Intergalactic, Inc. DBA Bookmans Retirement Plan
Tucson, Arizona

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Intergalactic, Inc. DBA Bookmans Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Intergalactic, Inc. DBA Bookmans Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Intergalactic, Inc. DBA Bookmans Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Intergalactic, Inc. DBA Bookmans Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Intergalactic, Inc. DBA Bookmans Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Intergalactic, Inc. DBA Bookmans Retirement Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. In our report dated July 26, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

INTERGALACTIC, INC. DBA BOOKMANS RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2021

1. Description of plan:

The following description of the Intergalactic, Inc. DBA Bookmans Retirement Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan was established January 1993, and has been amended several times since that date.

General:

The sponsor of the Plan is Intergalactic, Inc. dba Bookmans (Sponsor or Company). The Plan is a defined contribution plan which covers all employees of the Sponsor who have completed one year of service (defined as working 1,000 hours during a 12 month period) and who are at least 18 years of age. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA).

Participants' contributions:

Under the 401(k) provisions of the Plan, the participants can elect to defer up to 100% of their pretax compensation, subject to current statutory limits determined annually and prescribed by the Internal Revenue Service. In addition, the Plan also permits eligible participants to make additional voluntary Roth contributions and qualified rollovers from other retirement plans.

Employer contributions:

The employer may make discretionary profit-sharing contributions. Employees must be employed on the last day of the Plan year or complete at least 499 hours of service during the Plan year in order to receive a discretionary employer contribution. Employer contributions are invested in the same funds and increments as directed by the participant for the participant's contributions. There were no discretionary profit-sharing contributions made during the current Plan year.

Effective January 1, 2022, the Plan was amended to allow for a discretionary employer matching contribution.

Participant accounts:

Each participant's account is credited with the participant's elective deferral, employer and rollover contributions, actual earnings thereon, and charged with an allocation of administrative expenses. The basis for allocations is defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their total account, including elective deferral contributions, employer discretionary contributions and any rollover contributions made to the Plan, plus actual earnings thereon.

1. Description of plan (continued):

Investment options:

Upon enrollment in the Plan, a participant may direct contributions in any increments into any of several investment options. Participants may change their investment options at any time.

Participants' loans:

The Plan allows for participants to obtain loans from the Plan. All loans require written spousal consent, cannot exceed 50% of the vested portion of the participant's account (or \$50,000 if less), and must be a minimum of \$500. The loan must be repaid within five years and will provide for the repayment of interest at rates commensurate with local prevailing rates, as determined by the Plan Administrator, on the date of the loan. Principal and interest may be paid through payroll deduction. The participant's individual account serves as collateral for the loan. Loans will be considered in default if payments are not made for 90 days or if there is any outstanding principal remaining after the last scheduled repayment date. Upon default, death, disability or termination of employment, the entire outstanding principal and accrued interest shall be immediately due and payable. Because the participant's account collateralizes the loan in its entirety, the credit quality of the participant is not assessed by the Plan Administrator. Unpaid loans will be treated as a taxable distribution from the Plan.

For financial reporting purposes, participants' loans are included in the statement of net assets available for benefits as notes receivable from participants.

Payment of benefits:

On termination of service due to death, disability, retirement, or election at age 62, a participant whose vested account balance exceeds \$5,000 may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his/her account, or installments under a systematic withdrawal plan. Participants with account balances less than \$5,000 must take a lump sum distribution as soon as practicable following termination. The Plan requires mandatory distributions in excess of \$1,000 be automatically rolled over to an individual retirement account (IRA) established on behalf of participants who do not affirmatively consent to receive their distributions.

Hardship withdrawals:

If approved by the Plan Administrator, a participant may withdraw the vested portion of his/her individual account balance to satisfy any of the following immediate and heavy financial needs: unreimbursed medical expenses for qualified persons, purchase of a principal residence, to prevent eviction from or foreclosure on a principal residence, to pay for post-secondary education expenses for qualified persons, funeral or burial expenses for qualified persons, for expenses that qualify as a casualty deduction under the Internal Revenue Code (IRC), or expenses or losses incurred on account of a federally declared disaster. Prior to receiving a hardship withdrawal, a participant must first exhaust all other options.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation in fair value of investments includes both realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payments of benefits:

Benefits paid to participants are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid for by the Sponsor. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events:

The Plan has evaluated the events that have occurred subsequent to December 31, 2021 through October 10, 2022, the date that the financial statements were available to be issued. The Plan has no responsibility to update these financial statements for events and circumstances occurring after this date.

INTERGALACTIC, INC. DBA BOOKMANS RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED DECEMBER 31, 2021

3. Federal income tax status:

The Sponsor has adopted a prototype plan as published by Principal Life Insurance Company, who obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Sponsor believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets or active markets that the Plan does not have access to;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

4. Fair value measurements (continued):

At December 31, 2021, the fair value of assets measured on a recurring basis is as follows:

	<u>Fair value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments in the fair value hierarchy:				
Registered investment companies	\$ 5,188,052	\$ 5,188,052	\$ -	\$ -

	<u>\$ 6,758,716</u>	<u>\$ 5,188,052</u>	<u>\$ -</u>	<u>\$ -</u>

At December 31, 2020, the fair value of assets measured on a recurring basis is as follows:

	<u>Fair value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments in the fair value hierarchy:				
Registered investment companies	\$ 4,504,877	\$ 4,504,877	\$ -	\$ -

	<u>\$ 5,987,038</u>	<u>\$ 4,504,877</u>	<u>\$ -</u>	<u>\$ -</u>

- ^(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED DECEMBER 31, 2021

4. Fair value measurements (continued):

The following is a description of the valuation methodologies used for assets measured at fair value:

Registered investment companies: These funds are valued at the closing price reported in the active market in which the individual securities are traded.

Pooled separate accounts: These accounts' assets are invested and reinvested primarily in mutual funds, other pooled separate accounts, international stocks, fixed equities, short-term securities, and domestic stocks. Investments are valued using quoted market prices for similar assets in active or non-active markets. The fair value of the accounts has been estimated using their net asset value as a practical expedient. The net asset value of the accounts' shares is determined daily and includes adjustments for investment fees.

Common/collective trust fund: The Plan holds an investment in the Principal Stable Value Z Fund. The Principal Stable Value Z Fund is 100% invested in the Morley Stable Value Fund, which invests in conventional, synthetic and separate account investment contracts. The fund is valued at the net asset value of units of the trust. The net asset value is used as a practical expedient to estimate fair value. The net asset value of the trust's shares is determined daily and includes adjustments for investment fees.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured using the NAV per share practical expedient:

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020. If the Plan initiates a full redemption of the Principal Stable Value Z Fund, the issuer reserves the right to require 12 months written notification in order to ensure that securities liquidations will be carried out in an orderly business manner. Participant initiated withdrawals of the Principal Stable Value Z Fund are paid within 30-days after the Trustee of the Fund receives notice. There are no Plan redemption restrictions for the pooled separate accounts. The redemption notice periods in the table below is applicable only at the overall Plan level.

December 31, 2021	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Pooled separate accounts	\$ 1,326,770	\$ -	Daily	1 day
Common/collective trust	243,894	-	Daily	12 months

<u>December 31, 2020</u>	<u>Fair value</u>	<u>Unfunded commitments</u>	<u>Redemption frequency</u>	<u>Redemption notice period</u>
Pooled separate accounts	\$ 1,219,676	\$ -	Daily	1 day
Common/collective trust	262,485	-	Daily	12 months

5. Investments:

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, dividends and interest for the year ended December 31, 2021, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Principal Life Insurance Company and Principal Trust Company, collectively "Principal".

6. Related party and party in interest transactions:

Certain Plan investments are managed by Principal, the recordkeeper of the Plan. The Plan paid certain expenses to Principal and other service providers during 2021 related to plan administration and investment activity. These transactions qualify as exempt party in interest transactions under ERISA.

Expenses that are paid directly by the Sponsor are excluded from these financial statements. Employees of the Sponsor perform certain accounting and administrative functions for the Plan, however, no employee receives compensation from the Plan.

7. Plan termination:

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. Reconciliation of financial statements to Form 5500:

The following is a reconciliation of net investment income per the financial statements to Form 5500 for the year ended December 31, 2021:

Per the financial statements:

Net appreciation in fair value of investments	\$ 814,835
Dividends	<u>81,447</u>
	<u>\$ 896,282</u>

Per Form 5500:

Dividends	\$ 81,447
Net investment gain from common/collective trusts	3,910
Net investment gain from pooled separate accounts	168,443
Net investment gain from registered investment companies	<u>642,482</u>
	<u>\$ 896,282</u>

9. Risks and uncertainties:

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
