Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Valfilm North America, Inc. 401(k) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements—Continued

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4(i) – schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

2021 Supplemental Schedule Required by ERISA—Continued

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

VALFILM NORTH AMERICA, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

Note 1-Description of Plan

The following description of Valfilm North America, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement and plan amendments for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Valfilm North America, Inc. (the "Company" or "Plan Sponsor") who have completed at least one month of continuous accredited service and are of at least 18 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Employees are eligible for enrollment on the first day of the calendar month following the completion of one month of continuous accredited service. Each year, participants may contribute up to Internal Revenue Service (IRS) maximum limits of pre-tax annual compensation to a traditional 401(k) or after-tax annual compensation to a Roth 401(k). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company contributes a maximum of 6% of employee wages by matching 100% of employee contributions up to 6%. The employer contribution is invested as directed by the participants. Participants become eligible to receive matching contributions as soon as they become eligible to participate in the Plan.

Rollover contributions

Participants may contribute funds previously held for their account in another qualified employee benefit plan to the Plan. A participant shall be fully vested at all times in such amounts transferred into the Plan. Rollover contributions share in income and earnings under the terms of the Plan, but no employer contributions are made with respect to any rollover contribution.

Participant accounts

Individual accounts are maintained for each participant in the Plan. Each participant's account is credited with the participant's contributions, their allocation of the Company's matching contributions and Plan earnings. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VALFILM NORTH AMERICA, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS-CONTINUED
December 31, 2021 and 2020

Note 1-Description of Plan-continued

Notes receivable from participants

Participants may borrow from their fund accounts an amount not to exceed \$50,000 or 50% of their vested account balance, whichever is less. Only one outstanding note receivable is permitted at any time, and the amount cannot be less than \$1,000. The note receivable term may not be longer than 60 months, or 10 years if used to for the purchase of a principal residence. Notes receivable from participants accrue interest at a reasonable rate at the time of application. Principal and interest is paid ratably through payroll deductions. The interest rate is determined by the Company's management and shall be charged based on rates currently being used by financial institutions lending money under similar circumstances. The notes receivable are secured by the balance in the participant's account.

Vesting

Participants are always 100% vested in their voluntary contributions. Vesting in the Company's matching contribution plus earnings (losses) thereon is based on years of continuous service. A participant is 0% vested until three years of accredited service, once three years of accredited service is achieved a participant is 100% vested. A participant is automatically 100% vested upon death or disability.

Participant withdrawals

In the event of retirement, attainment of age 65, death, termination, total and permanent disability or other severance from employment, participants are entitled to receive an amount equal to the value of the vested interest in their accounts. Disbursement of these amounts will be made in a lump sum amount equal to the vested value of their account.

In the event that a participant is no longer employed by the Company, and their account is less than \$5,000, the Plan Sponsor is allowed to disburse their account to the participant without the participant's consent as soon as administratively feasible.

In the event of hardship, as defined in the plan agreement, participants may take a distribution from their accounts in an amount necessary to satisfy the financial need, subject to certain tax withholdings.

Forfeitures

At December 31, 2021 and 2020, unallocated assets of the Plan totaled \$5,551 and \$0, respectively. These are comprised of forfeitures of non-vested accounts. Forfeitures are used to reduce future employer matching contributions and administrative expenses. During 2021, \$58,654 forfeited non-vested amounts were used to reduce employer matching contributions.

Termination of the Plan

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the plan provisions to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event such discontinuance results in the termination of the Plan, the participants shall receive their full account balance, less any administrative costs to the Plan for such distribution.

Note 2-Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Notes receivable from participants

Notes receivable from participants are valued at their unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the plan agreement.

Contributions

Participant salary deferrals and employer contributions are included in income during the period the related salary is earned.

Valuation of investments and income recognition

Investments held by the Plan are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Participant withdrawals are recorded upon distribution.

Administrative expenses

The Company pays the administrative expenses of the Plan, unless the expenses relate to specific investment directions of the participant. Fees related to the administration of notes receivable from participants and payments of benefits are charged directly to the participant's account and are included in administrative expenses. Administrative expenses that were paid by the Company were excluded from these financial statements.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events

The Plan has evaluated subsequent events through October 10, 2022, the date the financial statements were available to be issued, and has determined there are no subsequent events that require disclosure.

VALFILM NORTH AMERICA, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS-CONTINUED
December 31, 2021 and 2020

Note 3-Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants as of December 31, 2021 and 2020, and net appreciation (depreciation) in the value of investments, interest and dividends on investments, and interest income on notes receivable from participants for the year ended December 31, 2021, were obtained or derived from information supplied to the Plan Administrator and certified by Capital Bank and Trust Company (the trustee) as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information has not been examined by independent auditors.

Note 4-Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification Topic 820, Fair Value Measurement, are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- a. Quoted prices for similar assets or liabilities in active markets;
- b. Quoted prices for identical or similar assets or liabilities in inactive markets;
- c. Inputs other than quoted prices that are observable for the asset or liability;
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

VALFILM NORTH AMERICA, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS-CONTINUED
December 31, 2021 and 2020

Note 4-Fair value measurements-continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds – valued at the quoted closing price on an active market held by the Plan at year-end. Mutual funds held by the Plan are open end mutual funds that are registered with the Securities and Exchange Commission.

Money market funds – valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets that are measured at fair value.

Description	Total	Fair Value Measurements at December 31, 2021		
		Using		
		Level (1)	Level (2)	Level (3)
Mutual funds	\$ 6,223,187	\$ 6,223,187	\$ 0	\$ 0
Money market funds	100,994	100,994		
Total investment assets at fair value	<u>\$ 6,324,181</u>	<u>\$ 6,324,181</u>	<u>\$ 0</u>	<u>\$ 0</u>

Description	Total	Fair Value Measurements at December 31, 2020		
		Using		
		Level (1)	Level (2)	Level (3)
Mutual funds	\$ 5,499,645	\$ 5,499,645	\$ 0	\$ 0
Money market funds	89,961	89,961		
Total investment assets at fair value	<u>\$ 5,589,606</u>	<u>\$ 5,589,606</u>	<u>\$ 0</u>	<u>\$ 0</u>

Note 5-Related party transactions and party in interest transactions

Certain Plan investments are managed by the trustee, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are deducted directly from participant accounts. There have been no known prohibited transactions with a party in interest. The Plan made direct payments to the trustee in the amount of \$8,075 during 2021.

Notes receivable from participants also qualify as party-in-interest transactions. Notes receivable from participants totaled \$116,243 and \$121,880 as of December 31, 2021 and 2020, respectively. Interest received on notes receivable from participants totaled \$5,977 for the year ended December 31, 2021.

VALFILM NORTH AMERICA, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS-CONTINUED
December 31, 2021 and 2020

Note 6-Federal income tax status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter, dated March 31, 2014, from the IRS that the prototype plan as designed qualifies for federal income tax-exempt status. The Plan has not individually sought a determination from the IRS on its qualification status. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7-Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.
