Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Plumbers and Pipefitters LU 625 Local Pension (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits – modified cash basis as of December 31, 2021 and the related statement of changes in net assets available for benefits – modified cash basis for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial 2021 Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for the period December 31, 2021 to December 31, 2022.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule H, line 4(i) – Schedule of Assets (Held at End of Year) – modified cash basis and Schedule H, line 4(j) – Schedule of Reportable Transactions – modified cash basis as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules – modified cash basis, we evaluated whether the supplemental schedule – modified cash basis, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules – modified cash basis, other than the information in the supplemental schedules – modified cash basis that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules – modified cash basis related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Plumbers and Pipefitters LU 625 Local Pension (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan was formed January 1, 2013, under an agreement between the Kanawha Valley Plumbing, Heating and Cooling Contractors' Association (Contractors' Association) and the United Association of Journeymen and Apprentices of the Plumbing and Pipe Fitting Industry of the United States and Canada Local 625 (the Union). The Plan covers all members of the Union employed under the collective bargaining agreement with the members of the Contractors' Association. The Board of Trustees is responsible for oversight of the Plan, the appropriateness of the Plan's investment offerings, and for monitoring investment performance.

Contributions and Funding Policy – Employers contributed \$1.72 to the Plan for each hour worked by Plan participants. On December 1, 2021 the employer's rate increased to \$2.20 for each hour worked by Plan participants. Contributions are invested in a portfolio of investments as directed by the Board of Trustees.

Participant Accounts - The Plan provides for each participant's account to be credited with the employers' contributions and allocation of Plan earnings, net of administrative expenses, based on participant account balances. The Plan does not allow for participant direction.

Vesting - Participants are fully vested in the Plan immediately upon receiving contributions in their respective accounts.

Payment of Benefits - Upon termination of service due to death, disability, or retirement, a participant is entitled to a lump sum distribution of their account balance, in the second plan year following severance from employment. Travelers can take a distribution at any time.

Notes Receivable From Participants - On January 22, 2015 the Plan was amended to allow participant loans. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest equal to 2% above the USA Today prime rate. All loans must be repaid in substantially equal payments not less frequently than quarterly through direct after-tax payroll deduction while the participant is actively employed. Loan repayments will be applied to principal and interest over the term of the loan.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements are prepared using the modified cash method of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Transactions are reported on the cash basis except for net appreciation in fair value of investments, including unrealized gains and losses during the year related to the value of investments.

Estimates - The preparation of the financial statements in conformity with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are valued at their unpaid principal balances. Interest income is recorded on the modified cash basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Administrative expenses are charged directly to the Plan and allocated to participant accounts based on account values. Investment related expenses are included in the net appreciation in fair value of investments.

Coronavirus Aid, Relief, and Economic Security Act - The Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was passed by the U.S. Senate on March 26, 2020. Section 2202 of the CARES Act permits eligible Plan participants, based on qualifying coronavirus-related reasons, to increase the available loan amount to the lesser of \$100,000 or 100% of the participant's vested account and extend the loan repayment for up to one year. Qualifying reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to lack of childcare due to COVID-19. The Act also waived all required minimum distributions through December 31, 2020. The Plan adopted these CARES Act options in the Plan beginning in June of 2020.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Continued)

Change in Accounting Principle - In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement, which amends Accounting Standards Codification (“ASC”) 820, Fair Value Measurement. The amendments in this update modify the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. The ASU is effective for fiscal years beginning on or after December 15, 2019, with early adoption permitted. The amendments on changes in unrealized gains and losses, the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements, and the narrative description of measurement uncertainty should be applied prospectively for only the most recent interim or annual period presented in the initial fiscal year of adoption. All other amendments should be applied retrospectively to all periods presented upon their effective date. The adoption of this ASU did not have a significant impact on the Plan’s financial statements and related disclosures.

In March 2020, the FASB issued ASU 2020-03, Codification Improvements to Financial Instruments. The ASU makes narrow-scope improvements regarding seven issues in the financial instrument guidance, including the current expected credit losses (CECL) standard in ASU 2016-13. The following seven issues are addressed: 1) fair value option disclosures, 2) applicability of portfolio exception in Topic 820 to non-financial items, 3) disclosures for depository and lending institutions, 4) cross-reference to line-of-credit or revolving-debt arrangements guidance in Subtopic 470-50, 5) cross-reference to net asset value practical expedient in Subtopic 820-10, 6) interaction of Topics 842 and 326, and 7) interaction of Topic 326 and Subtopic 860-20. This ASU is effective for fiscal years beginning on or after December 15, 2019. The adoption of this ASU did not have a significant impact on the Plan’s financial statements and related disclosures.

Subsequent Events - In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 10, 2022, the date the financial statements were available to be issued. The Plan has been officially amended on May 19, 2022 to allow for the participant direction of all investments, effective March 9, 2022.

NOTE 3 - INFORMATION CERTIFIED AND PROVIDED BY TRUSTEE

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments held and notes receivable from participants at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest, and dividends for the year ended December 31, 2021, except for comparing such information to information included in the Plan's financial statements and supplemental schedules. The information in the financial statements and supplemental schedules was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Peoples Bank, trustee of the Plan.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date. |
| Level 2 | Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 or 2020.

The asset or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds: Valued at the closing price reported by the fund sponsor from an actively traded exchange.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

NOTE 5 - PLAN TERMINATION

Upon the date of either full or partial termination of the Plan, or upon the date the obligation of all employers to make contributions to the Plan shall terminate, the entire amounts in affected Participants' accounts shall be non-forfeitable to the Participants. While they have not expressed any intention to do so, the Trustees have the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA.

NOTE 6 - INCOME TAX STATUS

Effective January 1, 2013, the Plan adopted the prototype Peoples Bank Non-standardized 401(k) Plan. On March 31, 2014, the prototype plan received an opinion letter from the Internal Revenue Service which stated that the prototype plan, as then designed was in compliance with the applicable requirements of the Internal Revenue Code. The prototype plan opinion letter has been relied upon by this Plan. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe the Plan is designed, and is currently being operated, in compliance with the applicable provisions of the Internal Revenue Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions and as such, an audit of the 2019 plan year is currently in process by the Internal Revenue Service. Trustees have agreed to enter into a Closing Agreement and are currently waiting on for further contact from the IRS. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

NOTE 7 - RELATED PARTY/PARTY-IN-INTEREST

Certain Plan assets are held by Peoples Bank. Peoples Bank is the trustee, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits – modified cash basis.

On March 11, 2020, the World Health Organization characterized coronavirus (COVID-19) as a pandemic, and on March 13, the President of the United States declared a national emergency relating to the disease. In addition to the President's declaration, state and local authorities have recommended social distancing and have imposed quarantine and isolation measures on large portions of the population, including mandatory business closures. These measures are designed to protect the overall public health, however are expected to have material adverse impacts on domestic and foreign economies and may result in the United States entering a period of recession. As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits, as mentioned above. Because of the uncertainty of the markets during this time, Plan management is unable to estimate the total impact the pandemic will have.
