INDEPENDENT AUDITOR'S REPORT

To the Trustees of
CPM & Rosemurgy Properties 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of CPM & Rosemurgy Properties 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of CPM & Rosemurgy Properties 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CPM & Rosemurgy Properties 401(k) Plan's ability to continue as a going concern for a reasonable period of time not to exceed one year after the financial statement date.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CPM & Rosemurgy Properties 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about CPM & Rosemurgy Properties 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at year end and schedule of delinquent participant contributions as of December 31, 2021, are presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor’s Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of CPM & Rosemurgy Properties 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (*a*) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (*b*) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

CPM & ROSEMURGY PROPERTIES 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates in the Preparation of Financial Statements – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Effective Year – The effective date of the CPM & Rosemurgy Properties 401(k) Retirement Plan ("Plan") is July 1, 1994, and the Plan is accounted for on a calendar year basis. The Plan was established by the Board of Directors of Campbell Property Management & Real Estate, Inc. (the "Company").

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Investment Valuation and Income Recognition – Investments are reported at fair value. If available, quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The investment contracts are also reported at fair value which approximates contract value. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The carrying value of accounts receivable and accounts payable approximates fair value due to their short-term nature.

Payment of Benefits – Benefits are recorded when paid.

Deemed Loan Distributions – Deemed loan distributions are recorded when the participant defaults on the loan.

Administrative Expenses – The Company has agreed and is responsible for part of the investment and audit expenses of the Plan. For the years ended December 31, 2021 and 2020, expenses of approximately $13,000 and $12,500, respectively, were paid directly by the Company in each year. Expenses totaling $22,445 and $18,427 for the years ended December 31, 2021 and 2020, respectively, were charged to participants' accounts. These expenses are part of the investment fees, fees for withdrawals of a participant or fees on loans to participants.

NOTE 2 – PLAN DESCRIPTION

The following brief description of the Plan is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the Plan agreement, which is available to all participants upon request.

General – The Plan is a defined contribution plan with discretionary contributions made by participating employees. The Plan was formed for all employees who have met the eligibility requirements, generally attainment of age twenty-one and one year of continuous service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Each year, participants may elect to defer from 1% to 20% of their pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers numerous mutual funds and an insurance investment contract as investment options for participants. The Company may contribute at the option of the Company's board of directors. Contributions are subject to certain limitations.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contributions and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Participants become vested in Employer Contributions and their related investment earnings according to the following schedule:

Years of Service	Vested Percent
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Employer contributions automatically become fully vested upon reaching the Plan's normal retirement age, death, or disability.

Funding Policy – The Plan provides for discretionary profit-sharing or matching contributions to be made by the Company to all employees.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 6.25% percent, which are commensurate with commercial lending institutions. Interest rates for outstanding loans are determined at the time of the loan. Principal and interest is paid ratably through monthly payroll deductions.

Hardship Withdrawals – Upon meeting certain hardship qualifications, a participant may be approved to draw upon his/her vested contributions.

NOTE 2 – PLAN DESCRIPTION (Continued)

Payment of Benefits – A member may retire on a normal retirement benefit on the first day of any month coinciding with or following attainment of age 65. Generally, distributions must begin no later than April 1, following the close of the calendar year in which the participant becomes age 70½, even if the participant is still working. The participant elects the form of benefit payment based on the account balance and certain guidelines within the Plan description. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts – Forfeitures are created when participants terminate employment before becoming fully vested in discretionary contributions. At December 31, 2021, there were no forfeitures under the Plan. For the year ended December 31, 2021, forfeited non-vested accounts totaled $0.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The Plan's investments are held by United of Omaha Life Insurance Company ("Mutual of Omaha"), the custodian of the Plan. The following information was obtained from information that has been prepared and certified as complete and accurate by the custodian, and is included in the accompanying financial statements and supplemental schedule.

The information certified below by the custodian does not disclose that the Plan has loans to participants, which are considered assets held for investment purposes. This information was not certified by the custodian. Disclosure of this information is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Inputs to the valuation methodology include:

- Quoted prices for identical assets or liabilities in active markets;

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds in pooled separate accounts: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. While the underlying asset values may be based on quoted market prices, the net asset value of the portfolios is not publicly quoted. Accordingly, these investments have been reported as level 2.

Guaranteed investment contract with an insurance company: As there is no observable market price for these types of contracts, the fair value is calculated by projecting contract balances, at the valuation date, forward to maturity dates using the contract guaranteed interest rate net of management fees and then discounting this value back using the current new money declared interest rates for each appropriate maturity term. In cases where the remaining maturity term does not fall on a declared rate term, the rate from the nearest two maturity term rates is linearly interpolated.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

Assets at Fair Value as of December 31, 2021

	Level 1	Level 2	Level 3	Total
Mutual funds in pooled separate accounts	$ -	$ 4,718,046	$ -	$ 4,718,046
Guaranteed investment contract with an insurance company	-	-	359,613	359,613
Total assets at fair value	$ -	$ 4,718,046	$ 359,613	$ 5,077,659

The following table sets forth, by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

Assets at Fair Value as of December 31, 2020

	Level 1	Level 2	Level 3	Total
Mutual funds in pooled separate accounts	$ -	$ 3,763,920	$ -	$ 3,763,920
Guaranteed investment contract with an insurance company	-	-	320,985	320,985
Total assets at fair value	$ -	$ 3,763,920	$ 320,985	$ 4,084,905

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The table below sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2021.

Level 3 Assets

Year Ended December 31, 2021

	Guaranteed investment contract with an insurance company
Balance, beginning of year	$ 320,985
Purchases, sales, issuances, and settlements (net)	18,525
Transfers in/out (net)	16,676
Interest	3,427
Balance, end of year	$ 359,613

Unrealized gains/(losses) from the guaranteed investment contract are not included in the statement of changes in net assets available for benefits as the contract is recorded at contract value for purposes of the net assets available for benefits.

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments and the significant unobservable inputs and the ranges of values for those inputs as of December 31, 2021:

Asset	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values	Weighted Average
Guaranteed Account	$ 354,279	Discounted cash flow	Discount rate	See range in net rate table below	1.0469%
Lifetime Guaranteed Income Account	5,334	Discounted cash flow	Discount rate	See range in net rate table below	1.1301%

The fair value is estimated by discounting the cash flows of the guaranteed interest account to December 31, 2021 using a discount rate that represents the December 31, 2021 interest rate that would be credited on accounts of similar duration.

NOTE 5 – TERMINATED PARTICIPANTS

Account balances for participants who had terminated their employment with the Company aggregated $640,433 at December 31, 2021 and $617,084 at December 31, 2020, and are included in net assets available for benefits.

NOTE 6 – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2011, the Plan entered into benefit-responsive guaranteed investment contracts with Mutual of Omaha. Mutual of Omaha maintains the contributions in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

NOTE 6 – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

The contracts meet the fully benefit-responsive investment contract criteria. Contract value is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Mutual of Omaha, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The contract value of the investment contracts at December 30, 2021 was $359,613. The crediting interest rates are declared at the beginning of each month. The crediting interest rates are applicable to deposits received during that month and will be guaranteed that month's rate for five years. The interest rates that are declared are based on current market conditions and what assets can be purchased to support Mutual of Omaha's corresponding liability. The yield on the asset less the predetermined product expense loads, including variables such as payment of commissions, equals the net interest rate to the contract holder.

The guaranteed investment contracts may be terminated by the Plan sponsor by providing written notice of termination to Mutual of Omaha. Withdrawals other than annuity purchase withdrawals, participant directed transfers and plan benefit withdrawals that are made prior to the maturity date will be deemed employer directed withdrawals. Employer directed withdrawals will be paid at the market value provided such withdrawals do not exceed the net asset value as of the date the withdrawal is made. Employer directed withdrawals will be subject to a liquidation charge, unless outlined as exempt in the agreement. No liquidation charge will be applied if the Plan sponsor terminates the contract as a result of a contract amendment, pursuant to the terms of the agreement.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds administered by Mutual of Omaha, the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid for the investment management services are paid by the Company.

NOTE 8 – PLAN TERMINATION

While the Company has not expressed any intent to terminate the Plan, it reserves the right at any time to amend, modify or terminate the Plan without the consent of any participant or beneficiary. In the event of such termination, the Plan provides that the participants shall immediately become 100% vested in their accounts, including all employer contributions.

NOTE 9 – TAX STATUS

The Company's Plan has been adopted using Plan options offered under The Guardian Insurance & Annuity Company, Inc., Inc. Prototype "Flexinvest" Profit-Sharing 401(k) Plan (the "Prototype"). This Prototype has been determined to be acceptable under Section 401 of the Internal Revenue Code by the U.S. Treasury Department. The Company has received a determination letter from the U.S. Treasury Department regarding qualification of its Plan specifically. The Plan assets were transferred to Mutual of Omaha during a prior year. The Plan type is a trustee profit sharing 401(k) salary deferred thrift Plan. The Prototype was not changed when Mutual of Omaha became the custodian of the Plan.

The Plan has been amended since receiving its determination letter dated August 17, 1995. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11 – DATE OF MANAGEMENT'S REVIEW

In preparing the financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 11, 2022, the date that the financial statements were available to be issued.

The failure to transmit the participant contributions and loan repayments reported in Schedule H, Line 4a was the result of the Custodian's failure to withdraw the funds from the Plan's bank account for the November 21, 2021 participant contributions and loan repayments when the file was initially uploaded. This fact was not identified until December 2021 when the November 2021 bank statement was received. The November 21, 2021 participant contributions and loan repayments were submitted on January 4, 2022. The loss of earnings by the participants is minimal, given there were only approximately 32 business days between the original date the funds would have been deposited and the date the funds were actually deposited into each participant's account. This does not appear to be a systematic problem.

COMMUNICATION OF SIGNIFICANT DEFICIENCIES

To the Management of CPM & Rosemurgy Properties 401(k) Retirement Plan:

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of CPM & Rosemurgy Properties 401(k) Retirement Plan (the "Plan") as of and for the year ended December 31, 2021, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a DOL Section 103(a)(3)(c) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by auditing standards generally accepted in the United States of America and did not include a consideration of internal control relating to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the plan's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiency in the Plan's internal control to be a significant deficiency:

1) During the contributions remittance testing, it was noted that it took 32 business days for the participant contributions and loan repayments withheld from employees' paychecks for the November 21, 2021 payroll to be remitted to the Plan. DOL regulation 2510.3-102 requires employers to remit amounts paid by a participant or beneficiary to an employer and/or withheld by an employer for contribution to an employee benefit plan to the plan as soon as they can be reasonably segregated from the employer's general assets, but no later than "the 15th business day of the month following the month in which the participant contributions are withheld or received by the employer." Employers holding contributions beyond the time allowed under DOL regulations commingled with its general assets will have engaged in a prohibited use of plan assets. The failure to transmit the participant contributions and loan repayments (which is required to be reported in supplemental Schedule H, Line 4a—Schedule of Delinquent Participant Contributions) was the result of the Custodian's failure to withdraw the funds from the Plan's bank account for the November 21, 2021 participant contributions and loan repayments when the file was initially uploaded. The November 21, 2021 participant contributions and loan repayments were submitted on January 4, 2022. We recommend that the

Plan's bank account that is being used to remit the participant contributions and loan repayments be checked online or via telephone within a few days of the remittance to ensure that the funds have been withdrawn as expected. If the funds have not been withdrawn, this will prevent additional delays is remitting the participant contributions and loan repayments to the Plan as a resubmission can be processed immediately.

Management Response: Due to payroll falling on the week of Thanksgiving in 2021, and the fact that many bonuses were being processed during the same payroll, the person processing payroll was overwhelmed and forgot the last step in scheduling the upload of the 401K file for that weeks payroll. The transfer would have been made in early December in the normal process and was not discovered until late December when doing a preliminary closing bank reconciliation as it was considered an outstanding item on November's reconciliation. To correct this going forward we have switched the funds transfer responsibility to our A/P personnel to add another check to the process, as well as added emails generated by the 401k processing site sent to the controller in order to verify/document the transfer has been done.

This communication is intended solely for the information and use of Plan management, Department of Labor, and Internal Revenue Service and is not intended to be and should not be used by anyone other than these specified parties.

CPM & Rosemurgy Properties 401(k) Retirement Plan's management responses (as noted above) to the findings in our audit have not been subjected to the audit procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.
