INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Southern Earth Sciences, Inc. 401(k) Plan
Mobile, Alabama

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Southern Earth Sciences, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (the 2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

NOTE 1 - PLAN DESCRIPTION

The following description of Southern Earth Sciences, Inc. (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering non-excluded employees of the Company who are 21 years of age or older. The employee can become a participant as of the first day of the quarter following the date on which he or she met the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Participants may elect to defer a portion of their eligible compensation to a 401(k) savings option, subject to certain limitations and exceptions. Participants direct the investment of their contributions into various investment options offered by the Plan. For each Plan year the Company may make a discretionary matching contribution for each eligible participant employed by it. Any eligible employee who has completed 1,000 hours of service and is contributing to the Plan is eligible to participate in Company matching funds. For the Plan year ended December 31, 2020, the Company matched 25% of the elective deferral percentage up to 5% for eligible employees. Effective April 1, 2021, the Company increased the matching contribution to 50% of the elective deferral percentage up to 5% for eligible employees.

Participant Accounts. Each participant's account is credited with the participant's contributions, any Company contributions made to the Plan on the participant's behalf, a proportionate share of the Plan's net gains, losses, and administrative expenses, and is charged with the participant's withdrawals. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions. Participants are vested in the employer contribution portion of their account balance on a graduated scale over a five-year period. Vesting occurs in equal increments in the first through fifth years of service at incremental rates of 20% per year.

Payment of Benefits. Payment of a participant's account balance is available upon death, disability or retirement. If employment terminates for reasons other than those listed above, the participant will be entitled to receive only the "vested percentage" of his account balance and the remainder of his account will be forfeited. Only employer discretionary contributions are subject to forfeiture.

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2021 AND 2020

NOTE 1 - PLAN DESCRIPTION (CONTINUED)

Participants are also able to make distribution elections at normal retirement age, fifty-nine and one-half (59 1/2), regardless of employment status. Funds may also be accessed prior to the date they become distributable by way of a financial hardship withdrawal. Hardship withdrawals are allowable in accordance with current Internal Revenue Service guidelines. In-service distributions were allowed up to \$100,000 during 2020 due to the CARES Act.

Notes Receivable from Participants. Participants may borrow a minimum of \$1,000 up to, the lesser of \$50,000 or 50% of, their vested account balance within guidelines established by the Plan's Trustees. Loans accrue interest at a commercially reasonable rate established by the Plan Administrator and are payable through payroll deductions over terms ranging up to 5 years. The repayment period may be extended to 10 years if the loan is issued for the purchase of a participant's primary residence.

Forfeited Accounts. As prescribed by the Plan, forfeited nonvested account balances are applied to administrative expenses with any remainder to be used to reduce future employer contributions payable under the Plan. The unused portion of forfeitures at December 31, 2021 and 2020 were \$6,182 and \$1,790, respectively. The amount forfeited for 2021 was \$4,325.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in accordance with U.S. generally accepted accounting principles (U.S. GAAP) requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 8 for discussion of fair value measurements.

SOUTHERN EARTH SCIENCES, INC.
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2021 AND 2020

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment valuation and income recognition (continued)

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investments allocated to deferred group annuity contracts are reported at contract value. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses. See Note 9 for discussion of deferred group annuity contracts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefits payable

Net assets available for benefits include benefits due to participants who have withdrawn from participation in the Plan as of December 31, 2021 and 2020. Benefits are recorded when paid.

Administrative expenses

Certain expenses for maintaining the Plan are paid by the Plan Sponsor. Fees related to the administration of benefit payments are included in benefits paid to participants. Investment related expenses are included in the net appreciation in fair value of investments. Fees related to notes receivable from participants are recorded as administrative expenses and are expensed as incurred.

Subsequent events

Subsequent events have been evaluated through October 10, 2022, which is the date the financial statements were available to be issued.

SOUTHERN EARTH SCIENCES, INC.
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2021 AND 2020

NOTE 3 - PLAN ADMINISTRATION

The general administration of the Plan and the responsibility for carrying out its provisions are placed with the Plan Administrator.

Effective January 2, 2020, Great-West Trust Company, LLC (the Trustee) was appointed by the Plan Administrator as the Plan Trustee responsible for investing and reinvesting the Plan's assets. The Company is responsible for maintaining accurate books and records with respect to its employees for purposes of administering the Plan.

LPL Financial Corporation and Global Retirement Partners, LLC serve as Investment Advisors (the Advisors) to the Plan. The Advisors are authorized to supervise and manage the Plan in accordance with the investment objectives of the Company. The Advisors' responsibilities also include advising individual participants regarding investment choices and objectives for their individual accounts.

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 5 - TAX STATUS

The Company has adopted a Non-Standardized Pre-Approved Profit Sharing/Money Purchase Plan with CODA which received an opinion letter from the Internal Revenue Service dated June 30, 2020, that stated that the Plan is acceptable under Code Section 401(a) and, therefore, the related trust is exempt from tax pursuant to Section 501(a) of the Internal Revenue Code (IRC). The Plan is required to operate in conformity with the IRC to maintain qualification. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The investments information included in the accompanying financial statements and the supplemental schedule, in total, including investments held at December 31, 2021 and 2020, and net appreciation in fair value of investments and interest and dividends, for the year ended December 31, 2021, obtained or derived from information supplied to the Plan Administrator by Great-West Trust Company, LLC is certified as complete and accurate.

NOTE 7 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	<u>2021</u>	<u>2020</u>
Net assets available for benefits per the financial statements	\$ 8,496,996	\$ 6,337,845
Employer contributions receivable	<u>-</u>	<u>(2,368)</u>
Net assets available for benefits per the Form 5500	<u>\$ 8,496,996</u>	<u>\$ 6,335,477</u>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the year ended December 31, 2021, to the net income per the Form 5500:

Net increase in net assets available for benefits on the financial statements	\$ 2,159,151
Employer contributions receivable - 2020	<u>2,368</u>
Net income per the Form 5500	<u>\$ 2,161,519</u>

NOTE 8 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts reported at contract value) in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

SOUTHERN EARTH SCIENCES, INC.
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2021 AND 2020

NOTE 8 - FAIR VALUE MEASUREMENTS (CONTINUED)

The authoritative literature for fair value measurements establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 are unobservable and inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Fair values of assets measured on a recurring basis at December 31, 2021 and 2020 are as follows:

	<u>Fair Value</u>	<u>Level 1</u>
<u>December 31, 2021</u>		
Mutual funds	\$ <u>7,620,844</u>	\$ <u>7,620,844</u>
	<u>Fair Value</u>	<u>Level 1</u>
<u>December 31, 2020</u>		
Mutual funds	\$ <u>5,628,550</u>	\$ <u>5,628,550</u>

Level 1 Fair Value Measurements

The fair values of mutual funds have been valued using a market approach and are based on the daily closing price as reported by the respective fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 9 - DEFERRED GROUP ANNUITY

The Great-West Investments Fixed Account is a fixed, deferred group annuity available to qualified retirement plans. It provides guaranteed protection of principal with a set rate of return. The guarantee in this contract is backed by Great-West Life & Annuity Insurance Company (GWL&A) and supported by its general account. Participants do not participate in the performance of the general account, but the investment performance of that portfolio supports the contract's minimum guaranteed interest rate (currently 1.65%), any additional amounts, and payout obligations. The interest rates are reviewed quarterly and are subject to change. The contract does not permit the insurance company to terminate the agreement under normal circumstances.

SOUTHERN EARTH SCIENCES, INC.
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2021 AND 2020

NOTE 9 - DEFERRED GROUP ANNUITY (CONTINUED)

The contract is subject to a market value adjustment if plan level events occur per conditions contained in the signed contract, which may result in a payout less than 100% of principal and interest credited. There are no penalties assessed by this stable value for benefit payments or other withdrawals taken by participants.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by GWL&A, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Company or other Company events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

SOUTHERN EARTH SCIENCES, INC.
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2021 AND 2020

NOTE 10 - PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds and deferred group annuity contracts managed by the Trustee and, therefore, these transactions qualify as party-in-interest transactions. The Trustee's fees paid by the Plan for the year ended December 31, 2021 were \$13,744.

The Advisors are fiduciaries because they give investment advice and, therefore, these transactions qualify as party-in-interest transactions. The Advisors' fees paid by the Plan for the year ended December 31, 2021 were \$24,511.

NOTE 11 - RISKS AND UNCERTAINTIES

The Plan provides for investments that are exposed to various risks, such as interest rate, credit, and market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities may occur in the near future and that changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 12 - CORONAVIRUS

The Plan's operations may be affected by the ongoing outbreak of the coronavirus disease, 2019 (COVID-19) which was declared a pandemic by the World Health Organization on March 11, 2020. The extent of the impact of COVID-19 on the Plan's operations and financial performance will depend on certain developments, including the duration and spread of the outbreak and impact on market values, all of which are uncertain and cannot be predicted.
