Report of Independent Auditors

The Retirement Plan Committee
World Wide Technology, LLC Employee Salary Deferral Retirement Program

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the World Wide Technology, LLC Employee Salary Deferral Retirement Program (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Modified Cash Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting as described in Note Y and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management also is responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) (modified cash basis) as of December 31, 2021, (referred to as the “supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the financial statements (modified cash basis) of the Plan as of and for the year ended December 31, 2020. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the investment information certified by a qualified institution. In our report dated October 6, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on those financial statements, and (b) the form and content of the information included in those financial statements other than that derived from the certified investment information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following description of the World Wide Technology, LLC Employee Salary Deferral Retirement Program (the Plan) provides general information about the Plan's provisions. World Wide Technology, LLC (the Company) is the plan sponsor. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor.

General

The Plan was adopted on January 1, 1990. The Plan is a defined contribution plan for the benefit of substantially all full-time and part-time employees of the Company and its U.S. subsidiaries. The Company's Board of Directors is responsible for the general administration of the Plan. Bank of America, N.A. is the trustee and record-keeper of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

All employees who have at least three months of service and are age 21 or older are eligible to enroll in the Plan. Eligible participants may enter the Plan on the first day of each month immediately following the satisfaction of the age and employment requirements.

Contributions

Each year, participants may contribute any whole percentage between 1% and 75% of pretax annual compensation, as defined in the Plan. Participant contributions were limited to \$19,500 for the plan year ended December 31, 2021. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. Participants who have attained age 50 before the end of the year and are making contributions to the Plan are eligible to make catch-up contributions, as defined in the Plan. Participants may elect to participate in the automatic increase feature of the Plan, whereby the participant's pretax contributions will automatically increase in accordance with their instructions, during the month of the anniversary of their enrollment in the automatic enrollment feature (unless elected otherwise). The increase will occur each year (unless elected otherwise).

1. Description of the Plan (continued)

The Company may make discretionary matching contributions in an amount up to 100% of the first 6% of compensation that an active participant contributes to the Plan. A participant generally must be employed on December 31 to receive that year's Company matching contribution, with the matching contribution funded annually at the beginning of the subsequent year following the year in which the matching contribution was earned. For the 2021 plan year, the Company made matching contributions of 100% of the first 6%. Although additional discretionary profit-sharing contributions may be contributed, no such amounts were contributed during 2021. All contributions are subject to certain limitations of the Internal Revenue Code (the Code).

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a monthly basis. The Plan currently offers self-directed brokerage accounts, mutual funds, and a common collective trust fund as investment options for participants. The Company's contributions are allocated in the same manner as that of the participant's elective contributions.

Participant Accounts

A separate account is maintained for each participant. Each participant's account is credited with the participant's contributions and the Company's matching contributions and allocations of plan earnings and is charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements (continued)
(Modified Cash Basis)

1. Description of the Plan (continued)

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contributions is subject to the following schedule based on years of continuous service:

<u>Years of Service</u>	<u>Percent Vested</u>
1	20%
2	40
3	60
4	85
5	100

For purposes of determining the vested account balance, all of a participant's years of service, beginning on the date of hire, are counted. If a participant dies or becomes disabled while employed by the Company, the participant becomes fully vested. Non-vested portions of the Company's contributions are forfeited as of the participant's termination date.

Forfeitures

Upon termination of employment, participants forfeit their non-vested balances. Forfeited balances of terminated participants' non-vested accounts are maintained in the Plan and are used to reduce future Company contributions. The balance of unallocated forfeitures as of December 31, 2021 and 2020, was \$1,572,607 and \$676,791, respectively, and forfeitures used to reduce Company contributions were \$528,500 for the plan year ended December 31, 2021.

1. Description of the Plan (continued)

Participant Loans

Participants may borrow up to the lesser of \$50,000 or 50% of their vested account balance to meet certain financial needs, as specified in the Plan. Loan terms range from one to five years or up to 30 years for the purchase of a primary residence. The \$50,000 limit is reduced by the participant's highest outstanding loan balance during the preceding 12-month period. A participant may not have more than one loan outstanding at any point in time. The loans bear interest at a rate of prime plus 1%. Principal and interest are secured by the participant's vested account and are repaid ratably through payroll deductions. If a participant terminates employment with the Company, the participant may continue to make loan payments through a pre-authorized check agreement. If the loan is not repaid, it will automatically be treated as a distribution to the participant.

Payment of Benefits

Upon separation from the Company due to death, disability, retirement, or termination, a participant whose vested account balance exceeds \$1,000 but is less than \$5,000 may elect to either receive a lump sum or roll it over to an eligible retirement plan. If neither of these options is selected, the plan administrator will automatically roll over the distribution to a Merrill Lynch Individual Retirement Rollover Account (IRRA). If the participant's vested balance has exceeded \$5,000, the participant may elect to leave the account balance in the Plan or receive all or part of the vested amount. A participant whose vested account balance is \$1,000 or less will automatically receive an immediate lump-sum distribution equal to his or her vested account balance.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS), and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

1. Description of the Plan (continued)

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include record-keeping and trustee fees. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Company and not included in the statement of changes in net assets available for benefits (modified cash basis).

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts.

CARES Act

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act (the CARES Act) was enacted in response to the COVID-19 pandemic. The CARES Act is an approximately \$2 trillion emergency economic stimulus package in response to the Coronavirus outbreak, which among other things contains numerous changes in tax code and allows for certain modifications to provisions in employee benefit plans. During 2020, the Plan implemented certain changes provided by the CARES Act to allow certain eligible individuals to receive coronavirus-related distributions, suspend required minimum distributions and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles. Contributions are recognized when cash is received by the Plan. Benefit payments and administrative expenses are recognized when paid.

Use of Estimates

The preparation of the financial statements in conformity with the modified cash basis of accounting requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price) (see Note 4).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes to Financial Statements (continued)
(Modified Cash Basis)

3. Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule including investments held and notes receivable from participants at December 31, 2021 and 2020, and net appreciation (depreciation) in fair value of investments, interest, dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Bank of America, N.A., the trustee of the Plan.

4. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the assets or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

World Wide Technology, LLC
Employee Salary Deferral Retirement Program

Notes to Financial Statements (continued)
(Modified Cash Basis)

4. Fair Value Measurements (continued)

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management’s own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety. There have been no changes in methods used to estimate the fair value of financial instruments during the year.

Following is a description of the valuation technique and inputs used for each general type of investment measured at fair value by the Plan.

Interest-bearing cash: Valued at cost, which approximates fair value.

Mutual funds: Valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end.

Exchange Traded Funds: Valued at the closing price reported in the active market in which the securities are traded.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stock. Mutual Funds are valued at quoted market prices, which represent the NAV of shares held by the Plan at year-end. Common stock is valued at the closing price reported in the active market in which the individual securities are traded.

Common/collective trust funds: Valued at the NAV provided by the administrator of the fund.

5. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and 2020, to the Form 5500:

	<u>2021</u>	<u>2020</u>
Net assets available for benefits per the financial statements	\$ 751,745,143	\$ 601,106,151
Employer contributions receivable	37,322,945	33,479,570
Participant contributions receivable	2,721	2,780
Net assets available for benefits per the Form 5500	<u>\$ 789,070,809</u>	<u>\$ 634,588,501</u>

The following is a reconciliation of total increase per the financial statements to net income on the Form 5500 for the year ended December 31, 2021:

Net increase in net assets available for benefits per the financial statements	\$ 150,638,992
Employer matching contribution paid in 2022	37,322,945
Participant contribution paid in 2022	2,721
Employer matching contribution paid in 2021	(33,479,570)
Participant contribution paid in 2021	(2,780)
Net income per the Form 5500	<u>\$ 154,482,308</u>

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

World Wide Technology, LLC
Employee Salary Deferral Retirement Program

Notes to Financial Statements (continued)
(Modified Cash Basis)

7. Related-Party and Party-in-Interest Transactions

The Plan holds interest-bearing cash managed by Bank of America, N.A., the trustee of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

8. Tax Status

The underlying prototype plan has received an opinion letter from the IRS dated March 31, 2014 stating that the written form of the underlying prototype document is qualified under Section 401 of the Code. Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the Code, and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Subsequent Events

Management evaluated subsequent events for the Plan through October 10, 2022, the date these financial statements were available to be issued.
