Woodland Pond 403(b) Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Woodland Pond 403(b) Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Woodland Pond 403(b) Pension Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Woodland Pond 403(b) Pension Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Woodland Pond 403(b) Pension Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Woodland Pond 403(b) Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Woodland Pond 403(b) Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Woodland Pond 403(b) Pension Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform auditing procedures with respect to the information certified by a qualified institution. In our report dated October 6, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations and Disclosure under ERISA.

DECEMBER 31, 2021 AND 2020

1. DESCRIPTION OF PLAN

General

The following description of the Woodland Pond 403(b) Pension Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions. The Plan is a defined contribution plan covering all of the employees of Woodland Pond, Inc. (d.b.a. Woodland Pond at New Paltz), (the Company). Employees are eligible to participate in the Plan on the date their employment begins with the Company. Employees are also eligible for the Company match contribution once they have met the age and service requirements outlined in the plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute annual compensation, as defined in the plan document, up to the maximum allowed by the Internal Revenue Code (IRC). Participants who have reached at least age 50 before the end of the plan year are eligible to make additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company makes a discretionary matching contribution of 100% of the participant's deferral contribution up to a maximum of 2% of their compensation.

Participant Accounts

Each participant account is credited with the participant's contribution, the Company's contribution, and plan earnings and losses, and charged with transaction fees, as applicable for distributions and/or loan transactions, and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment Options

The Plan's provisions allow participants to make their own investment elections. Participants may direct their contributions among any of the registered investment companies (mutual funds) or the collective investment trust offered by the Plan as of December 31, 2021 and 2020.

Vesting

Participants are immediately fully vested in their contributions plus actual earnings (losses) thereon. Vesting in the Company's contribution portion of a participant's account is based on years of continuous service and is the earlier of the vesting schedule below, plan termination, the occurrence of normal retirement age (65), or death or disability.

WOODLAND POND 403(b) PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

1. DESCRIPTION OF PLAN

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% percent of their available vested account balance. The amount available for a participant to borrow is reduced by any current outstanding notes receivable balance(s). The notes are secured by the balance in the participant's account and bear interest at prime plus one percent. Principal and interest is repaid ratably through bi-weekly payroll deductions over a term ranging from one to five years. However, notes used to acquire a principal residence may be paid over a term that exceeds five years, but no more than twenty-five years. Participants may only have two outstanding notes receivable at any time and refinancing is not permitted under the plan document. Notes receivable from employed participants outstanding as of December 31, 2021 and 2020, were \$62,003 and \$44,362, respectively.

The Plan's participant loan program also includes the MyPlanLoan (MPL) option. The MPL allows for participants with outstanding notes receivable balances at the time of their termination of employment with the Company to continue making payments to the third-party administrator versus repaying the note in-full or defaulting on the note at the termination date. If the participant elects this option, the note receivable is re-amortized using the original interest rate and maturity date, however, the repayment frequency is changed from bi-weekly repayments to quarterly repayments. In addition, a terminated participant may request one new MPL non-revolving loan, regardless of whether the participant had also previously transferred an existing loan to the MPL program for loan repayment. Notes receivable from participants under the MPL program outstanding as of both December 31, 2021 and 2020, were \$-0-.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

At December 31, 2021 and 2020, there were \$18,653 and \$16,191 in forfeited non-vested accounts. Forfeited amounts are used first to pay reasonable plan expenses and then as additional Company matching contributions or to reduce the Company's matching contribution. During the years ended December 31, 2021 and 2020, no forfeited amounts were used to pay plan expenses, used to reduce the Company's matching contribution, or as an additional Company matching contribution.

Termination of Plan

The Company has not expressed any intent to terminate the Plan. The Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, each participant's account shall become fully vested and non-forfeitable, and be distributed in accordance with the plan document and ERISA.

DECEMBER 31, 2021 AND 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of net assets and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Investment income recognized by the Plan includes earnings from investments, net gains (losses) realized from the sale of investments, and the net changes in the unrealized appreciation (depreciation) of investments.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Interest income on notes receivable from participants is recognized by the Plan in the period in which it is earned based on the outstanding principal balance times the stated interest rate at the date the note receivable originated.

Payment of Benefits

Payments of benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the plan document.

Plan Expenses

Certain administrative expenses of the Plan are paid for by the Company, while participant transaction fees are charged directly to participant accounts as incurred by the participants.

WOODLAND POND 403(b) PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

3. INCOME TAX STATUS

The Plan has received a favorable determination from the Internal Revenue Service (IRS) through Benefit Plans Administrative Services, LLC Volume Submitter 403(b) Plan acceptance dated March 31, 2017. The Plan has been amended since receiving the determination letter. However, the plan administrator and plan sponsor believe that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan is qualified and is tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require the recording of a liability or disclosure in the financial statements.

4. INFORMATION CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Hand Benefits & Trust Company, the Custodian of the Plan, has certified to the completeness and accuracy of the following summarized information included in the accompanying statements of net assets available for benefits, the accompanying statements of changes in net assets available for benefits, and the accompanying supplemental schedule of assets (held at end of year).

	<u>2021</u>	<u>2020</u>
Investments at fair value	\$ 2,502,826	\$ 1,980,233

Total Income	<u>\$ 288,042</u>	<u>\$ 290,164</u>

5. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

WOODLAND POND 403(b) PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

5. FAIR VALUE MEASUREMENTS

- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used to determine fair value at December 31, 2021 and 2020.

Registered Investment Companies (Mutual Funds): Fair market value based on quoted prices in active markets at year end.

Collective investment trust fund: The Plan has adopted the provisions of Accounting Standards Update (ASU) 2009-12, *Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*. ASU 2009-12 allows for the estimation of fair value of investments in certain investment companies for which the investment does not have a readily determinable value by using net asset value (NAV) per share or its equivalent as a practical expedient. The collective investment trust fund is primarily valued at the closing NAV of the units held by the Plan at year-end based on information provided and certified by the Custodian.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair values of assets measured on a recurring basis at December 31 are as follows:

	<u>Fair Value</u>	<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>
<u>December 31, 2021:</u>		
Registered Investment Companies (Mutual Funds)	\$ 2,425,780	\$ 2,425,780
Total assets in the fair value hierarchy	<u>2,425,780</u>	<u>2,425,780</u>
Collective investment trust fund	77,046	-

5. FAIR VALUE MEASUREMENTS

	<u>Fair Value</u>	<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>
<u>December 31, 2020:</u>		
Registered Investment Companies (Mutual Funds)	\$ 1,914,040	\$ 1,914,040

Investments measured at net asset value (a)	<u>66,193</u>	<u>-</u>
Total Assets at Fair Value	<u>\$ 1,980,233</u>	<u>\$ 1,914,040</u>

(a) In accordance with ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit a reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

6. TERMINATED PARTICIPANTS WITH VESTED BALANCES

At December 31, 2021 and 2020, accounts for participants who had terminated from the Plan with vested account balances totaled \$690,001 and \$555,320, respectively.

7. PARTIES-IN-INTEREST

The Plan is sponsored by Woodland Pond, Inc. (d.b.a. Woodland Pond at New Paltz). The Plan and the sponsor are considered related parties based upon shared management and board of trustee members. The following organizations are considered parties-in-interest based upon services provided to the Plan during the years ended December 31, 2021 and 2020:

Woodland Pond, Inc. (d.b.a. Woodland Pond at New Paltz) - Plan sponsor
Benefits Plan Administrative Services, LLC - Third party administrator
Hand Benefits & Trust Company - Custodian
Healthcare Community Securities Corporation - Investment Management
Marvin and Company, P.C. - Plan audit firm
HANYS Benefit Services - Investment Advisor
Hancock Estabrook, LLP - Attorney

For the years ended December 31, 2021 and 2020, there were no prohibited transactions between the Plan and the related parties or the parties-in-interest.

**WOODLAND POND 403(b) PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

7. PARTIES-IN-INTEREST

For the years ended December 31, 2021 and 2020, Benefits Plan Administrative Services, LLC, was paid \$11,038 and \$9,029 respectively, for third party administration services and \$3,30355 and \$1,192, respectively, for participant transaction fees. These amounts are included in the administrative and participant transaction fees in the statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020.

HANYS Benefit Services provides investment management and advisory services to the Plan. These services are not paid directly by the Plan, but still qualify as party-in-interest transactions. Amounts received by HANYS for these services are included in the net appreciation (depreciation) in fair value of investments.

8. INVESTMENT IN METLIFE STABLE VALUE FUND (COLLECTIVE INVESTMENT TRUST FUND)

In June 2010, the Plan entered into a benefit-responsive guaranteed investment contract (GIC) with Metropolitan Life Insurance Company (MetLife). MetLife maintains the GIC's assets in a collective investment trust fund (CIT) with MetLife. MetLife will guarantee principal and accrued interest, based on credited interest rates, for participant-initiated withdrawals as long as the contract remains active. Interest is credited to the contract at interest rates that reflect the performance of the underlying portfolio.

	<u>2021</u>	<u>2020</u>
Rate Resets	Quarterly	Quarterly
Minimum Credited Rate	1.0%	1.0%

MetLife will reset the rate by amortizing the difference between the market value of the portfolio and the guaranteed value over the weighted average duration of the fund's investments.

Participants will receive the principal and accrued earnings credited to their accounts on withdrawal for allowed events. These events include transfers to other plan investment options, and payments because of retirement, termination of employment, disability, death and in-service withdrawals as permitted by the Plan.

The CIT is presented on the face of the statement of net assets available for benefits at fair value as disclosed in Note 5. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The issuing institution's ability to meet its contractual obligation under the respective contract may be affected by future economic and regulatory developments.

WOODLAND POND 403(b) PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

8. INVESTMENT IN METLIFE STABLE VALUE FUND (COLLECTIVE INVESTMENT TRUST FUND)

Certain events limit the ability of the Plan to transact at contract value with MetLife. Such events include, but are not limited to amendments to the plan document, plan termination, bankruptcy of the plan sponsor, or early retirement incentives. The plan administrator does not believe that any events which could limit the Plan's ability to transact at contract value are probable of occurring. The contract permits MetLife to terminate the contract prior to its scheduled maturity date if (i) the Plan terminates or ceases to comply with Section 403(b) of the Internal Revenue Code (the Code) or (ii) the Plan fails to fulfill its obligations under the contract or (iii) the Code or applicable rules, regulations, or interpretations are changed such that MetLife no longer believes that it can reasonably conduct this type of business.

9. RISKS AND UNCERTAINTIES

The Plan invests in various registered investment companies and other investments. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and amounts reported in the statements of net assets available for benefits.

10. COVID-19

The outbreak of COVID-19, a respiratory disease, was characterized as a pandemic by the World Health Organization on March 11, 2020. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market value of plan assets.

The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.

The Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) signed into law on March 27, 2020, contained a number of provisions that impact defined contribution plans including, but not limited to, allowing qualified participants to receive COVID-19 related distributions, increased loan amounts for qualified participants, suspension of loan repayments for qualified participants, and the suspension of required minimum distributions for 2020. These optional features within the CARES Act were evaluated by plan management and were available during 2020 to plan participants; however, none of the provisions were requested by plan participants.

11. SUBSEQUENT EVENTS

Plan management has evaluated events subsequent to the statement of net assets available for benefits date of December 31, 2021 through October 5, 2022, which is the date these financial statements were available to be issued, and has determined that there are no subsequent events that require recording or disclosure.
