Independent Auditors' Report

To the Plan Administrator of the
401(k) Plan of Cosway Company, Inc.
Carson, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of the 401(k) Plan of Cosway Company, Inc. (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the 2021 financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the 401(k) Plan of Cosway Company, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Assets Held at End of Year at December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the

financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the 401(k) Plan of Cosway Company, Inc. As permitted by 29CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 7, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**401(k) Plan of
Cosway Company, Inc.
Notes to Financial Statements
December 31, 2021**

1. Description of Plan

General and Plan Administration

The following description of the 401(k) Plan of Cosway Company, Inc. (“the Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Cosway Company, Inc. (the “Company”) established the defined contribution plan effective January 1, 1996. The Plan covers all employees who have completed three months of service with 83.3 hours of service in each month, with no age requirement. Participation in the Plan is voluntary. The Plan is subject to the Employee Retirement Income Security Act of 1974 (“ERISA”). The Company is the sponsor and administrator of the Plan. Two officers of the Company act as trustees of the Plan (“Trustees”). Voya Retirement Insurance and Annuity Company (“Voya”) is the “Custodian” of the Plan. Voya holds and manages the Plan’s assets, which consist of registered investment companies and guaranteed interest accounts.

Effective January 1, 2021, the Plan was amended and restated based on an individually designed prototype volume submitter defined contribution plan that received an opinion letter from the Internal Revenue Service dated June 30, 2020. The Plan was amended and restated to conform to recent legislative and regulatory changes.

Setting Every Community Up for Retirement Enhancement Act

In December 2019, the Setting Every Community Up for Retirement Enhancement (SECURE) Act was signed into law. The SECURE Act includes provisions that allow for participation by part-time employees, increases the age of required minimum distributions to 72, and allows for distributions for the birth or adoption of a child, amongst other provisions. The Plan has not been amended to reflect any of these changes but must be amended by December 31, 2022 if these provisions are to be adopted.

Coronavirus Aid Relief and Economic Security Act

In response to the COVID-19 pandemic, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was enacted on March 27, 2020. The CARES Act, among other benefits, provides certain relief for retirement plan sponsors and their participants with respect to employer contributions, distributions and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to formally amending the Plan document. The Plan Administrator has not yet formally adopted these provisions; such amendments must be made by December 31, 2022.

Contributions

Participant contributions are based upon an elected percentage. The Plan allows participants to contribute, on a pre-tax basis, after-tax basis (“Roth”), an amount up to the lesser of the maximum prescribed amount, which is \$19,500 for 2021, or 100% of their eligible compensation under Section 401(k) of the Internal Revenue Code (the “Code”) and allows for “catch-up” contributions if a participant is age 50 or older. The maximum additional amount that may be deferred is \$6,500 in 2021.

Cosway Company, Inc.
Notes to Financial Statements
December 31, 2021**

1. Description of Plan (Continued)

Contributions (Continued)

Participants may also make rollover contributions of amounts received from other tax qualified retirement plans.

The Company's matching contribution is discretionary from year to year. For the year ended December 31, 2021, the matching contribution was 50% of the first 4% of total compensation, excluding any bonuses, per pay period, that a participant contributed. The Company, at the discretion of the Company's Board of Directors, may contribute additional profit sharing amounts. There were no discretionary profit sharing contributions for 2021.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions in any of the investment options managed by Voya Retirement Insurance and Annuity Company offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, an allocation of the Company's discretionary matching and profit sharing contributions, if any, and an allocation of the respective investment income or losses net of certain investment management fees. Allocations of Plan earnings are based on account balances, as defined.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contribution plus earnings thereon is also immediate. Vesting in the Company's discretionary profit sharing contribution plus earnings is based on years of continuous service as follows: twenty percent after two years of continuous service, forty percent after three years of continuous service, sixty percent after four years of continuous service, eighty percent after five years of continuous service, and fully vested after six years of continuous service.

Notes Receivable from Participants

The Plan allows for loans to participants. The loan must be for at least \$1,000 and cannot exceed the lesser of 50% of the participant's vested account or \$50,000. All loans are to be paid back over a period not to exceed five years, excluding loans to acquire the participant's principal residence, which may be paid back over fifteen years. Loans are secured by the balance in the participant's account and bear interest at a commercially reasonable rate of interest.

Payment of Benefits

Upon death, disability or termination of employment, a participant may elect to receive either a lump-sum cash payment in an amount equal to the vested value of his or her account, to convert the account

Payment of Benefits (Continued)

balance to annuities, to defer receiving their vested benefit or to receive payment in other forms as may be available under the Plan. If the vested account balance is less than \$5,000, only a lump-sum payment option is available.

As defined by the Plan, participants may take in-service disbursements from their account upon reaching age 59½ or normal retirement at age 65. Participant contributions and one-hundred percent vested employer accounts may also be withdrawn for immediate and financial hardships prior to attainment of age 59½; however, participants will be taxed on amounts withdrawn. In addition, a participant is required to receive a Required Minimum Distribution no later than April 1 of the calendar year following the calendar year in which a participant turns 72 years of age.

Hardship Withdrawals

Participants may receive hardship withdrawals against their account balance for immediate and heavy financial needs such as unreimbursed medical expenses, the purchase of a principal residence, certain principal residence repair, to prevent eviction or foreclosure on their personal residence, pay for post-secondary education expenses or for payment of funeral expenses for certain family members.

Forfeitures

A participant's non-vested balance is forfeited at the time of termination of employment. All forfeitures may be used to pay certain Plan expenses or may be reallocated to Plan participants. No forfeitures were used during the year ended December 31, 2021, and there were no forfeited non-vested account balances at December 31, 2021 and 2020.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared under the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting periods. Actual results could differ from those estimates.

**401(k) Plan of
Cosway Company, Inc.
Notes to Financial Statements
December 31, 2021**

2. Summary of Significant Accounting Policies (Continued)

Concentration of Credit Risk

The Plan's investments include bank-administered and registered investment company mutual funds that represent obligations by the counterparties to meet the terms of the financial instruments. Should one or more of the counterparties default, the Plan might lose amounts up to the recorded carrying value of the related instruments.

Risks and Uncertainties

The Custodian holds all Plan investments. The Plan provides for various investment options in mutual funds and other securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Subsequent to year-end, there has been a significant volatility in all major stock market indexes. Although there is no certainty as to the long-term impact of this crisis, the fair value of the assets held by the Plan may be significantly less than reported at December 31, 2021.

Investment Valuation and Income Recognition

Investments are stated at fair value. Pooled separate accounts are valued based on the net asset value of the underlying fund shares held by the Plan at year-end and shares of registered investment companies are based on readily available quoted market prices. Investments in guaranteed interest accounts are not considered fully-benefit-responsive and are valued at fair value, which represents contributions made, plus interest at the contract rate, less participant withdrawals or administrative expenses charged by the insurance company.

Purchases and sales of investments are recorded on a trade-date basis. The average-cost method is used in determining the cost of securities sold. Interest income is accrued as earned. Dividend income is accrued as of the ex-dividend date. The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses, and the unrealized appreciation (depreciation) on those investments.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal amount plus any accrued but unpaid interest. Delinquent participant loans are reclassified as deemed distributions in accordance with the provisions of the Plan.

**401(k) Plan of
Cosway Company, Inc.
Notes to Financial Statements
December 31, 2021**

2. Summary of Significant Accounting Policies (Continued)

Contributions

Participant contributions are recorded in the year withheld from earnings of the Plan participants. Company contributions are recorded in the year in which they become obligations of the Company.

Benefit Payments

Benefits are recorded when paid.

Investment Management Fees and Operating Expenses

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from the income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in the fair value of investments.

Administrative Expenses

The Company pays certain administrative expenses of the Plan (Note 7), while other expenses including loan-related fees are paid out of the Plan (\$7,127 in 2021). Other management fees and transaction costs associated with the investment options are included by the custodian in net appreciation in fair value of investments.

3. Information Certified by Voya Retirement Insurance and Annuity Company

Voya certified the following information to be complete and accurate within the meaning of CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA:

<i>December 31,</i>	2021	2020
Investments, at fair value:

3. Information Certified by Voya Retirement Insurance and Annuity Company (Continued)

The following Plan income was also certified by the Plan's Custodian:

<i>Year Ended December 31,</i>	<i>2021</i>
Interest on notes receivable from participants	\$ 20,243
Net investment income:	
Interest on guaranteed accounts	\$ 36,069
Net appreciation in fair value of investments	1,889,872
Net investment income	\$ 1,925,941

Voya also certified all amounts enumerated in the Supplemental Schedule of Assets (Held at End of Year) at December 31, 2021.

4. Fair Value Measurements

Authoritative guidance establishes a framework for measuring fair value and defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The guidance also establishes a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Under the guidance, the three levels of inputs that may be used to measure fair value are:

Level 1: Quoted prices for identical assets or liabilities in active markets.

Level 2: Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation

There were no transfers between Level 1 and Level 2 during the year.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

**401(k) Plan of
Cosway Company, Inc.
Notes to Financial Statements
December 31, 2021**

4. Fair Value Measurements (Continued)

Pooled separate accounts: Valued at the net asset value, which is calculated based on the publicized value of the underlying shares held by the Plan at year-end, net of investment management fees.

Money market accounts: Valued at cost, which approximates fair value.

Guaranteed interest accounts: Valued at fair value, which represents contributions made, plus interest at the contract rate, less participant withdrawals and administrative expenses charged by the insurance company.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Guaranteed interest accounts	\$ -	\$ 3,778,675	\$ -	\$ 3,778,675
Investments measured at net asset value	-	-	-	14,816,310
Total assets at fair value	\$ -	\$ 3,778,675	\$ -	\$ 18,594,985
Assets at Fair Value as of December 31, 2020				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Guaranteed interest accounts	\$ -	\$ 2,811,422	\$ -	\$ 2,811,422
Investments measured at net asset value	-	-	-	14,219,280
Total assets at fair value	\$ -	\$ 2,811,422	\$ -	\$ 17,030,702

Under authoritative guidance, investments measured at net asset value, as the practical expedient, are not required to be classified within the fair value hierarchy; therefore, investments in pooled separate accounts have been excluded from the level classification in the tables above but are included for purpose of reconciling to net assets available at December 31, 2021 and 2020.

**401(k) Plan of
Cosway Company, Inc.
Notes to Financial Statements
December 31, 2021**

5. Tax Status

Effective January 1, 2021, the Plan was amended and restated based on an individually designed prototype volume submitter defined contribution plan that received an opinion letter from the Internal Revenue Service dated June 30, 2020. Although the Plan has not yet filed for its own determination letter, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and is therefore tax exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

6. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and the net assets of the Plan will be allocated among the participants in accordance with the terms of the Plan and ERISA.

7. Party-in-Interest Transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Certain Plan investments are shares of mutual funds managed by Voya. The Plan issues loans to participants, which are secured by the balances in the participant's accounts. The Company paid certain administrative costs on behalf of the Plan, including recordkeeping and audit fees that totaled approximately \$42,000 for the year ended December 31, 2021. Such transactions are party-in-interest transactions for which a statutory exemption exists.

8. Excess Participant Contributions Payable

The Plan failed its discrimination testing for the year ended December 31, 2021. Excess participant contributions amounting to \$43,290 is recorded as corrective distributions in the statement of changes in net assets available for benefits.

8. Excess Participant Contributions Payable (Continued)

The Plan failed its discrimination testing for the years ended December 31, 2019, 2018 and 2017. Excess participant contributions for the years ended December 31, 2019, 2018 and 2017 amounted to \$43,303, \$21,622 and \$18,376, respectively.

The Plan refunded \$12,447 of the 2017 excess contribution in January 2019, \$25,025 of the 2019 contribution in March 2020, \$12,543 of the 2017 and 2019 contribution in October 2021, and intends to reimburse the remaining balances from 2017 to 2019 totaling \$33,286 before the end of 2022. Total excess contributions to be refunded to participants as of December 31, 2021 and 2020, amounted to \$76,576 and \$80,824, respectively, and are included in liabilities in the statements of net assets available for benefits.

9. Subsequent Events

Other than as disclosed in Note 2 (Risk and Uncertainties), the Plan had no other subsequent events to report. In providing the disclosure contained in this note, the Plan evaluated events occurring between the end of its most recent plan year-end and October 3, 2022, the date the accompanying financial statements became available to be issued.
