INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
EnterpriseDB Corporation 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of EnterpriseDB Corporation 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of EnterpriseDB Corporation 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about EnterpriseDB Corporation 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of EnterpriseDB Corporation 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about EnterpriseDB Corporation 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of EnterpriseDB Corporation 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 7, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

ENTERPRISEDB CORPORATION 401(k) PLAN NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of EnterpriseDB Corporation 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General –

The Plan is a defined contribution plan covering substantially all employees of EnterpriseDB Corporation (the Company) as defined in the Plan agreement, who are at least age 21. The Plan is subject to the provisions of the Internal Revenue Code of 1986, as amended (the Code) and the Employee Retirement Income Security Act of 1974 (ERISA). Plan management determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions –

Each year, participants may contribute up to 90% of their eligible compensation, as defined in the Plan agreement, subject to the maximum amount allowed by the Code. Prior to July 1, 2021, only pre-tax contributions were permitted under the Plan. Effective July 1, 2021, the Plan was amended to allow for after-tax Roth contributions. Additionally, an eligible automatic contribution arrangement (EACA) was implemented effective October 1, 2021. Under the EACA, all newly eligible employees will be automatically enrolled in the Plan, unless they make an affirmative election not to participate in the Plan. Effective November 5, 2021, existing eligible employees without a deferral election or with a zero election on file will be automatically enrolled in the Plan, unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants will have their pre-tax deferral rate set at 3% of eligible compensation.

Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. With the approval of the plan administrator, participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

Effective July 1, 2021, the Plan was amended to allow for Company matching contributions at the discretion of the Board of Directors. For the Plan year ended December 31, 2021, there were no discretionary matching contributions made to the Plan.

The Company may also make discretionary nonelective contributions as determined by the Company. Participants must complete at least 501 hours of service during the Plan year or be employed as of the last day of the Plan year to be eligible to receive any nonelective contributions that may be made for that Plan year. Discretionary nonelective contributions are allocated based on the ratio of the participant's compensation to the compensation of all eligible participants. For the Plan years ended December 31, 2021 and 2020, there were no discretionary nonelective contributions made to the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts –

Each participant's account is credited with the participant's contributions, an allocation of the Company's discretionary matching contribution, the Company's discretionary nonelective contribution and actual earnings thereon. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (Continued)

Vesting –

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's discretionary matching and nonelective contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. Effective July 1, 2021, the vesting schedule for these contributions, plus actual earnings thereon, was amended as follows:

Prior to July 1, 2021:

Non-Elective Contributions	
Years of Service	Vesting Percentage
Less than 1 year	0%
1 year	25%
2 years	50%
3 years	75%
4 years	100%

Effective July 1, 2021:

Matching Contributions		Non-Elective Contributions	
Years of Service	Vesting Percentage	Years of Service	Vesting Percentage
Less than 1 year	0%	Less than 1 year	0%
1 year	50%	1 year	25%
2 years	100%	2 years	50%
		3 years	75%
		4 years	100%

Notes Receivable from Participants –

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are required to be repaid within five years unless the loan is to be used for the purchase of a primary residence in which case the note may be repaid within a period of no more than ten years. Participants may only have one outstanding loan at any time. The loans are secured by the balance in the participant's account and bear interest at a rate commensurable with the local prevailing rate, as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

1. DESCRIPTION OF PLAN (Continued)

Payment of Benefits –

Upon termination of service, retirement, disability or death, a participant may elect to receive a lump sum withdrawal equal to the value of the participant's vested interest in their account. A participant may withdraw from their rollover account at any time. A participant may also request an in-service withdrawal of all or any portion of their vested account balance upon attainment of age 59 ½. If a participant's account balance is greater than \$1,000 but equal to or less than \$5,000, the plan administrator can automatically rollover your entire vested account balance into a traditional individual retirement account (IRA). If a participant's account balance is less than \$1,000, the plan administrator can distribute the entire balance in a lump sum amount.

Hardship withdrawals are available from the participant's accounts, in order to meet a participant's immediate and heavy financial need, as defined in the Plan Document.

CARES Act –

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the Plan document. Plan management evaluated the relief provisions available to qualified plan participants under the CARES Act and implemented the following provisions:

- Special coronavirus related distribution (CRD) up to a maximum of \$100,000 per Plan participant, which may be repaid at any time during the 3-year period beginning on the day after the date on which such distribution was received. CRD's were only available until December 30, 2020.
- Deferral of loan repayments, at a participant's request, for amounts due between March 27, 2020 through December 31, 2020;
- Temporary increase in the maximum loan amount available to a participant to an amount equal to the lesser of (1) the present value of their vested account or (2) \$100,000. This provision only applied to new loans entered into between March 27, 2020 through September 23, 2020; and
- Suspension of required minimum distributions for the 2020 Plan year.

Forfeitures –

Forfeitures are used to pay Plan expenses or offset future Company contributions to the Plan. At December 31, 2021 and 2020, there were no unallocated forfeitures. For the Plan years ended December 31, 2021 and 2020, no forfeitures were used by the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting –

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates –

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition –

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and custodian.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants –

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent notes receivable from participants, if applicable, are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits –

Benefits are recorded when paid.

Administrative Expenses –

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Date of Management's Review –

The Plan has evaluated subsequent events through October 10, 2022, the date the financial statements were available to be issued. Effective April 21, 2022, the Plan was amended to comply with the legislative and regulatory changes set forth in Internal Revenue Service (IRS) Notice 2017-37.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds:

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value.

Assets at Fair Value as of December 31, 2021				
Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 13,754,547	\$ -	\$ -	\$ 13,754,547
Investments, at fair value	\$ 13,754,547	\$ -	\$ -	\$ 13,754,547

Assets at Fair Value as of December 31, 2020				
Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 10,144,269	\$ -	\$ -	\$ 10,144,269
Investments, at fair value	\$ 10,144,269	\$ -	\$ -	\$ 10,144,269

There were no transfers to or from Levels 1, 2, and 3 during the Plan years ended December 31, 2021 and 2020.

ENTERPRISEDB CORPORATION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

4. INFORMATION PREPARED AND CERTIFIED BY PLAN'S TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

6. TAX STATUS

The Plan had adopted a prototype plan and relied on the prototype plan's favorable opinion letter from the Internal Revenue Service dated March 31, 2014, in which the IRS stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since the date of the opinion letter. However, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained up on examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all Company contributions.

8. PROHIBITED TRANSACTIONS

Under U.S. Department of Labor Regulation Section 2510.3-102, Plan related salary deferrals and loan repayments withheld from employees' paychecks must be deposited into the Plan as soon as reasonably possible, but in no event later than the fifteenth business day of the month following the Company's withholding. When this regulation is not satisfied, the Company has engaged in a prohibited transaction. During the year ended December 31, 2020, the Company engaged in prohibited transactions by remitting certain deposits to the Plan after the required reporting period. The Company is in the process of taking corrective action related to all prohibited transactions for the identified late participant contributions.

ENTERPRISEDB CORPORATION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

9. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

10. ASSET TRANSFERS

In September 2020, EnterpriseDB Corporation completed an acquisition of 2nd Quadrant, Inc. As a result of the acquisition, all accounts from the 2nd Quadrant, Inc. 401(k) Plan were merged into the EnterpriseDB Corporation 401(k) Plan on July 1, 2021. For the Plan year ended December 31, 2021, \$445,372 is reflected as a transfer in on the Statements of Changes in Net Assets Available for Benefits.

11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to Form 5500:

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
EnterpriseDB Corporation 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of EnterpriseDB Corporation 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of EnterpriseDB Corporation 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about EnterpriseDB Corporation 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of EnterpriseDB Corporation 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about EnterpriseDB Corporation 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of EnterpriseDB Corporation 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 7, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

ENTERPRISEDB CORPORATION 401(k) PLAN NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of EnterpriseDB Corporation 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General –

The Plan is a defined contribution plan covering substantially all employees of EnterpriseDB Corporation (the Company) as defined in the Plan agreement, who are at least age 21. The Plan is subject to the provisions of the Internal Revenue Code of 1986, as amended (the Code) and the Employee Retirement Income Security Act of 1974 (ERISA). Plan management determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions –

Each year, participants may contribute up to 90% of their eligible compensation, as defined in the Plan agreement, subject to the maximum amount allowed by the Code. Prior to July 1, 2021, only pre-tax contributions were permitted under the Plan. Effective July 1, 2021, the Plan was amended to allow for after-tax Roth contributions. Additionally, an eligible automatic contribution arrangement (EACA) was implemented effective October 1, 2021. Under the EACA, all newly eligible employees will be automatically enrolled in the Plan, unless they make an affirmative election not to participate in the Plan. Effective November 5, 2021, existing eligible employees without a deferral election or with a zero election on file will be automatically enrolled in the Plan, unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants will have their pre-tax deferral rate set at 3% of eligible compensation.

Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. With the approval of the plan administrator, participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

Effective July 1, 2021, the Plan was amended to allow for Company matching contributions at the discretion of the Board of Directors. For the Plan year ended December 31, 2021, there were no discretionary matching contributions made to the Plan.

The Company may also make discretionary nonelective contributions as determined by the Company. Participants must complete at least 501 hours of service during the Plan year or be employed as of the last day of the Plan year to be eligible to receive any nonelective contributions that may be made for that Plan year. Discretionary nonelective contributions are allocated based on the ratio of the participant's compensation to the compensation of all eligible participants. For the Plan years ended December 31, 2021 and 2020, there were no discretionary nonelective contributions made to the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts –

Each participant's account is credited with the participant's contributions, an allocation of the Company's discretionary matching contribution, the Company's discretionary nonelective contribution and actual earnings thereon. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

ENTERPRISE DB CORPORATION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Vesting –

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's discretionary matching and nonelective contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. Effective July 1, 2021, the vesting schedule for these contributions, plus actual earnings thereon, was amended as follows:

Prior to July 1, 2021:

Non-Elective Contributions	
Years of Service	Vesting Percentage
Less than 1 year	0%
1 year	25%
2 years	50%
3 years	75%
4 years	100%

Effective July 1, 2021:

Matching Contributions		Non-Elective Contributions	
Years of Service	Vesting Percentage	Years of Service	Vesting Percentage
Less than 1 year	0%	Less than 1 year	0%
1 year	50%	1 year	25%
2 years	100%	2 years	50%
		3 years	75%
		4 years	100%

Notes Receivable from Participants –

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are required to be repaid within five years unless the loan is to be used for the purchase of a primary residence in which case the note may be repaid within a period of no more than ten years. Participants may only have one outstanding loan at any time. The loans are secured by the balance in the participant's account and bear interest at a rate commensurable with the local prevailing rate, as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

ENTERPRISEDB CORPORATION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Payment of Benefits –

Upon termination of service, retirement, disability or death, a participant may elect to receive a lump sum withdrawal equal to the value of the participant's vested interest in their account. A participant may withdraw from their rollover account at any time. A participant may also request an in-service withdrawal of all or any portion of their vested account balance upon attainment of age 59 ½. If a participant's account balance is greater than \$1,000 but equal to or less than \$5,000, the plan administrator can automatically rollover your entire vested account balance into a traditional individual retirement account (IRA). If a participant's account balance is less than \$1,000, the plan administrator can distribute the entire balance in a lump sum amount.

Hardship withdrawals are available from the participant's accounts, in order to meet a participant's immediate and heavy financial need, as defined in the Plan Document.

CARES Act –

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the Plan document. Plan management evaluated the relief provisions available to qualified plan participants under the CARES Act and implemented the following provisions:

- Special coronavirus related distribution (CRD) up to a maximum of \$100,000 per Plan participant, which may be repaid at any time during the 3-year period beginning on the day after the date on which such distribution was received. CRD's were only available until December 30, 2020.
- Deferral of loan repayments, at a participant's request, for amounts due between March 27, 2020 through December 31, 2020;
- Temporary increase in the maximum loan amount available to a participant to an amount equal to the lesser of (1) the present value of their vested account or (2) \$100,000. This provision only applied to new loans entered into between March 27, 2020 through September 23, 2020; and
- Suspension of required minimum distributions for the 2020 Plan year.

Forfeitures –

Forfeitures are used to pay Plan expenses or offset future Company contributions to the Plan. At December 31, 2021 and 2020, there were no unallocated forfeitures. For the Plan years ended December 31, 2021 and 2020, no forfeitures were used by the Plan.

ENTERPRISEDB CORPORATION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting –

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates –

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition –

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and custodian.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants –

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent notes receivable from participants, if applicable, are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits –

Benefits are recorded when paid.

Administrative Expenses –

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Date of Management's Review –

The Plan has evaluated subsequent events through October 10, 2022, the date the financial statements were available to be issued. Effective April 21, 2022, the Plan was amended to comply with the legislative and regulatory changes set forth in Internal Revenue Service (IRS) Notice 2017-37.

ENTERPRISE DB CORPORATION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds:

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value.

Assets at Fair Value as of December 31, 2021				
Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 13,754,547	\$ -	\$ -	\$ 13,754,547
Investments, at fair value	\$ 13,754,547	\$ -	\$ -	\$ 13,754,547
Assets at Fair Value as of December 31, 2020				
Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 10,144,269	\$ -	\$ -	\$ 10,144,269
Investments, at fair value	\$ 10,144,269	\$ -	\$ -	\$ 10,144,269

There were no transfers to or from Levels 1, 2, and 3 during the Plan years ended December 31, 2021 and 2020.

ENTERPRISEDB CORPORATION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

4. INFORMATION PREPARED AND CERTIFIED BY PLAN'S TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

6. TAX STATUS

The Plan had adopted a prototype plan and relied on the prototype plan's favorable opinion letter from the Internal Revenue Service dated March 31, 2014, in which the IRS stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since the date of the opinion letter. However, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained up on examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all Company contributions.

8. PROHIBITED TRANSACTIONS

Under U.S. Department of Labor Regulation Section 2510.3-102, Plan related salary deferrals and loan repayments withheld from employees' paychecks must be deposited into the Plan as soon as reasonably possible, but in no event later than the fifteenth business day of the month following the Company's withholding. When this regulation is not satisfied, the Company has engaged in a prohibited transaction. During the year ended December 31, 2020, the Company engaged in prohibited transactions by remitting certain deposits to the Plan after the required reporting period. The Company is in the process of taking corrective action related to all prohibited transactions for the identified late participant contributions.

ENTERPRISEDB CORPORATION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

9. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

10. ASSET TRANSFERS

In September 2020, EnterpriseDB Corporation completed an acquisition of 2nd Quadrant, Inc. As a result of the acquisition, all accounts from the 2nd Quadrant, Inc. 401(k) Plan were merged into the EnterpriseDB Corporation 401(k) Plan on July 1, 2021. For the Plan year ended December 31, 2021, \$445,372 is reflected as a transfer in on the Statements of Changes in Net Assets Available for Benefits.

11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to Form 5500:

	December 31,
