Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of KAI U.S.A., Ltd. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of KAI U.S.A., Ltd. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of KAI U.S.A., Ltd. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about KAI U.S.A., Ltd. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of KAI U.S.A., Ltd. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about KAI U.S.A., Ltd. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at the end of the year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Responsibility

Our responsibility is to express an opinion on the 2020 financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2020, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statements. Accordingly, we do not express an opinion on the 2020 financial statements.

1. DESCRIPTION OF THE PLAN

The following description of the KAI U.S.A., Ltd. ("Company") 401(k) Plan ("Plan") provides only general information. Reference should be made to the Plan document for a more complete description of its provisions.

GENERAL. The Plan is a defined contribution 401(k) plan and employee profit sharing plan covering employees of KAI U.S.A., Ltd. who have met an age and period of service requirement. The Plan Administrator controls and manages the operation and administration of the Plan. Fidelity Management Trust Company ("Fidelity") serves as the investment advisor, trustee, custodian, and agent of the Plan. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS. Contributions to the Plan are in the form of salary reductions which participants have elected to defer in lieu of current compensation. For 2021 and 2020, the Company contributed 100% of the first 3% of eligible compensation plus 65% of the next 3% of eligible compensation that a participant contributes to the plan. Additional profit sharing amounts may be contributed at the option of the Company.

PARTICIPANT ACCOUNTS. Each participant's account is credited with the participant's elective contributions, an allocation of the employer's contributions, and an allocation of the Plan earnings. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is based on the benefit that can be provided from the participant's vested account.

VESTING. Participants are fully vested in their rollover, elective, and safe harbor matching contributions plus earnings thereon. Effective April 4, 2004, the Plan became a "safe harbor 401(k) Plan". This type of plan requires a matching contribution equal to 100% of the salary deferrals not to exceed 6% of compensation. This safe harbor matching contribution is fully vested.

EXPENSES. Expenses not paid by the Company are deducted from investment earnings before allocation to participants' accounts. Loan administration expenses are charged to the participant borrowers' accounts. In addition, certain expenses of plan administration are provided by the Company without charge to the Plan.

PAYMENT OF BENEFITS. On termination of service, a participant may elect to receive a lump sum amount equal to their vested account value or a combination of cash distribution and direct rollover distribution.

HARDSHIP WITHDRAWALS. Pre-retirement distributions of elective deferrals are available on a hardship basis. These distributions are limited to the specific financial need. They must be approved by the trustee on a nondiscriminatory basis. Additionally, in 2020, the Coronavirus Aid, Relief and Economic Security Act (CARES Act) was enacted which expanded withdrawals to include virus related distributions of elective deferrals. These distributions are limited to specific COVID-19 needs and must be verified and approved by the trustee.

INVESTMENT OPTIONS. Upon enrollment, a participant may direct contributions to certain investment accounts selected by the trustee and the Plan Administrator. Participants may change their investment options daily.

NOTES RECEIVABLE FROM PARTICIPANTS. Participants may borrow from their fund accounts a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance, and are treated as notes receivable from participants. The minimum note amount is \$1,000. Generally, note terms range from one to five years, are secured by the balance in the participant's account, and bear interest at a rate commensurate with the local lending market. Principal and interest are paid ratably through monthly payroll deductions. The notes are measured at their unpaid principal balance, plus accrued but unpaid interest.

1. DESCRIPTION OF THE PLAN - Continued

PLAN TRUSTEE/RELATED PARTY. The trustee of the Plan is Fidelity Management Trust Company. The trustee is responsible for the custody of Plan assets. A material portion of employee and Company contributions are invested in various money market and mutual funds maintained by an affiliate of the trustee; therefore, these transactions qualify as party-in-interest transactions. The trustee receives fees for services provided on behalf of the investment funds. Fund earnings are presented net of these fees. Plan assets invested in these funds totaled \$16,887,563 and \$14,116,200 at December 31, 2021 and 2020, respectively. A net appreciation in fair value of \$756,055 and \$1,558,670 occurred in these funds for the years ended December 31, 2021 and 2020, respectively. The Plan utilizes the investment advisory services of Strategic Advisors, Inc. and recordkeeper services of Fidelity Investments Institutional Operations Company, Inc. These fees qualify as party-in-interest transactions totaling \$14,913 and \$13,873 at December 31, 2021 and 2020, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Plan employs accounting policies generally accepted in the United States of America. The Financial Accounting Standards Board ("FASB") has issued guidance which establishes the FASB Accounting Standards Codification (the "Codification" or "FASB ASC") as the source of authoritative accounting principles recognized by the FASB to be applied to nongovernmental entities in the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America.

BASIS OF ACCOUNTING. The accompanying financial statements have been prepared on the accrual basis of accounting.

USE OF ESTIMATES. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

VALUATION OF INVESTMENTS - MONEY MARKET FUNDS. Money market funds are valued at cost which approximates market.

VALUATION OF INVESTMENTS - MUTUAL FUNDS. Investments in mutual funds are carried at fair value, which is the net asset value per unit of each mutual fund multiplied by the number of units owned. The value of each unit is computed by the mutual fund company on the last business day of the plan year, based on quoted market prices of the underlying securities, bonds and other financial instruments owned by each fund.

RISKS AND UNCERTAINTIES. The Plan provides for investment options in mutual funds, which invest in portfolios of investment securities through Fidelity, trustee of Plan assets. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

From time to time, investments may include securities with contractual cash flows, such as asset backed securities, collateralized mortgage obligations and commercial mortgage backed securities, including securities backed by subprime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

The Plan has implemented the accounting guidance for uncertainty in income taxes using the provisions of FASB ASC 740, *Income Taxes*. Using that guidance, the Plan does not believe it has any uncertain tax positions that qualify for either recognition or disclosure in the financial statements as of December 31, 2021 and 2020. The Plan's tax filings are subject to audit by U.S. Federal taxing authorities and open audit years are 2018 – 2021.

SUBSEQUENT EVENTS. The Plan has evaluated subsequent events through September 26, 2022, the date that the financial statements were available for issue.

3. FAIR VALUE MEASUREMENTS AND DISCLOSURES

The Plan has adopted the provisions of FASB ASC 820, *Fair Value Measurements and Disclosures*. FASB ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 for financial assets and financial liabilities are described below:

Level 1	Values are based on quoted prices in active markets for identical securities.
Level 2	Values are based on (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in non-active markets; or (c) valuation models whose inputs are observable, directly or indirectly, for substantially the full term of the asset or liability.
Level 3	Values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. These inputs may reflect the Plan's estimates of the assumptions that market participants would use in valuing the financial assets or financial liability.

Pursuant to FASB ASC 820, fair value is a market-based measure, considered from the perspective of a market participant who owns an asset or owes a liability. Accordingly, when market observable data is not readily available, assumptions are set to reflect those that market participants would be presumed to use in pricing the asset or liability at the measurement date. Prices and inputs are used that are current as of the measurement date, including during periods of market disruption. In periods of market disruption, the ability to observe the prices and inputs may be reduced for many instruments. This condition could cause an instrument to be reclassified from Level 1 to Level 2 or from Level 2 to Level 3.

The following is a summary of the inputs used, as of December 31, 2021 and 2020, involving the Plan's financial assets carried at fair value. The inputs or methodologies used for valuing investments may not be an indication of the risk associated with investing in those securities. For more information on valuation inputs, and their aggregation into the levels used in the table below, please refer to Valuation of Investments sections in Note 2.

NOTES TO FINANCIAL STATEMENTSDECEMBER 31, 2021 AND 20203. FAIR VALUE MEASUREMENTS AND DISCLOSURES - Continued

4. INCOME TAX STATUS

The Plan is utilizing a volume submitter as its plan document. The volume submitter obtained its latest opinion letter, dated June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

5. PLAN TERMINATION

Although it has not expressed any intention to do so, the employer Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants would become fully vested in all their accounts.

6. INFORMATION CERTIFIED BY TRUSTEE OF THE PLAN

The following summary of unaudited information regarding the Plan and included in the Plan's financial statements and supplemental schedule was certified by the trustee of the Plan, Fidelity Management Trust Company, a qualified institution, as of and for the years ended December 31, 2021 and 2020. The information was furnished to the Plan Administrator and the Plan Administrator has obtained certification from the trustee that such information is complete and accurate.
