INDEPENDENT AUDITOR'S REPORT

To Plan Administrator of
All-State Industries, Inc. 401(k) Savings & Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of All-State Industries, Inc. 401(k) Savings & Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the year December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit, conducted in accordance with GAAS, will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements, as a whole, are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

2020 Financial Statements

LWBJ, LLP, who merged into UHY LLP as of January 4, 2022, was engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed LWBJ, LLP not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report, dated August 9, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the 2020 financial statements; and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the information certified by a qualified institution, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

The image shows a handwritten signature in black ink that reads "UHY LLP". The letters are stylized and cursive.

ALL-STATE INDUSTRIES, INC.
401(K) SAVINGS & RETIREMENT PLAN

Notes to Financial Statements

December 31, 2021

1. Description of the Plan

The following description of the All-State Industries, Inc. 401(k) Savings & Retirement Plan ("Plan") provides only general information. Participants should refer to the Plan agreement ("Agreement") for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which permits all employees of All-State Industries, Inc. (the "Company") who have attained the age of eighteen (18) to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Administration

The Company has contracted Principal Trust Company ("Principal") to hold the Plan's assets, execute investment transactions, perform allocations of contributions and investment earnings, and make benefit payments.

Contributions

The Plan allows for employee contributions up to 100% of pay, subject to certain Internal Revenue Code ("IRC") limitations. The Plan provides for a discretionary Company match. The Company made discretionary matching contributions of 50% of the participant's contribution, up to 6% of their gross pay until May 10, 2020. The Company elected to suspend its matching contribution beginning with the May 10, 2020 pay period. Effective January 1, 2021, matching contributions were reinstated.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of the Company's contribution and Plan earnings. Plan expenses are netted against the Plan earnings of the participants. Allocations of the Company's contribution and Plan earnings and expenses are based upon participant contributions, compensation, and account balance, as defined in the Agreement.

Vesting

All participants are 100% vested in their contributions and allocated Plan earnings. Participants become vested in Company-matching contributions and allocated Plan earnings on a schedule beginning after two (2) years of service, as defined in the Agreement. The initial vesting percentage is 20%, increasing by 20% annually, until becoming fully vested after six (6) years of vesting service, as defined in the Agreement. Participants are considered 100% vested if they reach the age of fifty-five (55), become totally disabled as defined in the Agreement, or die, while participating in the Plan.

ALL-STATE INDUSTRIES, INC.
401(K) SAVINGS & RETIREMENT PLAN

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Notes Receivable, Participants

Participants are permitted to borrow from their fund accounts a minimum of \$1,000 up to a maximum of 50% of their account balance or \$50,000, whichever is less. Principal and interest are paid ratably through payroll deductions. Notes receivable, participants are stated at the unpaid principal balance plus any accrued but unpaid interest.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution as described in the Agreement. In addition, hardship distributions are permitted if certain criteria are met.

Forfeitures

Forfeited accounts are used to offset the Company's future matching contributions. At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$4 and \$16,207, respectively. Forfeitures of \$16,765 and \$6,977 were utilized to offset employer contributions for 2021 and 2020, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to terminate the Plan subject to the provisions of ERISA. In the event that the Plan terminates, the accrued benefits of all participants shall be distributed to participants as provided in the Agreement.

CARES Act

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus ("COVID-19") as a pandemic, the effects of which have caused significant volatility in U.S. and international financial markets. On March 27, 2020, in response to the global COVID-19 pandemic, the Coronavirus Aid, Relief and Economic Security Act ("CARES Act") became effective, to address financial pressures facing individuals, businesses, and state and local governments due to the pandemic. The Plan adopted the provisions of the CARES Act with regard to distributions and participant loans under the Plan. Specifically, the 10% early withdrawal penalty was waived for distributions up to \$100,000 for purposes related to COVID-19 until December 31, 2020. Income tax on such distributions may be spread over a three-year period. Additionally, participants had the option to repay the distributions. With regard to loans, the maximum loan amount increased from \$50,000 to \$100,000 for individuals impacted by COVID-19. Affected individuals had the option to delay loan repayments until December 31, 2020. These provisions of the CARES Act with regard to distributions and participant loans under the Plan ended on December 31, 2020.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on an accrual basis, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 4 for discussions of the fair value measurements. The Plan's guaranteed interest accounts are not considered benefit responsive and are held in the general account of Principal. Because the accounts are not benefit responsive, fair value is the appropriate measurement for financial statement purposes. See Note 5 for further information related to the guaranteed interest accounts.

Notes Receivable, Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Administrative Expenses

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded in the accompanying statements of changes in net assets available for benefits as administrative expenses. Other expenses related to the Plan are paid by the Company. Certain investment-related expenses are included within net appreciation in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

3. Information Certified by Principal

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of and for the years ended December 31:

	<u>2021</u>	<u>2020</u>
Investments, at fair value:		
Pooled separate accounts	\$ 7,907,296	\$ 5,936,411
Mutual funds	3,489,717	3,690,567
Guaranteed interest accounts	128,566	118,236
Notes receivable, participants	226,783	243,831
Investment income:		
Net appreciation in fair value of investments	\$ 1,257,465	\$ 1,045,096
Dividends	18,823	15,910
Interest	1,331	1,566
Interest income on notes receivable, participants	9,513	14,201

4. Fair Value Measurements

GAAP establishes a three-tier fair value hierarchy, which categorizes the inputs used in measuring fair value. These categories include (in descending order of priority): Level 1, defined as observable inputs such as quoted prices in active markets for identical assets; Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring the Plan to develop its own assumptions. The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

ALL-STATE INDUSTRIES, INC.
401(K) SAVINGS & RETIREMENT PLAN

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

- *Pooled separate accounts:* Valued at the net asset value ("NAV") of units of the fund held by the Plan. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV.

The NAV of the Principal U.S. Property Separate Account ("Real Estate Fund") is based on the underlying real estate assets, which are valued using discounted cash flow valuation models that utilize public real estate market data such as transaction prices, market rents, vacancy levels, leasing absorption, market cap rates and discount rates. In addition, each property is appraised annually by an independent appraiser.

- *Mutual funds:* Valued based on quoted prices of identical assets in active markets.
- *Guaranteed interest accounts:* Valued at the amount participants would receive currently for a withdrawal for an event other than death, disability, termination, or retirement based on current market interest rates as estimated by Principal. This fair value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed contract crediting rates. Contract value represents contributions made under the contract, plus interest at the contract rate, less funds used to pay Plan benefits and Principal's administrative expenses.

The following tables show assets measured at fair value as of December 31, 2021 and 2020 on the Plan's statements of net assets available for benefits and the input categories associated with those assets:

4. Fair Value Measurements (continued)

The following table shows a summary of changes in the fair value of the Plan's Level 3 investments for the years ended December 31:

	<u>Guaranteed Interest Accounts</u>	
	<u>2021</u>	<u>2020</u>
Balance, beginning of the year	\$ 118,236	\$ 115,265
Purchases	34,552	26,817
Sales	(23,342)	(26,792)
Interest income	1,332	1,566
Unrealized gain (loss)	(2,212)	1,380
Balance, end of the year	<u>\$ 128,566</u>	<u>\$ 118,236</u>

Unrealized gain (loss) for the periods above are reported in net appreciation in fair value of investments in the statements of changes in net assets available for benefits.

Quantitative Information Regarding Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 assets, the valuation techniques used to measure the fair value of those assets, and the significant unobservable inputs and the ranges in values for those inputs.

<u>Investment</u>	<u>Fair Value at December 31:</u>		<u>Principal</u>	<u>Unobservable</u>	<u>Range of</u>
	<u>2021</u>	<u>2020</u>	<u>Valuation</u>	<u>Inputs</u>	<u>Significant</u>
			<u>Techniques</u>		<u>Inputs</u>
Guaranteed					
interest accounts	\$ 128,566	\$ 118,236	Market value adjustment	Account interest Applicable interest	0.17-1.98% 0.88-2.16%

If the applicable interest rate is equal to or less than the interest rate on account, the fair value is equal to the contract value. If the applicable interest rate is greater than the interest rate on the account, the fair value is the contract value reduced by a percentage. This percentage is equal to the difference between the applicable interest rate and the interest rate on account, multiplied by the number of years (including fractional parts of a year) until the maturity date.

Fair Value of Investments that Calculate NAV

The following table summarizes the investments measured at NAV per share as of December 31:

	<u>Fair Value at December 31:</u>		<u>Unfunded</u>	<u>Redemption</u>	<u>Notice</u>
	<u>2021</u>	<u>2020</u>	<u>Commitments</u>	<u>Frequency</u>	<u>Period</u>
Pooled separate accounts	\$ 7,907,296	\$ 5,936,411	None	Daily (a)	None (a)

The individual pooled separate accounts may invest its assets in stocks, bonds, mortgages, real estate, mutual funds, other separate accounts, or cash according to its investment objective. The information in the table above has been condensed into a single line as is the same for each major category of pooled separate accounts, except for the Real Estate Fund as noted below.

- (a) Principal has the ability to apply a contractual limitation, which delays payments of withdrawal requests for the Real Estate Fund. No other separate account contains withdrawal restrictions. Certain high-need payments, such as death, disability, certain eligible retirements, and hardship withdrawals are not subject to the withdrawal limitation. Other withdrawal requests are subject to the limitation until certain liquidity levels are achieved. During the first quarter of 2020, the global spread of COVID-19 resulted in volatility in the public equities market, which also impacted the Real Estate Fund, causing an unusual number of withdrawal requests in a concentrated period of time. To allow for orderly administration and management benefiting all separate account investors, Principal implemented the contractual limitation to delay withdrawal requests for this separate account. Since the inception of the withdrawal limitation, outstanding withdrawal requests have been paid in multiple payments. Except for certain de minimis payments, payments were made proportionately among all other outstanding withdrawal requests, based upon available liquidity. All withdrawals are being transacted at the NAV price at the date of distribution. The withdrawal limitation was lifted in 2021 and all redemption requests were satisfied.

5. Guaranteed Interest Accounts

The Plan's investments in guaranteed interest accounts are maintained in Principal's general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest accounts promise contract value for a benefit event (termination, death, disability and retirement) however, there is a possible surrender charge when funds are withdrawn prior to their maturity. Thus, the guaranteed interest accounts are not considered benefit responsive. Fair value is the amount that would be received were the funds to be withdrawn or transferred within the Plan prior to maturity. This fair value represents guaranteed interest account contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates.

5. Guaranteed Interest Accounts (continued)

All withdrawals from the guaranteed interest accounts are made on a last-in, first-out basis at the lesser of contract or fair value. The guaranteed interest accounts are, therefore, included in the financial statements at fair value as reported to the Plan by Principal. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment is not materially different from its fair value.

6. Party-In-Interest Transactions

Certain Plan investments are shares of separate accounts managed by Principal. Principal is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments. Principal also charged administrative fees of \$14,304 and \$10,260 for the years ending December 31, 2021 and 2020, respectively.

7. Income Tax Status

The Plan uses a prototype plan document sponsored by Principal. Principal received a letter from the Internal Revenue Service ("IRS"), dated March 31, 2014, which states that the prototype plan document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Company has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021 and 2020, there have been no uncertain positions taken.

8. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2020:

Net assets available for benefits per the financial statements	\$ 9,989,045
Accrued interest adjustment	<u>(97)</u>
Net assets per Form 5500	<u>\$ 9,988,948</u>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2021:

Net increase in net assets available for benefits	\$ 1,763,317

9. Subsequent Events

Effective February 17, 2022, the Plan adopted an updated prototype plan document sponsored by Principal, which received an opinion letter from the IRS dated June 30, 2020. No significant changes were made to Plan provisions upon the adoption.

The Plan's management has evaluated subsequent events through September 15, 2022, the date the financial statements were available to be issued.
