Report of Independent Auditor

To the Plan Administrator
Goodwill Industries of the Southern Piedmont, Inc. Retirement Plan
Charlotte, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Goodwill Industries of the Southern Piedmont, Inc. Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i, as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Goodwill Industries of the Southern Piedmont, Inc. Retirement Plan. As permitted by 29 CFR 2520.103-8 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated April 26, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021

Note 1—Description of the Plan

The following description of the Goodwill Industries of the Southern Piedmont, Inc. Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan established by Goodwill Industries of the Southern Piedmont, Inc. (the “Company” or “Plan Sponsor”) as a retirement savings plan for the benefit of its employees in January 1986, and was restated effective January 1, 2016 and amended in April 2020 to comply with current laws and regulations. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan covers all employees who have worked two years with at least 1,000 hours in each of the 12-month periods. Employees are enrolled in the Plan on the first day of the Plan year they meet the eligibility requirements.

Administration – The Plan is administered by the Plan Sponsor, which serves without compensation. The Plan administrator has the overall responsibility and fiduciary to manage and control the operations and administration of the Plan and may designate one or more individuals to perform those responsibilities. The Plan Sponsor has outsourced the recordkeeping function of the Plan to the Trustees of the Plan.

Contributions – The Company makes an annual profit-sharing contribution to the Plan at the discretion of the Company’s Board of Directors. The profit-sharing contribution is allocated to the participants based on the ratio of the participant’s earned points as it bears to the total earned points of all participants. Participants earn four points for each year of service and one point for each full \$100 of eligible compensation, as defined in the Plan document, received during the Plan year. The discretionary contribution was \$475,000 and \$400,000 for the years ended December 31, 2021 and 2020, respectively. This amount is included as an employer contribution receivable as of December 31, 2021 and 2020, respectively. Contributions are subject to certain limitations. Participant contributions are not permitted under the provisions of the Plan document.

Participant Accounts – Each participant’s account is credited with an allocation of the Company’s contribution and the Plan earnings and charged with participant distributions and an allocation of Plan losses and administrative expenses. Allocations for the Company’s contribution are based on participant compensation and years of service as defined in the Plan document. Allocations for Plan earnings and losses and administrative expenses are based on beginning account balances less distributions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

Vesting – Participants are immediately vested in the Company’s contribution plus actual earnings (losses) thereon. As a result, there are no forfeitures in the Plan.

Investments – Investments are managed by Bragg Financial Advisors (“Bragg”) under the supervision of the Plan administrator in accordance with its investment policy. The Plan’s investments are held by Pershing, LLC, a division of Bank of New York-Mellon, and may include negotiable, insured certificates of deposit, money market funds, collateralized asset and mortgage-backed securities, U.S. government guaranteed fixed income securities, and corporate bonds and debentures. Mutual funds may be utilized for any of these investments. The investments are certified by Newport Trust Company (“Newport”), the “Trustee” for the Plan as of and for the years ended December 31, 2021 and 2020.

Payment of Benefits – Benefit payments are managed by Newport under the supervision of the Plan administrator in accordance with its payment policy. Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum distribution or installment payments equal to the value of the participant’s account. Upon termination of service for other reasons, distributions of the value of the participant’s vested interest in his or her account will begin 60 days after separation and as soon as administratively practicable. Withdrawals prior to attaining age 59½ are not permitted, except in the event of retirement or disability. Certain income tax penalties apply to withdrawals or distributions prior to age 59½.

Note 2—Summary of significant accounting policies

Basis of Presentation – The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Risks and Uncertainties – The Plan invests in various investment securities as described in Note 1. Investment securities are exposed to various risks such as the interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements.

Fair Value Measurements – Investments are reported at fair value. U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

U.S. GAAP describes three levels of inputs that may be used to measure fair value:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument’s level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used as of December 31, 2021 and 2020:

Money Market Funds – These investments are public investment vehicle valued using \$1 for the net asset value (“NAV”). The underlying assets are generally comprised of short-term securities representing high-quality, liquid debt and monetary assets. The money market funds are classified within Level 1 of the valuation hierarchy.

Collateralized Mortgage Obligations – These investments are real estate investments valued on the basis of their future principal and interest payments discounted at prevailing interest rates for similar investments. The collateralized mortgage obligations are classified within Level 2 of the valuation hierarchy because their value is quoted on a private market that is not active; however, the value is based on investments that can be valued using other valuation methodologies.

Mutual Funds – These investments are public investment vehicles valued using NAV provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

The Plan believes its valuation methods are appropriate and consistent with other market participants; however, the use of methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 2—Summary of significant accounting policies (continued)

Investment Income Recognition – Purchases and sales are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the net of the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions – Contributions from the Company are recognized upon authorization in the year in which the underlying compensation is recognized. Participants cannot make contributions to the Plan.

Payment of Benefits – Benefit payments to participants are recorded upon distribution. There were no benefit payments requested and not yet disbursed at December 31, 2021 or 2020.

Administrative Expenses – Certain administrative expenses are paid by the Company while expenses related to Plan investments are paid out of Plan assets.

Note 3—Investments (unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Newport, the qualified institution, has certified the following data included in the accompanying financial statements and supplemental schedule as complete and accurate:

- Investments, at fair value, as shown on the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Net appreciation in fair value of investments and dividends and interest income as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020.
- Schedule of Assets (Held at End of Year) – Schedule H, Part IV, Line 4i as of December 31, 2021.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021

Note 4—Fair value measurements

The financial instruments carried at fair value are classified by the following fair value hierarchy levels as described in Note 2 as of December 31:

	2021			
	Level 1	Level 2	Level 3	Total
Money market funds	\$ 405,828	\$ -	\$ -	\$ 405,828
Collateralized mortgage obligations	-	34	-	34
Mutual funds	9,995,651	-	-	9,995,651
	<u>\$ 10,401,479</u>	<u>\$ 34</u>	<u>\$ -</u>	<u>\$ 10,401,513</u>

	2020			
	Level 1	Level 2	Level 3	Total
Money market funds	\$ 325,037	\$ -	\$ -	\$ 325,037
Collateralized mortgage obligations	-	82	-	82
Mutual funds	9,011,904	-	-	9,011,904
	<u>\$ 9,336,941</u>	<u>\$ 82</u>	<u>\$ -</u>	<u>\$ 9,337,023</u>

Note 5—Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participant accounts shall be distributed to the participants or their beneficiaries under the terms of the Plan document as soon as administratively feasible.

Note 6—Tax status

The Plan is a prototype plan sponsored by Newport and adopted by the Company. Newport received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014, which states the prototype plan satisfies the applicable provisions of the Internal Revenue Code ("IRC"). The Plan has not requested its own determination letter from the IRS. The Plan has been amended since receiving this determination letter; however, Plan management believes the Plan and its underlying trust have operated within the terms of the Plan and are qualified under the applicable provisions of the IRC, and continue to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination by the IRS. Plan management has evaluated the Plan's tax positions and concluded the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Note 7—Party-in-interest transactions

Bragg provides investment management services and executes investment transactions which qualify as party-in-interest transactions. Fees paid by the Plan to Bragg amounted to \$18,862 and \$21,798 for the years ended December 31, 2021 and 2020, respectively. Newport, the Trustee of the Plan, provides administrative services and executes participant-related transactions which qualify as party-in-interest transactions. Fees paid by the Plan to Newport amounted to \$4,703 and \$11,790 for the years ended December 31, 2021 and 2020, respectively.

Note 8—Subsequent events

The Plan evaluated subsequent events through September 29, 2022, the date which the financial statements were available to be issued.

Subsequent to year-end, the Plan changed qualified institutions from Newport Trust Company to Principal Financial Group. Effective January 15, 2022 and most recently July 1, 2022, the Plan was amended and restated to allow for employee elective deferrals, matching contributions and employer discretionary contributions. All employees except, collective bargaining employees, nonresident aliens, leased employees, independent contractors, and temporary employees are eligible to participate in the Plan. These employees are eligible for elective deferrals after 30 days of employment, matching contributions after six months of employment and employer discretionary contributions once they have worked at least 1,000 hours in two specified 12-month periods.

Upon meeting eligibility requirements, employees are automatically enrolled in the Plan with a 2% deferral per pay period. Employees may choose a different deferral percentage, including zero, by completing an elective deferral agreement. These salary reduction contributions may not exceed 90% or be less than 1% of an employee's compensation for the year. These elective deferrals are also subject to the IRS maximum contribution limits.

The Plan will make a matching contribution equal to 100% of the participant 401(k) elective deferral contributions which are not over 3% of the participant's pay, plus 50% of 401(k) elective deferral contributions which are over 3% of pay but are not over 5% of pay. The Plan may make a discretionary employer contribution which will be determined by the Plan Sponsor each year.

All participants will be immediately vested in all contributions.
