The Participants and Plan Administrator  
HYUNDAI MOTOR MANUFACTURING ALABAMA, LLC  
401(K) PLAN:

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements**

We have performed an audit of the financial statements of HYUNDAI MOTOR MANUFACTURING ALABAMA, LLC 401(K) PLAN (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion on the 2021 Financial Statements**

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the 2021 Financial Statements* section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion on the 2021 Financial Statements**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the *Auditors’ Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the 2021 Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditors’ Responsibilities for the Audit of the 2021 Financial Statements**

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statement* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matters - 2021 Supplemental Schedule Required by ERISA**

The supplemental schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statement themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Auditors' Report on the 2020 Financial Statements**

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**HYUNDAI MOTOR MANUFACTURING ALABAMA, LLC**  
**401(K) PLAN**

Notes to Financial Statements

December 31, 2021 and 2020

**(1) Description of Plan**

The following description of HYUNDAI MOTOR MANUFACTURING ALABAMA, LLC 401(K) PLAN (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

**(a) General**

The Plan is a defined contribution plan covering substantially all employees of HYUNDAI MOTOR MANUFACTURING ALABAMA, LLC (the “Company” or the “Plan Sponsor”). The administration of the Plan is the responsibility of the administrator appointed by the Employee Benefits Committee of the Company. The Plan’s trustee is Fidelity Management Trust Company, and the record keeper is Fidelity Investments. The Plan began on May 1, 2004, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

**(b) Contributions**

Each year, participant may contribute up to 75% of his or her eligible compensation, as defined in the plan document. Eligible employees who do not make an affirmative election to participate or not to participate, were automatically enrolled in the Plan at 4% (“Default Percentage”) of eligible compensation, which increase 1% per year until the total deferral is 6% of eligible compensation.

Participants may opt out of contributing at any time. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to \$6,500 in 2021. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (“Rollover”). The total contributions in any taxable year may not exceed the dollar limit set by the Internal Revenue Service (“IRS”), which is \$19,500 for 2021.

The Company may make a matching contribution in an amount equal to 100% of the participant’s pretax contribution, subject to a maximum of 4% of the participant’s eligible compensation contributed to the Plan. To become eligible for the Company’s matching contribution, participants must complete one year of service (defined by the plan document as a twelve month consecutive period during which the employee provides at least 1,000 hours of service). The Company makes an additional matching contribution (“True-up Contribution”) on behalf of eligible participants who work on the last day of each plan year. For the year ended December 31, 2021, the Company provided the True-up Contribution in the amount of \$69,869 and recorded as employer contribution receivable on the statement of net assets available for benefits as of December 31, 2021.

Additionally, the Company makes a non-elective Strategic Retirement Reserve Contribution (“SRRC”) on behalf of eligible employees each year. The SRRC ranges from 2% to 4% of eligible compensation for the year and is determined based on years of service of each eligible participant (defined by the plan document as an employee who has at least 1,000 hours of service during the plan year and is employed by the Plan Sponsor on the last day of the plan year). For the year ended December 31, 2021, the Company provided SRRC of \$4,737,900. In March 2022, the Company deposited SRRC of \$4,737,900 and recorded as employer contribution receivable on the statement of net assets available for benefits as of December 31, 2021.

**(c) Participant Accounts**

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a money market fund, various mutual funds and a common collective trust as investment options for participants.

**HYUNDAI MOTOR MANUFACTURING ALABAMA, LLC**  
**401(K) PLAN**

Notes to Financial Statements

December 31, 2021 and 2020

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**(d) *Vesting***

Participants are always 100% fully vested in their employee pretax contributions and rollover contributions, plus actual earnings thereon. Vesting in the matching contributions and SRRC are based on years of continuous service. Participants become vested in the matching contributions and SRRC at varying rates depending on the length of continuous service as follows:

| Years of Service | Vesting<br>Percentage |
|------------------|-----------------------|
| Less than 1      | 0%                    |
| 1                | 20%                   |
| 2                | 40%                   |
| 3                | 60%                   |
| 4                | 80%                   |
| 5 or more        | 100%                  |

To earn a year of service, participants must be credited with at least 1,000 hours of service during a plan year.

Certain events, such as death, disability, or normal retirement results in immediate full vesting if such event occurs while the participant is employed by the Company.

**(e) *Notes Receivable from Participants***

Participants may borrow funds from their accounts a minimum of \$1,000 up to the lesser of 50% of their vested account balance in the participant's compensation deferral account and rollover account or \$50,000. The loans bear interest at fixed rate that is commensurate with local prevailing rate, as determined by the Plan administrator. Loans along with interest must be fully repaid ratably through biweekly or monthly payroll deductions for up to five (up to thirty only if loan for principal residence) years. Participants may have up to two outstanding loans and repayment of the loan is secured by participants' account balances.

**(f) *Distribution of Benefits***

Upon retirement, termination, disability or death, the participant or beneficiary may elect to receive payment in the form of a lump-sum distribution or annuity, not to extend the expected life expectancy of the participant or the joint and last survivor expectancy of the participant and his or her beneficiary.

Under the terms of the Plan, participants may make hardship withdrawals from their accounts upon furnishing proof of hardship as specified in the plan document.

If a participant is a more than 5% owner, distributions are required to begin by the April 1st following the year in which a participant reaches age 72, even if he or she is still employed at the time. If a

participant is not a 5% owner, he or she must begin to receive benefits no later than the April 1st following the later of the year in which a participant reaches age 72 or terminate employment.

**(g) *Forfeitures***

If a participant terminates employment before becoming 100% vested in his or her account balance, the non-vested portion of the terminated participant's account balance remains in the Plan and is called a forfeiture. As of December 31, 2021 and 2020, there were forfeited non-vested accounts of \$1,618 and \$18,190, respectively. Forfeitures of non-vested matching contributions are used first to pay the Plan expenses, which would otherwise be paid by the Company, and then to reduce future employer contributions to the Plan. The amount of forfeitures applied for the year ended December 31, 2021 was \$139,500.

**(2) Summary of Significant Accounting Policies**

**(a) *Basis of Accounting***

The accompanying statements of net assets available for benefits and changes in net assets available for benefits have been prepared on the accrual basis of accounting.

**(b) *Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of the Plan assets and liabilities at the financial statement date. Accordingly, actual results may differ from those estimates.

**(c) *Investment Valuation and Income Recognition***

The Plan's investments are stated at fair value. Shares of a money market fund and mutual funds are valued using quoted prices. Investments in the common collective trust are reported at fair value as determined by the fund manager based on the net asset value ("NAV") of the fund, which is determined based on the fair value of the underlying assets of the funds divided by units outstanding at the valuation date. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation (depreciation) in fair value of investments consists of realized gains and losses and the change in unrealized gains and losses in the Plan's investments. Realized gains and losses from the sales of investments are computed using the participant's cost basis in the investments aggregated at the Plan level. Net changes in unrealized appreciation (depreciation) in investments represents the difference between the fair values of investments held at year-end and the cost of investments purchased in the current fiscal year or the fair value of investments held at the end of the preceding year.

**(d) *Notes Receivable from Participants***

Participant loans are classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent loans are treated as distributions based upon the terms of the Plan document.

**HYUNDAI MOTOR MANUFACTURING ALABAMA, LLC**  
**401(K) PLAN**

Notes to Financial Statements

December 31, 2021 and 2020

**(e) *Payments of Benefits***

Benefit payments to participants and beneficiaries are recorded when paid.

**(f) *Administrative Expenses***

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

**(g) *Risks and Uncertainties***

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan may indirectly invest in securities with contractual cash flows, such as asset backed securities, collateralized mortgage obligations and commercial mortgage backed securities, including securities backed by subprime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

**(3) *Certified Investments***

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or was derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

**(4) *Investments***

For the year ended December 31, 2021, the Plan's investments in mutual funds and common collective trust (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$10,197,118.

**(5) *Fair Value Measurements***

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The framework provides a fair value hierarchy that prioritizes the inputs to those valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and to minimize the use of unobservable inputs.

**HYUNDAI MOTOR MANUFACTURING ALABAMA, LLC**  
**401(K) PLAN**

Notes to Financial Statements

December 31, 2021 and 2020

The three levels of the fair value hierarchy under the Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820-10 are described as follows:

|                      |                                                                                                                                                                                                                                                                                                                  |
|----------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Level 1 measurements | Inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access                                                                                                                                                                                |
| Level 2 measurements | Inputs are inputs other than quoted prices within Level 1 that are observable, either directly or indirectly. These inputs include quoted prices for similar assets and liabilities in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals |
| Level 3 measurements | Inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related assets or liability                                                                                                                                             |

Fair value estimates are made at a specific point in time, based on available market information and other observable inputs. In some cases, the fair value estimates cannot be substantiated by comparison to independent markets. In addition, the disclosed fair value may not be realized in the ultimate settlement of the financial asset as these values do not represent any premium or discount that could result from selling an entire holding of a particular financial asset at one time. Other expenses that would be incurred in an actual sale or settlement are not included in the amounts disclosed.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no changes in methodologies to determine the fair value of investments at December 31, 2021 and 2020.

The following table presents the fair value hierarchy levels of the Plan’s investments measured at fair value on a recurring basis as of December 31, 2021 and 2020:

\* This investment generally invests all or a portion of its assets in one or more commingled funds and its primary objective is to achieve broader diversification and more competitive rates than if beneficial owners were to attempt to purchase general account guaranteed investment contracts on an individual basis. Units of the fund can be redeemed daily with no restriction.

The Plan does not have any liabilities that are measured at fair value on a recurring basis as of December 31, 2021 and 2020.

**(6) Notes Receivable from Participants**

The notes receivable from participants bear interest at a rate between 4.25% and 9.25% as of December 31, 2021 and 2020, and have original maturities that range from one to fifteen years. For the year ended December 31, 2021, interest income on notes receivable from participants amounted to \$828,578.

**(7) Related Party Transactions**

Certain Plan investments are managed by affiliates of Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

**(8) Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

**(9) Tax Status**

The IRS has determined and informed the Plan by a letter dated September 23, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the favorable determination letter, however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. IRS is one of the primary tax oversight bodies of the Plan and generally has the ability to examine the Plan's income tax returns for the years 2018 through 2021; however, there are currently no audits for any tax periods in progress.

**(10) Coronavirus Pandemic**

On March 11, 2020, the World Health Organization announced that it had made the assessment that coronavirus disease 2019 ("COVID-19") is a pandemic. The impacts of COVID-19 are adversely affecting the entire global economy, individual companies and investment products, the funds, and the market in general. There is significant uncertainty around the extent and duration of business disruptions related to COVID-19 and the impacts may last for an extended period of time. COVID-19 has led to significant uncertainty and volatility in the financial markets.

**(11) Subsequent Events**

Effective January 8, 2022, the Plan adopted a new volume submitter plan document that amends and restates the Plan. The Company has not yet requested or received a determination letter for the new plan document. The Company believes that the provisions under the new plan document are in compliance with the applicable requirements of the IRC.

Effective January 1, 2022, the Plan Sponsor amended the Plan to provide 100% immediate vesting for the Company's matching contribution to the participants.

The Plan Sponsor has evaluated subsequent events from the balance sheet date through September 30, 2022, the date at which the financial statements were available to be issued and has determined that there are no other items to disclose.
