- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Quirch Foods 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Quirch Foods 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Quirch Foods 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Quirch Foods 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The 2021 supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of Quirch Foods 401(k) Plan were audited by predecessor auditors. As permitted by ERISA Section 103(a)(3)(C), the plan administrator informed the predecessor auditor that their audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Their report, dated October 14, 2021, indicated that 1) the amounts and disclosures in the 2020 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP") and 2) the certified investment information in the 2020 financial statements agreed to, or was derived from, in all material respects, the information prepared and certified by a qualified institution that management determined met the requirements of ERISA Section 103(a)(3)(C).

**QUIRCH FOODS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the Quirch Foods 401(K) Plan (the “Plan”) provides only general information. Reference to the Plan agreement should be made for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan covering substantially all employees of Quirch Foods, LLC (the “Employer” and “Plan Administrator”) who have completed at least six months of service and are age twenty-one or older. Effective January 1, 2014, the Plan was amended to also include the employees of Helmsman Freight Solutions, LLC. During 2021, the Plan was amended to also include the employees of Butt Foods, Inc. and Colorado Boxed Beef Co., Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. The effective date of the Plan is January 1, 1998.

Effective December 1, 2021, Empower Retirement Services became the custodian and recordkeeper for the Plan. Prior to December 1, 2021, John Hancock Life Insurance Company (U.S.A.) (John Hancock) was the custodian and recordkeeper.

Participant Accounts - Participants may direct the investment of their contributions into various investment options offered by the Plan. An employee who has reached the age of twenty-one years and has completed six months of service has met the eligibility requirements and may enter the Plan on the first day of the first, fourth, seventh and tenth month of the Plan year coinciding with or following the completion of eligibility requirements. Each participant’s account is credited with the participant’s contribution and an allocation of (a) the Employer’s contribution and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Contributions - Contributions to the Plan are made by the participants and the Employer. A participant may elect to defer a percentage of his pre-tax compensation, not to exceed the maximum contribution limits specified by ERISA. Participants may designate a portion or all of their deferral contribution as a Roth 401(k) contribution. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other eligible retirement plans (rollover contributions). The Employer may make a matching contribution equal to a discretionary percentage of the participant’s salary reductions. For the Plan year ended December 31, 2021, the Company matched 25% of each participant’s deferral contributions, up to 5% of the participant’s eligible compensation. Effective January 1, 2022, the Company will no longer provide the automatic employer match, but will provide a discretionary match as warranted. Prior to December 31, 2021, additional discretionary matching contributions may be contributed at the option of the Company. There were no additional discretionary amounts contributed to the Plan in 2021.

**QUIRCH FOODS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits - A participant is eligible to receive a distribution of their vested account balance under the following circumstances: (a) retirement, (b) termination of employment, (c) disability, or (d) death. A participant also is eligible for in-service withdrawals. Types of in-service withdrawals available under the Plan are withdrawals after attaining 59½ years of age and hardship withdrawals. Upon termination of service, a participant may request to receive a lump-sum amount equal to the vested percentage of his or her account. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their accounts plus actual earnings thereon is based on the accumulated years of vesting service.

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon and shall not be subject to forfeiture for any reason. Vesting in the discretionary Employer matching contribution is based on years of service in accordance with the following:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 Years	0%
2 Years but Less than 3	20%
3 Years but Less than 4	40%
4 Years but Less than 5	60%
5 Years but Less than 6	80%
6 Years or more	100%

Notwithstanding the above, a participant shall become fully vested upon his normal retirement date, upon his date of death, or upon the date of his total or permanent disability.

Excess Contributions Payable – Excess contributions were required to be made to certain active participants to return excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the plan and totaled \$18,078 as of December 31, 2020. The Plan distributed the 2020 excess distributions to the applicable participants prior to March 15, 2021.

Forfeitures – Forfeitures are first used to pay the Plan's administrative expenses. Any remaining forfeitures are used to reduce Employer matching contributions. Forfeitures amounted to \$66,261 and \$6,412 as of December 31, 2021 and 2020, respectively.

Notes Receivable from Participants - Participants may borrow from the Plan an aggregate amount not to exceed the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years, except in the case of a loan for the purchase of a primary residence, which shall be determined by the Employer. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate. As of December 31, 2021, participant loans have maturities through October 2051 at interest rates of 4.25% through 6.50%. Principal and interest is paid ratably through monthly payroll deductions.

**QUIRCH FOODS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of American (“U.S. GAAP”).

Administrative Expenses - For the year ended December 31, 2021, substantially all administrative expenses were paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant’s account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments. Administrative expenses paid by the Plan for the year ended December 31, 2021 related to John Hancock and Empower Retirement Services contract administration fees, third party administrator service fees and investment advisory fees were \$86,302.

Payment of Benefits - Benefits are recorded when paid.

Use of Estimates - The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold, as well as held during the year.

Investment Management Fees - Investment management fees charged to the Plan for investments in the various funds are deducted from income earned and are reflected as a component of net appreciation in fair value of investments.

Tax Status - The Plan adopted a Volume Submitter Profit Sharing Plan with a cash or deferral arrangement developed by The Pension Studio effective October 1, 2009, which obtained a favorable Internal Revenue Service (“IRS”) opinion letter on March 31, 2014 in which the IRS stated that the form of the underlying volume submitter plan was acceptable under provisions of the Internal Revenue Code (“Code”) and that any employer adopting this form of the Plan will be considered to have a plan qualified under the Code. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt. No provision for income tax has been included in the Plan’s financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

**QUIRCH FOODS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants - Notes receivable from participants are reported at their unpaid balance, plus any accrued but unpaid interest, with no allowance for credit losses as repayments of principal and interest are received primarily through payroll deductions and notes are collateralized by the participants' account balances. Delinquent notes receivable from participants are recorded as distributions based on terms of the Plan document.

Subsequent Events - The Plan evaluated subsequent events through October 7, 2022, the date these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

NOTE 3 - PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Parties-in-interest are defined under Department of Labor ("DOL") Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer and certain others. Certain Plan investments at December 31, 2020 are shares of pooled separate accounts managed or sponsored by John Hancock Life Insurance Company, who was the custodian and recordkeeper of the Plan at that time. Therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid for investment management services were included a reduction of the return earned on each fund. Certain officers and employees of the Company, who may be participants in the Plan, perform administrative and other duties for the Plan at no cost to the Plan. The Plan issues notes receivable to participants, which are secured by the vested balances in the participants' accounts. Notes receivable from participants also qualify as exempt party-in-interest transactions.

NOTE 4 - INFORMATION PREPARED AND CERTIFIED BY CUSTODIANS

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodians of the Plan, Empower Retirement Services and John Hancock, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of December 31:

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

**QUIRCH FOODS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

NOTE 6 - RISKS AND UNCERTAINTIES (CONTINUED)

COVID-19 - On January 20, 2020, the World Health Organization (“WHO”) announced a global health emergency because of a new strain of coronavirus (“the COVID-19 outbreak”) and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and contributed to volatility in financial markets. The rapid development and fluidity of this situation precludes any prediction as to the ultimate material adverse impact of the COVID-19 outbreak. Nonetheless, the COVID-19 outbreak presents material uncertainty and risk with respect to the Plan, its performance, and its financial results.

Although the Plan cannot estimate the length or gravity of the impact of the COVID-19 outbreak at this time, it may have an adverse effect on the Plan’s results of future operations, financial operations, financial position, and liquidity in 2022.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

If the Plan is terminated, the participants will be entitled to their entire account balance. Whether all participants receive their benefits, should the Plan terminate at some future time, will depend on the sufficiency, at that time, of the Plan’s net assets to provide those benefits.

NOTE 8 - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, provides the framework which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

**QUIRCH FOODS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

NOTE 8 - FAIR VALUE MEASUREMENTS (CONTINUED)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 30, 2021 and 2020.

At December 31, 2021 and 2020, the Plan has investments in pooled separate accounts totaling \$1,695,553 and \$13,487,333, respectively. Fair value for the Plan's pooled separate account investments is measured using net asset value per share ("NAV") as a practical expedient. NAV of these investments is based on the fair value of the fund's underlying net assets divided by the number of units outstanding. In accordance with Financial Accounting Standards Board Accounting Standards Codification 820-10, since the Plan's pooled separate account investments are measured at NAV as a practical expedient, the disclosure of the fair value hierarchy information of these investments is not applicable.

	2021	
	<u>Level 1</u>	<u>Total</u>
Mutual Funds	\$ 39,330,247	\$ 39,330,247
