Bank of Ireland Group U.S. 401(k) Savings Plan

Financial Statements and Supplemental Schedule

Years Ended December 31, 2021 and 2020

WIPFLI

Independent Auditor's Report

To the Plan Administrator
Bank of Ireland Group U.S. 401(k) Savings Plan
The Governor and Company of the Bank of Ireland
Dublin, Ireland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Bank of Ireland Group U.S. 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Bank of Ireland Group U.S. 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bank of Ireland Group U.S. 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bank of Ireland Group U.S. 401(k) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bank of Ireland Group U.S. 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bank of Ireland Group U.S. 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Bank of Ireland Group U.S. 401(k) Savings Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 8, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Bank of Ireland Group U.S. 401(k) Savings Plan

Notes to Financial Statements

Note 1: Description of Plan

The following description of the Bank of Ireland Group U.S. 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which was adopted in 1996 and restated as of January 1, 2021. The Plan covers eligible employees, as defined, of The Governor and Company of the Bank of Ireland (the Employer and Plan Administrator) who elect to participate and are older than 20 years of age. There is no minimum service requirement for participants to make elective salary deferrals or to receive Safe Harbor matching contributions. Participants have to complete 500 hours of service in 6 consecutive months to qualify for discretionary employer contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Eligible employees may contribute to the Plan, through salary deferrals, a specified percentage of their compensation, as defined, up to a maximum dollar amount as prescribed by the Internal Revenue Service (IRS) regulations. Participants may designate all or part of their elective contributions as Roth contributions. Participants may also contribute funds from other qualified plans (rollover contributions) subject to certain requirements. The Employer's contributions are Safe Harbor matching amounts of 100% of the participant's first 3% of deferrals and 50% of the participant's next 2% of deferrals, but not in excess of 4% of the participant's compensation. In addition to the matching contribution, the Employer may also make additional discretionary contributions. There were no Employer discretionary contributions made in 2021 and 2020.

Vesting and Benefits

Participants are entitled to the vested portion of their participant account upon termination, death, disability, or retirement. All accounts, including salary deferrals, matching contributions, and discretionary contributions, are 100% vested immediately. A participant may elect to receive an in-service distribution from the Plan after attaining age 59½. Hardship withdrawals may be taken prior to attaining age 59½, upon demonstration of certain hardship events as defined in the Plan documents. A participant may elect to receive benefits in either a lump-sum payment or by a direct transfer to an annuity or another qualified plan. A participant may take a distribution of less than the entire vested account balance upon termination of employment.

Investment Options

Plan assets may be invested in various guaranteed interest accounts and pooled separate accounts pursuant to a group annuity contract with John Hancock Life Insurance Company. Plan contributions are allocated based upon a participant's selected options. Earnings are allocated based on the account balances in each fund.

Bank of Ireland Group U.S. 401(k) Savings Plan

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their accounts amounts not to exceed \$50,000 or 50% of their vested account balances. Loans are secured by the balance in the participant's account and must be repaid, with interest, over a period not to exceed five years, or up to thirty years, if the proceeds are used to purchase a principal residence. The interest rate on participant loans is commensurate with local prevailing rates. Principal and interest are repaid through payroll deductions. Interest rates on loans outstanding as of December 31, 2021 ranged from 5.25% to 7.50%.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the employer's contributions, and (b) plan earnings or losses and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Coronavirus Aid, Relief, and Economic Security Act

In March 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was enacted and signed into law. The CARES Act includes various provisions that temporarily ease rules around distributions and loans in 2020 for eligible plan participants in reaction to the economic conditions during the COVID-19 pandemic. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and reductions in net assets during the reporting period. Actual results could differ from those estimates.

Bank of Ireland Group U.S. 401(k) Savings Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Certain plan assets are measured at net asset value (NAV) which is used as a practical expedient to measure fair value. This practical expedient would not be used if it was determined to be probable that the funds would sell the investments for an amount different from the reported NAV. See Note 4 for fair value measurements.

Interest and dividend income is recorded on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Net realized and unrealized gain or loss on investments, as presented in the statements of changes in net assets available for benefits, includes the Plan's gains and losses on investments purchased and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent loans are treated as distributions pursuant to the terms of the Plan document.

Payment of Benefits

Benefits are reflected as a reduction in net assets available for benefits when paid

Administrative Expenses

Certain expenses of the Plan are paid directly by the Employer and are excluded from these financial statements. Investment related expenses are included in net realized and unrealized gain or loss on investments, as they are paid through revenue sharing, rather than a direct payment. Plan expenses, such as loan and distribution fees, are charged to individual participant accounts based on the participant's use of specific Plan features. Expenses of the Plan include administrative and investment fees, which are paid from Plan assets.

Bank of Ireland Group U.S. 401(k) Savings Plan

Notes to Financial Statements

Note 3: Investments

The Plan is a party to a group annuity contract with John Hancock Life Insurance Company under which all contributions are deposited to pooled separate accounts or guaranteed interest accounts with the insurance company.

Contributions to the guaranteed interest accounts are held in the John Hancock USA general account. These accounts guarantee the return of principal, plus compound interest earned over a defined 3-, 5- or 10-year term. Interest rates are established on the first day of each calendar month and apply to all regular ongoing contributions made to the guaranteed account in that month for all group annuity contract holders. At the end of each reporting year, a composite rate of interest is determined for each participant account, depending on the amounts contributed and the rate in effect on the day it is allocated under the participant account. The composite rate is the effective annual rate earned by all contributions to that guaranteed account during that reporting year for that participant. Contributions continue to earn interest based on the calculated composite interest rate for the duration of the guaranteed term. Composite rates for the guaranteed interest accounts ranged from 0.75% to 1.70% during the years ended December 31, 2021 and 2020.

The separate accounts consist of various investment options. The insurance company has title to all assets in the separate accounts. The Plan owns accumulation units in the various funds of the separate accounts.

Note 4: Fair Value Measurements

Various inputs may be used to determine the fair value of investments. These inputs are summarized into three broad levels for financial statement purposes: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of quoted prices for identical or similar assets in inactive markets, quoted prices for similar assets in active markets, observable inputs other than quoted prices or inputs derived principally from or corroborated by observable market data by correlation or other means; and Level 3 inputs consist of inputs to the valuation methodology that are unobservable and significant to the fair value measurement and have the lowest priority. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in valuation methodologies used at December 31, 2021 and 2020.

The guaranteed interest accounts are valued at fair value, which is determined by multiplying book value, which represents contributions made under the contract, plus earnings, less distributions and administrative expenses, by a formula that incorporates prevailing interest rates, as defined in the group annuity contract.

The pooled separate accounts are valued at the net asset value (NAV) of the units of participation in the accounts held by the Plan at year end as a practical expedient. The NAV is based on the fair value of the underlying investments held in the accounts. Each pooled separate account invests in a registered mutual fund with varying investment objectives. The units are valued daily and the unit values incorporate declared dividends, capital gain distributions and asset management charges. Participant transactions (issuances and redemptions) may occur daily at the latest NAV.

Note 4: Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets as of December 31, 2021 and 2020. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Guaranteed interest accounts	\$ -	\$ 77,635	\$ -	\$ 77,635
Total assets in the fair value hierarchy	\$ -	\$ 77,635	\$ -	\$ 77,635
Investments measured at net asset value *				32,471,318
Investment at fair value				\$ 32,548,953

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Guaranteed interest accounts	\$ -	\$ 114,556	\$ -	\$ 114,556
Total assets in the fair value hierarchy	\$ -	\$ 114,556	\$ -	\$ 114,556
Investments measured at net asset value *				29,737,373
Investment at fair value				\$ 29,851,929

* In accordance with current accounting standards, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The inputs or methodology used for valuing securities are not necessarily indicative of the risk associated with investing in those securities.

Notes to Financial Statements

Note 4: Fair Value Measurements (Continued)

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2021 and 2020. There are no participant redemption restrictions on these investments.

	Fair Value December 31, 2021	Fair Value December 31, 2020	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Pooled Separate Accounts:					
Asset allocation funds (a)	\$ 14,755,407	\$ 11,361,489	N/A	Daily	N/A
Fixed income funds (b)	3,459,356	3,376,060	N/A	Daily	N/A
Equity funds (c)	14,070,999	14,867,479	N/A	Daily	N/A
Balanced funds (d)	177,121	131,860	N/A	Daily	N/A
Other (e)	8,435	485	N/A	Daily	N/A
Total	\$ 32,471,318	\$ 29,737,373			

(a) Asset allocation funds are designed to seek returns based on the risk tolerance of the individual investor.

(b) Fixed income funds are seeking income or growth of income, with less emphasis on capital appreciation.

(c) Equity funds include large, mid and small cap growth and income funds both domestic and international and seek to provide opportunities for capital appreciation and dividend income while providing a diverse mix of options for participant asset allocation preferences.

(d) Balanced funds seek to balance growth of principal and current income by investing in a combination of stocks and bonds. The investment style used is either moderate allocation or conservative allocation.

(e) This specialty fund seeks to generally reflect the performance of the price of gold.

Note 5: Plan Termination

Although it has not expressed any intent to do so, the Employer has the right to terminate the Plan subject to the provisions of ERISA.

Note 6: Information Prepared and Certified by Custodian

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net realized and unrealized gain, interest and dividend income, and interest income on notes receivable from participants for the years ended December 31, 2021 and 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock Life Insurance Company, the Custodian of the Plan.

Bank of Ireland Group U.S. 401(k) Savings Plan

Notes to Financial Statements

Note 7: Party-in-Interest Transactions

The Plan investments are guaranteed interest accounts or units of pooled separate accounts managed by John Hancock Life Insurance Company or its affiliates. The fair value of these accounts at December 31, 2021 and 2020 was \$32,548,953 and \$29,851,929, respectively. Administrative fees paid to John Hancock Life Insurance Company for the years ended December 31, 2021 and 2020 were \$94,457 and \$79,497, respectively. John Hancock Life Insurance Company is the custodian of the Plan's assets in the group annuity contract; therefore, transactions within these accounts are deemed to be party-in-interest transactions. Fees incurred by the Plan for investment management services are netted against realized and unrealized gain or loss on investments, as they are paid through revenue sharing, rather than a direct payment. The Plan also has arrangements with various other service providers which qualify as party-in-interest transactions under ERISA. In addition, notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 8: Tax Status

Effective January 1, 2004, the employer adopted a non-standardized pre-approved profit sharing plan which was restated on January 1, 2021. The Internal Revenue Service issued an opinion letter on the restated plan, dated June 30, 2020, indicating it is in compliance with the applicable sections of the Internal Revenue Code. The letter stated, in part, that an employer who adopts this Plan will be considered to have a plan qualified under the Internal Revenue Code Section 401(a), provided the terms of the Plan are followed. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10: Subsequent Events

Management has evaluated subsequent events through October 5, 2022, the date when the financial statements were available to be issued.
