INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Versant Power 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Versant Power 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as

fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2021 and of assets (held at end of year) as of December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Versant Power 401(k) Plan

As of and for the Years Ended December 31, 2021 and 2020

Note 1: Description of the Plan

General

The following description of the Versant Power 401(k) Plan (the Plan) (formerly Emera Maine 401(k) Plan) provides only general information. Effective May 11, 2020, the Plan Sponsor changed its name from Emera Maine to Versant Power (the Company). Effective September 1, 2020, the Plan name was changed from Emera Maine 401(k) Plan to Versant Power 401(k) Plan. There were no changes to Plan provisions as a result of these amendments. Participants should refer to the Plan document for a more complete description of the Plan's provisions, copies of which may be obtained from the Plan sponsor.

The Plan is a defined contribution plan covering all eligible employees of Versant Power. The Board of Directors of the Company has appointed the Management Pension Committee to control and manage the operation and administration of the Plan. State Street Bank and Trust Company serves as the trustee of the Plan, Massachusetts Fidelity Trust Company has custody of the common collective trust fund and Transamerica Retirement Solutions LLC serves as the recordkeeper of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In March 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted. Plan management adopted and implemented certain provisions of the CARES Act and the Plan will be formally amended by December 31, 2022 for these impacts. As a result of the CARES Act, participants impacted by COVID-19 were able to:

- Withdraw, penalty free, up to \$100,000 of vested account balances through December 31, 2020.
- Defer current active loan payments for the 2020 plan year.
- Take new loans up to \$100,000 of vested account balances before September 22, 2020.
- Suspend 2020 required minimum distributions (RMD) altogether or for RMD distributions made prior to the enactment of the CARES Act, roll them over to another eligible retirement plan within the prescribed timeframe according to Internal Revenue Service (IRS) notice 2020-23.

Contributions

Each year, participants may contribute up to 30% of pre-tax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

For employees hired prior to February 1, 2006, participation in the Plan is voluntary. All employees hired after February 1, 2006 are automatically enrolled, unless otherwise elected, with a 4% deferral rate in the Plan on the first day of the month following three months of service.

Upon enrollment, all participants may direct contributions in 1% increments to any of the Plan's investment options. Participants may change their investment options daily. Investment options include mutual funds, a self-directed brokerage option, and a stable value option.

For employees hired prior to February 1, 2006, the employer matching contribution is 50% on the first 4% of participants' annual compensation, up to a maximum of 2% of an employee's salary, that a participant elected to defer. For employees hired after February 1, 2006, or currently active employees who chose to opt out of the Bangor Hydro Electric Company Pension Plan in 2006, and upon completion of 12 months of credited service, the Company's matching contribution was 100% of the employee's contribution on the first 6% in 2021 and 2020, of participants' annual compensation that a participant elected to defer. Additional amounts may be contributed at the option of the Company's Board of Directors. No additional discretionary amounts were contributed in 2021 or 2020. Participants must be employed on the last day of the Plan year to be eligible to receive any additional Company contribution. Contributions are subject to certain Internal Revenue Code (the Code) limitations.

Participant accounts

Each participant's account is credited with the participant's contributions, the Company's contributions and allocations of Plan earnings and is charged with Plan expenses and Plan losses, as applicable.

Notes to the Financial Statements

Versant Power 401(k) Plan

As of and for the Years Ended December 31, 2021 and 2020

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants become vested in Company contributions in 20% increments beginning upon the completion of two years of credited service and are fully vested upon completion of six years of credited service.

Forfeited accounts

Forfeited amounts on Company contributions are used to reduce future Company contributions or pay administrative expenses. At December 31, 2021 and 2020, forfeited non-vested accounts available to offset future Company contributions or pay administrative expenses of the Plan totaled \$33,268 and \$62,841, respectively. Forfeitures used during the years ended December 31, 2021 and 2020 were \$37,145 and \$64,380, respectively.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance (refer to the "General" section in Note 1 above for further detail regarding temporary participant loan provisions under the CARES Act). Loan terms range from one to five years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate equal to the prime rate plus 2% as of the date of the loan. Principal and interest are paid rateably through payroll deductions. As of December 31, 2021, participant loans have maturities through 2030 at interest rates ranging from 5.25% to 7.25%.

Payment of benefits

On termination of service, a participant may receive a lump-sum amount equal to the vested value of his or her account, or upon disability or retirement, elect to receive installments over a period not to exceed normal life expectancy.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of presentation

The financial statements have been prepared on the accrual basis of accounting in accordance with United States Generally Accepted Accounting Principles (GAAP).

Payment of benefits

Benefits are recorded when paid.

Investment valuation and income recognition

Investments are stated at fair value (note 4). Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded as of the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements, accompanying notes, and supplemental schedules. Actual results could differ from those estimates.

Notes to the Financial Statements

Versant Power 401(k) Plan

As of and for the Years Ended December 31, 2021 and 2020

Administrative expenses

Substantially all expenses of the Plan are paid directly by the Company or through the forfeiture account. Certain fees, primarily related to the set-up of participant loans and fees associated with trading activity in the self-directed brokerage account, are paid by the Plan via a reduction of participant accounts. Expenses paid by the Company are not reflected in the Statements of Changes in Net Assets Available for Benefits.

The Plan has a revenue-sharing agreement whereby certain investment managers return a portion of the investment fees to the recordkeeper to offset the Plan's administrative expenses. Future Plan expenses can be paid from any excess remaining revenue sharing amounts. For the years ended December 31, 2021 and 2020, \$78,819 and \$79,445, respectively, was used to offset Plan expenses. The Plan did not hold any undistributed administrative revenues at December 31, 2021 and 2020.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document

Note 3: Certified Investment Information

The following is a summary of the information regarding the Plan as of December 31, 2021 and 2020 and for the years then ended, included in the financial statements and supplemental schedules that was prepared or derived from the information prepared by State Street Bank and Trust Company, Massachusetts Fidelity Trust Company, and Transamerica Financial Life Insurance Company and furnished to the plan administrator. The plan administrator has obtained certifications that such information is complete and accurate.

Note 4: Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures* (ASC 820), establishes a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable inputs for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

- [a] Mutual funds - Valued at quoted market prices that represent the net asset value of the shares held by the Plan at year-end.
- [b] Participant brokerage accounts – includes a variety of mutual funds.
- [c] Stable Fund – Valued based on market data for the same or comparable instrument.
- [d] Common collective trust fund - The net asset value as provided by the trustee, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. In accordance with Subtopic 820-10 of ASC 2015-07, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net assets Available for Benefits. There are no unfunded commitments and redemptions occur at the net asset value without restrictions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There have been no changes in the valuation techniques used during the year ended December 31, 2021.

Note 5: Investments Measured at Net Asset Value

Stable pooled fund

The Plan has assets invested in the Stable Pooled Fund (the Fund), which is offered through Transamerica Retirement Solutions Collective Trust. The Fund primarily invests in investment contracts, including traditional guaranteed investment contracts and security-backed contracts issued by insurance companies and other financial institutions. The Fund is valued based on the net asset value of the underlying assets of the Fund on the Fund's measurement date.

All withdrawals and transfers from the Fund are payable at net asset value. Participant directed transfers from the Fund occur without restriction, except that participants cannot transfer their balances to a competing fixed income fund, such as money market funds or short-term bond funds. If participant balances are transferred to a non-competing fund, they cannot be transferred to a competing fund for 90 days. Balances can be transferred back to the Fund at any time.

Note 6: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, overall market volatility and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes to the Financial Statements

Versant Power 401(k) Plan

As of and for the Years Ended December 31, 2021 and 2020

The Plan has a significant concentration in the following investments at December 31, 2021 and 2020. A significant decline in the market value of these investments could significantly affect the net assets available for benefits.

	2021	2020
Vanguard Institutional Index	\$10,949,172	\$9,839,627
T Rowe Price BlueChip Growth	15,204,751	15,603,526
Transamerica Retirement Solutions Corp Stable Pooled Fund	9,014,445	9,436,215

Note 7: Income Tax Status

The underlying non-standardized prototype plan sponsored by Transamerica Retirement Solutions has received an opinion letter from the IRS dated March 31, 2014 stating that the form of the plan is qualified under Section 401(a) of the Code and, therefore, the related trust is tax-exempt. In accordance with Revenue Procedures 2016-6 and 2015-36, the Plan administrator has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Note 8: Nonexempt Party-in-interest Transaction

The Company remitted certain November 2021 participant contributions totaling \$68,277 to the trustee on December 9, 2021, which was later than required by the Department of Labor's Regulation 2510.3-102. The Company plans to file Form 5330 with the IRS and will pay the required excise tax on the transaction. In addition, participant accounts were credited in 2022 with the amount of investment income that would have been earned had the participant contributions been remitted on a timely basis.

Note 9: Party-in-interest Transactions

Certain of the Plan's investments are managed by the trustees of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA. The Plan also issues loans to participants, which are secured by the vested balances in the participants' accounts.

If the administrative fees received by the State Street Bank and Trust Company from investment options exceed the amount owed, such amounts are reallocated to the accounts of Plan participants. During 2021 and 2020, the amount credited to participants was \$206,405 and \$214,787 respectively.

Note 10: Subsequent Events

In October 2022, the recordkeeper changed from Transamerica Retirement Solutions LLC to Empower Retirement, LLC. In October 2022, the trustee changed from State Street Bank and Trust to Mercer Trust Company.

Management has evaluated subsequent events for the Plan through October 11, 2022, the date the financial statements were available to be issued.
