Report of Independent Auditors

The Participants and Administrator

Aptiv Salaried 401(k) Plan (formerly the Salaried Retirement Savings Program)

Aptiv Hourly 401(k) Plan (formerly the Personal Savings Plan for Hourly-Rate Employees in the United States)

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed audits of the financial statements of Aptiv Salaried 401(k) Plan and Aptiv Hourly 401(k) Plan (the Plans), employee benefit plans subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plans (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audits of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material

respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinions on the 2021 Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the 2021 Financial Statements section of our report. We are required to be independent of the Plans and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plans' ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining current plan instruments, including all plan amendments, administering the Plans, and determining that the Plans' transactions that are presented and disclosed in the financial statements are in conformity with the Plans' provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plans' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plans' ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedules of Assets (held at end of year) as of December 31, 2021 (referred to as the "supplemental schedules"), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been

subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the financial statements of the Plans as of and for the year ended December 31, 2020. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the investment information certified by a qualified institution. In our report dated July 30, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on those financial statements, and (b) the form and content of the information included in those financial statements other than that derived from the certified investment information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plans

The following descriptions of the Aptiv Salaried 401(k) Plan (formerly the Aptiv Salaried Retirement Savings Program) (the Salaried Plan) and the Aptiv Hourly 401(k) Plan (formerly the Aptiv Personal Savings Plan for Hourly-Rate Employees in the United States) (the Hourly Plan, and together with the Salaried Plan, Aptiv Selected Employee Benefit Plans or the Plans) provide only general information. Participants should refer to the applicable plan documents for more complete information.

Aptiv PLC (Aptiv) is a public limited company formed under the laws of Jersey on May 19, 2011 as Delphi Automotive PLC, which, through its subsidiaries, acquired certain assets of the former Delphi Corporation and completed an initial public offering on November 22, 2011.

The Board of Directors of Aptiv Corporation (incorporated on October 7, 2009), a U.S. subsidiary of Aptiv, acts as a named fiduciary and delegates to various employees and committees who control and manage the operation and administration of the Plans subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). NEPC, LLC is the investment advisor to the Plans. Fidelity Investment Institutional Operations Company, Inc. (Fidelity or Recordkeeper) acts as the Plans' recordkeeper and Fidelity Management Trust Company (Fidelity or Trustee) serves as the Plans' trustee.

Aptiv offers the same investment options to the salaried and hourly participants in the Plans. The investment option structure features the following investment options: custom target date retirement portfolios, equity portfolios, stable value fund and a self-directed brokerage account (SDBA). See Note 4 for additional information regarding these investment options. Through June 30, 2021, plan fees were paid through an expense accrual that is deducted from the net asset value (NAV) of the custom investment portfolios. Participants with assets in an SDBA incurred a similar expense accrual, but these fees were deducted from their non-brokerage assets (participants can only invest up to 90% of the value of their account in an SDBA). Effective July 1, 2021, the Plans' sponsor assessed a fee of \$9.25 per quarter per Participant, which will be used for plan fees. See Note 5 for additional information regarding plan fees.

Aptiv Salaried 401(k) Plan

General

The Salaried Plan was established effective January 1, 1999, as a defined contribution plan in connection with Aptiv's spin-off from General Motors (GM). Aptiv Corporation is the sponsor of the Salaried Plan.

Eligibility

Salaried employees in the United States (U.S.) are eligible to participate in the Salaried Plan upon their date of hire and as soon as administratively practicable.

Participant Contributions

An eligible participant may elect to make pretax or after-tax contributions, in 0.1% increments, up to 60% of eligible salary, as defined in the Salaried Plan, up to the annual pretax/Roth limit (\$19,500 in 2021). Employees age 50 and over, or who will attain age 50 by the end of the year, may elect catch-up contributions up to the maximum Internal Revenue Service (IRS) limits (\$6,500 in 2021). Catch-up contributions may not be at a rate of less than 0.1% or more than 40% of eligible earnings. Participants may also contribute amounts representing eligible rollover distributions from other qualified programs. Employee contributions vest immediately. Contributions are subject to certain IRS limitations. Newly eligible employees are automatically enrolled in the Salaried Plan at a pretax contribution rate of 7%. Unless otherwise designated by the participant, the automatic 7% contributions are invested in the age-appropriate target date retirement portfolio. Employees may elect to change their rate of contributions or suspend their contributions at any time.

Employer Contributions

The Salaried Plan sponsor provides both a non-elective and a matching company contribution to each eligible employee. The non-elective company contribution equals 4% of each eligible employee's total eligible salary, as defined in the Salaried Plan, which includes base salary, incentive compensation (including sales incentive), and merit-based recognition awards.

Aptiv Selected Employee Benefit Plans

Notes to Financial Statements (Continued)

1. Description of Plans (Continued)

The matching contribution equals \$0.50 for every dollar an employee contributes to the Salaried Plan, capped at 7% of an employee's total compensation. The participant may direct the investment of contributions into one or a number of options available under the Salaried Plan. Prior to 2021, employer contributions vested on an annual basis for the first three years of participation in the Salaried Plan and subsequently were immediately vested. Beginning in 2021, employer contributions began vesting immediately upon contribution to the Salaried Plan. Contributions are subject to certain IRS limitations.

Fund Exchanges

Generally, each participant is entitled, on any business day, to exchange a specified portion or all of his or her interest in any of the investment options to other options offered under the Salaried Plan.

Participant Withdrawals

A participant may withdraw funds from his or her account at any time after attaining age 59½ without penalty, as defined by the Salaried Plan document. Prior to age 59½, employee after-tax savings may be withdrawn at any time without penalty; however, pretax savings and Roth savings may only be withdrawn upon termination of employment or financial hardship, and a 10% additional tax may apply. Prior to receiving a withdrawal for financial hardship, a participant previously must have taken all available asset distributions, withdrawals and loans under all applicable programs maintained by Aptiv. The amount that may be withdrawn for a financial hardship is limited as defined in the Salaried Plan. The funds that represent a financial hardship withdrawal must conform to conditions required by the IRS.

If a participant terminates employment, the participant may elect to: (1) receive installment payments, (2) receive partial withdrawals, (3) receive a total settlement, or (4) defer the distribution of assets in such participant's account. If the participant fails to make an election, the participant's assets shall remain in the participant's account until the earlier of the participant's

request for settlement or attainment of age 72 (when required minimum distributions must commence), which was increased from age 70½ effective January 1, 2020 in accordance with the Setting Every Community Up for Retirement Enhancement Act of 2019.

If the total of the participant's account at the time of termination is not greater than \$1,000, then the participant will receive a distribution of the entire account balance. If a participant terminates employment and the value of the participant's vested assets is more than \$1,000 (including amounts attributable to rollover contribution accounts) but less than \$5,000 (excluding amounts attributable to rollover contribution accounts) and the participant fails to return the distribution election forms provided by the administrator within the election period, a participant's entire Salaried Plan account balance will be automatically rolled over to an Individual Retirement Account (IRA). The administrator will select the IRA institution, and such amounts will be invested in accordance with rules and regulations established by the Department of Labor and the IRS.

Transfers of Salaried Plan Assets

The administrator may direct the Trustee to accept all of an employee's funds to be transferred from a similar qualified plan and may direct the Trustee to transfer all of a participant's funds to a similar qualified plan, provided such other qualified plan: (1) is maintained by an employer that is a member of a controlled group of corporations of which the employee's current employer is a member and (2) permits such transfers.

Investment Options

Participants must direct, in 0.1% increments, how their contributions are to be invested. If participants do not direct how their contributions are to be invested, both participant and employer contributions will automatically be invested in the participants' respective age-appropriate target date retirement portfolio.

From time to time, certain funds may impose a redemption fee if an investment is held for less than a stated period. If applicable, these fees are disclosed in the individual mutual fund prospectus, which contains additional information about each fund. The redemption fees are paid to the respective funds and help protect the funds' performance and shareholders by discouraging frequent trading in response to short-term market fluctuations.

Aptiv Selected Employee Benefit Plans

Notes to Financial Statements (Continued)

1. Description of Plans (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of both of the employer's contribution and Salaried Plan earnings and through June 30, 2021, was charged with an allocation of administrative expenses. Effective July 1, 2021, each participant account is charged with a flat fee for administrative expenses. Refer to Note 5 for additional information on plan fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Loans

Once each year, participants may borrow an amount within a range of \$1,000 to the lesser of \$50,000 or 50% of their vested account balance. Loan maturities generally range from six months to five years but can be extended up to ten years for the purchase or construction of a primary residence, provided a participant may not elect a term that will result in monthly repayments of less than \$50. Loans will bear a rate of interest which will be the prime rate as of the last business day of the calendar quarter immediately preceding the date the participant gives appropriate direction for a loan to the recordkeeper. The interest rate will remain the same throughout the term of the loan. Repayment of loans is generally made through after-tax payroll deductions and is invested in the same discretionary investment options that the participant selected for the participant's savings contributions. A participant may be granted a loan no more frequently than one time each calendar year and may have no more than three loans outstanding at any one time of which one loan may be for the purchase or construction of a primary residence.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited non-vested accounts totaled approximately \$390,000 and \$1,209,000, respectively. These accounts may be used to reduce future employer contributions or pay Salaried Plan expenses. In 2021, forfeited non-vested accounts reduced employer contributions by approximately \$1,437,000.

Aptiv Selected Employee Benefit Plans

Notes to Financial Statements (Continued)

1. Description of Plans (Continued)

Administrative Expenses

Certain costs of the Salaried Plan administration are paid from the Salaried Plan's assets or by the Salaried Plan's sponsor on behalf of the Salaried Plan, as further described in Note 5. Generally, fees and expenses related to investment management of each investment option are paid out of the respective funds. As a result, the returns on those investments are net of the fees and expenses of the managers of those investment options and certain other brokerage commissions, fees and expenses incurred in connection with those investment options.

Aptiv Hourly 401(k) Plan

General

Aptiv established the Hourly Plan effective May 28, 1999, as a defined contribution plan in connection with its spin-off from GM. Aptiv Corporation is the sponsor of the Hourly Plan.

Eligibility

Generally, eligible U.S. hourly-rate full-time and part-time employees may participate and accumulate savings under the Hourly Plan upon their date of hire and as soon as administratively practicable.

Participant Contributions

An eligible participant may elect to make pretax or after-tax contributions, in 0.1% increments, up to 60% of eligible earnings as defined in the Hourly Plan up to the annual pretax/Roth limit (\$19,500 in 2021). Employees age 50 and over, or who will attain age 50 by the end of the year, may elect catch-up contributions up to the maximum IRS limits (\$6,500 in 2021). Catch-up contributions may not be at a rate of less than 0.1% or more than 40% of eligible earnings. Employee contributions vest immediately. Contributions are subject to certain IRS limitations.

Employer Contributions

For certain employees, Aptiv contributes an amount equal to a stated percentage (based on the local union benefit agreements) of eligible weekly earnings to such participants' accounts

entirely into the participant's respective target date retirement portfolio. Participants can immediately redistribute these contributions to other funds. Such participants must participate in the Hourly Plan for at least three years to be vested in employer contributions. Contributions are subject to certain IRS limitations.

Fund Exchanges

Generally, each participant is entitled, on any business day, to exchange a specified portion or all of his or her interest in any of the investment options to other options offered under the Hourly Plan.

Participant Withdrawals

A participant may withdraw funds from his or her account at any time after attaining age 59½ without penalty, as defined by the Hourly Plan document. Prior to age 59½, employee after-tax savings may be withdrawn at any time without penalty; however, pretax savings and Roth savings may only be withdrawn upon termination of employment or financial hardship, and a 10% additional tax may apply. Transfers of Hourly Plan Assets

The administrator may direct the Trustee to accept all of an employee's funds to be transferred from a similar qualified plan and may direct the Trustee to transfer all of a participant's funds to a similar qualified plan, provided such other qualified plan: (1) is maintained by an employer that is a member of a controlled group of corporations of which the employee's current employer is a member and (2) permits such transfers.

Participant Loans

Once each year, participants may borrow an amount within a range of \$1,000 to the lesser of \$50,000 or 50% of their vested account balance. A participant may have no more than three loans outstanding at any one time of which one loan may be for the purchase or construction of a primary residence.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited non-vested accounts totaled approximately \$127,000 and \$159,000, respectively. These accounts may be used to reduce future employer contributions. In 2021, forfeited non-vested accounts reduced employer contributions by approximately \$190,000.

Administrative Expenses

Certain costs of Plan administration are paid from the Hourly Plan's assets or by the Hourly Plan's sponsor on behalf of the Hourly Plan, as further described in Note 5. Generally, fees and expenses related to investment management of each investment option are paid out of the respective funds. As a result, the returns on those investments are net of the fees and expenses of the managers of those investment options and certain other brokerage commissions, fees and expenses incurred in connection with those investment options.

Excess Participant Contributions Refundable

The Hourly Plan failed the elective deferral non-discrimination test for the years ended December 31, 2021 and 2020. Excess contributions in 2021 and 2020 of approximately \$25,000

and \$16,000, respectively, are recorded as a liability on the accompanying statements of net assets available for benefits and as a reduction of participant-directed contributions. During 2022 and 2021, the Hourly Plan refunded the respective excess contributions to its participants as required by law.

Coronavirus Aid, Relief, and Economic Security Act (applicable to both the Salaried Plan and Hourly Plan)

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) was signed into law. The CARES Act contained several provisions that temporarily impacted 401(k) type plans, including penalty-free coronavirus-related distributions of up to \$100,000 per individual, increasing the maximum participant loan limit to the lesser of \$100,000 or 100% of the participant's vested account balance, allowing the suspension of loan payments on outstanding loans for one year, as well as the waiver of required minimum distributions for 2020. During 2020, the Plan Sponsor incorporated these provisions into the Plans to allow certain eligible individuals to receive COVID-19 relief available under the CARES Act in the form of coronavirus-related distributions and a delay in the due date for repayments for outstanding plan loans occurring during the period beginning on March 27, 2020 and ending on December 31, 2020 for one year, as provided in the CARES Act. The Plans executed a formal amendment within the timeframe required by law in 2021 to incorporate these provisions into the Plans.

2. Summary of Accounting Policies

The significant policies followed in preparation of the accompanying financial statements are as follows:

Basis of Accounting

The financial statements of the Plans have been prepared on the accrual basis of accounting and in accordance with U.S. generally accepted accounting principles (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts in the financial statements and

Aptiv Selected Employee Benefit Plans

Notes to Financial Statements (Continued)

2. Summary of Accounting Policies (Continued)

accompanying notes and supplemental schedules. Actual results could differ from those estimates and disclosures of contingent assets and liabilities.

Investment Valuation and Income Recognition

The Plans' investments are stated at fair value. Refer to Note 4 for additional disclosures. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on the trade-date basis. Net appreciation includes the Plans' gains (losses) on investments bought and sold, as well as held during the year and is recorded on the accompanying statements of changes in net assets available for benefits as net investment income from the Aptiv Corporation Savings Trust (the Master Trust). Interest income is recognized as earned. Dividends are recorded on the ex-dividend date.

Payments of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants represent participant loans recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Aptiv Selected Employee Benefit Plans

Notes to Financial Statements (Continued)

3. Information Certified by Trustee and Custodian

The Plans' administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain investment information disclosed in the accompanying financial statements and supplemental schedules including investments held and notes receivable from participants at December 31, 2021 and 2020, and net appreciation (depreciation) in fair value of investments, interest, dividends and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained or derived from information provided and certified as complete and accurate by Fidelity, the Trustee of the Plans.

4. The Master Trust

The Master Trust was established pursuant to a trust agreement between the Plans' sponsor and Fidelity, as Trustee of the Master Trust, in order to permit the commingling of trust assets of multiple employee benefit plans for investment and administrative purposes.

Employee benefit plans participating in the Master Trust as of December 31, 2021 and 2020 are the Salaried Plan and the Hourly Plan.

Investment income (loss) and expenses related to the Master Trust are allocated to the individual Plans daily based on each participant's account balance within each investment fund option.

Master Trust Assets

The target date retirement, stable value fund and equity portfolios are made up of common/collective trusts, common stock, and mutual funds according to the respective portfolio investing criteria. Participants may also directly invest in a variety of investments, including mutual funds, listed stocks, options, bonds and foreign securities through the brokerage option.

Fair Value Measurement of Investments Within the Master Trust

Financial Accounting Standards Board Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, defines fair value as “the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.” The definition of fair value is based on an exit price rather than an entry price, regardless of whether the entity plans to hold or sell the asset, and fair value should be based on assumptions that market participants would use, including non-performance risk. ASC 820 also establishes a fair value hierarchy to prioritize inputs used in measuring fair value as follows:

- Level 1 – Observable inputs such as quoted prices in active markets.
- Level 2 – Inputs, other than quoted prices in active markets, which are observable either directly or indirectly.
- Level 3 – Unobservable inputs for which there is little or no market data, thereby requiring the reporting entity to develop its own assumptions.

Aptiv Selected Employee Benefit Plans

Notes to Financial Statements (Continued)

4. The Master Trust (Continued)

Assets and liabilities measured at fair value are based on one or more of the following three valuation techniques noted in ASC 820:

- *Market approach:* Prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities.
- *Cost approach:* Amount that would be required to replace the service capacity of an asset (replacement cost).
- *Income approach:* Techniques to convert future amounts to a single present amount based upon market expectations (including present value techniques, option-pricing and excess earnings models).

As of December 31, 2021 and 2020, the Master Trust held the following assets measured at fair value on a recurring basis:

The following is a description of the valuation techniques and inputs used for each general type of investment within the Master Trust measured at fair value at December 31, 2021 and 2020:

- Common/collective trusts are valued at the closing price reported by the market in which they are traded.
- Mutual funds, common stock and non-interest bearing cash accounts are publicly traded on an open market and are valued at the closing price reported by the market in which they are traded.
- SDBA investments are traded on open markets and are valued at the closing price of the investments in which the participant invests. These investments include mutual funds, common and preferred stock, rights, warrants, options, certificates of deposit, corporate debt securities and cash and other short-term marketable securities.

5. Expense Accruals

Through June 30, 2021, the Plans' sponsor assessed a fee accrual of 13 basis points for the Hourly Plan and 4.5 basis points for the Salaried Plan to cover administrative expenses for the Plans. Effective July 1, 2021, the Plans' sponsor assessed a fee of \$9.25 per quarter per Participant,

which will be used for recordkeeping and trustee fees of the Plans. Participants with a balance of less than \$1,000 will not be assessed this fee. This fee is deducted directly from the Participants' account value. Previously, the fee accrual was accumulated in the respective Fidelity investment portfolios maintained by the Trustee pending receipt of invoices from service providers for the Plans. This fee accrual will be utilized until it is substantially depleted, at which time administrative expenses will be paid by the Plans' sponsor.

The expense accruals and the Plans' expenses were reported on the statements of changes in net assets available for benefits for the year ended December 31, 2021, as other contributions and administrative expenses, respectively, as follows:

	Salaried Plan	Hourly Plan
	<i>(In Thousands)</i>	
Expense accruals assessed	\$ 494	\$ 298
Plans' expenses	682	327

6. Related-Party Transactions

Certain of the Plans' investments are managed by Fidelity. Fidelity is the Recordkeeper and Trustee as defined by the Plans, and therefore, these transactions qualify as party-in-interest transactions. Participant loans for the Salaried Plan and Hourly Plan also qualify as party-in-interest transactions. Transactions with Fidelity and participant loans for the Plans are exempt from the prohibited transaction rules under ERISA.

7. Termination of the Plans

Although it has not expressed any intent to do so, the Plans' sponsor has the right to terminate the Plans subject to the provisions of ERISA and the appropriate collective bargaining agreement. Such termination of the Plans, if any, would not affect a participant's interest in assets already in the Plans. If terminated, participants become 100% vested in their accounts in the Salaried Plan and Hourly Plan.

8. Tax Status

The Plans have received determination letters from the IRS dated May 10, 2017 (for the Hourly Plan) and April 17, 2017 (for the Salaried Plan), stating that the Plans are qualified under Section

8. Tax Status (Continued)

401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation.

Subsequent to these determinations by the IRS, the Hourly Plan and Salaried Plan were amended. Once qualified, the Plans are required to operate in conformity with the Code to maintain their qualified status. The Plans' administrator has indicated that it will take the necessary steps, if any, to bring the Plans' operations into compliance with the Code.

Accounting principles generally accepted in the United States require plans' management to evaluate uncertain tax positions taken by the Plans. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plans' administrator has analyzed the tax positions taken by the Plans, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken. The Plans have recognized no interest or penalties related to uncertain tax positions. The Plans are subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plans invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

10. Subsequent Events

Aptiv evaluated the effects of all events that occurred subsequent to December 31, 2021 through October 12, 2022, the date that the accompanying financial statements were available to be issued. As a result, there were no significant changes or updates to disclose.
