Independent Auditor's Report

To the Plan Administrator of the
Air Comm Corporation 401(k) Profit Sharing Plan and Trust:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Air Comm Corporation 401(k) Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Air Comm Corporation 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

December 31, 2021 and 2020

Note 1 – Description of the Plan

The following brief description of the Air Comm Corporation (the “Company,” “Plan Sponsor,” or “Plan Administrator”) 401(k) Profit-Sharing Plan and Trust (the “Plan”) is provided for general information purposes only. Participants and all others should refer to the Plan Document for a more complete description of the Plan’s provisions.

General. The Plan is a defined contribution plan covering qualified employees of the Company and KRN Management, LLC (collectively, the “Employer”). The Plan excludes collectively bargained employees, non-resident aliens, leased employees, interns, and part-time / seasonal / temporary employees whose regularly scheduled service is less than 1,000 hours during a 12 month period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Benefits under the Plan are not guaranteed by the Pension Benefit Guaranty Corporation.

On July 1, 2021, Arcline Investment Management, a growth-oriented private equity firm, acquired a controlling stake in the Company.

Eligibility. Full time employees are eligible to participate in the Plan, make salary deferral contributions and receive discretionary Employer matching contributions after completing six months of service and attainment of age 18. Part-time employees are eligible to participate in the Plan, make salary deferral contributions, and receive discretionary Employer matching contributions after completing 1 year of service (“YOS”) and attainment of age 18. A YOS is a consecutive 12-month period during which the employee has 1,000 or more hours of service. Participants are eligible to receive an allocation of discretionary Employer profit sharing contributions if they are employed on the last day of the Plan year and have completed a YOS.

Contributions. Each year, participants may contribute up to the dollar limitations imposed by the Internal Revenue Code (“IRC”) of their pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows participants to designate contributions as Roth 401(k) contributions. The Plan has an auto enrollment and auto escalation feature. Newly eligible participants and participants with a deferral election of less than 4% on the first day of the Plan year, will be automatically enrolled or re-enrolled at a 4% pre-tax elective deferral percentage. Such percentage will be increased annually by 1% on the first day of each Plan year until the participant reaches a 10% deferral election percentage. The Employer may also elect to make a discretionary profit sharing contribution to eligible participants based on an employee group allocation method. During 2021, no such discretionary profit sharing contribution was made. Finally, the Employer may elect to make a discretionary Employer matching contribution. During 2021, a discretionary Employer matching contribution equal to 50% of a participant's contributions up to 6% of a participant's eligible compensation was made on a payroll period basis. Participants may also contribute amounts representing distributions from other qualified plans as a rollover contribution.

Note 1 – Description of the Plan (continued)

Participant Accounts. Each participant's account is credited with the participant's contributions (pretax, catchup, Roth, and rollovers, if any) and allocations of the (i) Employer's contribution (discretionary profit sharing and discretionary matching) and Plan earnings, and charged with payments of benefits and an allocation of administrative expenses and Plan losses. Allocations are based on participant's compensation or account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options. Upon enrollment in the Plan, a participant may direct employee and Employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of (i) \$50,000 or (ii) 50% of their vested account balance. Loan terms range from 1 month up to a maximum of 5 years (a longer term, up to 15 years, is available if used for the purchase of a principal residence). The loans are secured by the balance in the participant's account and bear a reasonable rate of interest as determined by the Plan administrator at the date the loan is granted. Principal and interest payments are paid ratably through payroll deductions.

Vesting. Participants are vested immediately in all employee and prior Employer safe harbor contributions plus actual earnings thereon. Participant vesting in discretionary Employer profit-sharing and matching contributions is based on a 5 year graded vesting schedule. Additionally, employed participants become 100% vested in their accounts upon attainment of normal retirement age, death, disability, and termination or partial termination of the Plan.

Forfeitures. When certain terminations of participation occur, the non-vested portion of a participant's account represents a forfeiture. Forfeitures may be used to pay administrative expenses or used to reduce Employer contributions. During 2021, forfeitures of \$3,500 were used to reduce Employer contributions and \$36 were used to pay administrative expenses of the Plan. As of December 31, 2021 and 2020, unutilized forfeitures totaled \$17,031 and \$3,445, respectively.

Payment of Benefits. Benefits to participants or beneficiaries are generally payable as a lump-sum or installments equal to the value of their vested account balance upon retirement, termination of employment, death or disability. Participants may also elect a rollover distribution of their vested account balance into another qualified plan or Individual Retirement Account. Participants may elect in-service withdrawals of their rollover contributions account, upon attainment of age 59 ½, or upon incurring a financial hardship, as defined, if certain criteria are met.

Death Benefits. The designated beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance.

Plan Termination. Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination or a partial Plan termination, participants will become 100% vested in their accounts.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting. The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are reported at fair value, except for the Plan's investment in an unallocated insurance contract which is recorded at contract value (see Note 4). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Contributions. Participant contributions and related Employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from participants' compensation.

Payments of Benefits. Benefit payments to participants are recorded when paid.

Administrative Expenses. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Also included in administrative expenses are contractor administrator, recordkeeping, investment advisory, investment management, and other administrative fees. Certain investment related expenses are included in net appreciation in fair value of investments.

Note 3 – Fair Value Measurements

Topic ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative guidance are described below:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

- Registered investment companies are valued at the quoted net asset value ("NAV") of shares held by the Plan at year end.
- Pooled separate accounts ("PSAs") and common collective trusts ("CCTs"): Valued at the NAV of units held by the Plan at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds less their liabilities. This practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 – Fair Value Measurements (continued)

The following tables set forth by level, within the fair value ("FV") hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Fair Value Measurements at December 31, 2021

Note 3 – Fair Value Measurements (continued)

Investments in Certain Entities that Calculate NAV per Share (or Equivalent). The following table for December 31, 2021 and 2020, sets forth a summary of the Plan's investments with a reported NAV:

Investment	Fair Value as of December 31,		Unfunded Commitments	Redemption Frequency	Redemption Restrictions
	2021	2020			
Pooled Separate					
Accounts (a)	\$388,380	\$1,284,727	None	Daily	None (b)
Common Collective					
Trusts (c)	\$6,976,839	\$6,824,469	None	Daily	None

(a) The PSAs have various large/mid/small cap value/growth/index, real-estate, and short term income investment strategies.

(b) The PSAs have transfer restrictions that limit the number of transfers allowed to 1 transfer every 30 day period (*).

(c) The CCTs have various income fund and 2020-2065 retirement target date fund investment strategies that invest mainly in mutual funds, collective trusts, and pooled separate accounts.

(*) Once the number of allowed transfers is met, participants are not allowed to transfer back into an investment option which they have transferred out of until the holding period elapses. All participant investment transfers and non-scheduled rebalancing activity are counted toward the number of transfers allowed. Contributions into the investment option are not impacted. Participants may still transfer out to different investment options or to Guaranteed options.

Note 4 – Investment Contract with Insurance Company

During 2016, the Plan entered into a traditional benefit-responsive investment contract, the Principal Fixed Income Guaranteed Option ("PFIGO"), with Principal Life Insurance Company ("Principal Life"). Principal Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

This contract meets the fully benefit-responsive criteria and, therefore, is reported at contract value. Contract value is the relevant measurement attribute for fully benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal Life, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value, subject to certain restrictions such as an equity wash. An equity wash generally requires that transfers must be directed to a non-competing investment option under the Plan for 90-days before such transferred amounts may be directed to any competing Plan investment option available under the Plan. Competing Plan investment options include other guaranteed investment options, or fixed income, money market, or bond funds that ever had an average duration of 3.0 years or less.

Air Comm Corporation 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

December 31, 2021 and 2020

Note 4 – Investment Contract with Insurance Company (continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract as of December 31, 2021 and 2020 was \$5,075 and \$7,518, respectively. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 1%. Such interest rates are reviewed on a semi-annual basis for resetting.

Certain events may limit the ability of the Plan to transact at contract value with the issuer such as an Employer-level liquidation or Employer initiated transfer of the Plan's interest in the PFIGO. Such events are subject to either a 12-month advance notice or a 5% surrender charge, whichever the Employer chooses. Notification of a Plan's intent to terminate its interest may be revoked within 90 days of Principal Life's receipt of such notice, after which time, notice becomes irrevocable. A 5% surrender charge will also apply if the cumulative percentage of participant transfers from the PFIGO exceeds 20% of the Plan's interest in the contract during the 12 month period immediately preceding the Employer-level surrender of the Plan's interest in the contract. If this scenario occurs, the surrender charge will be billed to the Employer. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note 5 – Certified Information

The following information disclosed in the accompanying financial statements and ERISA-required supplemental schedule was obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustee of the Plan:

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020;
- Notes receivable from participants as shown in the Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020;
- Investment amounts, as shown in Notes 3 and 4;
- Investment income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021;
- Interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021; and
- The investment information in the Schedule of Assets (Held at End of Year) as of December 31, 2021, as shown in the supplemental schedule.

Notes to Financial Statements

December 31, 2021 and 2020

Note 6 – Tax Status

The Plan Sponsor has adopted a Principal Life Insurance Company Volume Submitter Profit Sharing Plan (“volume submitter plan”). The volume submitter plan received an advisory letter from the IRS on August 8, 2014, which stated that the volume submitter plan is qualified under the applicable sections of the Internal Revenue Code (“IRC”). Although the volume submitter plan and the Plan have been amended since receiving the IRS advisory letter, the Plan Administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified under Section 401(a) of the IRC and the related Trust is tax exempt as of December 31, 2021 and 2020. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress.

Note 7 – Party-In-Interest Transactions

Certain Plan investments are units of common collective trusts, pooled separate accounts, and an unallocated insurance contract offered by Principal Global Investors Trust Company and Principal Life, both of which are related entities of Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustee of the Plan. As such these transactions qualify as party-in-interest transactions. Additionally, the Plan maintains notes receivable from participants. Fees paid for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

Note 8 – Concentrations, Risks, and Uncertainties

The Plan provides for various investment options in common collective trusts, pooled separate accounts, registered investment companies, and an unallocated insurance contract. Investment securities, in general, are exposed to various risks such as significant world events, interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits. As of December 31, 2021 and 2020, there were three investments which individually represented more than 10% of net assets available for Plan benefits. See supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2021.

Air Comm Corporation 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

December 31, 2021 and 2020

Note 8 – Concentrations, Risks, and Uncertainties (continued)

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Note 9 – Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through August 30, 2022, which is the date the financial statements were available to be issued.

Effective July 1, 2022, the Plan Sponsor adopted a Principal Life Insurance Company Non-Standardized Pre-Approved Profit Sharing Plan ("pre-approved plan"). In connection with the adoption of the pre-approved plan, the Plan Document and the Plan's Trust Agreement were amended and restated.
