Independent Auditors' Report

To the Participants and Plan Administrator of
Hermès of Paris, Inc.
Retirement and Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Hermès of Paris, Inc. Retirement and Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Hermès of Paris, Inc.
Retirement and Savings Plan

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year), as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the

Hermès of Paris, Inc.
Retirement and Savings Plan

underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

HERMÈS OF PARIS, INC. RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the Hermès of Paris, Inc. Retirement and Savings Plan (the “Plan”) for eligible employees of Hermès of Paris, Inc. (the “Company”) and certain related entities, including Creations Metaphores, Inc., Hermès Latin America Inc., Faubourg Guam Inc. and Boissy Singapore Pte Ltd. (collectively, the “Employer”) provides only general information. Participants should refer to the Plan agreement, which is available from the plan administrator, for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan covering all employees over age 21 who have completed one year of service of at least 1,000 hours during the eligibility computation period. The one year of service is not required for elective deferral participants. Employees covered under collective bargaining agreements, leasing arrangements, or who are nonresident aliens who do not receive any earned income from the Employer which constitutes United States source income are not eligible to participate in the Plan. The Plan, as amended, was adopted on January 1, 1989 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan updates - Effective January 1, 2020, the Plan adopted certain provisions of the Setting Every Community Up for Retirement Enhancement Act (the “SECURE Act”) that was signed into law on December 19, 2019. Accordingly, the Plan increased from age 70-1/2 to age 72 the date when terminated participants must begin receiving required minimum distributions from the Plan, and accelerated the time in which most non-spousal designated beneficiaries of deceased participants must receive their full benefits to no later than ten calendar years following the year of the participant’s death.

Effective April 1, 2020, the Plan adopted certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”) that was signed into law on March 27, 2020. Accordingly, a CARES Act distribution allows the Plan’s participants to take a COVID-19 related distribution up to \$100,000 from the Plan, without penalty, beginning on or after January 1, 2020 and before December 31, 2020. The Plan also adopted the temporary loan repayment deferral provision of the CARES Act. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments to defer such repayments for up to one year. Additionally, pursuant to the CARES Act, the maximum amounts for loans issued between March 27, 2020 and September 22, 2020 was increased to the lesser of 100% of participant’s vested account balance or \$100,000 (less any outstanding loan balance).

Employee contributions - Each year, participants may elect to contribute up to 75% of pretax annual compensation in whole percentage points, as defined by the Plan, not to exceed limitations prescribed by law. The Plan permits Roth elective deferrals. The Plan provides for automatic enrollment of eligible employees, unless a participant elects not to participate in the Plan. Unless participants elect otherwise, the deferral percentage for participants automatically increases by 1% each year until the deferral percentage is at least 10%.

Rollover contributions - Rollover contributions of distributions from other qualified defined benefit or contribution plans are permitted.

Employer contributions - For each plan year, the Employer will contribute an amount equal to 50% of each participant’s pretax contribution percentage, up to a maximum of 3% (resulting in a maximum of

HERMÈS OF PARIS, INC. RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1.5% of the participants' eligible compensation for the plan year) ("matching account"). Contributions are subject to certain limitations.

In addition, the Employer contributes 2.5% of a participating employee's compensation up to the social security wage base for that plan year and 5% for compensation in excess of the social security wage base, not to exceed a maximum of \$290,000, adjusted by the Secretary of the Treasury for cost of living increases ("non-elective account").

Participants' accounts - Each participant's account is credited with the participant's separate pre-tax and Roth contributions and an allocation of (a) the Employer's contributions and (b) plan earnings, and charged with administrative expenses as incurred by the individual participant. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Matching account vesting is based on years of service, as follows:

Completed Years of Service	Percentage Vested
Less than 1 year	0%
1 but less than 2 years	20
2 but less than 3 years	40
3 but less than 4 years	60
4 but less than 5 years	80
5 years or more	100

Non-elective account vesting is based on years of service, as follows:

Completed Years of Service	Percentage Vested
Less than 3	0%
3 or more	100

Notwithstanding the above, a participant is 100% vested when the participant has attained normal retirement age, or upon death or permanent disability.

Payment of benefits - Upon termination of employment due to death, disability, retirement or other reasons, a participant or designated beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account as soon as practicable (or at a date specified by the participant or beneficiary).

Notes receivable from participants - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms range from one to five years or up to twenty years for the purchase of a primary residence. The loans are secured by the balance in the participant's interest at a commercially reasonable rate

HERMÈS OF PARIS, INC. RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

commensurate with the prevailing interest rate charged by other lenders for similar types of loans. Interest rates on participant loans ranged between 4.75% and 7.00% during 2021. Principal and interest are paid ratably through monthly payroll deductions. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Forfeitures - Participants who terminate employment, but have not become fully vested, must forfeit the unvested balances in their accounts. In accordance with the Plan, the amount of the forfeitures will be applied toward the Employer's contributions and/or pay for Plan expenses. As of December 31, 2021 and 2020, forfeitures held in cash reserve fund approximated \$29,000 and 37,000, respectively, and total forfeitures used to fund Employer contributions were approximately \$39,000 for the year ended December 31, 2021.

Investment options - Upon enrollment in the Plan, a participant may elect to have his or her individual account invested as he or she so designates in one or more of the available investment funds in accordance with the Plan agreement. A participant may increase or decrease, on a prospective basis, his or her salary reduction agreement percentage without any time restrictions on elective deferral changes.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting - The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment valuation and income recognition - Investments in all funds, except for the New York Life Guaranteed Interest Account (see below and Note 5), are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants - Participant loans are classified as notes receivable from participants and are measured at their unpaid principal balance plus any accrued but unpaid interest. Notes receivable from participants are reported as investments on Form 5500. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan agreement.

Payment of benefits - Benefits are recorded when paid.

HERMÈS OF PARIS, INC. RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results could differ from those amounts.

Current economic conditions - The Plan's investments are subject to changes in value from the impact of social and natural catastrophic events that are beyond its control, such as health epidemics, natural disasters and other catastrophes, which may materially and adversely affect their respective values. The Plan is currently monitoring the global pandemic of the coronavirus disease known as COVID-19 and is assessing the impact that it could have on the values of its investments, including a potential decline in the fair value of investments due to the disruption of financial markets. Future developments with respect to COVID-19 remain highly uncertain and difficult to forecast. Accordingly, the Plan is unable to quantify the full impact of COVID-19 and it is at least reasonably possible that changes in the fair values of investments will materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits in the near term.

Subsequent events - The Plan has evaluated events and transactions for potential recognition or disclosure through October 6, 2022, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY TRUSTEE

At December 31, 2021 the Plan has investment programs with John Hancock Trust Company LLC ("John Hancock"), the trustee of the plan. These investment programs provide participants the ability to invest in various funds having different investment objectives.

The trustee has certified to the accuracy and completeness of investments as well as notes receivable from participants and related income as reported in the accompanying financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, "Fair Value Measurement," establishes a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are summarized as follows:

Level 1 - Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment. Level 1 investments of the Plan consist of registered investment companies (mutual funds) which are valued at the net asset value ("NAV") of shares held by the Plan at year end where NAV is publicly available.

HERMÈS OF PARIS, INC. RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Level 2 - Valuations based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active or inputs other than quoted prices that are observable, either directly or indirectly.

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement that reflect the assumptions that market participants would use.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined by the lowest level input that is significant to the fair value measurement. Although the degree of judgment exercised by the Plan in determining fair value is greatest for investments categorized in Level 3, the inputs or methodology used for valuing investments are not necessarily an indication of the risk associated with those investments.

All investments measured at fair value at December 31, 2021 and 2020 fall within Level 1 of the fair value hierarchy.

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The New York Life Guaranteed Interest Account is the Plan's guaranteed investment option. The account is credited with earnings and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by New York Life, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1 percent. The key factors that impact the crediting rate under the group annuity contract are the timing and magnitude of the cash flows in and out of the general account of the issuer as well as prevailing market rates of fixed income assets available for investment by the general account. The interest crediting rate may not be reset more frequently than semi-annually after the first contract year.

The occurrence of certain events can limit the Plan's ability to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan agreement (including complete or partial plan termination or merger with another plan), (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (iii) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (iv) failure of the Plan's trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. No events are probable of

HERMÈS OF PARIS, INC. RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

The average yield and crediting interest rate approximated 2% for 2021, net of an administrative expense charge rate of 0.5%.

The Plan is not permitted to make partial surrenders under the agreement. However, the Plan may surrender the contract at any time for its full contract value subject to a market value adjustment.

6. PARTY-IN-INTEREST TRANSACTIONS

The Employer pays certain administrative expenses of the Plan and certain services are rendered to the Plan by the Employer at no cost to the Plan.

Fees paid by the Plan to John Hancock for certain administrative services amounted to approximately \$165,715 for the year ended December 31, 2021. Additionally, recordkeeping fees for the Plan were paid to John Hancock directly from mutual fund companies whose investments are included in the Plan.

The Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. FEDERAL INCOME TAX STATUS

The sponsor adopted a nonstandardized prototype plan which received an Internal Revenue Service ("IRS") favorable determination letter dated December 15, 2016. The Plan administrator believes the Plan, as amended, is currently operated in compliance with applicable requirements of the Internal Revenue Code and therefore believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

HERMÈS OF PARIS, INC. RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

9. RISKS AND UNCERTAINTIES

The Plan provides for investment options in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. The Plan's exposure to a concentration of risk is limited by the diversification of investments across multiple investment fund options. Additionally, the investments within each investment fund option are further diversified into varied financial instruments. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.
