INDEPENDENT AUDITOR'S REPORT

To the Trustees of the
Yerba Buena Center for the Arts 403(b) Matching Annuity Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements
We have performed an audit of the financial statements of Yerba Buena Center for the Arts 403(b) Matching Annuity Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan by Newport Trust Company and Lincoln National Life Insurance Company, that are regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by Newport Trust Company and Lincoln National Life Insurance Company in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2021, and for the year ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements
In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements
We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to

PO Box 5288 Walnut Creek, CA 94596-1288 PH 925.937.2727 FX 925.937.2774 www.buckleypatchen.com

be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter-Supplemental Schedule Required by ERISA

The supplemental schedule (1) Schedule H, Line 4i - Schedule of Assets Held at End of Year, as of or for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter-Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

YERBA BUENA CENTER FOR THE ARTS
403(B) ANNUITY MATCHNG PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Yerba Buena Center for the Arts 403(b) Annuity Matching Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan that was established by Yerba Buena Center for the Arts (the Organization) to provide benefits to eligible employees, as defined in the Plan document. The Plan was originally effective in January 1, 1990. The amended and restated provisions of the Plan become effective on January 1, 2020 and was further amended on July 27, 2021. Employees are eligible to participate in the Plan on the first day of employment and attainment of age 18 for salary deferrals. Employees are eligible to participate in employer matching contributions after six months of employment and attainment of age 18. Generally, employees who normally work less than 20 hours per week cannot participate in the employer matching contributions. Employees represented by collective bargaining agreements are not eligible to participate in the employer matching contributions if retirement benefits were the subject of good faith bargaining. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and Section 403 of the Internal Revenue Code.

Administration: The Organization has appointed an Administrative Committee (the Committee) to assist and advise on the operation and administration of the Plan. A third-party administrator, appointed by the Committee, processes and maintains the records of participant data. Newport Trust Company and Lincoln National Life Insurance Company act as the custodians of the Plan's assets.

Participant contributions: Each year, participants may contribute a portion of their eligible annual salary to the Plan subject to certain Internal Revenue Code limitations. Participants can contribute to pre-tax (regular) or after-tax (Roth) salary deferrals. Contributions are withheld from each participant's compensation and invested in accordance with the participant's instructions. Participants may also contribute amounts representing distributions from other qualified retirement plans.

Employer contributions: The Organization may make discretionary matching contributions. The Organization made matching contributions equal to 100% of participant contributions up to 4% of compensation in 2021 and 2020. Employer contributions totaled $137,596 in 2021 and $139,419 in 2020.

Vesting and forfeitures: Participants are immediately vested in all contributions upon entering the Plan and therefore, there are no forfeitures.

Payment of benefits: The Plan provides for the payment to the participant (or, if applicable, the beneficiary) at retirement (age 65), disability, death, financial hardship, or termination of employment. In-service distributions are also permitted if the participant is at least age 59 ½. Participants who qualify for retirement benefits will receive their benefits in the form of a lump sum in cash. The benefit to which a participant is entitled is the benefit that can be provided directly from the participant's vested account balance.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of the Organization's contribution and Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined.

Notes receivable from participants: The Plan allows participants to borrow not less than $1,000 and up to the lesser of $50,000, reduced by the highest outstanding loan balance from the Plan during the previous 12 months, if any, or 50% of their vested account balance. Loans are secured by the participant's vested account balance and bear interest at comparable rates for similar types of loans. Loans must be repaid over a period not exceeding five years, unless the loan is used to purchase a primary residence, in which case the maximum repayment period is 30 years. The specific terms and conditions of such loans are established by the Plan Administrator.

Investment options: Investments are entirely participant directed. Upon enrollment in the Plan, a participant may direct employee contributions in any of the investment options offered. A variety of investment options offer participants a diversified portfolio.

Participants may change their investment options at will.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America. The Form 5500 is prepared using the cash basis of accounting. Employee contributions are recorded in the year in which the Organization makes payroll deductions from participant earnings. Benefit payments are recorded when paid.

Investment valuation and income recognition: Investments are recorded at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

The net appreciation or depreciation in fair value of investments includes the realized gain or loss on the sale of securities and unrealized appreciation or depreciation arising from the differences between the fair value at the beginning of the year and at the end of the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Organization and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (decline) of fair value of investments. Certain investment related expenses are charged directly by the funds and are thereby factored into each fund as a reduction in investment return.

Excess contributions payable: Amounts payable to participants for contributions in excess of amounts allowed by the IRS is recorded as a liability with a corresponding reduction to contributions. The Plan is required to distribute any excess contributions made during the year to the applicable participants prior to March 15 of the subsequent year. During 2021 and 2020 excess contributions totaled $0 and $6,594, respectively.

Payment of benefits
Benefits are recorded when paid.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

NOTE 3 – RISK AND UNCERTAINTIES

The Plan provides a variety of investment options in any combination of mutual funds and multi-fund insurance contracts that are offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of investment risk associated with certain investment securities, it is at least reasonably possible that changes in risk in the near term would materially affect participant account balances and the amounts reported in the accompanying financial statements.

On March 11, 2020, the World Health Organization characterized coronavirus (COVID-19) as a pandemic, and on March 13, 2020 the President of the United States declared a national emergency relating to the disease. In addition to the President's declaration, state and local authorities have recommended social distancing and have imposed quarantine and isolation measures on large portions of the population, including mandatory business closures. These measures are designed to protect the overall public health, however are expected to have material adverse impacts on domestic and foreign economies and may result in the United States entering a period of recession.

As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the accompanying financial statements, as mentioned above. Because of the uncertainty of the markets during this time, Plan management is unable to estimate the total impact the pandemic will have.

NOTE 3 – RISK AND UNCERTAINTIES (CONTINUED)

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020 and there have been no transfers between levels during the years ended December 31, 2021 and 2020.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

Mutual and money market funds: The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Multi-fund insurance contracts: The Multi-Fund contracts are registered individual deferred annuity contracts. The fair value is equal to the number of participation units owned under the contract in each separate account times the unit value of the participation units. The unit values of participation units are estimated by Lincoln National Insurance Company based on the underlying assets owned by the fund, minus its liabilities, and then divided by the number of participation units outstanding (also known as net asset value or NAV).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	YEAR ENDED DECEMBER 31, 2021			
	Level 1	Level 2	Level 3	Total
Money Market Funds	$ 84,451	$ -	$ -	$ 84,451

	Level 1	Level 2	Level 3	Total
Money Market Funds	$ 83,697	$ -	$ -	$ 83,697
Mutual Funds	5,710,171	-	-	5,710,171

Investments measured at NAV as practical expedient**	-	-	-	958,025
Total investments at fair value	$ 5,793,868	$ -	$ -	$ 6,751,893

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

**Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of net Assets Available for Benefits.

NOTE 5 – INFORMATION CERTIFIED BY THE CUSTODIANS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2021 and 2020, and net appreciation in fair value investments, interest and dividends for the year ended December 31, 2021 and 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Newport Trust Company and Lincoln National Life Insurance Company.

NOTE 6 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a benefit-responsive investment contract with Lincoln National Life Insurance Company (Lincoln) totaling $232,930 and $223,467 for the years ended December 31, 2021 and 2020. Lincoln maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The guaranteed minimum credit interest rate of return is 3.00% and is good for the life of the contract. The rate changes on a quarterly basis.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income

NOTE 6 – INVESTMENT CONTRACT WITH INSURANCE COMPANY(CONTINUED)

taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE 7 – INCOME TAX STATUS

The Plan adopted a prototype plan document which has been designed to qualify under Section 403(b) of the Internal Revenue Code. The terms of the Plan have been prepared to conform with the sample language provided by the IRS in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for Plan participants under Section 403(b). Plan management believes that the Plan is currently designed and operating in accordance with the applicable requirements of Section 403(b) of the code and, therefore, believes the Plan is qualified. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2014. The Plan has no uncertain tax positions as of December 31, 2021 and 2020.

NOTE 8 – PLAN TERMINATION

The Organization intends to continue the Plan indefinitely for the benefit of its employees; however, subject to the provisions of the ERISA, it reserves the right to terminate or modify the Plan at any time by resolution of the Organization's Board of Directors.

NOTE 9 – RELATED PARTY TRANSACTIONS

Since the inception of the Plan, the Organization has absorbed most of the administrative expenses of operating the Plan.

Certain Plan investments in mutual funds are managed by Lincoln National Insurance Company. Various investment options offered by the Plan are investments which are also managed by Newport Trust Company. Any purchases and sales of these funds are performed in the open market at fair value. The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Fees incurred and paid directly to these investment management services at December 31, 2021 and 2020 totaled $10,559 and $10,638, respectively.

NOTE 10 – RECONCILIATION TO FORM 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to net assets available for benefits per Form 5500 at December 31, 2021 and 2020:

	2021	2020
Net assets available for benefits per financial statements	$ 8,190,469	$ 7,073,066
Less contributions receivable	(18,449)	(14,144)
Net assets available for benefits per Form 5500	$ 8,172,020	$ 7,058,922

The following is a reconciliation of the contributions per the financial statements to the contributions per Form 5500 at December 31, 2021 and 2020:

	2021	2020

Less contributions receivable	(18,449)	(14,144)
Prior year receivables	14,144	-
Contributions per Form 5500	$ 579,465	$ 539,059

The following is a reconciliation of the total assets from the statement of net assets available for benefits per the financial statements to the total assets per Form 5500 for the years ended December 31, 2021 and 2020:

	2021	2020
Total assets per financial statements	$ 8,190,469	$ 7,073,066
Less contributions receivable	(18,449)	(14,144)
Total assets per Form 5500	$ 8,172,020	$ 7,058,922

NOTE 11 – SUBSEQUENT EVENTS

Subsequent events were evaluated through October 5, 2022, which is the date the financial statements were available to be issued. Management has not identified any subsequent events that would require an adjustment to the financial statements or disclosures as required under generally accepted accounted principles.
