Independent Auditor's Report

October 11, 2022

Plan Administrator
Cell Phone Company Employee 401(k) Savings Plan
Sugar Land, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Cell Phone Company Employee 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions and maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2021 and supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 1, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

CELL PHONE COMPANY EMPLOYEE 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

Note 1 - Plan Description

The following description of the Cell Phone Company Employee 401(k) Savings Plan (the Plan) is provided for general information only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Prime Communications, L.P. (Plan Sponsor), and adopting employers Polaris - PC Management L.P., Sun Com Mobile, LLC, InLight Investment, LLC and Prime Comms Retail, LLC (collectively, the Employer) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was adopted by the Employer on May 1, 2019.

Prime Communications, L.P. is named as the plan administrator. Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Principal) serves as the trustee of the Plan. Prior to June 18, 2021, Wells Fargo Bank, N.A. (WFB) was the trustee of the Plan.

Eligibility

Participation in the Plan is available for eligible employees who are 18 years or older and who have been employed for 60 days. The Plan includes a savings feature designed to permit employees and the Employer to contribute to the Plan, as allowable under Section 401(k) of the Internal Revenue Code (IRC).

Contributions

Employee contributions consist of pre-tax and/or Roth elective deferral contributions. Participants may elect to defer up to 100% of their eligible compensation, as defined, subject to the limitations of the IRC. Eligible participants who have attained age 50 before the close of the plan year are eligible to make catch-up contributions subject to the limitations of the IRC. The Plan also accepts participant rollover contributions from other qualified plans or individual retirement accounts.

The Employer may elect to make discretionary matching contributions to eligible employees who are employed on the last day of the year. For the year ended December 31, 2021, the Employer made matching contributions on behalf of each eligible participant equal to 50% of the amount deferred by participants up to the first 6% of eligible compensation except for InLight Investment, LLC employees who received up to the first 8% of eligible compensation.

Vesting

Participants are always 100% vested in their contributions, safe harbor matching contributions, and accumulated earnings thereon. Employer matching contributions, including those from a plan previously merged into the Plan in 2020, are subject to a three-year cliff schedule where the participant becomes 100% vested in the employer matching contributions upon completion of three years of service. Regardless of the vesting schedule, participants become fully vested upon death, normal retirement or disability.

See independent auditor's report

NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2021 and 2020

Forfeitures

Forfeitures may be used to reduce future employer contributions or to offset plan expenses. There were \$89,560 and \$91,520 of forfeitures available at December 31, 2021 and 2020, respectively. Forfeitures of \$63,226 were used to offset plan expenses for the year ended December 31, 2021. No forfeitures were used to reduce employer contributions for the year ended December 31, 2021.

Participant Accounts

Upon enrollment in the Plan, participants may direct the trustee with regard to the investment of their account balances into the various investment options offered by the Plan. Participants may change their investment elections at any time.

Under the Plan, earnings and losses are allocated to the participants' accounts daily based on their respective balances in the investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 from their account balance. The respective note may not be more than 50% of the participant's vested account balance or \$50,000 reduced by the highest outstanding note balance, if any, during the previous twelve months. The notes are secured by the vested balance in the respective participants' accounts. A participant may have only one loan outstanding at any time. Interest rates are based on the prime rate plus 2%. Principal and interest are repaid ratably through payroll deductions. Note terms are limited to five years unless for the purchase of a primary residence, in which case the term may be extended to ten years.

Benefit Payments

Distributions may be made to participants or their beneficiaries upon termination of employment, retirement, disability or death, as applicable. Withdrawals may be made by active participants upon attainment of age 59½ or due to financial hardship, subject to the provisions of the Plan. Upon termination, participants with an account balance of \$1,000 or less shall receive an automatic lump sum distribution from the Plan. For participants who terminate with an account balance of more than \$1,000 but less than \$5,000, the plan administrator shall make a direct rollover into an individual retirement account. Withdrawals from the Plan may be subject to income tax on contributions and income earned.

Note 2 - Summary of Accounting Policies

Basis of Accounting and Presentation

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

CELL PHONE COMPANY EMPLOYEE 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2021 and 2020

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes realized gains or losses on investments bought and sold during the year as well as unrealized gains or losses on the investments held at the end of the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. As of December 31, 2021 or 2020, no allowance for credit losses has been recorded, as the notes are collateralized by the participants' account balances. In general, notes receivable from participants are considered in default if a scheduled payment has not been received in the calendar quarter following the calendar quarter in which the payment was due. Defaulted notes are treated as distributions based upon the terms of the plan document when a distributable event has occurred.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions.

Benefit Payments

Benefits paid to participants or beneficiaries are recorded when paid.

Administrative Expenses

Fees related to the administration of notes receivable from participants and certain other administrative and transactional fees are charged directly to the participant's account. Certain costs and expenses incurred in connection with the operation of the Plan are paid by the Plan, unless paid by the Employer, at its discretion. Investment related expenses are included in net appreciation or depreciation in the fair value of investments.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

CELL PHONE COMPANY EMPLOYEE 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2021 and 2020

Risks and Uncertainties

The Plan provides for investment in various investment securities. Investment securities, in general, are exposed to certain risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with the Plan's investment securities, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the financial statements.

Subsequent Events

The plan administrator evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 11, 2022, which is the date the financial statements were available to be issued.

Note 3 - Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from Principal as of December 31, 2021, and for the period from June 18, 2021 through December 31, 2021, and from WFB as of December 31, 2020 and for the period from January 1, 2021 through June 30, 2021, stating that all of the information provided is complete and accurate. Information included in the financial statements and accompanying notes to the financial statements as to investments, notes receivable from participants, investment income, interest income on notes receivable from participants, and all of the related information in the supplemental schedule of assets (held at end of year), is presented in reliance solely upon these certifications.

The Plan's independent auditor did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements, the accompanying notes and the supplemental schedule of assets (held at end of year).

Note 4 - Fair Value Measurements

GAAP provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

CELL PHONE COMPANY EMPLOYEE 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2021 and 2020

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: These funds are valued daily based upon their quoted market prices.

Common/Collective Trust Fund: This fund is valued at its net asset value (NAV) as determined by the issuer based on the value of each of the underlying investments, less applicable fees charged by the issuer. The NAV is used as a practical expedient to estimate fair value. The practical expedient is not used when it is determined to be probable that the investment will be sold for an amount different than the reported NAV.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	December 31, 2021			Total
	Level 1	Level 2	Level 3	
Mutual funds	<u>\$ 36,277,563</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 36,277,563

The following table provides additional information for the common/collective trust fund which is measured using NAV as a practical expedient as of December 31, 2021 and 2020. There are no participant redemption restrictions for this investment. The redemption notice period is applicable only to the Plan and not to participant directed transactions.

	2021	2020			
Stable Value	<u>\$ 987,741</u>	<u>\$ 1,150,941</u>	None	Daily	Up to 12 months

Note 5 - Federal Income Tax

The Employer adopted a prototype plan offered by WFB. The prototype plan obtained its latest opinion letter on March 31, 2014, in which the IRS stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The prototype plan has since been amended; however, the plan administrator, through the Plan's adoption of the prototype plan, believes that the Plan was designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

Effective June 18, 2022, the Plan was amended and restated. The pre-approved plan adopted by the Plan received an opinion letter from the IRS dated June 30, 2020, stating that it was in compliance with the applicable requirements of the IRC. The pre-approved plan has since been amended; however, the plan administrator, through its adoption of the pre-approved plan document, believes that the Plan continues to be designed and operated in compliance with the applicable requirements of the IRC.

Note 6 - Party-in-Interest Transactions

The Plan engages in investment transactions with funds managed by WFB and Principal, or an affiliate thereof, parties-in-interest with respect to the Plan. These transactions are covered by an exemption from the "prohibited transaction" provisions of ERISA and the IRC.

See independent auditor's report

CELL PHONE COMPANY EMPLOYEE 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2021 and 2020

Note 7 - Plan Termination

Although it has not expressed any intention to do so, the Employer has the right under the plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in any employer contributions.

Note 8 - Nonexempt Transactions

As disclosed on Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2021, there were unintentional delays in remitting \$363,627 of participant contributions and \$17,325 of participant loan repayments to the Plan during 2021. The plan administrator remitted lost earnings relating to \$310,012 of participant contributions and \$15,788 of participant loan repayments and is currently in the process of remitting lost earnings on the remaining participant contributions and loan repayments.

Note 9 - Reconciliation of the Financial Statements to the Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the net assets per the Form 5500 as of December 31, 2021 and 2020:

	December 31,	
	2021	2020
Net assets available for benefits per the financial statements	\$ 39,784,254	\$ 32,808,925
Employee contributions receivable	-	6,506
Employer contributions receivable	(2,543,769)	(1,247,637)
Accumulated deemed distributions	-	(14,815)
Excess contributions payable	1,221,985	215,972
Net assets per the Form 5500	<u>\$ 38,462,470</u>	<u>\$ 31,755,939</u>

A deemed loan distribution is defined as a participant loan defaulted and distributed for tax purposes, but not for financial statement purposes, as the participant is in default at year end but has not had a distributable event per the plan document.

The following is a reconciliation of the net increase in per the financial statements to the net income per the Form 5500 for the year ended December 31, 2021:

Net increase in per the financial statements	\$ 6,975,329
Net change in employee contributions receivable	6,506
Net change in employer contributions receivable	(1,296,132)
Net change in excess contributions payable	1,006,013
