INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of
Margolis Edelstein 401(k) Profit-Sharing Plan
The Curtis Center, 4th Floor
Independence Square West
Philadelphia, Pennsylvania 19106-3304

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Margolis Edelstein 401(k) Profit-Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

REPLY TO CHERRY HILL

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Margolis Edelstein 401(k) Profit-Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Margolis Edelstein 401(k) Profit-Sharing plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Margolis Edelstein 401(k) Profit-Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Margolis Edelstein 401(k) Profit-Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control - related matters that we identified during the audit.

Other Matter

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year) is presented for the purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the

underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Margolis Edelstein 401(k) Profit-Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

MARGOLIS EDELSTEIN 401(K) PROFIT-SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2021 AND 2020

1. Description of Plan

The following description of the Margolis Edelstein ("Company") 401(k) Profit-Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering full-time employees who have completed at least three continuous months of service. Part-time employees must complete 1,000 hours of service and reach age twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 80% of annual eligible compensation, as defined in the Plan, up to the maximum salary reduction amount allowed by law (\$19,500 in 2021). Participants have the option to contribute on both a pretax and/or an after tax basis. For 2021, participants who are projected to be age 50 or older by the end of the calendar year may also make a catch-up contribution of up to \$6,500. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans. Employees who have met the eligibility requirements will have 5% of their eligible compensation automatically withheld and deferred unless they elect otherwise. Unless a participant elects out, an automatic 1% increase will be applied on an annual basis each subsequent October 1, up to an annual maximum of 3% and a total deferral of 10%. Beginning in 2011, participants may elect to convert all or a portion of their non-Roth vested account balance to a Roth Conversion Account. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers twenty-eight mutual funds and a self-directed account option (Fidelity BrokerageLink) for those participants that want to choose from a wider variety of exchange traded mutual funds available based on employer guidelines as investment options for participants. Discretionary profit sharing contributions may be contributed at the option of the Company's board of directors. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and rollover contributions plus actual earnings thereon. Vesting in the Company's profit-sharing contributions plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service. A participant becomes fully vested upon death, termination of employment due to disability, or reaching retirement age (65 as defined by the Plan) while employed.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2021 AND 2020
(Continued)

1. **Description of Plan** (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance during the prior year, or 50% of their vested account balance. Loan terms may not exceed 5 years, unless the loan is for the purchase of a primary residence, in which case the loan must be payable within a reasonable time commensurate with the repayment period permitted by commercial lenders for similar loans. The loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by plan the administrator. Interest rates range from 4.25% to 6.50%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to disability, retirement, or reasons other than death, the participant may elect to receive either a lump-sum amount equal to the value of the participant's vested account or annual installments over the participant's life expectancy. On termination of service due to death, the participant's beneficiary will receive either a lump-sum amount or annual installments over the period designated in the participant's written election. The non-vested portion will be forfeited, if the participant receives a distribution of their benefits when they are partially vested.

A participant may elect to receive an in-service distribution from his or her deferral contribution account without terminating employment upon attainment of age 59½. Amounts attributable to rollover contributions may be withdrawn at any time.

The Plan includes an "involuntary cash-out" provision. Any terminated participant will automatically have their balance rolled over to an individual retirement plan, also referred to as "Automatic Rollover". The provision applies to vested account balances over \$1,000 and less than \$5,000. Balances under \$1,000 are automatically distributed as a lump-sum payment. If another type of distribution or plan provider is desired, written specification must be provided to the plan administrator within a reasonable period of time after termination.

Forfeited Accounts

As of December 31, 2021 and 2020, forfeited non-vested accounts totaled \$20,510 and \$20,203, respectively. Forfeited amounts are to be allocated as described in the Plan document. During 2021 and 2020, \$22,510 and \$10,466, respectively, were applied to offset employer contributions.

2. **Summary of Significant Accounting Policies**

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2021 AND 2020

2. **Summary of Significant Accounting Policies** (continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes Receivable from Participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Income Taxes

The Plan follows the provisions of ASC 740-10 (formerly FIN 48), "Accounting for Uncertainty in Income Taxes". This addresses the determination of whether tax benefits claimed, or expected to be claimed, on a tax return should be recorded in the financial statements. The Plan Sponsor recognizes the tax benefit from an uncertain tax position when, based on technical merits, it is more likely than not the position will be sustained on examination by the taxing authorities. The Plan Sponsor recognizes accrued interest and penalties associated with uncertain tax positions as part of the provision for income taxes. The Plan is exempt from federal income taxes and is acceptable under section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. It would be subject to federal excise taxes on prohibited transactions and unrelated business income, if any, as described by the IRC.

The Plan files Form 5500 and applicable schedules with the Department of Labor and the Internal Revenue Service. The Plan is subject to routine audits by those authorities; however, there are currently no audits for any tax period in progress. The Plan administrator believes it is no longer subject to examinations for years prior to 2017.

Subsequent Events

Management has evaluated subsequent events through September 30, 2022, which is the date the financial statements were available to be issued.

Impact of Covid-19

The Covid-19 pandemic developed rapidly in 2020 and is still ongoing, with a substantial number of cases throughout the region. The pandemic in the United States and throughout the world has resulted in substantial volatility in financial markets. Plan Management continues to follow the various government policies and advice provided and will continue to operate the Plan in the safest way possible as advised by its investment professionals.

The CARES Act continues to provide temporary options for Plan participants with respect to certain Plan distributions and loans.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled Equity Funds - Pooled equity accounts are made up of a variety of mutual funds. The fair value of the investments is determined by evaluating pricing models that vary by asset class and incorporate available trade, bid and other market information and for structured securities, cash flow, and, when available, loan performance data.

Pooled Fixed Income Funds - Pooled fixed income accounts are made up of a variety of mutual funds. The fair value of the investments is determined by evaluating pricing models that vary by asset class and incorporate available trade, bid and other market information and for structured securities, cash flow, and, when available, loan performance data.

Self-Directed Mutual Fund Accounts – Self-directed mutual fund accounts are made up of a broad variety of mutual funds. The fair value of the investments is based on the market value of the fund in each of the accounts.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2021 are reported in net appreciation in fair value of investments.

4. **Information Certified by the Trustee (Unaudited)**

For the years ended December 31, 2021 and 2020 the Company has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure Under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, the Company instructed the Plan's independent auditors to not perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company, the trustee of the Plan, as complete and accurate, except for comparing such information certified by the trustee with information included in the Plan's financial statements and supplemental schedules.

Investments held and notes receivable from participants certified by Fidelity Management Trust Company:

	<u>12/31/2021</u>	<u>12/31/2020</u>
Investments (at fair value)	\$ 70,950,360	\$ 64,980,657
Notes receivable from participants	360,888	452,523

Investment income and interest income on notes receivable from participants certified by Fidelity Management Trust Company:

	<u>12/31/2021</u>
Net appreciation in fair value of investments	\$ 3,959,089
Interest income from investments	288
Dividends	4,798,884
Interest income on notes receivable from participants	20,126

5. **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

MARGOLIS EDELSTEIN 401(K) PROFIT-SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2021 AND 2020

(Continued)

6. **Tax Status**

The Plan adopted a Volume Submitter Profit-Sharing Plan with a cash or deferral arrangement which received a favorable opinion letter from the IRS on March 31, 2014, which stated that the Plan is designed in accordance with applicable section of the Internal Revenue Code (IRC). The Plan was amended since receiving the opinion letter. However, the plan administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. The Plan received an IRS approval letter on June 30, 2020 for the Non-Standardized Pre-Approved Profit Sharing Plan with CODA document used by the Plan, is acceptable for use by employers for the benefit of their employees under the IRC Section 401. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8. **Related Party Transactions**

Pension Benefit Consultants, Inc. provides compliance testing services for the Plan and, therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for these services were \$4,450 and \$4,465 for each of the years ended December 31, 2021 and 2020, respectively.

Fidelity Investments are trustees and custodians of the Plan and, therefore, these transactions qualify as party-in-interest. Fees paid by the Plan to Fidelity Management Trust Company for administrative and investment services were \$52,446 and \$48,590 for the years ended December 31, 2021 and 2020, respectively.

UBS Financial Services, Inc. provides consulting services for the Plan and, therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for consulting services were \$68,354 and \$85,396 for the years ended December 31, 2021 and 2020, respectively.

Notes receivable from participants are reported as a party-in-interest. Notes are issued, upon participant request, in compliance with ERISA requirements. Unpaid loan balances are \$360,888 and \$452,523 as of December 31, 2021 and 2020, respectively.
