Independent Auditor's Report

Huntingdon College
Retirement Annuity Plan TIAA-CREF
Montgomery, Alabama

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Huntingdon College Retirement Annuity Plan TIAA-CREF (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i - schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 8, 2021 we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Huntingdon College
Retirement Annuity Plan TIAA-CREF
Notes to Financial Statements
December 31, 2021 and 2020

Note 1 - Plan Description

The following description of the Huntingdon College (the Sponsor) Retirement Annuity Plan TIAA-CREF (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a Section 403(b) defined contribution plan covering substantially all employees of the Sponsor. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

The universal availability rule applies to Section 403(b) plans which means the Sponsor must permit all employees to defer salary immediately upon employment with the Sponsor except for (1) employees who will contribute \$200 annually or less, (2) those employees who participate in a 401(k), 457 plan, or in another 403(b) plan, (3) nonresident aliens, and (4) employees who normally work less than 20 hours per week.

Employer contributions - The Plan provides a Safe Harbor nonelective Sponsor contribution equal to 3% of compensation for all eligible employees. Also, the Sponsor makes a fixed additional matching contribution equal to 100% of the participant's elective deferrals greater than 3%, but not exceeding 5%, of the participant's compensation. Employees are eligible for matching contributions after completion of one year of service and attainment of age 21.

Employee contributions - Each year, participants may elect up to 100% of their compensation, as defined by the Plan, subject to certain limitations under the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant accounts - Each participant's account is credited with the participant's contributions, the employer's Safe Harbor contributions, employer's additional matching contributions, and allocations of the Plan earnings. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions, employer Safe Harbor contributions, and employer matching contributions, plus the actual earnings thereon.

Payment of benefits - On termination of employment, age 59½, normal retirement (age 65), death, or disability, a participant or their beneficiary may elect to receive the value of the vested interest in their account. For balances under \$1,000, a lump-sum distribution will be made. For balances greater than \$1,000, the participant may elect to roll over their vested interest into a qualified plan or receive a lump-sum distribution, partial payments, installment payments, or purchase an annuity contract.

In-service withdrawals are allowed for financial hardship. In addition, during 2020, the Plan allowed for Coronavirus Related Distributions (CRDs) to affected individuals, as provided under the CARES Act, on all contribution sources up to \$100,000.

Forfeited accounts - There are no forfeited accounts since the Plan provides for immediate vesting.

Participant loans - Participant loans are shown in the statements of net assets available for benefits with related income and activity in the statements of changes in net assets available for benefits. Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. A participant may borrow the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The interest rate is determined by the Sponsor based on prevailing market conditions and is fixed over the life of the note. Principal and interest are paid ratably through monthly payroll deductions.

Huntingdon College
Retirement Annuity Plan TIAA-CREF
Notes to Financial Statements
December 31, 2021 and 2020

For participant loans issued beginning March 27, 2020 and ending September 23, 2020, the CARES Act raised the limits for qualified plan loans to affected individuals from the lesser of \$50,000 or 50% of the present value of the participant's vested account balance to the lesser of \$100,000 or 100% of the present value of the participant's vested account balance.

Plan loans - Plan loans are issued as separate contracts by TIAA as contemplated under IRC Section 72(p)(5) and do not represent plan assets. Loans are collateralized using a participant's TIAA Traditional account balance in an amount equal to 110% of the outstanding loan balance. Participants may borrow up to a maximum equal to the lesser of \$50,000 or 45% of their account balance subject to annuity contract and Plan provisions. Loan terms range from one to five years in one-year increments (up to 10 years for the purchase of the participant's primary residence). Principal and interest are paid ratably by the participant to TIAA and each payment will reduce amounts collateralized by the borrowing participant's TIAA Traditional account balance. Plan loan balances outstanding from participants to TIAA were \$142,902 and \$231,267 as of December 31, 2021 and 2020, respectively.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment valuation and income recognition - The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits - Benefits are recorded when paid.

Expenses - Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Note 3 - Certified Investments

The following is a summary of certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, as of December 31, 2021 and 2020, that was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA-CREF (the Custodian of the Plan):

	<u>2021</u>	<u>2020</u>
Investments		
Registered investment companies	\$ 24,527,406	\$ 20,774,444
Pooled separate accounts	674,837	587,444
Guaranteed investment contracts	5,321,981	5,190,534
Total investments	<u>\$ 30,524,224</u>	<u>\$ 26,552,422</u>
Notes receivable from participants	<u>\$ 53,905</u>	<u>\$ 3,028</u>

The Custodian also certified to the completeness and accuracy of \$3,262,013 and \$3,391,423 of net appreciation in fair value of investments, \$323,421 and \$119,249 of dividends, \$22,224 and \$42,376 of interest on guaranteed investment contracts, and \$1,434 and \$11 of interest income on notes receivable from participants related to the aforementioned investments for the years ended December 31, 2021 and 2020, respectively.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included with Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4 - Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered investment companies: Consists of mutual funds valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: The TIAA Real Estate Account is an insurance company separate account of TIAA investing mainly in real estate and real estate related investments. The TIAA Real Estate Account's value is principally derived from the market value of the underlying real estate holdings or other real estate related investments. Real estate holdings are valued primarily using external appraisals. Unit values are calculated each day and are posted at tiaa-cref.org and the valuation is considered to be a readily determinable fair value. The fund is registered as a direct filing entity.

Nonbenefit-responsive guaranteed investment contract: A portion of the TIAA Traditional Annuity was determined to be nonbenefit-responsive due to liquidity restrictions. See Note 5 for additional information. The investment is valued at fair market by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer. The Plan determines its valuation policies utilizing information provided by the Custodian. The Plan has determined that contract value approximates fair value as provided by TIAA.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

TIAA Traditional Annuity

The TIAA Traditional Annuity is a portfolio of unallocated fixed rate guaranteed annuity contracts offered by TIAA-CREF for the Plan. The investment is a traditional investment contract. Contributions to the TIAA Traditional Annuity purchase a contractual or guaranteed amount of future benefits for the participant. The guarantees and returns of the TIAA Traditional Annuity are backed by TIAA's claims paying ability.

Retirement Annuity (RA) contracts and Retirement Choice (RC) contracts under the TIAA Traditional Annuity have liquidity restrictions and are therefore nonbenefit-responsive. Transfers from RA contracts must be spread over a period of 10 annual installments, or five annual installments for withdrawals after termination of employment. Participant withdrawals and transfers from RC contracts must be taken in 84 monthly installments; however, a lump-sum distribution is available in the 120-day period following termination of employment, subject to a 2.50% surrender charge. Institutional withdrawals from RC contracts are allowed over a period of five years with 190-day advance notice from the institution. The Plan's investments in the RA and RC contracts are stated at contract value which approximates fair value. The Supplemental Retirement Annuity (SRA) and Group Supplemental Retirement Annuity (GSRA) contracts under the TIAA Traditional Annuity have no liquidity restrictions and are fully benefit-responsive. The Plan's investments in the SRA and GSRA contracts are stated at contract value since they are fully benefit-responsive. The contract guarantees principal and a minimum interest rate, plus the opportunity for additional amounts in excess of the guaranteed rate. These additional amounts, when declared, remain in effect for the "declaration year," which begins each March 1. For 2021 and 2020, the guaranteed annual interest rate was 3.00% for all contracts except RC contracts, in which case the guaranteed rate was between 1.00% and 3.00%.

As described in Note 2, because the SRA and GSRA contracts under the TIAA Traditional Annuity are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by TIAA-CREF, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan document (including complete or partial Plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The TIAA Traditional Annuity investment contracts do not permit the insurance company to terminate the agreements prior to the scheduled maturity dates.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7 - Tax Status

Effective June 28, 2013, the Internal Revenue Service established a plan to approve prototype and volume submitter 403(b) plan documents in accordance with applicable sections of the IRC. The Plan was approved August 7, 2017. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Notes to Financial Statements
December 31, 2021 and 2020

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Related Party Transactions

Plan investments are shares of mutual funds managed by TIAA-CREF. TIAA-CREF is the Custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment services are included in the net appreciation in fair value of investments.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities may occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 - Subsequent Events

The Plan has evaluated subsequent events through September 26, 2022, the date these financial statements were available to be issued. All subsequent events requiring recognition as of December 31, 2021 have been incorporated in these financial statements.
