INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Those Charged with Governance
Tulsa Zoo Management, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 and 2020 Financial Statements

We have performed an audit of the financial statements of Tulsa Zoo Management, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the year ended December 31, 2021, and for the period from July 1, 2020 through December 31, 2020, and the related notes to the financial statements (2021 and 2020 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 and 2020 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution, as of December 31, 2021 and 2020, and for the year ended December 31, 2021, and for the period from July 1, 2020 through December 31, 2020, stating that the certified investment information, as described in Note 3 to the 2021 and 2020 financial statements, is complete and accurate.

Opinion on the 2021 and 2020 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 and 2020 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 and 2020 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- the information in the accompanying 2021 and 2020 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 and 2020 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 and 2020 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements

relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 and 2020 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 and 2020 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 and 2020 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 and 2020 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2021 and 2020 Supplemental Information Required by ERISA

The supplemental information, schedules of assets (held at end of year) as of December 31, 2021 and 2020, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the June 30, 2020 Financial Statements

We were engaged to audit the June 30, 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated January 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the June 30, 2020 financial statements, and (b) the form and content of the information included in the June 30, 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

TULSA ZOO MANAGEMENT, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020, and June 30, 2020

Note 1 – Description of the Plan

Tulsa Zoo Management, Inc. (the Organization or Employer) sponsors the Tulsa Zoo Management, Inc. 401(k) Plan (the Plan). The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established for the benefit of the Organization's employees, except for leased employees, nonresident aliens, union employees, and temporary employees who work less than 1,000 hours of service during a Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by the Organization's board of trustees. BOKF, NA (the Trustee) serves as the trustee of the Plan, maintains the records of the participant data, and holds the Plan assets.

Effective July 1, 2020, the Plan year end was amended to be December 31st. The Plan will have a short Plan year from July 1, 2020 to December 31, 2020. Exclusively for the short Plan year of July 1, 2020 through December 31, 2020, a year of eligibility service was granted for any eligible employee who satisfied the eligibility requirements during the short Plan year. In addition, due to the short Plan year of July 1, 2020 through December 31, 2020, the Plan had overlapping computational periods for vesting purposes. An eligible employee who completed 800 hours of service during the 12-month period from July 1, 2020 through June 30, 2021, or during the 12-month period from January 1, 2021 through December 31, 2021, received a year of service for vesting purposes.

Eligibility

Nonexcluded employees who have reached 21 years of age and have completed 30 days of service are eligible to participate in the Plan. Participants are automatically enrolled in the Plan on the first day of the month after satisfying eligibility requirements. In order to be eligible for Employer matching and profit sharing contributions, participants must be employed on the last day of the Plan year unless termination is due to death, disability, or retirement.

Contributions

Participants may contribute up to 100% of their compensation, as defined in the Plan document, as either pretax or Roth deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

Eligible employees are automatically enrolled in the Plan with a 2% deferral rate. Eligible employees who do not wish to participate in the Plan may affirmatively elect to opt out, or they may elect a different deferral percentage.

The Plan also provides for discretionary Employer matching contributions. For the year ended December 31, 2021, the Organization matched 50% of deferrals up to 6% of a participant's eligible compensation. There were no Employer matching contributions for the period from July 1, 2020 through December 31, 2020.

Additional amounts may be contributed by the Employer under the Plan's profit sharing provisions at the discretion of the Organization's board of trustees. Allocations of Employer profit sharing contributions are based on the proportion of each participant's compensation to the total of all participants' eligible compensation. There were no Employer profit sharing contributions for the year ended December 31, 2021, or for the period from July 1, 2020 through December 31, 2020.

Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain limitations of the Internal Revenue Code (the Code).

Participant accounts

Each participant's account is credited with participant contributions, Employer matching contributions, and allocations of Employer profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in Employer contributions is based upon years of continuous service as follows:

<u>Years of service</u>	<u>Vesting percentage</u>
Less than one year	0%
One, but less than two	20%
Two, but less than three	40%
Three, but less than four	60%
Four, but less than five	80%
Five years or more	100%

Participants automatically become 100% vested upon normal retirement (attainment of age 65), disability, or death. Participants who terminate for any other reason are entitled to the vested amount of their accounts.

Notes receivable from participants

Participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by the difference between the highest outstanding loan balance during the preceding 12-month period and the outstanding loan balance on the date the loan is made, or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 5.25% to 7.50%, which is based on prime rate plus 2% on the date of origination. Participants may only have one loan outstanding at any given time. Terms range from one to five years. Principal and interest is paid ratably through payroll deductions.

Payment of benefits

Upon retirement, termination, disability, or death, a participant, or his or her beneficiary in the event of death, may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Additionally, participants may take in-service distributions upon reaching age 59½. Upon termination, automatic distributions are required for balances of less than \$5,000. Automatic distributions above \$1,000 made without the participant's consent are rolled into an individual retirement account designated by the Plan administrator. Generally, certain minimum distributions are required for participants who have separated from service and have reached age 72. The Plan allows hardship withdrawals, subject to account balance limits and applicable laws.

Participants who were automatically enrolled in the Plan have the option to withdraw their deferrals without penalty within 90 days of their automatic enrollment date.

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act (CARES Act) was signed into law. Plans were permitted to adopt these provisions immediately provided the Plan document is retroactively amended on or before December 31, 2022. Plan management elected to adopt the following provisions:

- For coronavirus-related distributions made before December 31, 2020, to qualified individuals, as defined in the CARES Act, the maximum distribution is the lesser of the vested portion of the participant's account balance in the Plan or \$100,000. In addition, for active employees, a coronavirus-related distribution may be repaid at any time during a three-year period beginning on the day after the date on which the distribution was received.
- For qualified individuals with outstanding loans, loan repayments during the period of March 27, 2020 through December 31, 2020, could be suspended for a 12-month period. The term of the loan will be extended by one year to accommodate the suspension period. Subsequent payments will be adjusted to include accrued interest during the delay period.
- Required minimum distributions were suspended in 2020.

Forfeitures

Forfeitures are first used to restore participant balances previously forfeited, to pay Plan administrative expenses, or to reduce Employer contributions. The Plan had \$145, \$10, and \$516 in unallocated forfeitures as of December 31, 2021 and 2020, and June 30, 2020, respectively. For the year ended December 31, 2021, and for the period from July 1, 2020 through December 31, 2020, forfeitures in the amount of \$3,117 and \$713, respectively, were used to pay Plan administrative expenses.

Administrative expenses

The Plan allows certain administrative expenses to be paid from Plan assets. Investment expenses netted against investment income represent amounts associated with the net expense ratios of the investments in the Plan's fund lineup.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of the financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the valuation policies utilizing information provided by the Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2021 and 2020, or June 30, 2020. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Payment of benefits

Benefit payments are recorded when paid. There were no benefits requested before year-end that were not paid.

Subsequent events

The Plan administrator has evaluated subsequent events through October 10, 2022, the date the financial statements were available to be issued.

Note 3 – Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2021 and 2020, and June 30, 2020;
- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021, and the period from July 1, 2020 through December 31, 2020;
- Investment information included in the footnotes and on the supplemental schedule of assets (held at end of year) as of December 31, 2021 and 2020.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental information.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodology used as of December 31, 2021 and 2020, and June 30, 2020. During the year ended December 31, 2021, and the period from July 1, 2020 through December 31, 2020, there were no transfers of financial instruments into or out of Level 3. Following is a description of the valuation methodology used for assets measured at fair value:

Mutual funds – Valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of a different methodology or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of:

	Fair value measurements as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds and total investments at fair value	\$ 5,157,408	\$ -	\$ -	\$ 5,157,408

	Fair value measurements as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds and total investments at fair value	\$ 4,536,734	\$ -	\$ -	\$ 4,536,734
	Fair value measurements as of June 30, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds and total investments at fair value	\$ 3,926,549	\$ -	\$ -	\$ 3,926,549

Note 5 – Related Party and Party-in-Interest Transactions

Certain administrative expenses, totaling approximately \$26,500 and \$10,400, were paid by the Organization on behalf of the Plan for the year ended December 31, 2021, and the period from July 1, 2020 through December 31, 2020, respectively. The Organization does not expect reimbursement from the Plan for these expenses. Certain administrative functions are performed by officers and employees of the Organization. No officer or employee receives compensation from the Plan for these services.

The Plan holds notes receivable from participants. These transactions qualify as party-in-interest transactions. Certain fees incurred by the Plan are included in net appreciation in fair value of investments.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Employer contribution portion of their accounts.

Note 7 – Tax Status

The Organization adopted a volume submitter profit sharing plan (the VSPS Plan) sponsored by the Trustee. The Internal Revenue Service has determined and informed the VSPS Plan sponsor by a favorable opinion letter dated September 30, 2014, that the VSPS Plan is designed in accordance with the applicable sections of the Code. The VSPS Plan's opinion letter is being relied on by the Plan. Although the Plan has been amended since receiving the opinion letter, Plan management believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Effective November 1, 2021, the Company restated and adopted a Preapproved Defined Contribution Plan (the Preapproved Plan) sponsored by the Trustee. The Internal Revenue Service has determined and informed the Preapproved Plan sponsor by a favorable opinion letter dated June 30, 2020, that the Preapproved Plan is designed in accordance with the applicable sections of the Code.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. In addition, on January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. The pandemic in the United States and throughout the world has resulted in substantial volatility in financial markets. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported on the statements of net assets available for benefits.

Note 9 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	December 31,		June 30,
	2021	2020	2020
Net assets available for benefits per the financial statements	\$ 5,254,081	\$ 4,561,450	\$ 4,103,229
