INDEPENDENT AUDITOR'S REPORT

To the Trustees of the
Mowery Clinic, LLC
401(k) Plan and Trust
Salina, Kansas

Opinion

We have audited the accompanying financial statements of Mowery Clinic, LLC 401(k) Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Mowery Clinic, LLC 401(k) Plan and Trust as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the year ended December 31, 2021, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Mowery Clinic, LLC 401(k) Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Mowery Clinic, LLC 401(k) Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Mowery Clinic, LLC 401(k) Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Mowery Clinic, LLC 401(k) Plan and Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020**

A. Description of Plan

The following description of the Mowery Clinic, LLC ("Company") 401(k) Plan and Trust ("Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. *General.* The Plan is a defined contribution plan covering employees of the Company who have completed one year of service with at least 1,000 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was established January 1, 1995, and restated January 1, 2015. The Plan is a K-Coe Isom Defined Contribution Volume Submitter Plan and Trust.
2. *Contributions.* Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants have two options for their investments. The first option the Plan offers is investments in mutual funds through the Plan Premier Fund lineup. The second option the Plan offers is self-directed Wells Fargo Brokerage account. Roth contributions are allowed. Contributions are subject to certain IRS limitations.
3. *Contributions - Company Match.* Effective January 1, 2020 the Company adopted a safe harbor match, by doing so it contributes 100 percent of the participant's contribution up to four percent of the employees' eligible compensation at the end of the year. Participants direct the investment of the company match into various investment options offered by the Plan.
4. *Contributions - Discretionary Profit Sharing.* Additional profit sharing amounts may be contributed at the option of the Company's board of directors and are invested in a portfolio of investments as directed by the employee. Contributions are subject to certain IRS limitations. The company made profit sharing contributions using a tiered formula which resulted in employees receiving a contribution equal to 5 percent of their eligible compensation plus 5 percent of their eligible compensation in excess of 80.01 percent of the social security wage base rounded to the next highest \$100. For the years ended December 31, 2021 and 2020, \$644,157 and \$679,629, respectively, were accrued for employer discretionary profit sharing.
5. *Participant Accounts.* Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All participant accounts are participant-directed, including any Company contribution.
6. *Default Investment.* If the participant fails to designate an investment option, the default investment fund will be the American Funds Target Retirement Date Funds based on the participant's date of birth.
7. *Vesting.* Participants are vested immediately in their contributions, and in all company contributions plus actual earnings thereon. A participant is 100 percent vested at all times.

**NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020**

A. Description of Plan (Cont'd.)

8. *Payment of Benefits.* On termination of service due to death, disability or retirement, a participant receives a lump-sum as provided in the Plan. Certain employees may be eligible to receive an in-service distribution. Any terminated participants with an account balance between \$1,000 and \$5,000 can be automatically paid out, without written consent, if their balance is not rolled into a qualified Individual Retirement Account. For terminations of service due to other reasons, a participant may receive the value in his or her account as a lump sum distribution.
9. *Rollovers.* As of January 1, 2015, the Plan will accept rollover contributions subject to approval by the Plan administrator
10. *Hardship Distributions.* The Plan does allow hardship distributions for certain situations.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Significant costs of plan administration are being absorbed by the Plan sponsor, Mowery Clinic, LLC, and are excluded from these financial statements. Certain expenses of maintaining the Plan are paid by the Plan. These expenses are prorated to each participant account balance, except for distribution fees, rollover fees, and divorce order split fees. These fees are passed on to the participant requesting the service and included in administrative expense. Any employee that elects the Wells Fargo self-directed investment option are charged additional investment fees. These fees are reported as self-directed management fees and are paid directly by the participant. These payments qualify as party-in-interest transactions. Investment related expenses are included in net appreciation of fair value of investments.

B. Summary of Significant Accounting Policies (Cont'd.)

Subsequent Events

The Plan has evaluated subsequent events through September 23, 2022, the date the financial statements were available to be issued.

C. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds, bonds, and common stocks that are valued on the basis of readily determinable market prices.

Managed futures/Hedge funds: Public offered limited partnerships engaged in speculative trading and diversified portfolio futures. Valued based on the net asset value per share, without further adjustment. Net asset value is based upon the fair value of the underlying investments.

D. Related-Party Transactions and Party-in-Interest Transactions

For party-in-interest transactions see Note B, *Expenses*. In addition, Plan investments are managed by Wells Fargo Advisors, LLC, and Capital Research and Management Co, Inc. (a subsidiary of American Funds). These organizations serve as the trustee and record-keeper for the Plan and, therefore, these transactions qualify as party in interest transactions. No related-party transactions were made.

E. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

F. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

G. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

H. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the additions per the financial statements for the year ended December 31, 2021, to Form 5500:

Total additions per the financial statements	\$ 6,867,859
Other employer contributions	<u>17,593</u>
Total additions per the Form 5500	<u><u>\$ 6,885,452</u></u>
