INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator,
Fernandes Masonry, Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Fernandes Masonry, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion for the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

2021 Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

The financial statements of the Plan as of December 31, 2020 were audited by Restivo Monacelli LLP, who joined with WithumSmith+Brown, PC on November 15, 2021. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report, dated October 12, 2021, indicated that (a) the amounts and disclosures in the 2020 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with GAAP and (b) the information in the 2020 financial statements related to assets held by and certified to by a qualified institution agreed to, or was derived from, in all material respects, the information prepared and certified by an institution that management determined met the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2020 supplemental schedule related to assets held by and certified to by a qualified institution agreed to, or was derived from, in all material respects, the information prepared and certified by an institution that management determined met the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2021 and 2020

1. DESCRIPTION OF PLAN

The following description of Fernandes Masonry, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established for the purpose of providing eligible employees of Fernandes Masonry, Inc. (the "Company"), and their beneficiaries, funds for retirement.

Eligibility

Employees of the Company who provide services under federal contracts subject to the Davis-Bacon Act or any other federal, state or municipal prevailing wage law are eligible to participate in the Plan immediately upon employment on prevailing wage contracts and to receive employer Davis-Bacon contributions. Other full-time non-union employees, who work at least 1,000 hours per year, and who have completed three months of service are eligible to participate in the Plan and to receive employer matching contributions.

Contributions

Participants may elect to contribute an amount of the pretax annual compensation up to the maximum contribution per employee allowable by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined plans.

The Company makes contributions to the Plan for participants subject to prevailing wage laws at rates set by the specific federal, state, or municipal prevailing wage laws. For the remaining participants, the Company makes safe-harbor matching contribution equal to 100% of the participant deferrals up to 3% of each contributing participant's eligible compensation and an additional 50% of the participant deferrals greater than 3% but less than 5% of each contributing participant's eligible compensation. The Company may also elect to make additional discretionary profit-sharing contribution. During the year ended December 31, 2021, the Company made discretionary profit-sharing contribution of \$121,412.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's safe-harbor matching, prevailing wages or profit-sharing contribution, (b) Plan earnings or losses, and (c) administrative expenses. Allocations are based on participant account balances, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers many mutual funds and a fixed annuity contract as investment options for participants.

Vesting

Participants are immediately vested in their contributions, including prevailing wages contributions, plus actual earnings thereon. Vesting in the Company's safe-harbor matching and discretionary profit-sharing contributions, plus earnings thereon, is based on years of credited service in accordance with the following schedule. A participant is required to provide 1,000 hours of service during the Plan year to be credited with the year of vesting.

Fernandes Masonry, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

The participants vest in the Company's safe-harbor matching and discretionary profit-sharing contributions as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
At least 2 years, but less than 3	20%
At least 3 years, but less than 4	40%
At least 4 years, but less than 5	60%
At least 5 years, but less than 6	80%
6 years or more	100%

Notes Receivable from Participants

Participants may borrow from their accounts an amount up to the lesser of \$50,000 or 50% of their vested account balances, reduced by the highest outstanding loan balance in the participant's account during the previous 12-month period, subject to a minimum of \$1,000. Notes must be repaid over a period not to extend beyond five years unless the loan proceeds are used for the purchase of a primary residence. Participants may have one loan outstanding at any time. The notes are secured by the balances in the participant accounts and bear interest commensurate with local prevailing rates as determined by the plan administrator. The interest rates ranged from 4.5% - 6.75% at December 31, 2021. Principal and interest is paid ratably through weekly payroll deductions. Participant notes are recorded at their unpaid principal balance plus accrued interest.

Payment of Benefits

Upon retirement, termination, death, disability or attainment of age 59 1/2, vested plan benefits may be distributed to a participant in a lump-sum. In addition, the Plan provides for participant withdrawals in the event of serious financial hardship.

If at the time of termination, a participant's vested account balance is \$5,000 or less, the plan administrator may distribute the vested account balance to the participant without their consent. The vested account balance will be rolled over to an Individual Retirement Account established by the Plan administrator.

Forfeitures

Forfeitures are created if the participants are terminated or retire prior to becoming fully vested in the employer matching contributions. Forfeitures of employer matching contributions can be used to reduce future employer matching contributions or to pay for Plan expenses. For the year ended December 31, 2021, the Plan used forfeitures of \$250 to pay Plan expenses. At December 31, 2021 and 2020, forfeited non-vested accounts were \$4,759 and \$4,160, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Fernandes Masonry, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

Investment Valuation and Income Recognition

The Plan's investments in mutual funds are stated at fair value based on closing market quoted prices at year-end. The Plan's investment in the fixed annuity contract, which is not benefit responsive, is stated at fair value determined by discounting the related cash flows based on current yields of similar instruments. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments represents both realized and unrealized gains and losses.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant does not make note repayments and the plan administrator considers the participant note to be in default, the note balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Administrative Expenses

Certain administrative expenses incurred in the operation of the Plan are paid by the Company and are not reflected in the accompanying financial statements. Fees related to the administration of notes receivable from participants and fees related to processing of distributions are charged directly to the participant accounts and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments and are not readily determinable.

Payment of Benefits

Benefits are recorded when paid.

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes thereon, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events

Management has evaluated the activity of the Plan through October 7, 2022, the date the financial statements were available to be issued. Based on this evaluation, management has determined that no subsequent events have occurred which require adjustment or disclosure in the financial statements.

3. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value that utilizes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Fernandes Masonry, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted market prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable supported by little or no market activity and significant to the fair value measurement. Level 3 inputs include management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. The Plan had no assets or liabilities valued using Level 3 inputs as of December 31, 2021 and 2020.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds: Valued at the unit value based on the observable net asset value of shares held by the Plan at year end reported on an active market.

Fixed Annuity: The group annuity contracts are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

These valuation methodologies may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table set forth by level, within the fair value hierarchy, the Plan's fair value measurements:

December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 14,281,559	\$ -	\$ -	\$ 14,281,559

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their safe-harbor matching and discretionary profit-sharing contributions.

5. TAX STATUS

The Plan adopted a volume submitter profit-sharing plan which received a letter from the IRS dated June 30, 2020, stating that the form of the volume submitter plan was acceptable under the applicable sections of the IRC. The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United State of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021 and 2020 there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there have been no tax related interest or penalties for the periods presented in these financial statements.

6. INFORMATION CERTIFIED BY THE PLAN CUSTODIANS (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Life and Annuity Insurance Company and Great-West Trust Company, LLC, the custodians of the Plan, have certified to the completeness and accuracy of Plan investments as of December 31, 2021 and 2020 and of Plan investment income, interest on notes receivable from participants and the schedule of assets (held at end of year) as of and for the year ended December 31, 2021.

7. TRANSACTIONS WITH PARTIES-IN-INTEREST

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. For the year ended December 31, 2021, the Plan's transactions with parties-in-interest were as follows:

Investments

Certain Plan investments are managed by the Plan's custodians, Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC. Fees paid by the Plan to Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC for certain investment management fees were deducted from the net asset values of the funds held by the Plan. Fees paid by the Plan for investment management services amounted to approximately \$46,210 for the year ended December 31, 2021.

Fernandes Masonry, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

Expenses

All administrative expenses are to be paid by the Plan unless paid by the Plan sponsor. Also, certain employees of the Company, who are also Plan participants perform administrative services on behalf of the Plan at no cost to the Plan. The Plan sponsor paid substantially all administrative expenses in 2021. Fees related to the administration of notes receivable from participants or to processing of distributions are charged directly to the participant accounts and are included in administrative expenses.

Revenue Credit Account

In accordance with an agreement between Great-West Life and Annuity Insurance Company and the Plan, the custodian will make deposits to this account in an amount consistent with the revenue sharing terms as defined in the agreement. Any amounts attributable to the account shall be reflected in the Plan records, held in the Plan trust and invested as directed by the Plan sponsor. Amounts in this account are used to offset Plan administrative expenses and any amounts unused for expenses may be allocated to participant accounts. For the year ended December 31, 2021, revenue recognized in revenue credit account amounted to \$33,450.

Notes Receivable from Participants

Notes receivable from participants are also party-in-interest transactions.

These party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

8. RISKS AND UNCERTAINTIES

The Plan invests in various underlying investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
