INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator,
The National World War II Museum 401(k) Plan,
New Orleans, Louisiana.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of The National World War II Museum 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the 2021 financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 6 to the 2021 financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing

procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of The National World War II Museum 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 6, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS**The National World War II Museum 401(k) Plan**

December 31, 2021 and 2020

Note 1 - PLAN DESCRIPTION

The following description of The National World War II Museum 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

a. General

The Plan, adopted February 1, 2001 and restated effective January 1, 2016, is a defined contribution plan covering all eligible employees of The National World War II Museum, Inc. (the "Employer") who have completed one month of service and are eighteen years of age or older. Prior to an amendment effective July 1, 2018, the Plan required three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. Contributions

Each year, participants may contribute, by salary reduction pursuant to Section 401(k) of the Internal Revenue Code (the "Code"), a percentage of their pretax annual compensation, as defined in the plan document, not to exceed statutory limits. Participants may also contribute amounts representing eligible rollover distributions from other qualified pension plans. Effective September 1, 2019, the Plan allows for Roth elective deferrals.

In any plan year, the Employer may make discretionary matching contributions based on a percentage of each eligible participant's deferred compensation. For the year ended December 31, 2021, the Employer matched 50% of each participant's elective deferrals of up to 6% of the participant's eligible compensation. This percentage is limited to the amount deductible under applicable provisions of the Code. For the year ended December 31, 2021, the Employer contributed \$238,125 to the Plan.

Note 1 - PLAN DESCRIPTION (Continued)

c. Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Employer's contributions and plan earnings, and charged with allocations of plan losses and administrative expenses. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. Vesting

Participants are immediately vested in their 401(k) deferral and rollover contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their accounts plus earnings thereon is as follows:

<u>Participant's Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
1	33%
2	67%
3 or more	100%

e. Investment Options

The Plan provides a participant-directed investment program whereby participants select the investments for their accounts. The Plan currently offers a variety of investment options under a group annuity contract issued by Transamerica Life Insurance Company ("Transamerica"). Participants may direct their investments into a Transamerica stable value fund or into any of the investment funds maintained in pooled separate accounts. The funds represent several different alternatives to investing with different risk and return characteristics. Participants may change their investment options daily.

Note 1 - PLAN DESCRIPTION (Continued)

f. Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Notes receivable terms shall be no greater than five years unless the notes receivable is used to purchase a participant's principal residence, in which case the notes receivable term will be determined at the time the notes receivable is executed. The note receivable is secured by the balance in the participant's account and bear interest at a rate equivalent to the current interest rate for similar loans from commercial sources. The interest rate on notes receivable from participants ranged from 4.25% to 6.25% as of both December 31, 2021 and 2020. Principal and interest is paid ratably through payroll deductions.

Effective January 1, 2020, the Plan implemented certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), which permits employers to increase the maximum loan amount available to qualified participants from March 27, 2020 to September 22, 2020. The limit may be increased up to the lesser of \$100,000 or the individual's vested benefit under the Plan. (See Note 1i.)

g. Payment of Benefits

On termination of service, a participant whose vested account balance equals or exceeds \$1,000 can elect to receive benefits in the form of a lump sum or annual installment payments, as defined in the plan document. Participants with vested balances of less than \$1,000 receive a lump sum equal to the fair value of the participant's vested interest in his or her account. Participants who are age 59½ may elect in-service distributions. Participants may also request distributions in accordance with the hardship provisions of the Plan.

Effective January 1, 2020, the Plan implemented provisions of the CARES Act, which permits a participant to take a coronavirus related distribution for a qualified individual from April 20, 2020 to December 30, 2020, up to an aggregate limit of \$100,000. (See Note 1i.)

h. Forfeited Accounts

Forfeitures of nonvested profit sharing and matching accounts may be used to reduce the Employer's contributions. Nonvested accounts as of December 31, 2021 and 2020 were \$99 and \$9,491, respectively. Forfeited nonvested accounts of \$8,608 were used to reduce the Employer's contributions for the year ended December 31, 2021.

Note 1 - PLAN DESCRIPTION (Continued)

i. Coronavirus Aid, Relief and Economic Security Act

On March 27, 2020, the CARES Act was signed into law. The CARES Act allows retirement plans to provide participants who are impacted by the pandemic (as defined in the CARES Act) with greater access to their plan savings. As permitted by the CARES Act, plans were permitted to adopt these provisions immediately provided the Plan document is retroactively amended on or before December 31, 2022. Plan management plans to adopt the following provisions:

- On or after April 20, 2020 and before December 31, 2020, any qualified individual, as defined in the CARES Act, was permitted to request a distribution from his or her vested account in the Plan, up to a maximum of \$100,000. Active employees who receive a coronavirus-related distribution from the Plan (or from any other eligible retirement plan) have the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result. Additionally, required minimum distributions for calendar year 2020 are waived for retired and retirement aged individuals.
- Qualified individuals with outstanding loans on or after March 27, 2020, were permitted to request that their loan payments through December 31, 2020 be deferred up to one year. Where payments were deferred, the loan was re-amortized in January 2021 to reflect interest accrued during the deferral period, and payments recommenced for the remainder of the loan period, plus one year.
- The normal loan limits were increased from \$50,000 to \$100,000, and from 50% to 100% of the vested account balance, for qualified individuals taking loans on or after March 27, 2020 and before September 22, 2020.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

a. Basis of Accounting

The accompanying financial statements are prepared using the accrual method of accounting.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

b. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains (losses) on sales of investments and unrealized appreciation (depreciation) in fair value of investments are reported as net appreciation (depreciation) in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

d. Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make repayments on the note receivable and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

e. Payment of Benefits

Benefits are recorded when paid.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

f. Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

g. Subsequent Events

Management evaluates events subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through August 24, 2022, which is the date the financial statements were available to be issued.

Note 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets.
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Note 3 - FAIR VALUE MEASUREMENTS (Continued)

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

- *Pooled Separate Accounts:* Valued at the net asset value (NAV) of the units of the pooled separate account. The NAV, as provided by Transamerica, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the pooled separate account less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported fair value.
- *Stable Value:* Valued at the NAV of the units of the stable value account. The NAV, as provided by Transamerica, is used as a practical expedient to estimate fair value. The NAV is based on the contract value of the amounts contributed or transferred into the account; less any withdrawals or transfers out plus accrued interest. Earnings are determined by the daily crediting of interest which is subject to minimum contractual guarantees.

The methodologies described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 - FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments measured at net asset value*	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$12,883,430</u>
Assets at Fair Value as of December 31, 2020

Investments measured at net asset value*	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$11,751,514</u>

* In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following tables summarize investments measured for which fair value is measured using NAV per share practical expedient as of December 31, 2021 and 2020:

December 31, 2021				
	<u>Fair Value</u>	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Pooled separate accounts	\$12,784,071	N/A	Daily	N/A

Stable value	<u>92,324</u>	N/A	Daily	N/A
	<u>\$11,751,514</u>			

Note 3 - FAIR VALUE MEASUREMENTS (Continued)

Investments in the Transamerica Insurance Company Stable Value Core Option Fund are subject to certain potential limitations on the transfer to other investment options and on the timing of withdrawals.

Note 4 - INVESTMENTS

Assets of the Plan are invested in a group annuity contract with Transamerica. Transamerica maintains contributions in pooled separate accounts and a stable value option. The accounts are credited with earnings on the underlying investments and charged for participants' withdrawals and investment management and administrative fees assessed by Transamerica. The investment contract is fully benefit-responsive. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less plan withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with Transamerica such as amendments to the plan document and failure of the trust to qualify for exemption from federal income taxes. The plan administrator does not believe any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. In the event of contract discontinuance, no surrender charges will apply to the investment contract. Transamerica has represented to management that fair values were necessary to report on the investments contract value as of December 31, 2021 and 2020.

Transamerica guarantees the interest rate earned on funds in the Transamerica Insurance Company Stable Value Core Option Fund. The guaranteed rates on the Transamerica Insurance Company Stable Value Core Option Fund are declared semi-annually (.75% and .83% annualized rate for the years ended December 31, 2021 and 2020, respectively) and an actual interest earned approximates the semi-annual rate.

The average yield on the Transamerica Insurance Company Stable Value Core Option Fund was approximately .75% and .83% for the years ended December 31, 2021 and 2020, respectively. The interest rate is based on a formula agreed upon with the issuer.

Note 4 - INVESTMENTS (Continued)

During 2021, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) in pooled separate accounts appreciated in value by \$1,392,552. The stable value fund earned interest income of \$2,551 during the year ended December 31, 2021, and is included with dividends and interest income in the Statement of Changes in Net Assets Available for Benefits.

Note 5 - RISK AND UNCERTAINTIES

The Plan provides for investments in pooled separate accounts, which have primarily mutual funds as the underlying investments, as well as a stable value option. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 6 - INFORMATION PREPARED AND CERTIFIED BY RELIANCE TRUST COMPANY

As of December 31, 2021 and 2020, and for the year ended December 31, 2021, the Plan's investments were held by Reliance Trust Company, the Plan's custodian. The following information summarizes the Plan's investment information that is included in the financial statements based on information certified by Reliance Trust Company in accordance with Section 2520.103-5 for the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

	<u>2021</u>	<u>2020</u>
Cash	\$16,156	
Investments	\$12,883,430	\$11,751,514
Notes receivable from participants	\$94,009	\$31,042
Net appreciation in fair value of investments	\$1,392,552	
Dividends and interest income	\$228,742	
Interest on notes receivable from participants	\$2,745	

Note 7 - PLAN TERMINATION

Although they have not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 8 - TAX STATUS

The Internal Revenue Service has informed the sponsor of the volume submitter plan adopted by the Employer, by an advisory letter dated March 31, 2014, that the volume submitter plan, as then designed, was qualified under Section 401(a) of the Internal Revenue Code. The plan sponsor has not requested a determination letter specific to the Plan itself; however, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed, and being operated in compliance with the applicable requirements of the Code and ERISA. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or other taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Note 9 - RELATED PARTY TRANSACTIONS

Plan assets are invested in pooled separate accounts and a stable value fund managed by Transamerica. Transamerica is the custodian for those investments as defined by the Plan and provided administrative and recordkeeping services. These transactions qualify as party-in-interest transactions.
