REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Trustees of the
Alside Retirement Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit for the 2021 financial statements

We have performed an audit of the financial statements of Alside Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits – modified cash basis as of December 31, 2021, and the related statement of changes in net assets available for benefits – modified cash basis for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 financial statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion on the 2021 financial statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of matter – Basis of accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of management for the 2021 financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the 2021 financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matters

2021 supplemental schedules required by ERISA

The supplemental schedules of assets (held at end of year) (modified cash basis) as of December 31, 2021 and reportable transactions (modified cash basis) for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the 2021 supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and

other additional procedures in accordance with US GAAS. For information included in the 2021 supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the 2021 supplemental schedules, we evaluated whether the 2021 supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the 2021 supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the 2021 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's report on the 2020 financial statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Our report included an emphasis of matter paragraph that described the Plan's basis of accounting described in Note 2 of those financial statements.

Alside Retirement Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Alside Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and Participation

The Plan is a defined benefit plan that covers substantially all salaried employees and certain other groups of employees of Alside Division of Associated Materials LLC (the "Company" or "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

On November 30, 1998, the Plan was amended to state that benefit accruals were frozen and participation was frozen and no employees shall be eligible to enter the Plan after December 31, 1998. Accordingly, all participants became 100% vested. The Plan will continue to provide benefits which have already accrued. On March 5, 2010, the Plan was amended to state that special payment accruals for which a participant was or would have been entitled to were frozen effective April 1, 2010.

Contributions and Funding

Annually, an independent actuary is utilized to determine the Plan's funding requirements. The Plan's funding policy is for the Company to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. For the years ended December 31, 2021 and 2020, the minimum funding requirements were \$0 and \$761,504, respectively. In relation to the 2021 funding requirement, the Company funded a total of \$59,531, all of which represented an excess contribution. In relation to the 2020 funding requirement, the Company funded a total of \$1,133,531, of which \$372,027 represented an excess contribution.

Pension Benefits

Participants are entitled to a normal retirement benefit on attaining the age of 65. The normal monthly retirement benefits are calculated based on a formula of years of service and a percentage of average monthly earnings, both of which are subject to numerous adjustments as defined by the Plan. The normal form of benefit is a life annuity or joint and survivor for married participants. The Plan also provides for early retirement, disability retirement and pre-retirement spouse benefits for any participant who meets certain requirements.

Termination Provisions

The Company anticipates that the Plan will continue without interruption, but reserves the right to terminate the Plan or to discontinue contributions to the Plan. In the event the Plan is terminated, the Plan provides for the allocation of net assets up to the present value of accumulated plan benefits among the participants and pensioners. To the extent unfunded vested benefits exist, such benefits would be payable by the Pension Benefit Guaranty Corporation ("PBGC"), up to specified limitations, as described in ERISA, specifically in the order of 1) Benefits attributable to employee contributions - 2) Annuity benefits that former employees or beneficiaries have been receiving for at least three years - 3) Other vested benefits insured by PBGC - 4) All other vested benefits - 5) All non-vested benefits. To the extent that Plan net assets exceed benefits due participants and pensioners, and the Plan has met all legal requirements, remaining assets, net of applicable taxes, will revert back to the Company.

Alside Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

Benefits under the Plan are insured by the PBGC. Generally, the PBGC guarantees most vested normal retirement benefits, early retirement benefits and certain disability and survivor benefits. However, the PBGC does not guarantee all types of benefits under covered plans, and the amount of benefit protection is subject to certain limitations. The PBGC guarantees vested benefits at the level in effect on the date of plan termination. However, if benefits have been increased within the five years before plan termination, the benefit increase may not be guaranteed. In addition, there is a ceiling on the amount of monthly benefit that PBGC guarantees which is adjusted periodically.

Administrative Expenses

Trustee and investment fees are paid by the Plan. All other direct and indirect administrative expenses of the Plan are paid by the Company.

Death and Disability Benefits

A participant that has been married for at least one year, dies while actively employed or dies while inactive with a vested benefit prior to commencement of benefits is entitled for a death benefit to be paid to the spouse. The amount of the payment to be made is based on the participant's age at death, years of vesting service and beneficiaries' age in accordance with the Plan document. Non married participants are not entitled to death benefits unless it is a return of employee contributions to the Plan. A participant who has attained at least ten years of service and who has become permanently incapacitated, while accruing service shall be eligible to retire on a permanent incapacity retirement. Participants that meet the eligibility requirements of a permanent incapacity pension will receive a regular pension benefit as defined by the Plan.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on a modified cash basis of accounting as interest and dividend income, employer contributions, if any, and administrative expenses are recorded when received or paid versus when the revenue or expense has been incurred. The modified cash basis of accounting, which is permitted under the Department of Labor's Rules and Regulations for Reporting and Disclosure, is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America ("US GAAP").

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividends are recorded when received. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those estimated future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to services rendered by employees prior to December 31, 1998, the date that benefit accruals were frozen. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits for retired or terminated employees or

Alside Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

their beneficiaries are based on employees' compensation during their last five years of credited service. The accumulated plan benefits for active employees are based on their average compensation during the five years preceding December 31, 1998. Benefits payable under all circumstances, including retirement, death, disability, and termination of employment, are included, to the extent they are deemed attributable to employee service rendered prior to December 31, 1998.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation in fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

NOTE 3 - ACCUMULATED PLAN BENEFITS

Consulting actuaries from Hewitt Associates LLC (operating as Aon Hewitt) estimate the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The accumulated plan benefit information as of December 31, 2020 is as follows:

Actuarial present value of accumulated plan benefits:

Vested benefits:

Participants currently receiving payments	\$ 26,421,339
Other participants	18,755,134
	<hr/>
	45,176,473

Non-vested benefits	<hr/>
	337,205

Total actuarial present value of accumulated plan benefits	<hr/>
	\$ 45,513,678

Alside Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

Changes in accumulated plan benefits for the year ended December 31, 2020 are as follows:

Actuarial present value of accumulated plan benefits at December 31, 2019	\$ 44,953,544
Increase (decrease) during the year attributed to:	
Benefit payments	(2,923,288)
Interest accumulation	2,606,438
Actuarial assumption changes	1,039,918
Actuarial gains	<u>(162,934)</u>
Net increase	<u>560,134</u>
Actuarial present value of accumulated plan benefits at December 31, 2020	<u>\$ 45,513,678</u>

Significant assumptions underlying the actuarial computations are:

Discount rate	5.68% and 5.99% per annum for 2020 and 2019, respectively
Life expectancy	Pri-2012 Mortality table with MP-2019 projection scale for 2019 and the Pri-2012 Mortality Table with MP-2020 projection scale for 2020.
Weighted average retirement age	65 years of age, based on probability of retirement table

These actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The change in the mortality projection scale resulted in a decrease in accumulated plan benefits during the year ended December 31, 2020 of \$234,062. The change in discount rate resulted in an increase in accumulated plan benefits during the year ended December 31, 2020 of \$1,273,980.

NOTE 4 - SUMMARY OF FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE

State Street Bank and Trust Company ("Trustee") was the trustee of the Plan and held the Plan's investment assets and executed investment transactions as of and for the years ended December 31, 2021 and 2020.

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments, at fair value as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Interest and dividend income and net appreciation in fair value of investments on the statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2021.
- Schedule H, line 4j - schedule of reportable transactions for the year ended December 31, 2021.

Alside Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

The Plan's independent accountants did not perform any auditing procedures with respect to the certified information, except for comparing such information to the related information in the financial statements and supplemental schedules.

NOTE 5 - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and are supported by little or no market activity and that are significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

	Level 1	Level 2	Level 3	Total

Investments, at fair value	\$ 55,362,848	\$ -	\$ -	\$ 55,362,848

NOTE 6 - TAX STATUS OF THE PLAN

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated March 20, 2014, stating that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("Code"). The Plan has been amended since receiving the determination letter. The Plan Sponsor believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

The novel coronavirus ("COVID-19") outbreak continues as of the date of this report. There are many uncertainties related to the COVID-19 global pandemic that could negatively affect the Plan's statements of net assets available for benefits and statements of changes in net assets available for benefits. The Plan's individual investments fluctuate in response to changing market conditions, therefore the effect of the COVID-19 pandemic on its investment values in subsequent periods, if any, cannot be determined.

Valuation of Plan Assets

Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.

A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

Qualified Preretirement Survivor Annuity
Eligibility

Participants as of December 31, 1998 who have been married for at least one year.

Early retirement reductions apply only to deferred vested participants. This amount is then reduced by any predecessor plan pre-pension spouse coverage or surviving spouse benefit payable.

Surviving Spouse's Benefit
Eligibility

Fifteen years of continuous service.

Benefit

The greater of (1) and (2) below:

- (2) 50% of the regular pension benefit payable had the participant retired on the earlier of the date of his death or the last day of his continuous service. The benefit is not reduced for the cost of survivor annuity protection. This amount is offset by 50% of the widow's benefit provided under Social Security.

Definitions
Continuous Service

Service beginning with the employee's last reemployment date and ending with the severance from service date (adjusted as required for breaks in service).

Special Payment

A lump sum payment equal to 13 weeks of base pay. This amount is reduced by the number of weeks of vacation pay entitled to in the year of retirement. The vacation schedule is as follows:

Years of Service	Weeks of Vacation
1–6	2
7–19	3
20+	4

The resulting lump sum amount replaces the first three months of regular pension benefit payments.

Schedule SB Attachment (Form 5500)—2021 Plan Year
Alside Retirement Plan
EIN: 75-1872487 PN: 016

Furthermore, if the participant is a former participant under the USX plan, the payment is recalculated using 1984 base pay. This amount, which is payable by USX, is then subtracted from the payment amount based on current base pay. The end result is the amount payable by Alside.

The amount of the special payment was frozen April 1, 2010.

Regular Pension

Sum of (1) and (2) subject to (3) below:

- (1) The accrued benefit earned as of December 31, 1987.
- (2) 1.90% of average monthly earnings times years of continuous service from January 1, 1988 to December 31, 1998, less 0.65% of average monthly earnings not exceeding monthly covered compensation times years of continuous service from January 1, 1988 to December 31, 1998.
- (3) In no event, however, shall the 1988 annual accrual calculated under (2) above be less than 2% of average monthly earnings as of December 31, 1988 times continuous service from January 1, 1988 through December 31, 1988, offset by $1\frac{2}{3}\%$ of Social Security benefit times continuous service from January 1, 1988 through December 31, 1988.

Covered Compensation

The average of the maximum taxable wage bases for the 35 calendar years ending with the year in which individual attains Social Security retirement age. In determining an individual's covered compensation in any given year, the current year's wage base is assumed to remain constant in future years. Notwithstanding the above, covered compensation is determined as of December 31, 1998.

Average Monthly Earnings

The monthly average of the 60 highest consecutive calendar month periods of total earnings in the last 120 months prior to the earlier of January 1, 1999 and the participant's termination.

Employee Contributions

For plan years prior to January 1, 1999, each participant was required to contribute 1.5% of earnings per year. For plan year's starting January 1, 1999 and later, no contributions are required.

Due to software limitations with the electronic filing process, information filed electronically cannot be controlled by the Enrolled Actuary. The values on the signed Schedule SB will govern to the extent there are any differences in the entries filed electronically and the actual data contained on the signed Schedule SB.

Under the American Rescue Plan Act of 2021 (ARPA), the stabilized interest rates for certain purposes will be adjusted once the ARPA stabilization is applied. By default, this stabilization would have applied starting with the 2020 plan year.

This Schedule SB reflects stabilized 2021 minimum funding interest rates that are adjusted for ARPA. Via this filing, Associated Materials, LLC will irrevocably commit the Alside Retirement Plan to use of those rates for the 2021 plan year.

Schedule SB, line 24—Change in Actuarial Assumptions

The funding valuation reflects the following assumption changes:

- Change in the unlimited expected rate of return on assets from 5.99% to 5.68%.

This change was made to better reflect the anticipated plan experience. This assumption change did not reduce the funding shortfall; as such, approval of the Commissioner is not required.
