Independent Auditor's Report

The Plan Administrator
Stanton Carpet Corporation 401(k) Plan
Woodbury, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Stanton Carpet Corporation 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and to certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and to other additional procedures in accordance with GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Stanton Carpet Corporation 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Stanton Carpet Corporation 401(k) Plan (the Plan) provides only general information. Participants should refer to the comprehensive Plan document for a complete description of the Plan's provisions.

General

Effective August 1, 2006, Stanton Carpet Corporation (the Employer or the Company) established the Plan. The Plan is a single employer defined contribution retirement plan covering substantially all employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Plan management is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's management team.

All Plan investments are held and managed by the Plan's trustee, Reliance Trust Company; ADP Retirement Services (ADP) serves as the recordkeeper for the Plan; and Morgan Stanley is the investment advisor for the Plan.

CARES Act

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) was enacted and signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to \$100,000.
- Increase the available loan amount to the lesser of \$100,000 or 100% of the participant's vested account balance.
- Extend the period for loan repayments, if applicable, up to one year.
- Suspended required minimum distributions for 2020.

Eligibility

Any full-time employee, or a part-time employee, who is 21 years of age with three consecutive months of service, shall become eligible to participate in the Plan for elective deferrals on the first day of the quarter on or after the day in which the individual has met the service requirement. Leased employees, nonresident aliens, part time, temporary and seasonal employees, as defined, and employees covered under a union collective-bargaining agreement are not eligible to participate in the Plan.

Contributions

Participants may contribute up to 90% of their salary to the Plan, up to the maximum amount allowed by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Enrollment in the Plan is optional for newly eligible employees. After-tax contributions are not allowed.

Stanton Carpet Corporation 401(k) Plan

Notes to Financial Statements

The Company may make a discretionary matching contribution equal to a discretionary percentage of each participant's elective deferrals. This percentage is to be determined by the Company on a uniform basis for all employees. Prior to April 1, 2020 the Company elected to make 10% employer discretionary matching contributions to the Plan. On April 1, 2020, Plan management had agreed to suspend its discretionary 10% employer matching contributions, and on February 1, 2021, agreed to reinstate its discretionary 10% matching contributions to the Plan. Additional profit-sharing amounts may be contributed at the discretion of the Company's owners. During the year ended December 31, 2021, the Company did not make any profit-sharing contribution to the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of Plan earnings and the Company's profit-sharing contributions, if any. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the vested portion of their accounts.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching and profit-sharing contributions portion of their accounts is based on years of continuous service. Participants vest 20% after two years of service and an additional 20% each year thereafter and are fully vested after six years.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1% above the prime rate, as specified in the Wall Street Journal on the 14th day of each month. Principal and interest are paid ratably through payroll deductions each pay period. The interest rates for loans outstanding as of December 31, 2021 and 2020 ranged between 4.25% and 6.50%, respectively. No more than two notes are allowed at any time and repayment of the entire balance is permitted at any time.

Payment of Benefits

On termination of service due to death, disability, termination of employment, or retirement, a participant may elect to receive either a lump-sum amount equal to the fair value of the participant's vested interest in his or her account, or annual installments over a specified period. Hardship withdrawals are available, as are in-service distributions to participants who have attained the age of 52 1/2. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Benefits are automatically payable in the form of lump-sum distributions to participants with account balances of \$5,000 or less.

Stanton Carpet Corporation 401(k) Plan

Notes to Financial Statements

Forfeitures

Forfeitures may be used to reduce Employer contributions to the Plan or the pay Plan expenses. The balance of forfeited accounts was \$7,473 and \$7,192 at December 31, 2021 and 2020, respectively. During the year ended December 31, 2021, \$133 was forfeited by withdrawing participants, and the forfeiture account earned \$148 in investment income.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 3, Fair Value Measurements, for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation in value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability, with a corresponding reduction to contributions. The Plan distributed the 2021 and 2020 excess plan contributions of \$33,236 and \$49,197, to the applicable participants prior to March 15, 2022 and 2021, respectively.

Stanton Carpet Corporation 401(k) Plan

Notes to Financial Statements

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events up through and including October 7, 2022, which is the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Stanton Carpet Corporation 401(k) Plan

Notes to Financial Statements

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Mutual Funds

During 2021 and 2020, the Plan had investments in various mutual funds that were valued at the daily closing price, as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) to transact at that price. The mutual fund investments held by the Plan are deemed to be actively traded.

Common Collective Trust

The primary investment objective of the common collective trust fund held by the Plan is to preserve principal while generating earnings at rates competitive over time with short-term high-quality fixed-income investments, while maintaining sufficient liquidity to provide participant-directed withdrawals at their proportionate share of contract value. The common collective trust fund held by the Plan during 2021 and 2020 is valued using the NAV provided by the trustee, which is based on the fair value of the underlying investments held by the fund less its liabilities. The trust's NAV is used as a practical expedient to estimate fair value, since it is not probable that the fund will sell the investment for an amount different than the reported NAV. There are currently no redemption restrictions or unfunded commitments on these investments. Generally, redemptions of the fund units for investments in this category may be made each business day, based upon a transaction price per unit that is substantially equivalent to NAV per share as of the close of the previous business day.

The methods described previously may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the end of the reporting date.

The tables below summarize the investment assets measured at fair value on a recurring basis:

Fair Value Measurements at December 31, 2021

	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 13,315,229	\$ 13,315,229	\$ -	\$ -

	\$ 13,541,272	\$ 13,315,229	\$ -	\$ -

Fair Value Measurements at December 31, 2020

	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 10,906,007	\$ 10,906,007	\$ -	\$ -

	\$ 11,121,623	\$ 10,906,007	\$ -	\$ -

Stanton Carpet Corporation 401(k) Plan

Notes to Financial Statements

* In accordance with ASC 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the fair value of the Plan's assets at the end of each respective year.

4. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments, at fair value and notes receivable from participants as reflected in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Net depreciation in fair value of investments, dividend income and interest income on notes receivable from participants as reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investments reflected in the Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year).

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time, and to terminate the Plan, subject to the provisions of ERISA. Upon termination of the Plan, no further contributions will be made to the Plan, all participants' accounts will become fully vested and shall be distributed in accordance with the provisions of the Plan.

6. Income Tax Status

The Company has adopted a prototype standardized plan, which received its latest opinion letter dated October 6, 2020, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has since been amended, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

Stanton Carpet Corporation 401(k) Plan

Notes to Financial Statements

7. Related-Party and Party-in-Interest Transactions

Certain Plan investments were managed by Reliance Trust Company during 2021 and 2020. Transactions in such investments qualify as party-in-interest transactions. Additionally, certain officers of the Company, who are also participants in the Plan, perform administrative services for the Plan at no cost. Notes receivable from participants also qualify as party-in-interest transactions.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

<i>December 31,</i>	2021	2020
Net Assets Available for Benefits , per the financial statements	\$ 13,778,071	\$ 11,297,986
Excess contributions payable	33,236	49,197
Net Assets Available for Benefits , per Form 5500	\$ 13,811,307	\$ 11,347,183

The following is a reconciliation of the statement of changes in net assets available for benefits per the financial statements to Form 5500:

<i>Year ended December 31, 2021</i>		
Change in Net Assets Available for Benefits , per the financial statements	\$	2,480,085
Excess contributions payable from 2021		33,236
Prior-year excess contributions paid to participants in 2021		(49,197)
Change in Net Assets Available for Benefits , per Form 5500	\$	2,464,124

The following is a reconciliation of the total contributions per the financial statements to Form 5500:

<i>Year ended December 31, 2021</i>		
Total Contributions , per the financial statements	\$	1,556,023
Excess contributions payable from 2021		33,236
Total Contributions , per Form 5500	\$	1,589,259

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
