INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Arway Confections 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Arway Confections 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 1g to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical

requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan:

The following description of the Arway Confections 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. General:

The Plan is a defined contribution plan covering all employees of Arway Confections, Inc. (the Company) who have attained 18 years of age. An eligible employee will become a participant in the Plan on the first day of the month following the requirements having been met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's administrator oversees governance of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

b. Contributions:

Each year, participants may contribute a percentage or an amount of pretax annual compensation, as defined in the Plan document, and are permitted to modify the size of their contributions on the first day of each month. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

Discretionary matching contributions may be made on behalf of all active and terminated participants who made a pretax contribution to the Plan during the year and completed 12 consecutive months of service during which at least 1,000 hours were worked. The Company may also make discretionary profit sharing contributions on behalf of participants who have completed one year of service and who are employed on the last day of the Plan year. For the year ended December 31, 2021, the Company made no matching or profit sharing contributions.

The Plan currently offers various mutual funds and a common trust stable value fund as investment options for participants. The investment of participant, matching and profit sharing contributions into these investment options is determined by each participant. Contributions are subject to certain limitations.

c. Participant Accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings (losses) and charged with an allocation of any administrative expenses paid by the Plan.

Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan – continued:

d. Vesting:

Participants are immediately vested in their contributions plus/minus actual earnings (losses) thereon. Vesting in the Company's matching and profit sharing portions of their account is based on years of continuous service. A participant is 100% vested after six years of credited service.

As is more completely described in the Plan document, a participant also becomes 100% vested in the Company's matching and profit sharing portions of their account through attaining their normal retirement date, early retirement date, permanent disability or death.

e. Notes Receivable from Participants:

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at fixed rates equal to 1% over the prime rate in effect at the time the loan is made. Principal and interest is paid ratably through automatic payroll deductions.

f. Payment of Benefits:

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments in accordance with the Plan document. For termination of service due to other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution.

The Plan provides for hardship withdrawals from a participant's contribution account. The Internal Revenue Service (IRS) safe harbor definition of hardship will apply.

The Plan also provides for in-service distributions from a participant's contribution account. The participant must have attained the age of 59 1/2.

g. Plan Trustees:

Glenview State Bank (GSB) was the trustee of all Plan assets at the end of 2020 and Busey Bank was the trustee of all Plan assets at the end of 2021. In accordance with Regulation 2520.103-5 of the Department of Labor (DOL), the trustees have provided certified statements regarding the completeness and accuracy of the following investments and related income (loss).

Accordingly, the Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Therefore, as permitted under such election, the Plan administrator instructed the Plan’s

independent auditors not to perform any auditing procedures with respect to the information certified by GSB and Busey Bank, except for comparing such information certified by the trustees to information included in the Plan's financial statements and supplementary schedule. The following summarizes the unaudited (except to the extent discussed above) information certified by the Plan's trustees.

Investments, at fair value, as of December 31, 2021 and 2020, and investment income for the year ended December 31, 2021, as certified by the trustees:

	2021			2020
	Fair Value	Dividend Income	Net Change in Fair Value of Investments	Fair Value
Common trust stable value fund	$ 1,036,143	$ 13,987	$ -	$ 1,056,255
Mutual funds	5,835,708	332,272	630,377	4,754,878
	$ 6,871,851	$ 346,259	$ 630,377	$ 5,811,133

2. Summary of Significant Accounting Policies:

a. Date of Management's Review:

The Plan has evaluated subsequent events through October 7, 2022, which is the date the financial statements were available to be issued. See Note 12.

b. Basis of Accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

c. Use of Estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

2. Summary of Significant Accounting Policies – continued:

d. Cash:

The Plan periodically maintains cash in certain accounts insured by the Federal Deposit Insurance Corporation (FDIC). The insurance is currently limited to $250,000 per financial institution. During 2021, the accounts, at times, may have exceeded their insured limit; however, no losses have been incurred on the accounts.

e. Investment Valuation and Income Recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The administrator determines the Plan's valuation policies utilizing information provided by the investment trustee and advisor. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

f. Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2021 and 2020, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

g. Excess Contributions Payable:

Amounts payable to participants at December 31, 2021 totaling $36,615 for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding increase to benefits paid and payable to participants for 2021. The Plan distributed the 2021 excess contributions to the applicable participants prior to March 15, 2022. Excess contributions payable at December 31, 2020 were $47,233.

h. Payment of Benefits:

Benefits are recorded when paid, except as described in Note 2g.

2. Summary of Significant Accounting Policies – continued:

   i. Administrative Expenses:

   Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

3. Fair Value Measurements:

   The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no Plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

   Assets measured at fair value for the Plan are as follows:

   Mutual Funds

   The fair value of mutual funds is based on quoted net asset values (NAV) of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily NAV and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

   Common Trust Stable Value Fund

   The fair value of the common trust stable value fund is valued using the NAV, as provided by the administrator of the fund. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund (including guaranteed investment contracts issued by insurance companies, synthetic wrap contracts, and cash and cash equivalents), less its liabilities. The common trust stable value fund had no unfunded commitments as of December 31, 2021 and 2020, and can be redeemed daily with no redemption price notice period or other redemption restrictions.

   The following table presents the Plan's investments at fair value at December 31, 2021:

3. Fair Value Measurements – continued:

	Level 1	Level 2	Level 3	Totals
Mutual funds				$5,835,708
Common trust stable value fund				1,036,143
Total investments at fair value	$ -	$ -	$ -	$6,871,851

The following table presents the Plan's investments at fair value at December 31, 2020:

	Level 1	Level 2	Level 3	Totals
Mutual funds				$4,754,878
Common trust stable value fund				1,056,255
Total investments at fair value	$ -	$ -	$ -	$5,811,133

The Federated Capital Preservation Fund, a common trust stable value fund, and all mutual funds are measured at fair value using the NAV practical expedient as of December 31, 2021 and 2020 and, therefore, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to reconcile the fair value hierarchy table to the amounts presented in the statement of net assets available for benefits. The Federated Capital Preservation Fund has an objective of providing a high level of return that is consistent with also providing stability of investment return and preservation of capital. See Note 4.

Gains and losses (realized and unrealized) included in the statement of changes in net assets available for benefits for the year ended December 31, 2021 are reported in net appreciation in fair value of investments.

4. Common Trust Stable Value Fund:

The Plan's investment options include the Federated Capital Preservation Fund, a common trust stable value fund managed by Federated Investors, Inc. (Federated).

The Federated Capital Preservation Fund is credited (debited) with earnings (losses) on the underlying investments and charged for participant withdrawals and administrative expenses. The stable value fund issuer is contractually obligated to repay the principal and a specified interest rate

4. Common Trust Stable Value Fund – continued:

that is guaranteed to the Plan and is not permitted to terminate the agreement prior to the scheduled maturity date.

The Federated Capital Preservation Fund's NAV represents contributions made under the contract, plus/minus earnings (losses), less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at NAV.

Certain events would limit the Plan's ability to transact at contract value with Federated. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the common trust stable value fund issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

5. Party-in-Interest Transactions:

Transactions in the Plan's notes receivable from participants qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Certain employees of the Company provide administrative and trustee services to the Plan, but receive no compensation from the Plan for such services. Busey Bank and GSB, the trustees of the Plan’s assets, received $30,573 of direct compensation from the Plan in 2021.

6. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in the Company's matching and profit sharing portions of their accounts.

7. Tax Status:

The Plan as adopted is a prototype non-standardized profit sharing plan sponsored by Glenview State Bank. The sponsoring organization has received a determination letter dated March 31, 2014 covering the prototype Plan. A separate determination letter providing that the Arway Confections 401(k) Retirement Plan, as adopted, and the related trust are properly designed in accordance with applicable sections of the Internal Revenue Code has not been sought from the Internal Revenue Service.

7. Tax Status – continued:

Accounting principles generally accepted in the United States require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. For the year ended December 31, 2021, Plan management has determined that there were no material uncertain tax positions. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax years in progress. The Plan is no longer subject to tax examinations for years prior to 2018.

8. Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. See Note 12.

9. Investment Concentrations:

Each of the following investments represents 5% or more of the Plan's net assets as of December 31, 2021 and 2020:

	2021	2020
Mutual funds:		
Fidelity Select Technology Fund	$ 1,830,080	$ 1,614,509
Vanguard 500 Index Fund	620,020	343,192
Vanguard Health Care Fund	1,237,542	1,098,617
Vanguard Growth Index Fund	1,476,193	1,129,906
Common trust stable value fund:		
Federated Capital Preservation Fund	1,036,143	1,056,255

During 2021, the Plan's investments (including investments bought, sold, and held during the year) increased in value by $630,377, the entire amount of which was attributable to the Plan's mutual funds.

10. Reconciliation of Financial Statements to Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and 2020 to federal Form 5500:

10. Reconciliation of Financial Statements to Form 5500 – continued:

	2021	2020
Net assets available for benefits per the financial statements	$ 6,901,035	$ 5,843,268
Add back: amount accrued for excess contributions payable	-	47,233
Net assets available for benefits per Form 5500	$ 6,901,035	$ 5,890,501

The following is a reconciliation of benefits paid and payable to participants for the year ended December 31, 2021 per the financial statements to those reported per Form 5500:

Benefits paid and payable to participants per the financial statements	$ 129,269
Add: excess contributions payable at December 31, 2020	47,233
Less: excess contributions payable at December 31, 2021	(36,615)
Rounding	1
Benefits paid to participants per Form 5500	$ 139,888

11. Prohibited or Non-Exempt Transactions:

Pursuant to 29 CFR 2510.3-102 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, amounts paid by a Plan participant or withheld by an employer from a participant's wages for contribution to the Plan are Plan assets on the earliest date that they can reasonably be segregated from the employer's general assets. No violation of this regulation occurred during 2021.

12. Subsequent Events:

On January 1, 2022, most of the Plan assets were liquidated and the cash value was wired to Charles Schwab Trust Bank for reinvestment on January 3, 2022. The following three funds were transferred in-kind during the conversion process: Federated Hermes Capital Preservation Fund, Vanguard 500 Index Admiral, and Vanguard Small-Cap Index Admiral. Charles Schwab Trust Bank became the official custodian and trustee of Plan assets on January 3, 2022.
