1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

INDEPENDENT AUDITORS' REPORT

To the Retirement Plan Committee of

D.P. ELECTRIC, INC. 401(k) PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed the audit of the financial statements of ***D.P. Electric, Inc. 401(k) Plan*** (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained a certification from qualified institutions as of and for the year ended December 31, 2021 stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the 2021 financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets certified by qualified institutions, agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by the qualified institution. In our report dated September 2, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

D.P. ELECTRIC, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

(1) Description of the Plan

The following description of the *D.P. Electric, Inc. 401(k) Plan* (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

- A. General** - The Plan is a defined contribution retirement plan which covers all employees who meet specified service requirements of D.P. Electric, Inc. (the "Sponsor") with 401(k) provisions consisting of a salary deferral arrangement. The Plan is subject to the Employee Retirement Income Security Act of 1974 ("ERISA"). Eligibility requirements of the Plan are one year of service and attaining 21 years of age.

Employees are eligible to participate in the non-elective discretionary matching and safe harbor portions of the Plan after completing one year of service and attaining 21 years of age. For years beginning prior to December 31, 2017, the Plan offered eligible employees a discretionary matching and profit sharing contribution after completing one year of service and attaining 21 years of age.

Effective April 1, 2021, eligibility requirements of the Plan are one year of service and attaining 18 years of age for all employee contributions, non-elective discretionary matching and safe harbor portions of the Plan.

- B. Contributions** - Eligible employees are automatically enrolled in pre-tax salary deferral contributions at a rate of 6% of their compensation, unless the employee elects another rate or to decline participation. Under the 401(k) provisions of the Plan, the participants may elect to defer a portion of their pre-tax compensation, subject to certain limitations prescribed by the Internal Revenue Service ("IRS"). Participants may also contribute amounts representing distributions from other qualified pension plans.

Effective June 1, 2022, the Plan was amended to allow in-plan roth conversions.

The Sponsor makes a safe harbor contribution each Plan year equal to 100% of a participant's deferrals up to 1% of compensation, plus 50% of participant's deferrals in excess of 1% of compensation up to a maximum of 6%. Employer contributions are invested in the same funds and increments as directed by participants.

The Plan also contains provisions for non-elective discretionary matching contributions. Contributions under the non-elective discretionary matching portion of the Plan are made at the discretion of the Sponsor. Employees must meet eligibility requirements and be employed on the last day of the Plan year in order to receive a non-elective discretionary matching contribution. The Sponsor did not make any non-elective discretionary matching contributions for the year ended December 31, 2021.

- C. Participant accounts** - Each participant's account is credited with the participant's elective deferral, rollover, and employer contributions, actual earnings thereon and charged with an allocation of administrative expenses. Allocations are based on participant contributions or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- D. Vesting** - Participants are immediately vested in their voluntary and rollover contributions, plus accrued earnings thereon. For the Sponsor's safe harbor contributions, plus actual earnings thereon, participants vest 50 percent beginning after one year of service, and become fully vested after two years of service.

D.P. ELECTRIC, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

(1) **Description of the Plan (continued)**

Effective January 1, 2018, participants vest in the Sponsor's non-elective discretionary matching contributions, plus actual earnings thereon, based on years of service as follows:

<u>Years of Service for Vesting</u>	<u>Percentage</u>
1	33%
2	67%
3	100%

Participants with account balances derived from the Sponsor's discretionary matching and profit-sharing contributions for Plan years beginning prior to December 31, 2017 are subject to the following vesting schedule:

<u>Years of Service for Vesting</u>	<u>Percentage</u>
1	20%
2	40%
3	60%
4	80%
5	100%

The Plan defines a year of credited service to be a Plan year with at least 1,000 hours of service. Upon the death or total disability of any participant prior to retirement, the participant's account balance shall become fully vested.

- E. Payment of benefits** - If the value of a participant's vested benefit is more than \$5,000 on termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum payment amount equal to the value of his or her account, or annual installments over a certain period, and in no event exceeding the life expectancy of the participant as determined at the time of distribution. If the value of a participant's vested benefit is \$1,000 or less, a lump sum payment will be made to the participant. The Plan provides for the payment of benefits in amounts up to the entire vested balance in a participant's account upon one of the following:
- a. Termination of employment
 - b. Death or disability of participant
 - c. Attainment of age 65
 - d. Demonstrated hardship
- F. Forfeitures** - Forfeitures of nonvested accounts are utilized to pay administrative expenses and employer contributions as required by the Plan agreement. At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$11,592 and \$13,243, respectively. During the year ended December 31, 2021, \$9,799 of forfeited nonvested accounts were used to pay employer contributions.
- G. Termination of the Plan** - Although it has not expressed any intent to do so, the Sponsor has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event the Plan is terminated, participants become 100% vested in the Sponsor's contributions.
- H. Administrative expenses** - The Sponsor has elected to pay certain administrative expenses on behalf of the Plan during 2021. The Plan has no obligation to reimburse the Sponsor for such expenses.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

(2) Significant accounting policies

The significant accounting policies followed by the Plan are as follows:

Basis of accounting - The accompanying financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America. Accordingly, income and contributions are recognized when earned and expenses are recorded when incurred.

Management's use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management of the Plan to make estimates and assumptions that affect the reported amounts of net assets and the reported amounts of additions to and deductions from net assets. Actual results may differ from those estimates.

Investment valuation and income recognition - Mutual funds are reported at fair value and the investment contract with insurance company is reported at contract value. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Following is a description of the valuation methodologies used for the investments held by the Plan. There have been no changes in the methodologies used at December 31, 2021 and 2020.

- Investment contract with insurance company - Investments in a fully benefit responsive fixed income guaranteed option are required to be reported at contract value rather than fair value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.
- Mutual funds - Stated at net asset values, which are readily determinable fair values of those shares as they are published daily and are the basis for current transactions.

Fair value measurement - The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. If a Level 1 input is available, it must be used.
- Level 2: Inputs other than quoted prices that are observable for assets or liabilities, either directly or indirectly. Examples include matrix pricing utilizing yield curves, prepayment speeds, credit risks, etc.; quoted prices for similar assets in active markets; and inputs derived from observable market data by correlation or other means.
- Level 3: Unobservable inputs, which contain assumptions by the party valuing those assets or liabilities. For Level 3 inputs, there is no market data or correlations with market assumptions. Examples would include limited partnership interests, closely held stock, etc.

D.P. ELECTRIC, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

(2) Significant accounting policies (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Risks and uncertainties - The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such instruments. The Plan's exposure to interest rate risk, credit risk and market risk are dictated by the Plan's provisions as well as those of ERISA and the participants' investment preference.

Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Payment of benefits - Benefits are recorded when paid.

Subsequent events - Plan management has evaluated subsequent events through September 15, 2022, which is the date the financial statements of the Plan were available to be issued.

(3) Income tax status

The IRS issued a determination letter dated March 31, 2014, stating that the Plan was designed in accordance with the applicable Internal Revenue Code ("IRC") requirements as of that date. The Plan administrator and the Company believe that the Plan is currently operated in compliance with the applicable requirements of the IRC and that the Plan was qualified and the related trust was tax exempt as of and for the year ended December 31, 2021.

(4) Investments

The following table sets forth by level, within the fair value hierarchy or otherwise measured, the Plan's investments as of December 31, 2021:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds	\$ 10,590,944	\$ 10,590,944	\$ -	\$ -

The following table sets forth by level, within the fair value hierarchy or otherwise measured, the Plan's investments as of December 31, 2020:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds	\$ 7,799,457	\$ 7,799,457	\$ -	\$ -

D.P. ELECTRIC, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

(5) Investment contract with insurance company

The Plan participates in an investment contract with Great-West Life & Annuity Insurance Company ("Great-West") via the Guaranteed Interest Fund ("GIF"). The GIF is collateralized by the general assets of Great-West.

The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire portfolio compared to the minimum interest credit rate stated in the contract and prevailing market conditions. The interest crediting rate is reset quarterly. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses.

Certain events may limit the ability of the Plan to transact at contract value with the contract issuer. No events are considered probable of occurring, but examples of such events include the following:

- 1) The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
- 2) Premature termination of the contracts
- 3) Plan termination or merger
- 4) Changes to the Plan's prohibition on competing investment options
- 5) Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount other than contract value. Although no such events are considered probable of occurring, examples of such events include the following:

- 1) An uncured violation of the Plan's investment guidelines
- 2) A breach of material obligation under the contract
- 3) A material misrepresentation
- 4) A material amendment to the agreement without the consent of the issuer

(6) Notes receivable from participants

The Plan allows for participants to obtain loans from the Plan on a uniform and non-discriminating basis. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loan must be repaid within five years unless the proceeds are used for purchase of a principal residence in which case the loan may be repaid over a longer term. All loans will provide for the repayment of interest at a rate of prime plus 1%. All notes receivable from participants are repaid through payroll deductions. The participant's individual account serves as collateral for the loan. Loans will be considered in default if any scheduled payment remains unpaid beyond the last day of the calendar quarter following the calendar quarter in which the participant missed the scheduled payment. Upon default, death, disability, or termination of employment, the entire outstanding principal and accrued interest shall be immediately due and payable. Because the participant's account collateralizes the loan in its entirety, the credit quality of the participant is not assessed by the Plan administrator. Unpaid loans will be treated as a taxable distribution from the Plan.

D.P. ELECTRIC, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

(7) Party-in-interest transactions

Certain Plan investments are managed by Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company, the trustees, as defined by the Plan. The trustees provided the Plan with contract administration and investment management services, which qualify as party-in-interest transactions.

Total administrative fees and expenses paid by the Plan to parties-in-interest for the year ended December 31, 2021 totaled \$64,360 and related to investment management and record keeping services.

(8) Information certified by the trustees

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company, the trustees, have certified that the following information included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Investments
- Notes receivable from participants
- Interest income on notes receivable from participants
- Interest and dividends
- Net appreciation (depreciation) in fair value of investments
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(9) Nonexempt transaction

Plan management determined that a certain participant contribution submitted by the Plan Sponsor during the 2021 Plan year was remitted late based upon guidelines established by the Department of Labor. This contribution totaled \$7 and Plan Management is in the process of remitting lost earnings, which are not material to the financial statements as a whole.
