Independent Auditor's Report

To the Plan Committee and Participants
New Standard Corporation Retirement Plan
York, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed the audit of the financial statements of New Standard Corporation Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and; therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements (continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter - 2021 Supplemental Schedule Required by ERISA (continued)

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution, except for comparing this information with the related information included in our financial statements. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

New Standard Corporation Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

Note 1 - Description of Plan

The following description of the New Standard Corporation Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for more complete information.

General

The Plan is a defined contribution pension plan covering all non-union employees of New Standard Corporation (the Company). Effective January 1, 2021, to be eligible to make salary deferrals, and for employer matching and nonelective contributions, employees must complete one month of service. Prior to January 1, 2021, to be eligible to make salary deferrals, and for employer matching and nonelective contributions, employees must have completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of all contributions into various investment options offered by the Plan. Participants will be automatically enrolled in the Plan on the plan entry date, as defined in the plan document, unless they elect to opt out. Participants who are automatically enrolled will have 3% of their eligible compensation withheld and remitted to the Plan.

The Company may make a discretionary matching contribution. For the years ended December 31, 2021 and 2020, the Company matched 50% of the participant's contributions, up to 6% of the participant's eligible compensation contributed to the Plan. The Company may make an additional discretionary nonelective contribution. The Company did not make any additional discretionary nonelective contributions during 2021 and 2020. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Loan and disbursement fees and cash surrender value of life insurance policy expenses are charged to the respective participants' accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of Plan (continued)

Vesting

Participants are immediately vested in their contributions and the employer matching contributions, plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service. A participant is 100% vested after six years of credited service, based on the following vesting schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0 %
2	20
3	40
4	60
5	80
6	100

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years, unless the loan is to acquire the participant's principal residence, in which case, the loan may be for up to 15 years. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest are paid ratably through payroll deductions.

Revenue Sharing Arrangement

The Company has entered into a revenue sharing agreement with its investment advisor where any credit for commissions, expense reimbursements, and subtransfer agent fees that the investment advisor receives from the Plan's custodian will be shared on a pro-rata basis with the Plan. These credits are used to offset administrative expenses. During the years ended December 31, 2021 and 2020, credits applied against administrative fees amounted to approximately \$-0- and \$3,837, respectively.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or in installments under a systematic withdrawal plan only if the participant is subject to lifetime required minimum distributions. In addition, the Plan allows for hardship distributions if certain criteria are met.

Forfeited Accounts

Forfeited nonvested accounts, if any, shall be used to pay administrative expenses and any remaining amounts will be used to reduce future employer contributions. Forfeited nonvested accounts at December 31, 2021 and 2020 were immaterial.

December 31, 2021 and 2020

Note 1 - Description of Plan (continued)

The Coronavirus Aid, Relief, and Economic Security Act

The Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) was signed into law on March 27, 2020. The Plan adopted the applicable provisions of the CARES Act. As a result of the CARES Act, qualifying participants could take a loan up to \$100,000 or 100% of the participant's vested balance, whichever was less, until September 22, 2020. In addition, repayment on existing loans due through the end of 2020 were delayed one year. The CARES Act also permitted participants to take a distribution of \$100,000 or 100% of their vested balance, whichever was less, until December 31, 2020. Eligible participants who received a distribution under the CARES Act were not subject to the standard early withdrawal penalty that generally applies to participants under the age of 59½. Furthermore, the CARES Act Plan amendment temporarily waived the required minimum distribution rules for 2020. A formal adoption of this amendment was adopted on April 15, 2021.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrued basis. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Payment of Benefits

Benefits are recorded when paid.

Note 2 - Summary of Significant Accounting Policies (continued)

Administrative Expenses

As provided in the plan agreement, administrative expenses may be paid either by the Plan or by the Company. Investment related expenses are included in net appreciation in fair value of investments.

Note 3 - Information Certified and Provided by Hand Benefits & Trust Company

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2021 and 2020, was obtained by management and agreed to or derived from information certified as complete and accurate by Hand Benefits & Trust Company, the custodian of the Plan.

Note 4 - Fair Value Measurements

Financial Accounting Standards Boards (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

New Standard Corporation Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

Note 4 - Fair Value Measurements (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered investment companies are valued at the net asset value (NAV) of shares held by the Plan at year-end.

The common collective trust fund is valued at the NAV of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. The common collective trust fund invests entirely in the MetLife Group Annuity Contract 25157, which consists of separately managed investment portfolios in fixed income securities, and also enters into wrapper contracts, which are issued by third parties and are designed to allow the fund to maintain a constant NAV. The common collective trust fund provides for immediate redemptions with no notice requirement.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Fair Value Measurements at December 31, 2021				
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Registered investment companies	<u>\$ 16,366,281</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 16,366,281</u>
Investment measured at net asset value (1)				<u>1,254,293</u>
				<u>\$ 17,620,574</u>

New Standard Corporation Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

Note 4 - Fair Value Measurements (continued)

	Fair Value Measurements at December 31, 2020			Total
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
Registered investment companies	<u>\$ 14,957,459</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 14,957,459
Investment measured at net asset value (1)				<u>1,571,072</u>
				<u>\$ 16,528,531</u>

(1) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

Plan management evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There were no transfers in or out of Level 3 for the years ended December 31, 2021 and 2020.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient:

	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	December 31, 2021	December 31, 2020			
Common Collective Trust Fund					
Stable Value Fund	\$ 1,254,293	\$ 1,571,072	\$ -	Immediate	None

New Standard Corporation Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

Note 5 - Tax Status

The Company adopted a non-standardized pre-approved profit sharing plan sponsored by Benefit Plans Administrative Services LLC. The non-standardized pre-approved profit sharing plan has received an opinion letter from the IRS, dated June 30, 2020, stating that the non-standardized pre-approved profit sharing plan is qualified under the appropriate section of the Internal Revenue Code (IRC). The non-standardized pre-approved profit sharing plan opinion letter has been relied upon by this Plan. The Plan has been amended since receiving the opinion letter. The plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. Federal, state, or local tax authorities for years before 2018.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in the Company nonelective contribution portion of their account.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 10, 2020, declared it to be a pandemic. The actions taken to mitigate it have had, and are expected to continue to have, an adverse impact on the economy, financial markets, and the geographical area in which the Company operates. It is unknown how long these conditions will last and what the complete financial effect will be to the Company and how it will affect the Plan. Additionally, it is reasonably possible that estimates made in the financial statements have been, or will be, materially and adversely impacted in the near term as a result of these conditions.

Note 8 - Related Party Transactions and Party-In-Interest Transactions

Fees paid by the Plan for investment management and custody services, paid to Hand Benefits & Trust Company, the custodian of the Plan, amounted to \$55,351 and \$46,944 for the years ended December 31, 2021 and 2020, respectively. These transactions qualify as party-in-interest transactions.
