INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
the Johnson Motors 401(K) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Johnson Motors 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note H to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material

respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of Johnson Motors 401(K) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Johnson Motors 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Johnson Motors 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Johnson Motors 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Item 4i, Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its

form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Johnson Motors 401(K) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 4, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

A. Description of Plan

The following description of the Johnson Motors (Company) 401(k) Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

1. *General.* The Plan is a defined contribution salary deferral plan which provides an individual account for each participant and provides benefits upon retirement that are based on the amounts contributed by the employee and employer plus earnings on those contributions less any plan administrative expenses. The Plan was established on December 30, 1972 and was restated on March 1, 2019. The Plan covers all employees of the adopting employer. The Executive Committee is responsible for oversight of the Plan. The Executive Committee determines the appropriateness of the Plan's investment offerings with the oversight of The Rivergroup Financial Advisors, and monitors investment performance.

For purposes of elective deferral contributions, Roth contributions and employer match contributions, a full-time employee becomes eligible to participate in the Plan following sixty (60) days of service and attainment of age 18, as defined in the Plan Agreement. A part-time employee becomes eligible to participate in the Plan following one thousand (1,000) hours of service and attainment of age 18, as defined in the Plan Agreement. The Plan entry dates are the first day of following month in which eligibility requirements are achieved as described in the Plan.

2. *Contributions.* Each year, participants may contribute a percentage of their eligible compensation subject to statutory limits, as defined in the Plan. Participant contributions consist of pre-tax elective deferrals and Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may contribute between 0% and 100% of their compensation in increments of 1%. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may match a percentage of employee contributions at a rate to be determined annually. The Company did make a matching contribution for 2021. The Company may make discretionary contributions at the end of the Plan year for employees who are participants as of the last day of the Plan year.

For year 2021, the employer made a matching contribution of 20% of the deferral of the employee with a maximum percentage of match at the 5% eligible compensation deferral level. Leaving the maximum match attainable at 1% of eligible compensation. Employer discretionary contributions are allocated to participants employed on the last day of the Plan year. The allocation is based on a ratio of each participant's compensation to all participants' compensation as described in the Plan Agreement.

The Company has an automatic enrollment feature that provides that newly eligible employees that do not affirmatively elect to contribute or not to contribute to the Plan will be automatically enrolled in the plan at a deferral rate of 3%.

A. Description of Plan (Continued)

3. *Participant accounts.* Each participant's account is credited with the participant's contributions and Company contributions, as well as an allocation of the Plan's earnings. The participants can direct their investments to any of the available funds in the Plan. Participants may change their investment option specification with respect to contributions to be made in the future and with respect to amounts already in their account. Certain participant and loan fees, if applicable, are charged to participant accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
4. *Vesting.* Participants are vested immediately in their employee contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested in the profit sharing after 6 years of credited service. Participant accounts become fully vested upon attainment of the normal retirement age, or in the event of death or total disability.
5. *Notes receivable from participants.* Participants may borrow from their fund accounts and are only permitted to have one loan outstanding at any time. The maximum loan amount is \$50,000 or one-half of the vested balance, whichever is less. The interest rate for the loan is computed using the prime rate plus 1%. Principal and interest is paid ratably through semi-monthly payroll deductions.
6. *Payment of benefits.* On termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or in installments. The distributions will be a lump sum if the vested balance is \$1,000 or less. A participant who has attained age 59 1/2 may withdraw any part of his vested account balance.

In certain hardship situations, as described in the Plan Agreement, participants may withdraw part of their vested account balances while actively employed, but such withdrawals are limited to the amount of hardship and the related taxes resulting from the distribution. The participant must provide documents to verify that the hardship event qualifies for a Plan distribution.

7. *Forfeiture accounts.* At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$3,405 and \$869, respectively. These accounts will be used to pay administrative expenses for the plan year in which the forfeitures are generated. Any remaining funds are used to reduce future employer contributions. In 2021 and 2020, \$500 and \$2,731 of forfeited non-vested accounts was applied to offset the employer matching contributions, respectively.

B. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Great-West Trust Company, LLC, the custodian of the Plan, determines the Plan's valuation policies. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Payment of Benefits

Benefits are recorded when paid.

Expenses

The Great-West Trust Company, LLC, the custodian, receives fees and miscellaneous income from the various administrative fees, investments, and fund houses for the record keeping services of these accounts. Fees are charged to the participant's account or billed to the plan for these administrative fees. Certain administrative fees including a base rate per plan, a charge per participant, service fees, and audit fees are paid by the Employer. Loan origination and loan and distribution processing fees are charged directly to those participants with outstanding loans. Expenses paid in 2021 and 2020 were \$28,880 and \$19,340, respectively.

B. Summary of Accounting Policies (Continued)

Subsequent events

The stock market has fluctuated during the 2020 plan year into the 2021 plan year due to growing concerns of COVID-19. Therefore, the values of the Plan's individual investments have and will fluctuate in response to changing market conditions and the amount of any loss that may be recognized in subsequent periods cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

The Plan has evaluated subsequent events through October 4, 2022, the date the financial statements were available to be issued.

C. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable data by correlation of other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2021 and 2020.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Johnson Motors 401(K) Plan
Notes to Financial Statements (Continued)

C. Fair Value Measurements (Continued)

Corporate bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

U.S. government securities: Valued using pricing models maximizing the use of observable inputs for similar securities.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020.

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total

⁽¹⁾The short-term investments held by the Plan primarily consist of short-term fixed-income securities.

D. Related-Party Transactions and Party in Interest Transactions

Certain Plan investments are managed by Great-West Trust Company, LLC. Great-West Trust Company, LLC is the custodian of the Plan and, therefore, these transactions qualify as party in interest transactions.

Johnson Motors 401(K) Plan
Notes to Financial Statements (Continued)

E. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions. Due to the high number of layoffs for the Company in the plan year of 2020 the plan was determined to be partially terminated. All terminated participants were vested at 100% in the plan year of 2020 for withdrawals regardless of service time.

F. Tax Status

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

G. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

H. Information Certified by the Custodian

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Great-West Trust Company, LLC (the custodian of the Plan).
