agents (Wells Fargo, Principal and Associated Trust Company). Wells Fargo/Principal and Associated Trust Company was/is the trustee and custodian and, therefore, these transactions qualify as party-in-interest transactions. Gross fees paid by the plan for these services were \$55,000 in 2021 and \$59,000 in 2020. Prior to the transfer to Associated Trust Company, in connection with certain of these fees, the plan received annual revenue sharing amounts from the investment funds to which the fees relate. The revenue sharing amounts received are recorded by the plan as additional returns on the related funds and were \$1,000 in 2021 and \$2,000 in 2020. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

5. INCOME TAX STATUS

Effective August 1, 2021 the plan adopted an Associated Trust Company non-standardized pre-approved profit sharing plan. The pre-approved profit sharing plan received its most recent favorable opinion letter on June 30, 2020 in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Prior to August 1, 2021 the plan operated using a Wells Fargo volume submitter profit sharing plan. The volume submitter profit sharing plan received its most recent favorable opinion letter on March 31, 2014 in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator has not obtained separate Internal Revenue Service opinions or determination letters for the plan. However, the plan administrator and tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) for any uncertain tax positions taken by the plan that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for such uncertain tax positions taken and determined the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of December 31, 2021 and 2020.

The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

6. INFORMATION CERTIFIED BY AGENTS

Management has obtained certifications from the investment agents (Wells Fargo, Principal and Associated Trust Company), qualified institutions under the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, that state the following information with respect to assets held for investment of the plan is complete and accurate.

- a. Investments held for the plan and the fair values of such as of December 31, 2021 and 2020;
- b. Dividends and capital gains distributions and net appreciation (depreciation) in fair value of investments for the years ended December 31, 2021 and 2020;
- c. Contributions to, withdrawals from, purchases, sales and interfund transfers between accounts for the years ended December 31, 2021 and 2020; and
- d. Individual participant account statements (which include beginning account balances, contributions, investment income (loss), transfers, withdrawals and ending account balances) as of and for the years ended December 31, 2021 and 2020.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Heiser Automobile Dealerships 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Heiser Automobile Dealerships 401(k) Profit Sharing Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section,

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the plan. As permitted by 29 CFR 2520.013-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 30, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information was presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

HEISER AUTOMOBILE DEALERSHIPS 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - Heiser Automobile Dealerships 401(k) Profit Sharing Plan ("the plan") follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2021 through October 3, 2022, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which would impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Key parties of the plan - Heiser Ford, Inc. is the plan sponsor/employer and plan administrator. Participating employers include Heiser Chevrolet, Inc., Heiser Motor Sales, Inc., Heiser Chevrolet Cadillac of West Bend and Quick Motors, Inc. Wells Fargo Retirement Plan Services was the third party administrator that maintained plan and participant records and performed various compliance tests as tax counsel. Wells Fargo Bank, N.A. was the custodian of plan assets and the plan trustee. The two Wells Fargo entities are collectively referred to as "Wells Fargo". On July 1, 2019, Principal Life Insurance Company acquired the Wells Fargo investment and recordkeeping platform, however, the Wells Fargo investment and recordkeeping platform was run separately from the Principal Life Trust Company ("Principal") platform through May 21, 2021, at which time, the plan's assets, recordkeeping and third party administration services were transferred from Wells Fargo to Principal. On July 22, 2021, the plan transitioned the third party administrator, investment custodial and trustee services to Associated Trust Company, N.A. ("Associated Trust Company").

Investments - The plan sponsor determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. The net appreciation (depreciation) in fair value of investments bought, sold and held during the years is reflected in the statements of changes in net assets available for benefits. Participants should refer to the prospectuses and annual reports of the investments for more information.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows.

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

The following is a description of the valuation methodologies used for investments measured at fair value.

Mutual funds - Valued at the daily quoted market prices as reported by the fund. The mutual funds held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily net asset value ("NAV"), and are deemed to be actively traded.

Common/collective trusts - Valued at the NAV based on units of the common/collective trust. The common/collective trusts held by the plan are various trusts, which are all individual direct filing entities. The NAV, as provided by Associated Trust Company and Wells Fargo, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the common/collective trust less its liabilities. This practical expedient is not used when it is determined to be probable that the common/collective trust will sell the investment for an amount different than the reported NAV.

Wells Fargo Target My Retirement funds - Plan participants were allowed to enroll in the Wells Fargo AdviceTrack program ("AdviceTrack"). AdviceTrack implemented an appropriate asset allocation of the plan's existing Wells Fargo common/collective trusts and mutual funds investment options ("managed funds") for each participant that elected to enroll in the AdviceTrack program based on their personal and financial data as provided to AdviceTrack. Participants were charged additional asset based management fees for participating in AdviceTrack. The Wells Fargo Target My Retirement funds were valued at the NAV based on units of the managed funds. The NAV, as provided by Wells Fargo, was used as a practical expedient to estimate fair value. The NAV was generally based on the fair value of the underlying investments of the managed funds less its liabilities. This practical expedient was not used when it is determined to be probable that the managed fund will sell the investment for an amount different than the reported NAV.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

Investments at fair value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$12,449,789	\$ -	\$ -	\$12,449,789
Total investments in the fair value hierarchy	\$12,449,789	\$ -	\$ -	12,449,789
Investments measured at NAV (a)				1,021,197
Total investments at fair value				\$13,470,986

Investments at fair value as of December 31, 2020				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$10,271,679	\$ -	\$ -	\$10,271,679
Total investments in the fair value hierarchy	\$10,271,679	\$ -	\$ -	10,271,679
Investments measured at NAV (a)				2,740,012
Total investments at fair value				\$13,011,691

(a) In accordance with GAAP, certain investments that are measured at NAV have not been classified in the fair value hierarchy. The fair value amounts presented in the above tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following tables summarize investments for which fair value is measured using the NAV as a practical expedient as of December 31, 2021 and 2020. Participant transactions (purchases and sales) for these transactions may occur daily. There are no participant redemption restrictions for these investments; the redemption notice period, if any, is applicable only to the plan.

<u>December 31, 2021</u>	<u>Fair value</u>	<u>Unfunded commitments</u>	<u>Redemption frequency</u>	<u>Redemption notice period</u>
Common/collective trusts	\$1,021,197	n/a	Daily	n/a

<u>December 31, 2020</u>	<u>Fair value</u>	<u>Unfunded commitments</u>	<u>Redemption frequency</u>	<u>Redemption notice period</u>
Wells Fargo common/collective trusts	\$2,490,216	n/a	Daily	n/a
Wells Fargo My Target Retirement funds (a)	249,796	n/a	Daily	n/a

(a) The objective of these funds is to maximize returns by providing customized investment options based on participant's personal investment strategies when considering the participant's age, gender, years to retirement, current salary, current savings rate and account balance.

2. DESCRIPTION OF PLAN

The following description of the plan provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

General - The plan was established on March 1, 1990 as a defined contribution plan with a 401(k) salary deferral arrangement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - For purposes of employee elective deferral contributions, employees are eligible if they have completed 90 days of service and have reached age twenty-one (age eighteen effective August 2021). For purposes of employer matching and nonmatching contributions, an employee is eligible if they have completed twelve months of service, have 1,000 hours of service during these twelve months and have reached age twenty-one (effective August 2021 the eligibility requirements for all employer contributions is now the same as the eligibility requirements for employee elective deferral contributions). An employee can enter the plan on January 1, April 1, July 1 or October 1 after meeting the eligibility requirements.

Contributions - Contributions to the plan can be made in the following ways:

- a. Participants may contribute up to 25% of their compensation subject to certain limitations (elective deferral contribution). The plan also permits Roth elective deferrals. Upon meeting the eligibility requirements, employees are automatically enrolled in the plan and have 5% of compensation withheld as deferral contributions. Participant deferral percentages automatically increase by 1% each year until they reach a maximum of 9% (10% effective August 2021). Such participants have the option to increase, decrease or stop the deferral by completing the necessary documentation.
- b. Rollover contributions are accepted by the plan from other qualified plans.
- c. A matching contribution equal to a discretionary percentage, determined by the employers' board of directors, of the employee's elective deferral contribution. The employer matching contributions were 20% of the first 5% of the employee compensation contributed to the plan as elective deferral contributions in 2021 and 2020.
- d. A nonmatching contribution may be made at the discretion of the employers' board of directors. No such contributions were made for 2021 or 2020.

Participant accounts - Earnings, including the fair value appreciation or depreciation, are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Each participant's account is credited with the participant's elective deferral contributions and an allocation of the employer contributions. Participants are allowed to transfer funds between the various investment options and change their deferral percentage at any time.

Vesting - Participants begin vesting in the employer matching and nonmatching contributions and related earnings upon two full years of service, at which time they are 20% vested. The participant then vests at the rate of 20% for each year thereafter. Upon death, disability or qualified retirement participants become 100% vested. Participants are always 100% vested in their elective deferral and rollover contributions and related earnings.

Payment of benefits - Benefit payments may commence upon termination of employment, death, disability, or attainment of normal retirement age. Participants normally receive their distribution in the form of a single lump sum payment. Installment payment options are available to participants that require minimum distributions in accordance with Internal Revenue Service requirements. In addition, hardship withdrawals are permitted under the plan in certain circumstances. In-service withdrawals can commence upon attaining the age of 59 ½.

Forfeitures - Forfeitures are used to reduce employer contributions or pay plan expenses. Forfeitures used were \$21,000 in 2021. No forfeitures were used in 2020. Unapplied forfeitures were insignificant as of December 31, 2021 and 2020.

Administrative fees - Certain administrative fees of the plan are paid by the employer. Certain other administrative fees are paid by the plan from plan assets and recorded as administrative expenses in the accompanying financial statements. Such expenses include participant directed charges for distribution fees and nonparticipant directed charges for service, administrative and advisory fees. Nonparticipant directed charges are allocated to the participants on an account value basis.

Participant loans - Participant loans are not permitted under the plan.

3. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the plan sponsor has the right to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and related earnings.

4. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of funds managed by the investment agents (Wells Fargo, Principal and Associated Trust Company). Wells Fargo/Principal and Associated Trust Company was/is the trustee and custodian and, therefore, these transactions qualify as party-in-interest transactions. Gross fees paid by the plan for these services were \$55,000 in 2021 and \$59,000 in 2020. Prior to the transfer to Associated Trust Company, in connection with certain of these fees, the plan received annual revenue sharing amounts from the investment funds to which the fees relate. The revenue sharing amounts received are recorded by the plan as additional returns on the related funds and were \$1,000 in 2021 and \$2,000 in 2020. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

5. INCOME TAX STATUS

Effective August 1, 2021 the plan adopted an Associated Trust Company non-standardized pre-approved profit sharing plan. The pre-approved profit sharing plan received its most recent favorable opinion letter on June 30, 2020 in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Prior to August 1, 2021 the plan operated using a Wells Fargo volume submitter profit sharing plan. The volume submitter profit sharing plan received its most recent favorable opinion letter on March 31, 2014 in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator has not obtained separate Internal Revenue Service opinions or determination letters for the plan. However, the plan administrator and tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) for any uncertain tax positions taken by the plan that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for such uncertain tax positions taken and determined the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of December 31, 2021 and 2020.

The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

6. INFORMATION CERTIFIED BY AGENTS

Management has obtained certifications from the investment agents (Wells Fargo, Principal and Associated Trust Company), qualified institutions under the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, that state the following information with respect to assets held for investment of the plan is complete and accurate.

- a. Investments held for the plan and the fair values of such as of December 31, 2021 and 2020;
- b. Dividends and capital gains distributions and net appreciation (depreciation) in fair value of investments for the years ended December 31, 2021 and 2020;
- c. Contributions to, withdrawals from, purchases, sales and interfund transfers between accounts for the years ended December 31, 2021 and 2020; and
- d. Individual participant account statements (which include beginning account balances, contributions, investment income (loss), transfers, withdrawals and ending account balances) as of and for the years ended December 31, 2021 and 2020.
