Report of Independent Auditors

The Plan Administrator and Participants of
American Jewish University DC Retirement Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of American Jewish University DC Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of American Jewish University DC Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about American Jewish University DC Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of American Jewish University DC Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about American Jewish University DC Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of American Jewish University DC Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 8, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

American Jewish University DC Retirement Plan

Notes to Financial Statements

Note 1 – Description of the Plan

The following description of the American Jewish University DC Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan Documents, including the Summary Plan Description, for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution 403(b) plan which covers all employees of the American Jewish University (the “University”). Employees can join the Plan upon date of hire except for those part of certain excluded employee classifications. Employees become eligible to receive employer contributions upon completion of three months of service and one thousand hours worked during a plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan became effective on January 1, 1966, and was most recently amended on January 1, 2021.

Contributions – The University may make a discretionary contribution in an amount equal to a certain percentage (ranging from 4%–5%) of each participant’s annual compensation as defined by the Adoption Agreement. The discretionary employer contribution is allocated to participant accounts in accordance with the participant’s designated fund allocation. A participant may elect to contribute a fixed dollar amount up to their annual compensation, subject to IRS limitations, not to exceed \$19,500 for the year ended December 31, 2021. Participants who have attained the age of 50 by the plan year end may also make catch-up contributions of \$6,500 during the year ended December 31, 2021. There were no employer contributions for the 2021 plan year.

Participant accounts – Each participant’s account is credited with both the participant’s and the University’s contributions, and an allocation of plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

Vesting – Participants are immediately vested in both of the participant’s and the University’s contributions plus actual earnings thereon.

Investments – Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the price which plan participants would transact in the contract. See Notes 4 and 5, respectively, for discussion of fair value measurements and contract value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year. The fair value and contract value of these investments as of December 31, 2021 and 2020, is based on the values reported to the Plan by Teachers Insurance and Annuity Association and College Retirement Equities Fund (TIAA-CREF).

American Jewish University DC Retirement Plan

Notes to Financial Statements

Note 1 – Description of the Plan (continued)

Notes receivable from participants – A participant may borrow an amount against their account balance, up to a maximum of the lowest of:

- \$50,000
- 45% of the participant's combined TIAA-CREF annuities
- 90% of the participant's TIAA account balance (including variable annuities and mutual funds)

Loan terms range from one to five years, or longer for the purchase of a primary residence. These loans bear interest at a rate which is comparable to commercial lending institutions. Loans are secured by the participant's vested interest in the Plan. As of December 31, 2021, the rates of interest on outstanding participant loans were 4.25% with various maturities through August 2026. Principal and interest are paid through payroll deductions.

Loans provided by the Plan's custodian – Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 45% of their account balance subject to annuity contract and plan provisions. Loan terms range from one to five years in one year increments (up to 10 years for the purchase of the participant's primary residence). The loans are secured by the participants' TIAA Traditional Annuity account balances in an amount equal to 110% of the outstanding loan balances. Loans bear interest at rates that may be fixed or variable depending upon the Plan, annuity contract provisions, and state insurance regulations. Principal and interest are paid ratably by the participant to the custodian of the Plan, TIAA-CREF, and each payment will reduce amounts secured by the participant's TIAA Traditional Annuity accounts. The amount of such outstanding loans payable to TIAA was \$113,664 and \$140,636 at December 31, 2021 and 2020, respectively. Loans in default were \$67,545 on December 31, 2021.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), using the accrual method of accounting.

Use of estimates – The preparation of financial statements in accordance with U.S. GAAP requires management to use certain estimates and assumptions. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses during the reporting period. Although management believes its estimates are appropriate, changes in assumptions utilized in preparing such estimates could cause these estimates to change sometime in the future.

Payment of benefits – On termination of service, a participant may elect to receive a single lump-sum payment of the value of his or her account, equal installments or an annuity for a period not exceeding life expectancy. Benefits are recorded when paid. There were no benefit claims for participants separated from service that have not yet been paid as of December 31, 2021 and 2020.

American Jewish University DC Retirement Plan

Notes to Financial Statements

Note 2 – Summary of Significant Accounting Policies (continued)

Risks and uncertainties – The Plan invests in various investment securities at the direction of participants among investment options offered under the Plan. Investment securities are exposed to various risks, including but not limited to, changes in interest rates, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that values of the investment securities could decline in the near term and that such declines could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. Given recent volatility in the financial markets, it is reasonably possible that investment values could decline significantly in subsequent periods.

Administrative expenses – The Plan incurs fees and administrative costs, which are assessed by a third-party administrator. The University absorbs certain costs of the Plan, including professional fees.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Note 3 – Financial Information Certified by TIAA-CREF

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA and CREF, the custodians of the Plan, have certified to the completeness and accuracy of:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Net appreciation in fair value of investments, dividend income, and interest income as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Supplemental schedule of assets (held at end of year) at December 31, 2021.

Note 4 – Fair Value Measurements

The Plan implemented accounting standards which define fair value for those assets that are remeasured and reported at fair value at each reporting period. This standard establishes a single authoritative definition of fair value, sets out a framework for measuring fair value based on inputs used, and requires additional disclosures about fair value measurements. This standard applies to fair value measurements already required or permitted by existing standards.

American Jewish University DC Retirement Plan

Notes to Financial Statements

Note 4 – Fair Value Measurements (continued)

Fair values determined by Level 1 inputs utilize quoted prices (unadjusted) in active markets for identical assets. Fair values determined by Level 2 inputs utilize data points that are observable such as quoted prices, interest rates, and yield curves. Fair values determined by Level 3 inputs are unobservable data points for the asset and include situations where there is little, if any, market activity for the asset.

The following table discloses, by level, the fair value hierarchy of the Plan's assets at fair value as of December 31, 2021:

Investments at Fair Value at December 31, 2021				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 15,250,961	\$ -	\$ -	\$ 15,250,961
Pooled separate account	572,470	-	-	572,470
Group annuity contracts	-	-	3,336,594	3,336,594
Investments at fair value	<u>\$ 15,823,431</u>	<u>\$ -</u>	<u>\$ 3,336,594</u>	<u>\$ 19,160,025</u>

The following table discloses, by level, the fair value hierarchy of the Plan's assets at fair value as of December 31, 2020:

Investments at Fair Value at December 31, 2020				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 14,154,723	\$ -	\$ -	\$ 14,154,723
Pooled separate account	633,694	-	-	633,694
Group annuity contracts	-	-	3,224,815	3,224,815
Investments at fair value	<u>\$ 14,788,417</u>	<u>\$ -</u>	<u>\$ 3,224,815</u>	<u>\$ 18,013,232</u>

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

- *Registered investment companies* – Valued based on the quoted prices of the mutual fund at the closing of the last business day of the fiscal year.
- *Pooled separate accounts* – Valued at the daily closing price as reported by the fund. Shares are valued at quoted market prices which represent net asset value of shares held by the Plan at year end.
- *Group annuity contracts* – Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

American Jewish University DC Retirement Plan

Notes to Financial Statements

Note 4 – Fair Value Measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Quantitative Information About Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

Name	12/31/2020 Fair Value	12/31/2021 Fair Value	Valuation Technique	Significant Unobservable Inputs	Range of Input Values/ (Weighted Avg)
TIAA Traditional Annuity	\$ 3,145,668	\$ 3,162,114	Discounted cash flow	Risk-adjusted discount rate	RA - 3.00%–3.80%
TIAA Traditional Annuity	\$ 79,147	\$ 174,480	Discounted cash flow	Risk-adjusted discount rate	RC - 2.75%–3.90%

Note 5 – Guaranteed Investment Contract with TIAA

The Plan participated in fully benefit-responsive guaranteed investment contracts (GIC) with TIAA-CREF during the years ended December 31, 2021 and 2020. TIAA-CREF maintains the contributions in an annuity account. The account is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan Documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable of occurring.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3%. Such interest rates are reviewed biennially for resetting.

American Jewish University DC Retirement Plan

Notes to Financial Statements

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the University has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, the assets will be allocated to each participant in the proportion each account balance bears to the total of all account balances.

Note 7 – Tax Status

The Plan Document is a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service dated August 7, 2017, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since the date of the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Exempt Party-in-Interest Transactions

Certain investment instruments are managed by TIAA-CREF. TIAA-CREF is a custodian as defined by the Plan; therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included in administrative expenses as a deduction from net assets.

Note 9 – Subsequent Events

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through October 3, 2022, the date on which the financial statements were available to be issued.
