In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section -

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of The Integral Group, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Integral Group, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but it is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Integral Group, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Integral Group, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2021 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including

comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE INTEGRAL GROUP, LLC 401(K) PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Note 1 - Description of plan:

The following description of The Integral Group, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan sponsor is The Integral Group, LLC (Integral). The Plan is a defined contribution plan covering substantially all employees of Integral, Integral Development, LLC, Integral Youth and Family Project, LLC, Primary Code, Integral Property Management, LLC, and Third Rail Studios, LLC (collectively the Company, Plan Sponsor, or Plan Administrator). See Note 8.

The Plan's eligibility requirements are as follows: eligible employees must be at least 20 years of age and complete one month of service to enter the Plan. Eligible participants may enter the Plan on the first day of the month following attainment of eligibility requirements. The Plan Sponsor provides for safe-harbor matching contributions which are available to all participating employees. All employees of the Plan Sponsor are eligible to participate in the Plan with the exception of employees subject to collective bargaining, leased employees, and non-resident alien employees with no U.S. source income. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan amendments

The Plan Sponsor amended the Plan with an effective date of January 1, 2020. The amendment modified the definition of compensation to exclude "special small bonuses."

The Plan Sponsor adopted the provisions of the CARES Act in March 2020. The major provisions affecting the Plan that were adopted are as follows:

- The 10% penalty relating to distributions made before age 59 1/2 is not applicable for coronavirus-related distributions.
- Any coronavirus-related distributions may be repaid by participants within three years at the discretion of the participant. Repayment of these distributions will be treated as rollover contributions.
- The 20% withholding requirement is waived for coronavirus-related distributions.

December 31, 2021 and 2020

Note 1 - Description of plan - continued:

Plan amendments - continued

- The maximum loan amount for qualified loans is increased from the lesser of \$50,000 or 50% of the participant's vested account balance to the lesser of \$100,000 or 100% of the participant's vested balance. The modification of the loan provisions extended for 180 days after the adoption of the CARES Act amendment.
- For participants who meet the coronavirus-related distribution definition who have an outstanding loan balance on or after the enactment date and loan payments due from the date of enactment through December 31, 2020 may delay payments on those loans for one year. The five-year loan repayment limit period may be disregarded for the purposes of payment of any accrued and delayed loan interest payments.
- Required minimum distributions may be forgone for the 2020 Plan year.

Contributions

Employees are automatically enrolled in the Plan after attaining eligibility unless they elect otherwise. Automatically enrolled employees are enrolled at a 3% deferral rate unless they elect another deferral rate. Participants may elect to contribute amounts up to current Internal Revenue Service (IRS) limitations through payroll deductions. Participants who have attained age 50 before the end of the Plan year are permitted to make catch up contributions. The Company provides a safe-harbor employer matching contribution equal to 100% of each participant's contribution up to the first 3% of compensation and a 50% matching contribution for the next 2% of employee contributions up to a maximum of 5% of eligible compensation contributed, as defined. The Company also has the option to provide discretionary employer profit-sharing contributions, which are allocated to all eligible participants in accordance with the Plan document. The Company made no discretionary profit-sharing contributions for the 2021 Plan year.

The Plan also has a Roth contribution provision which gives participants the option of also contributing amounts to their individual Roth accounts which are maintained separately from pre-tax contributions. Roth contributions are matched at the same rate as pre-tax contributions as noted above.

Notes to Financial Statements - Continued

Note 1 - Description of plan - continued:

Contributions - continued

Participants may direct both employee and employer contributions to any of the Plan's fund options. Participants may change their investment options daily and their deferral elections monthly.

Participant accounts

Each participant's account is credited with the participant's contributions, the Company's safe-harbor matching contribution, an allocation of the Company's profit-sharing contribution, if any, Plan expenses, and Plan earnings.

Allocations of profit-sharing contributions are based on eligible compensation as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Forfeited accounts

As of December 31, 2021 and 2020, forfeited non-vested accounts totaled \$14,505 and \$12,281, respectively, and are included in the guaranteed investment contract investment. Forfeited non-vested accounts may be used to pay Plan expenses or reduce employer matching contributions. During the year ended December 31, 2021, no forfeitures were used to reduce employer contributions to the Plan or to pay Plan expenses.

Vesting

Participants are immediately vested in their voluntary contributions and Company safe-harbor matching contributions, plus actual earnings thereon. Participants vest in employer profit-sharing contributions in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	33%
2	66%
3	100%

Participants are immediately vested upon termination of the Plan, upon reaching the normal retirement age of 65, or upon disability or death while an employee of the Company.

THE INTEGRAL GROUP, LLC 401(K) PLAN

Notes to Financial Statements - Continued

December 31, 2021 and 2020

Note 1 - Description of plan - continued:

Payment of benefits

A participant is entitled to a distribution of the vested value of his or her account upon termination of service, disability, death, or retirement. Participants are required to take distributions as lump-sum payments, with the exception of required minimum distributions. In-service withdrawals of a participant's account are permitted at age 59 1/2 and in cases of proven financial hardship. If a participant's account balance is \$5,000 or less upon termination of service, a distribution of the participant's account will be made automatically in a single lump-sum cash distribution.

Notes receivable from participants

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note terms are for a maximum of five years. Participants may have two notes outstanding at any given time. Notes are secured by the participant's account and bear interest at the prime rate plus 1%. Principal and interest are paid ratably through payroll deductions. Participants may prepay their notes at any time.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Administrative expenses

Administrative expenses of the Plan are paid by either the Company or by the Plan, as determined by the Plan Sponsor. The Company pays a portion of administrative expenses of the Plan. Fees charged for processing notes receivable from participants, as well as other account transaction fees, are charged directly to the accounts of applicable participants. Total administrative fees paid by the Plan during the year ended December 31, 2021 totaled \$103,972.

THE INTEGRAL GROUP, LLC 401(K) PLAN

Notes to Financial Statements - Continued

December 31, 2021 and 2020

Note 2 - Summary of significant accounting policies:

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Guaranteed investment contract

The Plan has a guaranteed investment contract with Great-West, LLC (Great-West) that invests contributions in the Great-West Key Guaranteed Portfolio Fund. The Key Guaranteed Portfolio Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The crediting interest rate may not be less than 0%. The interest crediting rate is reset quarterly. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because it is the amount that would be received by participants if they were to initiate permitted transactions under the terms of the Plan.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Great-West Trust Company, LLC (Great-West) may impose a hold period at the contract level in the event of a full contract discontinuance or partial contract discontinuance. Generally, a 90 day notice is required by either party to discontinue the contract. Great-West may elect to defer payment of the contract for up to 12 months after the contract is discontinued.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include 1) amendments to the Plan document (including complete or partial Plan termination or merger with another plan), 2) changes to the Plan's prohibition on competing investment options, 3) bankruptcy of the Plan Sponsor or other events that cause a significant withdrawal from the Plan, or 4) failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Sponsor does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Notes to Financial Statements - Continued

December 31, 2021 and 2020

Note 2 - Summary of significant accounting policies - continued:

Investment valuation and income recognition

The Plan's mutual fund investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investments are valued at fair value based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 2 - Summary of significant accounting policies - continued:

Investment valuation and income recognition - continued

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

- Shares of registered investment company funds (mutual funds) are valued at the net asset value of shares held by the Plan at year-end by obtaining quoted prices on nationally recognized securities exchanges.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Sponsor believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2021 and 2020:

Fair Value Measurements at December 31, 2021

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds	<u>\$ 10,021,880</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 10,021,880</u>

			Total
Mutual funds	<u>\$ 9,026,431</u>	<u>\$ -</u>	<u>\$ -</u>
			<u>\$ 9,026,431</u>

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Payment of benefits

Benefits are recorded when paid.

Subsequent events

The Plan has evaluated subsequent events through October 12, 2022, which is the date these financial statements were available to be issued. All subsequent events, if any, requiring recognition as of December 31, 2021, have been incorporated into these financial statements.

Note 3 - Investments and information certified by the custodian:

Certain information related to investments and notes receivable from participants disclosed in the accompanying 2021 financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2021, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by the custodian, Great-West Trust Company, LLC.

For the 2020 plan year, the Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, all investment information disclosed in the accompanying 2020 financial statement, including investments held at December 31, 2020, was obtained or derived from information supplied to the Plan Administrator by the custodian, Great-West Trust Company, LLC.

Investments that represent 10% or more of the Plan's investments at December 31, 2021 and 2020 are as follows:

	<u>2021</u>	<u>2020</u>
American Funds 2020 Target Date Fund	*	\$ 1,201,123
American Funds 2025 Target Date Fund	\$ 1,478,690	\$ 1,270,845
American Funds 2030 Target Date Fund	\$ 1,979,154	\$ 1,593,504
American Funds 2035 Target Date Fund	\$ 1,594,345	\$ 1,424,878

* Indicates an investment that was less than 10% of the Plan's investments at December 31, 2021.

THE INTEGRAL GROUP, LLC 401(K) PLAN

Notes to Financial Statements - Continued

December 31, 2021 and 2020

Note 4 - Party-in-interest transactions:

The custodian and its affiliates perform services for the Plan, sell products to the Plan, and manage and maintain certain investments of the Plan for which fees are charged to the Plan. The Plan also has a third party administrator. The Plan pays a portion of administrative expenses while the Plan Sponsor pays the remainder of administrative expense. Such transactions, while considered party-in-interest transactions under ERISA, are specifically exempt from the prohibited transaction rules.

Note 5 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants' accounts will become fully vested.

Note 6 - Tax status:

The underlying prototype plan has received an opinion letter from the IRS dated June 30, 2020 stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC), and therefore, the related trust is tax-exempt. The Plan Administrator has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator has indicated that it will take the necessary steps to bring the Plan's operations into compliance with the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for Plan years prior to 2018.

Notes to Financial Statements - Continued

December 31, 2021 and 2020

Note 7 - Correction of operational issues:

For the 2021 Plan year, multiple delinquent contributions were identified that require corrective action. The Plan Sponsor is in the process of calculating lost earnings associated with the delinquent contributions and will deposit those monies into the Plan as soon as possible.

For the 2020 Plan year, multiple delinquent contributions were identified that require corrective action. The Plan Sponsor contributed lost earnings associated with the delinquent contributions into the Plan in April 2021 and allocated them to the accounts of affected participants.

Additionally, operational errors regarding administration of hardship distributions, enrollment of new participants into the Plan, and administration of participant loans were discovered. The Plan Sponsor consulted with its third party administrator and employer corrective contributions receivable, along with lost earnings on delinquent contributions noted above, were recorded in the statement of net assets available for benefits as of December 31, 2020. These amounts were contributed to the Plan in April 2021.

Note 8 - Subsequent event:

An amended and restated adoption agreement was executed by the Plan Sponsor with an effective date of January 1, 2022. The amended and restated adoption agreement was essentially the same as the previously existing adoption agreement with the following notable exceptions:

- Third Rail Studios, LLC was removed as a participating employer;
- Bonus compensation, commissions, and differential military pay were all removed from the definition of eligible compensation for contributions calculations;
- Match true-up became mandatory for each Plan year;
- The de minimis participant balance removal provisions were modified to require that participants terminating with a balance of at least \$1,000 but less than \$5,000 will have their balance rolled over to an Individual Retirement Account setup in the name of the participant. Additionally, participant rollover balances are no longer included when determining de minimis participant balances.
