Independent Auditor's Report

Plan Administrator
Insurance Technologies 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Insurance Technologies 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Part IV, Line 4i Schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 2, 2021, we indicated that: (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Insurance Technologies 401(k) Savings Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of Insurance Technologies 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Document and Summary Plan Description, which are available from the plan administrator, for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan sponsored by Insurance Technologies, LLC (the Company) for the benefit of its employees who have at least six months of service and are age 21 or older. Employees are able to enter the Plan on the first day of each calendar quarter immediately following or coinciding with the date the employee completes the eligibility conditions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is the plan administrator and trustee of the Plan. Empower Retirement serves as the Plan record keeper. Great-West Life & Annuity Insurance Company (GWL), the issuer of the group fixed and variable deferred annuity contract, and Great-West Trust Company, LLC (GWT), serve as the plan custodians (collectively, the Custodians).

Contributions: The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions of up to 50% of eligible compensation, as defined. Employee catch-up, Roth and rollover contributions are also permitted. The Plan provides for Company discretionary matching and discretionary nonelective contributions. Company contributions are discretionary as determined by the Company's Board of Managers. For 2021, the Company made matching contributions equal to 50% of employees' salary deferral amounts up to 6% of employees' eligible compensation (thus, a maximum of 3% of employees' eligible compensation). The Company did not make any nonelective contributions to the Plan for 2021. Contributions are subject to certain limitations.

Participant investment account options: Participants may direct their contributions into various account options offered by the Plan, including mutual funds and a guaranteed investment contract. There are no restrictions on how often a participant can change his or her investment elections.

Participant accounts: Each participant's account is credited with the participant's contribution, the Company's contribution, if any, and plan earnings and is charged with an allocation of administrative expenses paid by the Plan, if any. An individual participant's account is charged a fee for certain participant-initiated transactions, such as requesting a distribution following termination of employment or the on-going maintenance of notes receivable from participants. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's contribution portion of their accounts, if any, plus earnings thereon, is based on years of continuous service and vests 25% per year. A participant is fully vested after four years of continuous service; however, if a participant is employed by the Company on or after achieving normal retirement age, as defined, or in the event of a participant's death or disability, as defined, the participant will be fully vested. The nonvested balance is forfeited upon termination of service.

Payment of benefits: Upon termination of service, a participant may elect to receive a lump-sum amount equal to the balance of the participant's elective deferrals plus the vested portion of all employer contributions (the Vested Balance). Participants with a Vested Balance greater than \$5,000 may elect to maintain their Vested Balance in the Plan and continue to earn investment gains and losses. For participants with a Vested Balance greater than \$1,000, but less than \$5,000, who do not elect either a distribution or rollover to an account of the participant's choice, the Vested Balance will be rolled over to an IRA of the plan administrator's choice. For participants with a Vested Balance less than \$1,000, who do not elect either a distribution or rollover to an account of the participant's choice, the Vested Balance will be distributed to the participant in a lump-sum amount.

Insurance Technologies 401(k) Savings Plan

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Forfeited accounts: Forfeitures are first used to reduce Company discretionary matching contributions. Any remaining forfeitures are used to pay reasonable Plan expenses. At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$450 and \$9, respectively. During 2021, forfeitures of \$9,197 were used to reduce the Company's discretionary matching contributions.

Notes receivable from participants: The Plan Document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence, which have a maximum term of 10 years). Loans are repayable through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is fixed for the life of the loan and the rate is 1% over the Prime Rate published in the Wall Street Journal on the first business day of the month the loan is originated. In the case of a loan for the purchase of a principal residence, the interest rate is 1% over the Prime Rate published in the Wall Street Journal on the first business day of the month before the loan is originated. As of December 31, 2021, loans bear interest rates ranging from 4.25% to 6.75% and are due through August 2030.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes in net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of investments and income recognition: Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end. See Note 4 for discussion of fair value measurements. Investment contracts held by a defined contribution plan are reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Key Guaranteed Portfolio Fund (KGPf) is an investment contract with GWL and is stated at contract value, as provided by GWL.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on mutual funds bought, sold and held during the year.

Management fees charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees are reflected as a reduction of investment return for such investments.

Notes receivable from participants: Notes receivable from participants are reported at their unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan Document.

Insurance Technologies 401(k) Savings Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Payment of benefits: Benefits are recorded when paid. Since the financial statements are accrual basis, any distributions unpaid as the plan year-end are recorded as a liability. There were no unpaid distributions as of and for the years ended December 31, 2021 and 2020.

Administrative expenses: Administrative expenses may be paid by the Company or the Plan, at the Company's discretion. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan.

Risks and uncertainties: The Plan invests in various investment securities and mutual funds. Investment securities and mutual funds are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent events: Subsequent events have been evaluated through October 10, 2022, which is the date the financial statements were available to be issued, and has determined that there are no material events that have occurred during this period.

Note 3. Information Certified and Provided by the Custodians

The following is a summary of the Plan's asset information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by the Custodians. The Plan Administrator has obtained certifications from the Custodians that information provided to the Plan Administrator by the Custodians related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	2021	2020
Investments, at fair value—mutual funds	\$ 25,761,482	\$ 22,380,315
Investments, at contract value—investment contract	2,140,567	2,944,372
Notes receivable from participants	122,940	197,168

The Custodians also certified to the completeness and accuracy of the investment income information (including investments bought, sold and held during the year) and interest income on notes receivable from participants for the year ended December 31, 2021, included on the accompanying statement of changes in net assets available for benefits.

Insurance Technologies 401(k) Savings Plan

Notes to Financial Statements

Note 4. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices in active markets for identical assets or liabilities;

Level 2: Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; and

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

When available, quoted market prices are used to determine the fair value of investments held in the Plan, and such items are classified within Level 1 of the fair value hierarchy. A description of the valuation methodologies used for instruments measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy, is set forth below. The level to which an asset or liability is classified is based upon the lowest level of input that is significant to the fair value measurements.

Mutual funds: Reported at fair value based on quoted market price of the fund and classified within Level 1 of the valuation hierarchy.

There have been no changes in valuation methodologies at December 31, 2021 compared to December 31, 2020. For the year ended December 31, 2021, there were no transfers in or out of Level 3.

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2021 and 2020:

	2021			
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 25,761,482	\$ 25,761,482	\$ -	\$ -
	2020			
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 22,380,315	\$ 22,380,315	\$ -	\$ -

Insurance Technologies 401(k) Savings Plan

Notes to Financial Statements

Note 5. Investment Contract with GWL

The Plan has a fully benefit-responsive traditional investment contract with GWL. GWL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

As described in the basis of accounting disclosure, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by GWL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 6. Related-Party Transactions

Certain plan investments are shares of mutual funds or investment contracts managed by the Custodians and, therefore, these transactions qualify as party-in-interest transactions. Total fees paid to the Custodians during the year ended December 31, 2021, were \$64,093.

Note 7. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Insurance Technologies 401(k) Savings Plan

Notes to Financial Statements

Note 8. Tax Status

The Plan operates under a non-standardized adoption agreement in connection with a pre-approved retirement plan and trust/custodial document sponsored by GWT. This pre-approved plan document has been filed with the appropriate agency and the pre-approved plan sponsor has obtained an opinion letter from the Internal Revenue Service (IRS). The pre-approved plan document has been amended since the date the pre-approved plan sponsor obtained the opinion letter from the IRS. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

The Plan applies the standards on accounting for uncertainty in income taxes. The Plan Administrator evaluated the Plan's tax positions and concluded that the Plan has maintained its tax exempt status and has taken no uncertain tax positions that require adjustments to the financial statements; therefore, no provision of liability for income taxes has been included in the financial statements.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the financial statements to the Form 5500:

	2021	2020
