Independent Auditors' Report

To the Trustees
Carlisle Corporation 401(k) Profit Sharing Plan
Memphis, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed the audit of the financial statements of Carlisle Corporation 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statement

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the 2021 financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statement

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

The 2020 financial statements of the Plan were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the other auditors not to perform and they did not perform any auditing procedures with respect to the information certified by the qualified institution. Their report dated October 13, 2021 indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

CARLISLE CORPORATION 401(k) PROFIT SHARING PLAN

Notes to Financial Statements
December 31, 2021 and 2020

Note 1 - Description of Plan

The following description of Carlisle Corporation 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan document and the summary plan description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General

The Plan is a defined contribution 401(k) retirement plan available to substantially all employees of Carlisle LLC and its subsidiaries (collectively, the "Company") who are twenty-one (21) years of age and have completed 1 year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

On March 27, 2020, President Trump signed into law "Coronavirus Aid, Relief, and Economic Security (CARES) Act." The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions for the 2020 plan year:

- Special Coronavirus distributions up to \$100,000
- Temporary relief on required minimum distributions.
- Extended the period for loan repayments, if applicable, up to one year.

As of January 1, 2021, the Plan reverted back to the original provisions prior to the CARES Act, as noted above.

Contributions

Participants may elect to defer any percentage of their annual eligible compensation subject to Internal Revenue Service (IRS) limitations. Participants may make rollover contributions representing distributions from other qualified retirement plans. Participants who have reached the age of fifty (50) before the end of the plan year are eligible to make catch-up contributions. The Company may make discretionary matching contributions to the Plan in amounts determined by management. The Company made matching contributions equal to fifty percent (50%) of the participant's elective deferral up to 6% of the participant's total eligible compensation for the year. The Company may also make discretionary profit sharing contributions. There were no discretionary profit sharing contributions made for 2021 or 2020.

Participant investment account options

The Plan allows participants to direct varying portions of their contributions and account balances among the different investment options offered by John Hancock Life Insurance Company, which includes a selection of pooled separate accounts.

CARLISLE CORPORATION 401(k) PROFIT SHARING PLAN

Notes to Financial Statements (Continued)
December 31, 2021 and 2020

Note 1 - Description of Plan (continued)

Participant accounts

Each participant's account is credited with the participant's deferral contributions, the Company's discretionary matching contributions, an allocation of the Company's discretionary profit sharing contributions, if any, plus a proportionate interest in the investment earnings or losses of the funds in which the contributions are invested, and charged with an allocation of administrative expenses. Allocations are based upon the participant's eligible compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their deferral contributions, plus earnings or losses thereon. Participants vest in the Company's discretionary matching and profit sharing contributions, if any, and related earnings or losses based upon years of service, with 100% vesting occurring after six years of credited service. In the event of death, disability, normal retirement age (65), or if the Plan is discontinued, participants become 100% vested in all account balances.

Payment of benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive account distributions either in the form of a lump sum payment or installments over a period of time as defined in the plan document. For terminations due to other reasons, a participant may request the value of the vested interest in his or her account as a lump sum distribution. Withdrawals by a participant while employed are limited to those requested due to events of financial hardship as defined by the plan document or upon the attainment of age 59½.

Forfeited accounts

If an employee terminates before his or her matching and profit sharing contribution accounts have become fully vested, such portions of the accounts are forfeited. Participant forfeitures are used to reduce Company contributions.

Notes receivable from participants

Participants may borrow up to the lesser of \$50,000 or fifty percent (50%) of their vested account balance. The minimum amount that can be borrow is \$1,000. Loan repayment periods range from one to five years. Participants are allowed a maximum of one loan outstanding at a time. The loans are secured by the balance in the participant's vested account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions

Notes to Financial Statements (Continued)
December 31, 2021 and 2020

Note 2 - Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions which affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make repayments and the plan administrator deems the note receivable to be in default, the note receivable from participant is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of the Plan are paid by the Company and are not included in the statements of changes in net assets available for benefits. Fees related to recordkeeping and administration of participant accounts are charged to participant accounts and are included in administrative expenses. Certain investment related expenses are included in net appreciation in fair value of investments.

Notes to Financial Statements (Continued)
December 31, 2021 and 2020

Note 3 - Information prepared and certified by the custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company, the custodian for the Plan, has certified the following data included in the accompanying financial statements and the schedule of assets (held at end of year) is complete and accurate:

- Investments at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and the schedule of assets (held at end of year).

Note 4 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standard Codification (ASC) 820 *Fair Value Measurement* are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

CARLISLE CORPORATION 401(k) PROFIT SHARING PLAN

Notes to Financial Statements (Continued)
December 31, 2021 and 2020

Note 4 - Fair value measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled separate accounts: Valued at the net asset value (NAV) of units of the separate accounts. The NAV, as provided by the custodian, is used as a practical expedient to estimating fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that security liquidations will be carried out in an orderly business manner.

The following tables summarize investments for which fair value is based on NAV per share practical expedient as of December 31, 2021 and 2020, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable to the Plan.

Investments	<u>Fair Value</u> <u>12/31/2021</u>	<u>Unfunded</u> <u>Commitments</u>	<u>Redemption</u> <u>Frequency</u>	<u>Redemption</u> <u>Notice Period</u>
Pooled separate accounts	\$ <u>12,492,812</u>	\$ <u> </u> -	Daily	None

Investments	<u>Fair Value</u> <u>12/31/2020</u>	<u>Unfunded</u> <u>Commitments</u>	<u>Redemption</u> <u>Frequency</u>	<u>Redemption</u> <u>Notice Period</u>
Pooled separate accounts	\$ <u>10,859,611</u>	\$ <u> </u> -	Daily	None

In accordance with Subtopic 820-10, certain investments that are measured at NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy.

Note 5 - Reconciliation of financial statements to Schedule H of Form 5500

Note 5 - Reconciliation of financial statements to Schedule H of Form 5500 (continued)

The following is a reconciliation of net increase in net assets available for benefits per the financial statements for the year ended December 31, 2021 to Form 5500:

Net increase in net assets per financial statements	\$ 1,647,980
Contributions receivable at beginning of the year	8,709
Contributions receivable at the end of the year	(8,928)
Excess contributions payable at the beginning of the year	(65,768)
Excess contributions payable at the end of the year	<u>66,576</u>
Net income per Schedule H of Form 5500	<u>\$ 1,648,569</u>

Note 6 - Excess contributions payable

The Plan failed its nondiscrimination testing for the years ended December 31, 2021 and 2020 requiring certain corrective actions. The Plan distributes excess contributions to participants in excess of amounts allowed by the IRS. Excess contributions payable totaled \$66,576 and \$65,768 as of December 31, 2021 and 2020, respectively, and were distributed to participants in the following year to which they are applicable.

Note 7 - Related party transactions and party-in-interest transactions

Plan investments include interests in certain pooled separate accounts and guaranteed interest accounts managed by the custodian. John Hancock Life Insurance Company is the custodian for the Plan and provides the Plan with certain recordkeeping and administrative services. These services provided and the investments and related investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in the net appreciation of investments as they are paid through revenue sharing rather than a direct payment. Fees paid to the custodian and other service providers totaled \$117,197 in 2021 and \$102,305 in 2020. The Company pays directly any other fees related to the Plan's operations.

Note 8 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the plan subject to the provisions of ERISA. In the event of termination, participants would become 100% vested in their employer contributions.

Note 9 - Tax status

The IRS has determined that the 401(k) profit sharing plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC) and informed the third party administrator of such in a letter dated June 30, 2020. The trustees have adopted the prototype plan and, although the Plan has been amended since receiving the opinion letter, believe that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10 - Risks, uncertainties and concentrations

Investment securities in which the Plan invests are subject to various risks, such as market, credit, and interest rate risks. Specifically, the COVID-19 pandemic and related effects has resulted in global economic uncertainty, labor and supply chain disruptions, inflation, and political unrest. As a result, there has been heightened market risk and the Plan's investment portfolios have incurred volatility in fair value. Because the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses or gains that will be recognized in subsequent periods, if any, and the related impact on the Plan's liquidity cannot be determined. However, due to the level of risk associated with such securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

As of December 31, 2021, approximately 24% and 21% of the Plan's total investments were invested in the American Funds 2040 Target Date Retirement Fund and American Funds 2030 Target Date Retirement Fund, respectively.

Note 11 - Subsequent events

Plan management has evaluated subsequent events through October 5, 2022, which is the date that the financial statements were available to be issued. No significant matters were identified for disclosure.
