Independent Auditors' Report

To the Participants and Plan Administrator of
Flagger Force, LLC 401(k) Retirement Plan (formerly known as Traffic Control Services, LLC
401(k) Retirement Plan)

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Flagger Force, LLC 401(k) Retirement Plan (formerly known as Traffic Control Services, LLC 401(k) Retirement Plan) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits—modified cash basis as of December 31, 2021, and the related statement of changes in net assets available for benefits—modified cash basis for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental Schedule H Line 4(i) - Schedule of Assets (Held at Year End), as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 10, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Flagger Force, LLC 401(k) Retirement Plan (formerly known as Traffic Control Services, LLC 401(k) Retirement Plan)

Notes to Financial Statements
December 31, 2021 and 2020

1. Description of the Plan

The following description of Flagger Force, LLC 401(k) Retirement Plan (formerly known as Traffic Control Services, LLC 401(k) Retirement Plan) (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all nonmanagement staff employees of Flagger Force, LLC (Employer and Company) who have three months of service and are age 21 or older. The Plan also covers employees who work on contracts covered by the Davis-Bacon Act, whom are exempt from all other eligibility conditions for prevailing wage contribution purposes only.

The Plan was formed on January 1, 2008 upon adoption of Contractors and Employees Retirement and Trust Plan under a master profit sharing plan maintained by Plan Benefit Services, Inc. (master trust). The Plan was restated effective January 1, 2009 as Contractors and Employees 401(k) Profit Sharing Plan while continuing to operate under the master trust. The Plan was restated effective January 1, 2014 as Traffic Control Services, LLC 401(k) Retirement Plan. As a result of this restatement, the Plan was no longer part of the master trust. The restatement also merged Traffic Control Services, LLC 401(k) Retirement Plan, a related plan sponsored by the Employer, into the Plan. The Plan was restated effective January 1, 2016. As a result of this restatement, the management staff were transferred out of this Plan into a separate independent plan. Effective January 1, 2021 the plan name was changed to Flagger Force, LLC 401(k) Retirement Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The owners of the Company are responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the owners of the Company.

Contributions

Each year, participants may contribute up to the maximum amount permitted under the Internal Revenue Code (IRC) of pretax annual compensation, as defined in the plan document. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Matching and profit sharing amounts may be contributed at the option of the owners of the Company and are invested in a portfolio of investments as directed by the participants. For the year ended December 31, 2021, the Company matched 50% of the participant's deferral contributions up to the first 6% of the participant's eligible compensation.

For the year ended December 31, 2021, the Company contributed a matching contribution of \$149,099. There was no discretionary profit sharing contribution made during the year ended December 31, 2021.

The Company also makes prevailing wage contributions for employees who work on eligible contracts under the Davis-Bacon Act or other federal, state and municipal prevailing wage laws and have attained eighteen years of age. These contributions are based on rates set by the contract established to satisfy the prevailing wage required by the federal, state or municipal prevailing wage contract. During the year ended December 31, 2021, the prevailing wage contribution totaled \$249,625. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions and prevailing wage contributions, as well as allocations of the Plan's earnings. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and prevailing wage contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contributions portion of their accounts is based on years of continuous service. The participant receives 20% vesting for each year of service after completing the second year of service, becoming fully vested after six years of credited service.

Notes Receivable From Participants

Notes receivable from participants are not permitted under the Plan.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$1,213 and \$10,808, respectively. These accounts will be used to reduce future Company contributions and plan expenses. The Company's contributions were reduced by \$695 and plan expenses were reduced by \$25,804, from forfeited nonvested accounts during the year ended December 31, 2021.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant with a vested account balance of less than \$5,000 will be distributed a lump-sum payment equal to the participant's vested interest in their account. If the vested account balance is greater than \$5,000, the participant can elect a single lump-sum payment or installments over a period of not more than the participant's assumed life expectancy. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In addition, the Plan allows for hardship distributions if certain criteria are met.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Under this basis, certain assets and additions to net assets are recognized when received rather than when earned. Certain liabilities and deductions from net assets are recognized when paid rather than when the obligation is incurred.

Flagger Force, LLC 401(k) Retirement Plan (formerly known as Traffic Control Services, LLC 401(k) Retirement Plan)

Notes to Financial Statements
December 31, 2021 and 2020

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the years.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in the net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 11, 2022, the date the financial statements were available to be issued.

3. Information Certified by Custodian

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA for 2021 and 2020. Accordingly, Matrix Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments reported on the accompanying Statements of Net Assets Available for Benefits—Modified Cash Basis as of December 31, 2021 and 2020, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2021, and the related investment activity reported on the Statement of Changes in Net Assets Available for Benefits—Modified Cash Basis for the year ended December 31, 2021.

Notes to Financial Statements

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020:

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The collective trust fund is valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Notes to Financial Statements
December 31, 2021 and 2020

The following table sets forth by level, within the fair value hierarchy, the Plan's mutual fund assets at fair value as of December 31:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,561,499	\$ -	\$ -	\$ 4,561,499
Investments measured at NAV (a)				27,283
Total investments at fair value				\$ 4,588,782

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,511,234	\$ -	\$ -	\$ 4,511,234
Investments measured at NAV (a)				35,024
Total investments at fair value				\$ 4,546,258

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits—Modified Cash Basis.

Investments Measured Using NAV per Unit Practical Expedient

The following table summarizes investments for which fair value is measured using NAV per unit practical expedient at December 31, 2021 and 2020. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2021				
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trust fund	\$ 27,283	N/A	Daily	One Day

December 31, 2020

Notes to Financial Statements
December 31, 2021 and 2020

5. Administration of Plan Assets

The Plan's assets are administered under a contract with Matrix Trust Company, the custodian of the Plan. The custodian invests funds received from contributions, investment sales, interest and dividend income and makes distribution payments to participants.

6. Related-Party and Party in Interest Transactions

Flagger Force, LLC, as the plan sponsor, pays certain administrative expenses, fidelity bond insurance and annual auditing fees to third parties on behalf of the Plan. The Company also makes matching and prevailing wage contributions to the Plan. Such transactions are not prohibited by ERISA.

The participants of the Plan are considered parties in interest. The elective deferrals of the participants, rollover contributions and benefit payments qualify as party in interest transactions. Such transactions are not prohibited by ERISA.

Certain investments of the Plan could be managed by Matrix Trust Company. Matrix Trust Company is the custodian, as defined by the Plan and, therefore, these transactions could qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in the net appreciation in the fair value of the investment as they are paid through revenue sharing, rather than a direct payment. Such transactions are not prohibited by ERISA.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported on the Statements of Net Assets Available for Benefits—Modified Cash Basis.

At December 31, 2021 and 2020, the Plan had investments of \$3,458,792 and \$3,284,744, respectively, which were concentrated in two funds.

8. Tax Status

The IRS has determined and informed the third-party administrator by a letter, dated June 30, 2020, that the prototype plan document used by the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

The Plan is subject to routine audits by taxing authorities, however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements
December 31, 2021 and 2020

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions, at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their company contributions.

10. Transfer of Assets

In 2021, Flagger Force, LLC established a new employee benefit plan for the Traffic Control Services Operations entity. This plan was established to separate plan participation by certain of the Company's office employees. For the year ended December 31, 2021, total assets transferred out of the Plan to the Traffic Control Services Operations 401(k) Retirement Plan was \$407,152.

Independent Auditors' Report

To the Participants and Plan Administrator of
Flagger Force, LLC 401(k) Retirement Plan (formerly known as Traffic Control Services, LLC
401(k) Retirement Plan)

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Flagger Force, LLC 401(k) Retirement Plan (formerly known as Traffic Control Services, LLC 401(k) Retirement Plan) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits—modified cash basis as of December 31, 2021, and the related statement of changes in net assets available for benefits—modified cash basis for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental Schedule H Line 4(i) - Schedule of Assets (Held at Year End), as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 10, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements
December 31, 2021 and 2020

1. Description of the Plan

The following description of Flagger Force, LLC 401(k) Retirement Plan (formerly known as Traffic Control Services, LLC 401(k) Retirement Plan) (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all nonmanagement staff employees of Flagger Force, LLC (Employer and Company) who have three months of service and are age 21 or older. The Plan also covers employees who work on contracts covered by the Davis-Bacon Act, whom are exempt from all other eligibility conditions for prevailing wage contribution purposes only.

The Plan was formed on January 1, 2008 upon adoption of Contractors and Employees Retirement and Trust Plan under a master profit sharing plan maintained by Plan Benefit Services, Inc. (master trust). The Plan was restated effective January 1, 2009 as Contractors and Employees 401(k) Profit Sharing Plan while continuing to operate under the master trust. The Plan was restated effective January 1, 2014 as Traffic Control Services, LLC 401(k) Retirement Plan. As a result of this restatement, the Plan was no longer part of the master trust. The restatement also merged Traffic Control Services, LLC 401(k) Retirement Plan, a related plan sponsored by the Employer, into the Plan. The Plan was restated effective January 1, 2016. As a result of this restatement, the management staff were transferred out of this Plan into a separate independent plan. Effective January 1, 2021 the plan name was changed to Flagger Force, LLC 401(k) Retirement Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The owners of the Company are responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the owners of the Company.

Contributions

Each year, participants may contribute up to the maximum amount permitted under the Internal Revenue Code (IRC) of pretax annual compensation, as defined in the plan document. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Matching and profit sharing amounts may be contributed at the option of the owners of the Company and are invested in a portfolio of investments as directed by the participants. For the year ended December 31, 2021, the Company matched 50% of the participant's deferral contributions up to the first 6% of the participant's eligible compensation.

For the year ended December 31, 2021, the Company contributed a matching contribution of \$149,099. There was no discretionary profit sharing contribution made during the year ended December 31, 2021.

The Company also makes prevailing wage contributions for employees who work on eligible contracts under the Davis-Bacon Act or other federal, state and municipal prevailing wage laws and have attained eighteen years of age. These contributions are based on rates set by the contract established to satisfy the prevailing wage required by the federal, state or municipal prevailing wage contract. During the year ended December 31, 2021, the prevailing wage contribution totaled \$249,625. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions and prevailing wage contributions, as well as allocations of the Plan's earnings. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and prevailing wage contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contributions portion of their accounts is based on years of continuous service. The participant receives 20% vesting for each year of service after completing the second year of service, becoming fully vested after six years of credited service.

Notes Receivable From Participants

Notes receivable from participants are not permitted under the Plan.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$1,213 and \$10,808, respectively. These accounts will be used to reduce future Company contributions and plan expenses. The Company's contributions were reduced by \$695 and plan expenses were reduced by \$25,804, from forfeited nonvested accounts during the year ended December 31, 2021.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant with a vested account balance of less than \$5,000 will be distributed a lump-sum payment equal to the participant's vested interest in their account. If the vested account balance is greater than \$5,000, the participant can elect a single lump-sum payment or installments over a period of not more than the participant's assumed life expectancy. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In addition, the Plan allows for hardship distributions if certain criteria are met.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Under this basis, certain assets and additions to net assets are recognized when received rather than when earned. Certain liabilities and deductions from net assets are recognized when paid rather than when the obligation is incurred.

Flagger Force, LLC 401(k) Retirement Plan (formerly known as Traffic Control Services, LLC 401(k) Retirement Plan)

Notes to Financial Statements
December 31, 2021 and 2020

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the years.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in the net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 11, 2022, the date the financial statements were available to be issued.

3. Information Certified by Custodian

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA for 2021 and 2020. Accordingly, Matrix Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments reported on the accompanying Statements of Net Assets Available for Benefits—Modified Cash Basis as of December 31, 2021 and 2020, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2021, and the related investment activity reported on the Statement of Changes in Net Assets Available for Benefits—Modified Cash Basis for the year ended December 31, 2021.

Notes to Financial Statements

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020:

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The collective trust fund is valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Notes to Financial Statements
December 31, 2021 and 2020

The following table sets forth by level, within the fair value hierarchy, the Plan's mutual fund assets at fair value as of December 31:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,561,499	\$ -	\$ -	\$ 4,561,499
Investments measured at NAV (a)				27,283
Total investments at fair value				\$ 4,588,782

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,511,234	\$ -	\$ -	\$ 4,511,234
Investments measured at NAV (a)				35,024
Total investments at fair value				\$ 4,546,258

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits—Modified Cash Basis.

Investments Measured Using NAV per Unit Practical Expedient

The following table summarizes investments for which fair value is measured using NAV per unit practical expedient at December 31, 2021 and 2020. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2021				
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trust fund	\$ 27,283	N/A	Daily	One Day

December 31, 2020

5. Administration of Plan Assets

The Plan's assets are administered under a contract with Matrix Trust Company, the custodian of the Plan. The custodian invests funds received from contributions, investment sales, interest and dividend income and makes distribution payments to participants.

6. Related-Party and Party in Interest Transactions

Flagger Force, LLC, as the plan sponsor, pays certain administrative expenses, fidelity bond insurance and annual auditing fees to third parties on behalf of the Plan. The Company also makes matching and prevailing wage contributions to the Plan. Such transactions are not prohibited by ERISA.

The participants of the Plan are considered parties in interest. The elective deferrals of the participants, rollover contributions and benefit payments qualify as party in interest transactions. Such transactions are not prohibited by ERISA.

Certain investments of the Plan could be managed by Matrix Trust Company. Matrix Trust Company is the custodian, as defined by the Plan and, therefore, these transactions could qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in the net appreciation in the fair value of the investment as they are paid through revenue sharing, rather than a direct payment. Such transactions are not prohibited by ERISA.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported on the Statements of Net Assets Available for Benefits—Modified Cash Basis.

At December 31, 2021 and 2020, the Plan had investments of \$3,458,792 and \$3,284,744, respectively, which were concentrated in two funds.

8. Tax Status

The IRS has determined and informed the third-party administrator by a letter, dated June 30, 2020, that the prototype plan document used by the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

The Plan is subject to routine audits by taxing authorities, however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements
December 31, 2021 and 2020

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions, at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their company contributions.

10. Transfer of Assets

In 2021, Flagger Force, LLC established a new employee benefit plan for the Traffic Control Services Operations entity. This plan was established to separate plan participation by certain of the Company's office employees. For the year ended December 31, 2021, total assets transferred out of the Plan to the Traffic Control Services Operations 401(k) Retirement Plan was \$407,152.
