INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
AsteelFlash 401(k) Plan
Fremont, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of AsteelFlash 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 AsteelFlash 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021 and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of AsteelFlash 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about AsteelFlash 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of AsteelFlash 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about AsteelFlash 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of AsteelFlash 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements
December 31, 2021 and 2020

1. DESCRIPTION OF THE PLAN

The following description of AsteelFlash 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution savings plan sponsored by AsteelFlash USA, Corp. (the "Company" or the "Employer"), pursuant to Section 401(a) and related provisions of the Internal Revenue Code ("IRC"), was established on July 1, 1999. The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination or financial hardship. The Plan covers all employees of the Company who meet certain eligibility requirements. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective March 2020, the Plan administratively adopted the provisions of the Coronavirus Aid, Relief, and Economic Security Cares (CARES) Act, related to participant loans and distributions. Qualifying participants impacted by COVID-19 were able to borrow up to \$100,000 or 100% of their vested account balance. Participants were able to take coronavirus-related distributions up to \$100,000 or 100% of their vested account balance. Ordinary income taxes may be paid over a three-year period. Participants were permitted to repay coronavirus related distributions over a three-year period. The Company has until December 31, 2025, to amend the Plan for changes allowed by the CARES Act. The Plan has not been formally amended to adopt these provisions as of December 31, 2021.

Plan administration

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company has delegated certain responsibilities for the operation and administration of the Plan. Trustee services are provided by Fidelity Management Trust Company (the "Trustee"), while recordkeeping services are performed by Fidelity Workplace Services, LLC (the "Recordkeeper"), an affiliate of the Trustee (collectively "Fidelity"). The Trustee manages the Plan's investments and makes investment transactions while the Recordkeeper manages participant accounts and participant related transactions.

Eligibility

The Plan covers any employees who have completed at least one month of service with the Company, except those employees governed by a collective bargaining agreement, leased employees, temporary employees, and non-resident aliens who do not receive any earned income from the employer which constitutes United States source income.

Notes to Financial Statements
December 31, 2021 and 2020

1. DESCRIPTION OF THE PLAN (continued)

Participant contributions

Participants may elect to contribute through payroll deductions amounts up to 90% of their annual compensation as defined by the Plan, on a tax-deferred basis, up to a maximum amount allowed by the IRC. Maximum allowed deferral amounts were \$19,500 for 2021. Employees age 50 or older could also contribute an additional \$6,500 catch-up contribution to the Plan for 2021. Participants are also allowed to rollover contributions from other qualified employer-sponsored retirement plans.

Newly eligible participants are automatically enrolled to defer 3% of their eligible compensation on a pretax basis, unless the participant makes a contrary election within 30 days of hire.

Employer contributions

The Company has the discretion under the plan document to match participant deferrals, and to make profit sharing contributions. All active participants are eligible for a matching contribution. Participants who have completed 1,000 hours of service and who are employed on the last day of the Plan year are eligible for a profit sharing contribution. During 2021, the Company made discretionary employer matching contributions equal to 50% of the first 3% of the employee's deferral. Effective April 27, 2020 the Company suspended its discretionary matching contributions until further notice. Discretionary matching contributions were resumed beginning June 20, 2021. The Company did not make a profit sharing contribution for 2021.

Participant accounts

Each participant's account is credited with the participant's contributions or rollovers and allocations of the Company's contributions, if any, and Plan earnings, and charged with an allocation of investment losses and administrative expenses not paid directly by the Company. Allocations of investment earnings are based strictly on the participant's selection of investments and timing of purchase. Other allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately fully vested in all contributions, plus actual earnings thereon.

Forfeited non-vested accounts

The Plan provides that non-vested account balances of terminated employees can be used to pay Plan expenses or to offset Employer contributions. At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$6,211 and \$5,132, respectively. During 2021, no forfeitures were used to pay Plan expenses or reduce Employer contributions.

1. DESCRIPTION OF THE PLAN (continued)

Notes receivable from participants

Under the terms of the Plan, participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The repayment of principal plus interest is generally required by the Plan to be made through bi-weekly payroll deductions within five years unless the loan is used for the purchase of a principal residence, which may be paid over a ten year period. The loans are secured by the balance in the participant's account and accrue interest at the prime rate plus 1%, set on the date that the loan was distributed. All outstanding loans accrue interest at rates ranging from 4.25% to 6.25% and become immediately payable in the event of default, death, disability, or termination of employment.

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, financial hardship, disability, or death. Participant account balances equal to or less than \$1,000, are distributed immediately in a lump-sum cash payment unless a direct rollover into another qualified benefit plan is requested. Balances between \$1,000 and \$5,000 upon termination will be rolled over to an individual retirement plan designated by the administrator if the participant has not requested a distribution. If the account balance is over \$5,000 upon termination, the participant can consent to either a distribution paid in the form of a lump-sum cash payment, a direct rollover into another qualified plan, or postpone payment to a later date and remain in the Plan as described in the plan document.

Hardship distributions are permitted under limited circumstances if approved by the plan administrator.

Administrative expenses

Certain administrative expenses of the Plan, including recordkeeping and audit fees, were paid by the Company for the year ended December 31, 2021. Investment fees, which may vary according to the individual funds selected, are paid indirectly out of the assets of the Plan and impact Plan earnings.

Participants may be charged for some or all of the costs and expenses of operating the Plan. Such expenses include, but are not limited to costs to process distributions, participant loans, and domestic relations orders. Generally, the Company pays for any administrative expenses of the Plan. The Plan is not required to reimburse the Company for expenses paid on its behalf.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The financial statements of the Plan are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Contributions and contributions receivable

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Company, which is the pay date. Contributions from the Company are recorded in the year earned to coincide with the year in which the Company records the contributions. Rollover contributions from participants are recorded based on the date the rollover contributions have been allocated to participants' accounts. The Plan records receivables for Employer, employee, and rollover contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year.

Investment valuation and income recognition

The Plan's investments are reported at fair value as certified by the Trustee and as determined on the open market. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. See Note 4 for description of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes therein, see Note 1.

AsteelFlash 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Expenses are recorded when incurred.

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (UNAUDITED)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of ERISA. Accordingly, the Trustee has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020;
- Net appreciation in fair value of investments, interest and dividends, and interest income from notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021; and,
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year) ("supplemental schedule").

Accordingly, as requested by the plan administrator, the Plan's auditors performed no procedures on the certified information other than to agree the certified information to the related information included in the financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. That framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of fair value hierarchy are as follows:

AsteelFlash 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

4. FAIR VALUE MEASUREMENTS (continued)

Level 1: inputs to the valuation methodology are unadjusted quoted process for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted process that are observable for the assets or liability; and,
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds and money market fund: Valued at the daily closing price as reported on an open exchange. Mutual and money market funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual and money market funds held by the Plan are deemed to be actively traded.

Common/collective trust fund: Valued at Net Asset Value ("NAV") of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. There are no unfunded commitments as of December 31, 2021 or 2020. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. Unit values are determined by dividing the fund's net assets at fair value by its units outstanding at the valuation date.

Notes to Financial Statements
December 31, 2021 and 2020

4. FAIR VALUE MEASUREMENTS (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments, by type, at fair value as of December 31, 2021::

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds	\$ 13,018,054	\$ -	\$ -	\$ 13,018,054
Money market fund	<u>2,916</u>	<u>-</u>	<u>-</u>	<u>2,916</u>

Investments measured using NAV (*)				<u>1,686,284</u>
				<u>\$ 14,707,254</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's investments, by type, at fair value as of December 31, 2020:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds	\$ 14,065,360	\$ -	\$ -	\$ 14,065,360
Money market fund	<u>1,467</u>	<u>-</u>	<u>-</u>	<u>1,467</u>
	<u>\$ 14,066,827</u>	<u>\$ -</u>	<u>\$ -</u>	14,066,827
Investments measured using NAV (*)				<u>1,946,809</u>
				<u>\$ 16,013,636</u>

* Investments measured at fair value using the NAV per share practical expedient have not been classified in the fair value hierarchy in accordance with applicable guidelines. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

AsteelFlash 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

6. RELATED PARTIES AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines parties-in-interest similarly to FASB ASC 850, Related Party Disclosures, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan or similar items; however, these entities may not necessarily be related parties. We did not identify any related parties to the Plan that were not also considered to be parties-in-interest. The Plan did not enter into any material related party transactions during the Plan year related to compensation arrangements, expense allowances, or similar items.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, and a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Certain fund level fees incurred by the funds in which the Plan invests for such services as investment management, shareholder services, and sub-transfer agency fees are paid through fund level revenue sharing arrangements. These fees reduce fund earnings, thereby impacting Plan revenue applied to participants' accounts.

The Trustee retains, as compensation for services provided to the Plan, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

Certain Plan investments are owned and managed by the Trustee, therefore, these investment transactions qualify as exempt party-in-interest transactions.

7. TAX STATUS

The Plan adopted Fidelity's Volume Submitter Defined Contribution Basic Plan Document No. 17. The Internal Revenue Service has informed Fidelity by a letter dated June 30, 2020, that its volume submitter plan is designed in accordance with applicable sections of the IRC, and any employer adopting this form of the volume submitter plan will be considered to have a plan qualified under applicable sections of the IRC. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.
