INDEPENDENT AUDITOR'S REPORT

To the Trustees
Corner Table Restaurants 401(k) Plan

Scope and Nature of ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Corner Table Restaurants 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Opinion (Continued)

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Information Required by ERISA

The supplemental schedule H, line 4i - assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CORNER TABLE RESTAURANTS 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 1. DESCRIPTION OF PLAN

The following description of Corner Table Restaurants 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which was adopted on January 1, 2018, is a defined contribution plan available to employees of Corner Table Restaurants, LLC; 3rd Avenue Hospitality, LLC; TS2 Hospitality, LLC; TS3 Hospitality, LLC; TS4 Hospitality, LLC; TS5 Hospitality, LLC; TS6 Hospitality, LLC and TS7 Hospitality, LLC (collectively, the "Companies" or "Sponsors"), with the exception of collective bargaining (union) employees and non-resident alien employees as defined in the Plan documents who have one year of service and are age 21 or older on entry date. Entry to the Plan is completed on the first business day of the calendar quarter after meeting the eligibility requirements. The assets of the Plan are maintained in a trust managed by Principal Life Insurance Company, on behalf of Delaware Charter Guarantee and Trust d/b/a Principal Trust Company, the custodian of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may elect to make contributions of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Companies may make a discretionary employer match contribution to the Plan which is determined on the last day of the Plan year. The matching contribution for the year ended December 31, 2021, was \$142,294 and there were no matching contributions for the year ended December 31, 2020. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participants' accounts

Participants direct the investment of their contributions and any employer contributions into various investment options offered by the Plan.

Each participant's account is credited with the participant's contribution and allocations of (a) the Companies' discretionary matching contributions, if any, and (b) Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

CORNER TABLE RESTAURANTS 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 1. DESCRIPTION OF PLAN (CONTINUED)

Payment of benefits

On termination of service due to death, disability or retirement, participants or a participant's designated beneficiary may receive a lump-sum amount equal to the participant's vested interest in their account. For termination of service for other reasons, participants may receive the value of the vested interest in their account as a lump-sum distribution. Benefit payments of \$5,000 or less do not require participant consent. The Plan allows for withdrawals in the event of a participant attaining the age of 65.

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Vesting in the Companies' contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service according to the following schedule, or upon the participant's death or disability.

<u>Years of Vesting Service</u>	<u>Nonforfeitable Percentage</u>
Less than 2 years	0%
2 years	25%
3 years	50%
4 years	75%
5 or more years	100%

Forfeited accounts

The portion of a participant's account balance that is non-vested upon termination of employment is forfeited and remains in the Plan. These accounts may be used to reduce employer contributions or to pay administrative expenses of the Plan. For the years ended December 31, 2021 and 2020, the forfeited nonvested accounts totaled \$14,506 and \$12,103, respectively.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements were prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the dates of the financial statements and changes in net assets available for benefits during the year. Accordingly, actual results could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year such adjustments are determined.

CORNER TABLE RESTAURANTS 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment valuation and income recognition

The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

The investments in pooled separate accounts are valued at the net asset value (the "NAV") per unit, as determined by the custodian at year-end. The NAV is used as the practical expedient to estimate fair value and is based on the fair value of the underlying investment held by the fund, less its liabilities, and then divided by the number of shares outstanding.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected in net appreciation in the fair market value of investments.

Fair value measurements

Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Under this standard, fair value is defined as the exit price, or the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date.

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Companies and are excluded from these financial statements. Investment-related expenses are included in "Net appreciation in fair value of investments" in the accompanying statement of changes in net assets available for benefits.

Subsequent events

The Plan has evaluated subsequent events through October 10, 2022, the date on which these financial statements were available to be issued, and has determined that there are no subsequent events that required disclosure under FASB ASC 855, *Subsequent Events*.

NOTE 3. FAIR VALUE MEASUREMENTS

Assets measured at fair value are based on one or more of the three following valuation techniques identified in the tables below. The valuation techniques are as follows:

- (a) *Market approach*: Prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities;
- (b) *Cost approach*: Amount that would be required to replace the service capacity of an asset (replacement cost); and
- (c) *Income approach*: Techniques to convert future amounts to a single present amount based on market expectations (including present value techniques, option-pricing and excess earnings models).

NOTE 3. FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables summarize the Plan's investments measured at fair value on a recurring basis, categorized by the U.S. GAAP valuation hierarchy, as of December 31, 2021 and 2020:

	Fair Value Measurements at December 31, 2021				Valuation Approach
	Total	Level 1	Level 2	Level 3	
Mutual funds	\$ 1,390,478	\$ <u>1,390,478</u>	\$ <u>-</u>	\$ <u>-</u>	(a)
Pooled separate accounts (1)	<u>194,575</u>				
Total investments, at fair value	\$ <u>1,585,053</u>				

	Fair Value Measurements at December 31, 2020				Valuation Approach
	Total	Level 1	Level 2	Level 3	
Mutual funds	\$ 1,053,290	\$ <u>1,053,290</u>	\$ <u>-</u>	\$ <u>-</u>	(a)
Pooled separate accounts (1)	<u>129,152</u>				
Total investments, at fair value	\$ <u>1,182,442</u>				

(1) In accordance with U.S. GAAP, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line item present in the statements of net assets available for benefits.

During the years ended December 31, 2021 and 2020, there were no transfers between levels of the fair value hierarchy.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020:

Mutual funds: Valued based on quoted market prices, which approximate the underlying value of the securities held in such funds.

Pooled separate accounts: Valued using the NAV provided by the custodian. The NAV is based on the value of the underlying assets owned by the trust, minus its liabilities, and then divided by the number of shares outstanding.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4. NET ASSET VALUE PER SHARE

The following tables set forth summaries of the Plan's investments with a reported NAV per share at December 31, 2021 and 2020. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>Fair Value Estimated Using Net Asset Value per Share at</u> <u>December 31, 2021</u>

Small/mid/specialty (d)	<u>26,536</u>	<u>-</u>	Daily	None	None
Total	<u>\$ 129,152</u>	<u>\$ -</u>			

(a) The bond funds seek to maximize total return through income and capital appreciation.

(b) The international funds seek to provide long-term growth of capital by investing in companies based outside of the United States.

(c) Large blend funds are fairly representative of the overall U.S. stock market in size, growth rates, and price. Stocks in the top 70% of the capitalization of the U.S. equity market are defined as large cap. The blend style is assigned to portfolios where neither growth nor value characteristics predominate. These portfolios tend to invest across the spectrum of U.S. industries, and owing to their broad exposure, the portfolios' returns are often similar to those of the S&P 500 Index.

(d) The small/mid/specialty funds seek long-term capital appreciation. Under normal circumstances, they invest a majority of their net assets in companies with market capitalization under \$20 billion at the time of the investment.

NOTE 5. INFORMATION CERTIFIED BY PLAN CUSTODIAN

The following table summarizes investments and other asset information regarding the Plan as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from, without audit, information prepared by Delaware Charter Guarantee and Trust d/b/a Principal Trust Company, the custodian, and furnished to the Plan administrator. The Plan administrator has obtained a certification from the custodian that such information is complete and accurate.

NOTE 6. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan offered participants an option to invest in the Principal Fixed Income Guaranteed Option Account, a guaranteed investment contract ("GIC"). The contract underlying this investment option is considered to be fully benefit responsive. Generally, contract value is equal to participant deposits minus participant withdrawals plus credited interest. Contract value may be subject to adjustments in connection with contract holder-directed withdrawals that are subject to a market value adjustment. Under limited circumstances, contract value may be adjusted as a result of a market value adjustment.

Because the GIC meets the criteria to be considered fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the GIC. The GIC is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Principal Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE 6. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)

The average yield based on actual earnings for the contract for the years ended December 31, 2021 and 2020, for the Principal Fixed Guaranteed Option Account was 0.90% and 0.95%, respectively. The crediting interest rate to participants for the contract, as of December 31, 2021 and 2020, was 0.95%.

The custodian makes these guarantees, and although the custodian may credit a higher interest rate, the credited rate will never fall below the lifetime guaranteed minimum of 1.05%.

Certain events would limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Companies or other events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, and (5) premature termination of the contract. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants or the issuer are probable of occurring.

The GIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 9. TAX STATUS

Effective January 1, 2018, the Plan adopted the Prime Pensions, Inc. Defined Contribution Volume Submitter Plan and Trust Basic Plan Document. The IRS has determined and informed the volume submitter plan by a letter dated March 31, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Therefore, the Plan administrator believes that the Plan qualifies under Section 401(a) of the IRC and is exempt from federal income taxes under Section 501(a) of such code and, accordingly, no provision for income taxes has been included in the Plan's financial statements.

NOTE 9. TAX STATUS (CONTINUED)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE 10. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the custodian. Accordingly, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan Sponsors pay any other fees related to the Plan's operations directly.
