INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
the W.S. Darley & Co. Employee's Profit Sharing 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of W.S. Darley & Co. Employee's Profit Sharing 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021 and for the year then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

W. S. Darley & Co. Employee's Profit Sharing 401(k) Plan

Notes to Financial Statements

Years Ended December 31, 2021 and 2020

1. Description of Plan

The following description of the W. S. Darley & Co. Employee's Profit Sharing 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a discretionary contribution plan with compensation deferral features covering all full time employees of W. S. Darley & Co. (the Company) exclusive of employees covered by the collective bargaining agreement (union employees), employees of Ohler division (Iowa) prior to July 2019 and employees who are nonresident aliens and who do not receive any U.S. source income from the Company. To participate in the Plan, employees must have completed ninety days of service and be age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was enacted by Congress. The Company adopted some of the provisions outlined in the CARES act as follows: 1) eligible participants impacted by the COVID-19 pandemic may request a penalty-free special distribution up to \$100,000; 2) taxes on this special distribution can be spread over a three-year period for income tax purposes or avoided if the distribution is repaid within the three-year period following the distribution; 3) eligible participants may suspend loan repayments due between March 27, 2020 and December 31, 2020 for up to one year, although interest will accrue during this temporary forbearance; and 4) temporarily waive the required minimum distributions (RMDs) for 2020, except upon participant request and in cases where a participant's first required minimum distribution was for 2019 and was deferred until 2020. The Plan has not yet been formally amended for the adoption of these provisions.

Effective January 1, 2021, Fireboy-Xintex LLC became a participating employer of the Plan. The Plan was amended and restated September 30, 2021, to include new provisions and changes to the IRC. Additionally, the amendment removed Fireboy-Xintex, LLC as an eligible employer.

2. Contributions

Participants may contribute up to 100% of annual compensation up to the maximum amount allowed by the Internal Revenue Code (IRC), as defined in the Plan. Participants age 50 or older are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover).

The Company may, at its discretion, make matching contributions on behalf of all eligible employees based on a participant's contribution. An employee must have one year of 1,000 hours of service to receive employer matching contributions. For the year ended December 31, 2021, the Company made a matching contribution equal to 25% of the first 5% of compensation deferrals the employee makes to the Plan, determined each pay period. Total employer match contributions for the year ended December 31, 2021 totaled \$151,336.

Notes to Financial Statements (continued)

1. Description of Plan (continued)

2. Contributions (continued)

The Company may also, at its discretion, make a profit sharing contribution to the Plan at year-end on behalf of all eligible employees. An employee must have one year of 1,000 hours of service and worked more than 500 hours during the current Plan year, to receive a contribution. For the year ended December 31, 2021, the profit sharing contribution totaled \$1,239,767 and was calculated as follows:

- 7.5% of gross earnings up to the maximum compensation limit of \$290,000.
- An additional 5.7% of gross earnings between the maximum social security limit of \$142,800, and the maximum compensation limit.

3. Participant Accounts and Administration

Under the terms of the Plan agreement, the trustee invests contributions in several investment funds as specified by the participants. The trustee maintains a separate account in the name of each participant and allocates investment income to the accounts on a daily basis. Each participant's account is credited with the participant's contribution, an allocation of the Company's matching and discretionary contributions and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The plan administrator authorizes all withdrawals of Plan assets and is responsible for the general administration of the Plan and compliance with its provisions. The costs of administering the Plan are borne by either the Company or the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of service, as defined. A participant is 100% vested after six years of credited service in the Company's matching and discretionary contributions portion of their account. Participants become fully vested in the event of death, disability or attainment of normal retirement age.

5. Forfeited Accounts

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$68,542 and \$108,450 respectively. These amounts will be used to pay Plan expenses or allocated to all participants that are eligible to share in profit sharing contributions. In 2021, \$108,450 was used to reduce profit sharing contributions.

6. Payment of Benefits

Participants may receive all or a portion of their vested account balance if they terminate employment, become disabled, reach age 59-1/2 or on account of financial hardship, as defined in the IRC.

W. S. Darley & Co. Employee's Profit Sharing 401(k) Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

6. Payment of Benefits (continued)

Upon termination due to other reasons, participants are eligible to receive an amount equal to the vested value of their accounts. A participant may elect a lump-sum distribution in cash or roll the vested balance into an individual retirement account ("IRA") or qualified plan. Vested account balances that do not exceed \$1,000 are distributed directly to the participant in cash. For vested account balances greater than \$1,000 and less than \$5,000, if a participant does not submit the election form, the vested balance is automatically rolled into an IRA set up in the participant's name.

Benefits may be paid in the form of a lump sum, partial payments, or installment payments. Distributions can be in cash or in-kind. The Plan allows for hardship withdrawals from a participant's elective deferral account.

7. Notes Receivable From Participants

Loans are available to participants for the lesser of \$50,000 or 50% of their vested account balance. The minimum loan is \$1,000. Loan terms range from one to five years or longer for the purchase of a primary residence. The loans bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions over a maximum 5 year period unless used for the purchase of a principal residence, in which case, the plan administrator may permit a longer repayment term.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition

Investments are reported at fair value or net asset value as a practical expedient for fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

W. S. Darley & Co. Employee's Profit Sharing 401(k) Plan

Notes to Financial Statements (continued)

2. Summary of Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Participant Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRC are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 excess contributions to the applicable participant in 2021.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of benefit payments and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 11, 2022, the date which the financial statements were available to be issued, and has determined that, there are no subsequent events that require disclosure under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 855 Subsequent Events.

Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

W. S. Darley & Co. Employee's Profit Sharing 401(k) Plan

Notes to Financial Statements (continued)

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include the following:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds: Mutual funds are valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Fund: Common collective trust funds are valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investment held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

W. S. Darley & Co. Employee's Profit Sharing 401(k) Plan

Notes to Financial Statements (continued)

3. Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Fair Value Hierarchy:				
Mutual funds	\$38,310,652	\$ -	\$ -	\$ 38,310,652
Total assets in the fair value hierarchy	\$38,310,652	\$ -	\$ -	38,310,652
Investments measured at NAV practical expedient: Collective trust fund (a)				4,636,323
Total participant-directed investments at fair value				\$42,946,975
	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Fair Value Hierarchy:				
Mutual funds	\$ 30,772,875	\$ -	\$ -	\$ 30,772,875
Total assets in the fair value hierarchy	\$30,772,875	\$ -	\$ -	30,772,875
Investments measured at NAV practical expedient: Collective trust fund (a)				6,796,543
Total participant-directed investments at fair value				\$37,569,418

(a) In accordance with subtopic 820 - 10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

During the years ended December 31, 2021 and 2020, there were no transfers between the levels of the fair value hierarchy.

Notes to Financial Statements (continued)

The following tables set forth summaries of the Plan's investments with a reported NAV per share at December 31, 2021 and 2020, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investment	Fair Value	Unfunded Commitments	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Collective trust fund	\$ 4,636,323	\$ -	Daily	None	12 Months

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

W. S. Darley & Co. Employee's Profit Sharing 401(k) Plan

Notes to Financial Statements (continued)

8. Tax Status

The Plan has adopted a volume submitter plan (VSP) which received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the VSP is designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain tax positions taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

9. Party-In-Interest Transactions

Bank of America is the trustee as defined by the Plan. Any fees paid to them for investment management and administrative services qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. In addition, the Plan made direct payments to the trustee of \$91,482, which was not covered by revenue sharing.

Certain employees of the Company act as a fiduciary of the Plan and are responsible for the administration of the Plan. The employees are compensated by the Company and do not receive any compensation from the Plan. Notes receivable from participants are also party-in-interest transactions.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.
