INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Texas Capital 401(k) Plan
Dallas, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Texas Capital 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Texas Capital 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Texas Capital 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Texas Capital 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Texas Capital 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Texas Capital 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Texas Capital 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 26, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Texas Capital 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

1. DESCRIPTION OF THE PLAN

The following description of the Texas Capital 401(k) Plan (the "Plan") provides only general information. Therefore, participants should refer to the plan documents for a more comprehensive description of the Plan's provisions.

General

Texas Capital Bancshares, Inc. (the "Bank", "Employer", or "Plan sponsor") established the Plan on August 1, 1999. The Plan was amended effective July 1, 2019. The Plan is a defined contribution plan covering full-time employees of the Bank. The Plan is designed to comply with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code (IRC). In addition, the financial statements have been prepared in compliance with accounting principles generally accepted in the United States of America (U.S. GAAP) and with ERISA.

Effective March 2020, the Plan administratively adopted the provisions of the Coronavirus Aid, Relief, and Economic Security Cares (CARES) Act, related to participant loans and distributions. Qualifying participants impacted by COVID-19 were able to borrow up to \$100,000 or 100% of their vested account balance. Participants were able to take coronavirus-related distributions up to \$100,000 or 100% of their vested account balance. Ordinary income taxes may be paid over a three-year period. Participants were permitted to repay coronavirus related distributions over a three-year period. The Company has until December 31, 2025, to amend the Plan for changes allowed by the CARES Act. The Plan has not been formally amended to adopt these provisions as of December 31, 2021.

Eligibility

All employees of the Bank who have completed twenty-seven days of credited service are eligible to participate in the Plan. Employees of the Bank who are participating in the Plan are eligible upon entry to the Plan to receive the Employer matching contribution.

Plan administration

The Plan is administered by the Bank. Fidelity Management Trust Company is the Plan's trustee (the "Trustee") and acts as directed trustee of the Plan's assets and is responsible for executing transactions related to the Plan's investments. Fidelity Workplace Services is the Plan's record keeper and is responsible for maintaining Plan participants' accounts and executing participant-initiated transactions.

1. DESCRIPTION OF THE PLAN (continued)

Contributions

Plan participants may elect to defer up to 85% of their annual compensation subject to certain IRC limitations. Participant contributions may be made on a pre-tax basis or on an after-tax basis as Roth contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans as rollover contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. Each participant may elect to change the percentage of their compensation deferred into the Plan and their investment options daily. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, as defined under the IRC.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 6% of the participant's eligible compensation in pre-tax contributions. Participants enrolled through the automatic enrollment provision will have their deferral rate increased by 1% annually until a deferral rate of 15% pre-tax deferral rate is reached.

The Employer makes a matching contribution equal to 100% of the first 6% of eligible compensation that a participant contributes to the Plan. Contributions are subject to IRC limitations.

Participant accounts

Participant accounts are credited with participant contributions, Employer contributions, and an allocation of Plan earnings, and may be charged with an allocation of certain administrative expenses and Plan losses. Allocations of Plan earnings or losses are based on a participant's account balance in the various investment options offered under the Plan.

Vesting

Participants are vested immediately in their contributions, rollover contributions, and any income thereon. Vesting in the Employer's matching contributions is based on years of continuous service as follows:

<u>Years of Service</u>	<u>Percentage</u>
1	34%
2	67%
3	100%

Notes to Financial Statements
December 31, 2021 and 2020

1. DESCRIPTION OF THE PLAN (continued)

Payment of benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. On termination of service due to death, disability, retirement, or termination of employment from the Bank, a participant may elect to receive a lump-sum distribution or installment payments over a specified period of time. Participants may request a distribution from the vested amounts of their account in the event of financial hardship, as defined by the Plan document. Also, participants may request in-service distributions from their vested Plan accounts at any time after having reached age 59 ½.

Forfeitures

Forfeitures of terminated participants' non-vested account balances are first used to pay Plan expenses, then to reduce Employer contributions in the Plan year subsequent to when such forfeitures were determined to have occurred. Forfeited accounts available for the Employer to pay Plan expenses and to reduce future matching contributions totaled approximately \$507,000 and \$94,000 as of December 31, 2021 and 2020, respectively. There were no forfeitures used to pay Plan expenses during the 2021 Plan year. Forfeitures in the amount of \$0 were used to offset Employer matching contributions during the 2021 Plan year.

Investment options

Participants direct the investment of their contributions and related earnings into various investment options offered by the Plan. The Plan currently offers a variety of mutual funds and a stable value fund to participants.

Administrative expenses

Plan administrative expenses, with certain exceptions, are paid by the Plan. Administrative expenses cover the routine expenses for services of lawyers, accountants, third party administrators, and other advisors. Certain Plan investments are shares of mutual funds managed by affiliates of the Trustee. Certain fees paid to the Trustee for investment management services are incorporated into the expense ratios of the Plan's individual funds and paid directly from fund earnings, thus impacting earnings allocations to participants' accounts. The Plan is not required to repay expenses paid by the Bank on behalf of the Plan.

Texas Capital 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

1. DESCRIPTION OF THE PLAN (continued)

Notes receivable from participants

Notes receivable from participants may be made to participants at their request subject to certain statutory and Plan limitations. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to \$50,000 or 50 percent of their vested account balance, whichever is less. The loans are secured by the vested balance in the participant's account. The loan interest rate, is set at the prime rate plus 2% at the date of issuance, as stated in the loan policy adopted by the Plan, effective August 1, 2014. Participants may have principal and interest paid ratably through payroll withdrawal or pay the Plan's trust directly. A participant may have up to two loans outstanding at a time.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with U.S. GAAP and present the Plan's net assets available for benefits and changes in those net assets.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates. Significant items subject to such estimates and assumptions include the fair value of investments.

Risks and uncertainties

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the Plan's financial statements.

Investment valuation and income recognition

Investments are stated at fair value. The fair value of mutual funds is measured at the net asset value (NAV) of shares held by the Plan at year end as determined by open market prices. The stable value fund (Note 3) is carried at NAV as a practical expedient to fair value, as reported by the issuer. Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments purchased and sold during the year.

Texas Capital 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Contributions and contribution receivable

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Bank, which is the pay date. Employer matching contributions are recorded in the year they are earned and to coincide with the year in which the Bank records the contributions in its general ledger. The Plan records receivables for Employer, employee, and rollover contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued by any unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Payment of benefits

Benefits paid to participants are recorded as a reduction of net assets available for benefits when paid.

Administrative expenses

Administrative expenses by the Plan are recorded when incurred.

Subsequent events

The Plan has evaluated subsequent events through October 11, 2022, the date the financial statements were available to be issued. No subsequent events occurred that would have a material impact on the presentation of the Plan's financial statements.

3. FAIR VALUE MEASUREMENTS

Accounting standards define fair value, establish a framework for measuring fair value, and define required disclosures about fair value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 inputs) and lowest priority to unobservable inputs (level 3 inputs). The three levels of the fair value hierarchy under U.S. GAAP are described as follows:

- *Level 1* - Quoted prices in active markets for identical assets or liabilities which the Plan has the ability to access on a timely basis.

Texas Capital 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

3. FAIR VALUE MEASUREMENTS (continued)

- *Level 2* - Observable inputs such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; and model-derived valuations in which all significant input and significant value drivers are observable in active markets.
- *Level 3* - Valuations with one or more unobservable significant inputs that reflect the reporting entity's own assumptions.

In some cases, a valuation technique used to measure fair value includes inputs from multiple levels of the fair value hierarchy. The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible.

Mutual fund investments are classified within level 1 of the valuation hierarchy.

The Putnam Stable Value fund investment is a common collective trust maintained by Putnam Fiduciary Trust Company, LLC. It is a commingled pool of guaranteed investment contracts, bank investment contracts, and synthetic investment contracts issued by insurance companies and financial institutions. This fund will try to maintain a net asset value of \$1 per unit and is shown as such in the Plan's financial statements as a practical expedient to fair value. A portion of the portfolio invests in a money market fund to provide daily liquidity. Such investments are not shown within the fair value hierarchy.

As of December 31, 2021 and 2020, there were no restrictions on redemptions or unfunded commitments for any of the major types of assets.

The following table sets forth by level, within the fair value hierarchy, Plan's assets at fair value as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds, at fair value	<u>\$236,940,133</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$236,940,133</u>

3. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, Plan's assets at fair value as of December 31, 2020:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds, at fair value	<u>\$210,049,183</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$210,049,183</u>
	<u><u>\$210,049,183</u></u>	<u><u>\$ -</u></u>	<u><u>\$ -</u></u>	210,049,183
Investments measured at net asset value*				<u>11,771,820</u>
				<u><u>\$221,821,003</u></u>

*Certain investments that are managed at fair value using the NAV per share practical expedient (or its equivalent) have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to amounts presented in the Statements of Net Assets Available for Benefits.

4. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the Trustee, determined to be qualified institutions by the plan administrator have certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020;
- Net appreciation in fair value of investments, interest and dividends, interest on notes receivable from participants, and other income reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021; and,
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year) ("supplemental schedule").

Accordingly, as requested by the plan administrator, the Plan's auditor performed no procedures on the certified information other than to agree the certified information to the related information included in the financial statements and supplemental schedule.

Texas Capital 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

5. PLAN TERMINATION

Although it has not expressed any intention to do so, the Bank has the right under the plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become fully vested in their accounts.

6. TAX STATUS

The Plan was amended with the adoption of the Volume Submitter Defined Contribution Plan document sponsored by Fidelity Management & Research Company (the "Volume Submitter Plan") effective September 20, 2021. The Volume Submitter Plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Volume Submitter Plan design complies with the applicable requirements of the IRC. However, the plan administrator believes the Plan, and related trust, are currently designed and being operated in compliance with all applicable regulatory requirements. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. PARTIES-IN-INTEREST AND RELATED PARTY

ERISA defines party-in-interest similarly to FASB ASC 850, Related Party Disclosures, except that ERISA's definition is broader and includes all entries and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. There are no related parties to the Plan that were not also considered to be parties-in-interest. The Plan did not enter into any material related party transactions during the Plan year related to compensation arrangements, expense allowances, or similar items.

Certain Plan investments are managed by an affiliate of the Trustee of the Plan. Any purchases and sales of these funds are performed in the open market at the fair value. The Plan Sponsor pays certain fees on behalf of the Plan. These transactions qualify as party-in-interest transactions permitted under the provisions of ERISA.

Certain fund level fees incurred by the funds in which the Plan invests for such services as investment management, shareholder services, and sub-transfer agency fees are paid through fund level revenue sharing arrangements. These fees reduce fund earnings thereby impacting Plan revenue applied to participants' accounts. Certain investments in products managed by an affiliate of the Trustee share revenue with the affiliate determined by a fixed basis point pricing arrangement ranging from 10 to 35 basis points depending on the fund.

The Trustee retain as compensation for services provided to the Plan, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

Dallas, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Texas Capital 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Texas Capital 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Texas Capital 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Texas Capital 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Texas Capital 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Texas Capital 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Texas Capital 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 26, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Texas Capital 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

1. DESCRIPTION OF THE PLAN

The following description of the Texas Capital 401(k) Plan (the "Plan") provides only general information. Therefore, participants should refer to the plan documents for a more comprehensive description of the Plan's provisions.

General

Texas Capital Bancshares, Inc. (the "Bank", "Employer", or "Plan sponsor") established the Plan on August 1, 1999. The Plan was amended effective July 1, 2019. The Plan is a defined contribution plan covering full-time employees of the Bank. The Plan is designed to comply with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code (IRC). In addition, the financial statements have been prepared in compliance with accounting principles generally accepted in the United States of America (U.S. GAAP) and with ERISA.

Effective March 2020, the Plan administratively adopted the provisions of the Coronavirus Aid, Relief, and Economic Security Cares (CARES) Act, related to participant loans and distributions. Qualifying participants impacted by COVID-19 were able to borrow up to \$100,000 or 100% of their vested account balance. Participants were able to take coronavirus-related distributions up to \$100,000 or 100% of their vested account balance. Ordinary income taxes may be paid over a three-year period. Participants were permitted to repay coronavirus related distributions over a three-year period. The Company has until December 31, 2025, to amend the Plan for changes allowed by the CARES Act. The Plan has not been formally amended to adopt these provisions as of December 31, 2021.

Eligibility

All employees of the Bank who have completed twenty-seven days of credited service are eligible to participate in the Plan. Employees of the Bank who are participating in the Plan are eligible upon entry to the Plan to receive the Employer matching contribution.

Plan administration

The Plan is administered by the Bank. Fidelity Management Trust Company is the Plan's trustee (the "Trustee") and acts as directed trustee of the Plan's assets and is responsible for executing transactions related to the Plan's investments. Fidelity Workplace Services is the Plan's record keeper and is responsible for maintaining Plan participants' accounts and executing participant-initiated transactions.

1. DESCRIPTION OF THE PLAN (continued)

Contributions

Plan participants may elect to defer up to 85% of their annual compensation subject to certain IRC limitations. Participant contributions may be made on a pre-tax basis or on an after-tax basis as Roth contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans as rollover contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. Each participant may elect to change the percentage of their compensation deferred into the Plan and their investment options daily. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, as defined under the IRC.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 6% of the participant's eligible compensation in pre-tax contributions. Participants enrolled through the automatic enrollment provision will have their deferral rate increased by 1% annually until a deferral rate of 15% pre-tax deferral rate is reached.

The Employer makes a matching contribution equal to 100% of the first 6% of eligible compensation that a participant contributes to the Plan. Contributions are subject to IRC limitations.

Participant accounts

Participant accounts are credited with participant contributions, Employer contributions, and an allocation of Plan earnings, and may be charged with an allocation of certain administrative expenses and Plan losses. Allocations of Plan earnings or losses are based on a participant's account balance in the various investment options offered under the Plan.

Vesting

Participants are vested immediately in their contributions, rollover contributions, and any income thereon. Vesting in the Employer's matching contributions is based on years of continuous service as follows:

<u>Years of Service</u>	<u>Percentage</u>
1	34%
2	67%
3	100%

1. DESCRIPTION OF THE PLAN (continued)

Payment of benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. On termination of service due to death, disability, retirement, or termination of employment from the Bank, a participant may elect to receive a lump-sum distribution or installment payments over a specified period of time. Participants may request a distribution from the vested amounts of their account in the event of financial hardship, as defined by the Plan document. Also, participants may request in-service distributions from their vested Plan accounts at any time after having reached age 59 ½.

Forfeitures

Forfeitures of terminated participants' non-vested account balances are first used to pay Plan expenses, then to reduce Employer contributions in the Plan year subsequent to when such forfeitures were determined to have occurred. Forfeited accounts available for the Employer to pay Plan expenses and to reduce future matching contributions totaled approximately \$507,000 and \$94,000 as of December 31, 2021 and 2020, respectively. There were no forfeitures used to pay Plan expenses during the 2021 Plan year. Forfeitures in the amount of \$0 were used to offset Employer matching contributions during the 2021 Plan year.

Investment options

Participants direct the investment of their contributions and related earnings into various investment options offered by the Plan. The Plan currently offers a variety of mutual funds and a stable value fund to participants.

Administrative expenses

Plan administrative expenses, with certain exceptions, are paid by the Plan. Administrative expenses cover the routine expenses for services of lawyers, accountants, third party administrators, and other advisors. Certain Plan investments are shares of mutual funds managed by affiliates of the Trustee. Certain fees paid to the Trustee for investment management services are incorporated into the expense ratios of the Plan's individual funds and paid directly from fund earnings, thus impacting earnings allocations to participants' accounts. The Plan is not required to repay expenses paid by the Bank on behalf of the Plan.

December 31, 2021 and 2020

1. DESCRIPTION OF THE PLAN (continued)

Notes receivable from participants

Notes receivable from participants may be made to participants at their request subject to certain statutory and Plan limitations. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to \$50,000 or 50 percent of their vested account balance, whichever is less. The loans are secured by the vested balance in the participant's account. The loan interest rate, is set at the prime rate plus 2% at the date of issuance, as stated in the loan policy adopted by the Plan, effective August 1, 2014. Participants may have principal and interest paid ratably through payroll withdrawal or pay the Plan's trust directly. A participant may have up to two loans outstanding at a time.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with U.S. GAAP and present the Plan's net assets available for benefits and changes in those net assets.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates. Significant items subject to such estimates and assumptions include the fair value of investments.

Risks and uncertainties

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the Plan's financial statements.

Investment valuation and income recognition

Investments are stated at fair value. The fair value of mutual funds is measured at the net asset value (NAV) of shares held by the Plan at year end as determined by open market prices. The stable value fund (Note 3) is carried at NAV as a practical expedient to fair value, as reported by the issuer. Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments purchased and sold during the year.

Texas Capital 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Contributions and contribution receivable

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Bank, which is the pay date. Employer matching contributions are recorded in the year they are earned and to coincide with the year in which the Bank records the contributions in its general ledger. The Plan records receivables for Employer, employee, and rollover contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued by any unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Payment of benefits

Benefits paid to participants are recorded as a reduction of net assets available for benefits when paid.

Administrative expenses

Administrative expenses by the Plan are recorded when incurred.

Subsequent events

The Plan has evaluated subsequent events through October 11, 2022, the date the financial statements were available to be issued. No subsequent events occurred that would have a material impact on the presentation of the Plan's financial statements.

3. FAIR VALUE MEASUREMENTS

Accounting standards define fair value, establish a framework for measuring fair value, and define required disclosures about fair value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 inputs) and lowest priority to unobservable inputs (level 3 inputs). The three levels of the fair value hierarchy under U.S. GAAP are described as follows:

- *Level 1* - Quoted prices in active markets for identical assets or liabilities which the Plan has the ability to access on a timely basis.

Texas Capital 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

3. FAIR VALUE MEASUREMENTS (continued)

- *Level 2* - Observable inputs such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; and model-derived valuations in which all significant input and significant value drivers are observable in active markets.
- *Level 3* - Valuations with one or more unobservable significant inputs that reflect the reporting entity's own assumptions.

In some cases, a valuation technique used to measure fair value includes inputs from multiple levels of the fair value hierarchy. The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible.

Mutual fund investments are classified within level 1 of the valuation hierarchy.

The Putnam Stable Value fund investment is a common collective trust maintained by Putnam Fiduciary Trust Company, LLC. It is a commingled pool of guaranteed investment contracts, bank investment contracts, and synthetic investment contracts issued by insurance companies and financial institutions. This fund will try to maintain a net asset value of \$1 per unit and is shown as such in the Plan's financial statements as a practical expedient to fair value. A portion of the portfolio invests in a money market fund to provide daily liquidity. Such investments are not shown within the fair value hierarchy.

As of December 31, 2021 and 2020, there were no restrictions on redemptions or unfunded commitments for any of the major types of assets.

The following table sets forth by level, within the fair value hierarchy, Plan's assets at fair value as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds, at fair value	<u>\$236,940,133</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$236,940,133</u>
	<u><u>\$236,940,133</u></u>	<u><u>\$ -</u></u>	<u><u>\$ -</u></u>	236,940,133

3. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, Plan's assets at fair value as of December 31, 2020:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds, at fair value	<u>\$210,049,183</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$210,049,183</u>
	<u><u>\$210,049,183</u></u>	<u><u>\$ -</u></u>	<u><u>\$ -</u></u>	210,049,183
Investments measured at net asset value*				<u>11,771,820</u>
				<u><u>\$221,821,003</u></u>

*Certain investments that are managed at fair value using the NAV per share practical expedient (or its equivalent) have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to amounts presented in the Statements of Net Assets Available for Benefits.

4. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the Trustee, determined to be qualified institutions by the plan administrator have certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020;
- Net appreciation in fair value of investments, interest and dividends, interest on notes receivable from participants, and other income reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021; and,
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year) ("supplemental schedule").

Accordingly, as requested by the plan administrator, the Plan's auditor performed no procedures on the certified information other than to agree the certified information to the related information included in the financial statements and supplemental schedule.

Texas Capital 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

5. PLAN TERMINATION

Although it has not expressed any intention to do so, the Bank has the right under the plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become fully vested in their accounts.

6. TAX STATUS

The Plan was amended with the adoption of the Volume Submitter Defined Contribution Plan document sponsored by Fidelity Management & Research Company (the "Volume Submitter Plan") effective September 20, 2021. The Volume Submitter Plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Volume Submitter Plan design complies with the applicable requirements of the IRC. However, the plan administrator believes the Plan, and related trust, are currently designed and being operated in compliance with all applicable regulatory requirements. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. PARTIES-IN-INTEREST AND RELATED PARTY

ERISA defines party-in-interest similarly to FASB ASC 850, Related Party Disclosures, except that ERISA's definition is broader and includes all entries and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. There are no related parties to the Plan that were not also considered to be parties-in-interest. The Plan did not enter into any material related party transactions during the Plan year related to compensation arrangements, expense allowances, or similar items.

Certain Plan investments are managed by an affiliate of the Trustee of the Plan. Any purchases and sales of these funds are performed in the open market at the fair value. The Plan Sponsor pays certain fees on behalf of the Plan. These transactions qualify as party-in-interest transactions permitted under the provisions of ERISA.

Certain fund level fees incurred by the funds in which the Plan invests for such services as investment management, shareholder services, and sub-transfer agency fees are paid through fund level revenue sharing arrangements. These fees reduce fund earnings thereby impacting Plan revenue applied to participants' accounts. Certain investments in products managed by an affiliate of the Trustee share revenue with the affiliate determined by a fixed basis point pricing arrangement ranging from 10 to 35 basis points depending on the fund.

The Trustee retain as compensation for services provided to the Plan, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.
