Independent Auditor's Report

**To the 401(k) Administrator Committee
Trident Seafoods Corporation
Seattle, Washington**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Trident Seafoods Corporation 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying 2021 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

OTHER MATTERS

2021 Supplemental Schedules Required by ERISA

The supplementary information, as listed in the accompanying table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information. In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary information, other than the information in the supplementary information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplementary information agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 27, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

TRIDENT SEAFOODS CORPORATION 401(k) RETIREMENT PLAN

Notes to Financial Statements For the Year Ended December 31, 2021

Note 1 - Description of the Plan

The following description of the Trident Seafoods Corporation 401(k) Retirement Plan (the Plan) provides only general information about the Plan. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan, established April 1, 1980, covering all eligible employees of Trident Seafoods Corporation (the Company). The Company acts as the plan administrator. The Plan's trustee is Fidelity Management Trust Company (Fidelity). The Plan's recordkeeping service is provided by Fidelity Workplace Services, LLC (Fidelity Recordkeeping).

Eligibility - Employees of the Company who are age 21 or older and have completed one year of service are eligible to participate in the Plan. Effective January 1, 2022, the entry age will be reduced to 18. The entry date is the first day of the month coinciding with or subsequent to the date on which such employees meet the eligibility requirements. For eligibility purposes, a year of service is defined as a consecutive 12-month period in which an employee is credited with 1,000 hours of service, regardless of employment status at the end of the year. The Plan covers all full-time employees of the Company with the exception to any employee who is covered by a collective-bargaining agreement, unless such agreement expressly provides for coverage under the Plan, or who is a nonresident alien who does not receive any earned income from sources within the United States.

Contributions - Participants may elect to contribute at least 1% but not more than 50% of their annual eligible compensation, subject to certain limitations under the Internal Revenue Code (the IRC). The Plan allows participants to make after-tax deferral contributions (Roth). Such contributions are subject to existing annual contribution limits and are eligible for employer matching contributions. All Roth contributions and earnings thereon will be separately identified in the participant account balance records to facilitate compliance with the regulations prescribed for the tax treatment of distributions. Participants who have attained age 50 before the end of the plan year are eligible to make "catch-up" contributions. Participants who are eligible for "catch-up" contributions, may elect to contribute up to 75% of their annual eligible compensation, subject to certain limitations under the IRC. The Plan also allows for qualifying participants to make rollover contributions to the Plan immediately upon hire. The Plan allows for additional limitations to deferrals of highly compensated individuals as determined by the Plan Sponsor. For the year ended December 31, 2021, the limit was \$9,000.

The Company makes matching contributions of 50% of the amounts contributed by each participant, up to a maximum of 5% of the participant's eligible compensation. The Plan includes a true up feature to ensure participants receive their maximum matching contribution for the year, regardless of the timing of contributions, and any incremental amounts due are contributed to the participant's account subsequent to year end. Effective January 1, 2022, the Plan will replace the matching contribution with a safe harbor matching contribution equal to 100% of the first 3% of deferrals and 50% of the next 2% of deferrals.

Participant Accounts - Participant contributions to the Plan are voluntary. Each participant's account is credited with the participant's contribution, the Company's matching contributions, increases or decreases in the market value of investments and any loans and loan repayments. Allocations of earnings and losses are based on a ratio of the participant's account balance to the total Plan account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants are allowed to direct the investments of all contributions into various investment options that offer a diversity of investment risk and return.

Vesting - Participants are immediately vested in their salary deferral contributions and Company matching contributions, and actual earnings thereon.

TRIDENT SEAFOODS CORPORATION 401(k) RETIREMENT PLAN

Notes to Financial Statements For the Year Ended December 31, 2021

Note 1 - Continued

Payment of Benefits - Upon termination of service, retirement, death, or disability, a participant or beneficiary may elect to receive installment payments or a lump-sum distribution equal to the value of the participant's vested interest in his or her account. Participants who have attained age 59 ½ may also elect to receive a distribution of all or any portion of their account balance prior to termination of employment (in-service withdrawals). The Plan allows for hardship withdrawals in accordance with provisions specified in the plan document. Participants may also elect to receive in-service withdrawals from balances rolled into the Plan.

Upon termination of service, a participant or beneficiary will automatically receive the vested interest in their account as a lump-sum payment if their vested balance is \$5,000 or less.

Notes Receivable From Participants - Participants may obtain loans from the Plan as specified by the plan document. A participant's loan is limited to the lesser of \$50,000 or 50% of the participant's vested account balance. The minimum loan amount is \$1,000. Loans are payable through payroll deductions over a period ranging up to five years, unless such loan is for the purchase of a primary residence, in which case the repayment period may be extended to ten years. The Plan also allows terminated employees to continue making payments on their outstanding loans directly to Fidelity. If such a participant is rehired, their regular loan payment schedule will resume. The interest rate is based on the prime rate published in the Wall Street Journal on the last business day of the month immediately preceding the month in which the loan was issued, plus 1%.

Note 2 - Summary of Accounting Policies

Basis of Accounting - The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities with disclosure on contingent assets and liabilities at the date of the financial statements and reported amounts of additions to or deductions from plan assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments represents the change in fair value of assets from one period to the next and includes realized gains and losses on investments.

Notes Receivable From Participants - Notes receivable from participants are measured at the unpaid principal balance. Accrued but unpaid interest, if any, would not have a material impact on the Plan's financial statements. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been reported as of December 31, 2021 and 2020.

Payment of Benefits - Benefits are recorded when paid. At December 31, 2021 and 2020, there were no participants who elected to withdraw from the Plan, but have not yet been paid.

TRIDENT SEAFOODS CORPORATION 401(k) RETIREMENT PLAN

Notes to Financial Statements For the Year Ended December 31, 2021

Note 2 - Continued

Administrative Expenses - Several of the investment fund options are subject to investment management and recordkeeping fees based on a percentage of invested assets, as disclosed in the funds' prospectus. All such fees are charged directly against the funds' investment performance and thus are not separately disclosed in the accompanying financial statements.

The Plan has a revenue sharing account under the fee arrangement between Fidelity Recordkeeping and the Company. Recordkeeping fees that Fidelity Recordkeeping receives in excess of the per participant annual recordkeeping fee are deposited to the plan's revenue credit account. Fees of \$215,279 were incurred during the year ended December 31, 2021. These fees were offset by revenue share credits of \$121,962, resulting in net fees paid by the Plan of \$93,317 during the year ended December 31, 2021.

Subsequent Events - The Plan's management has evaluated subsequent events through September 9, 2022, the date on which the Plan's financial statements were available to be issued.

Note 3 - Fair Value Measurements

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under this guidance are described as follows:

Level 1 - Unadjusted quoted prices available in active markets for identical assets or liabilities;

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

Level 3 - Unobservable inputs that are significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

TRIDENT SEAFOODS CORPORATION 401(k) RETIREMENT PLAN

Notes to Financial Statements For the Year Ended December 31, 2021

Note 3 - Continued

Pooled Separate Account - The New York Life Anchor Account is a pooled separate account group annuity contract (PSA) that is valued at their NAV as determined by New York Life. NAV per unit is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Participants eligible to receive benefit payments may withdraw the value of their pooled separate accounts, in whole or in part, at any time. However, transfer restrictions may exist. If the Company terminates the contract, redemption restrictions may apply.

Self-Directed Brokerage Accounts - Accounts include interest-bearing cash, common stocks, certificates of deposit, mutual funds, government bonds, and corporate debt securities. Interest-bearing cash is valued at cost plus accrued interest, which approximates fair value. Common stocks are valued on the basis of readily determinable market prices. Corporate debt securities, government bonds and certificates of deposit are valued using published prices (where available) or pricing models maximizing the use of observable inputs for similar securities.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Fair Value Measurements as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 212,231,161	\$ -	\$ -	\$ 212,231,161
Self-directed brokerage accounts	13,388,514	1,394,487		14,783,001
Total Assets in the Fair Value Hierarchy	\$ 225,619,675	\$ 1,394,487	\$ -	227,014,162
Investments measured at NAV ^(a)				16,729,010
Total Investments at Fair Value				\$ 243,743,172

	Fair Value Measurements as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 188,689,135	\$ -	\$ -	\$ 188,689,135
Self-directed brokerage accounts	10,425,136	1,250,355		11,675,491
Total Assets in the Fair Value Hierarchy	\$ 199,114,271	\$ 1,250,355	\$ -	200,364,626
Investments measured at NAV ^(a)				20,688,202
Total Investments at Fair Value				\$ 221,052,828

(a) In accordance with Subtopic 820-10, certain investments that were measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

TRIDENT SEAFOODS CORPORATION 401(k) RETIREMENT PLAN

Notes to Financial Statements For the Year Ended December 31, 2021

Note 4 - Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2021 and 2020, and investment income or loss for the year ended December 31, 2021, that is disclosed in the accompanying financial statements and supplementary information, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary information.

Note 5 - Party-in-Interest Transactions

Certain plan investments are shares of mutual funds managed by an affiliate of Fidelity Recordkeeping. Fidelity Recordkeeping serves as the recordkeeper for the Plan and Fidelity serves as the trustee to the Plan, therefore, these transactions qualify as party-in-interest transactions. Management fees charged by the affiliate on such mutual funds are reflected in the net asset value of shares held by the Plan. Neither Fidelity nor the affiliate charges the Plan a separate fee for administering such mutual funds.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7 - Tax Status

The Company adopted a volume submitter plan document with Fidelity Management & Research Co. Fidelity Management & Research Co. received an advisory letter from the IRS dated June 30, 2020, which states that the volume submitter document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS; however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements. The Plan is subject to audits by the IRS; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and statement of changes in net assets available for benefits.
