Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of the Oxford Development Company 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Oxford Development Company 401(k) Profit Sharing Plan and Trust

Notes to the Financial Statements

1. Plan Description

The following description of the Oxford Development Company (the Company) 401(k) Profit Sharing Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for complete information.

General

The Plan is a participant-directed 401(k) profit sharing plan covering all non-union employees of the Company, Oxford Realty Services, and Bakewell Corporation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility and Contributions

Each non-union employee is eligible to participate on the first plan entry date following the attainment of age 21 and the completion of a one-year service period in which a minimum of 1,000 hours are credited. Plan entry dates are January 1 and July 1 of each calendar year.

Employer contributions, reduced by forfeited employer contributions, were approximately as follows for the year ended December 31, 2021:

		2021
Employer match	\$	346,366
Employer discretionary		123,398
Forfeited contributions		(20,593)
	\$	449,171

Participants may contribute to the Plan based on a percentage of their annual earnings within the limitations as defined in the Internal Revenue Code (IRC). The Company matches 100% of the employees' contributions up to 3% of eligible compensation. Discretionary contributions may be made by the Company. Forfeited contributions are used to reduce the employer's contribution to the Plan.

Participants may direct their contributions and any employer contributions made on their behalf to a variety of investment options provided by the Plan.

The Plan includes an automatic enrollment policy. Under this policy, if an individual does not submit an automatic enrollment waiver or elect a deferral rate, the employee will be automatically enrolled in the Plan at a 3% deferral rate.

Discretionary contributions are allocated as of the last day of the plan year to every active plan participant on that date or to any plan participant who has retired, become totally disabled or died and was active in the Plan during the plan year. The Company made a discretionary contribution of \$123,398 in 2021. There were no discretionary contributions made in 2020.

401(k) Profit Sharing Plan and Trust**

Notes to the Financial Statements (Continued)

1. Plan Description (Continued)

Eligibility and Contributions (Continued)

Qualified non-elective contributions may be made by the Company in order to satisfy the nondiscrimination tests described in the IRC. The Company did not make any qualified non-elective contributions for the year ended December 31, 2021.

Participant Accounts

Each participant's account is credited with the participant's contribution plus any Company matching contribution and with an allocation of (a) the Company's discretionary contribution and (b) plan earnings. Allocations of the Company's discretionary contributions are based on participant earnings, as defined. Allocations of plan earnings are based on actual earnings on participant-directed investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or one-half of their vested account balance. The \$50,000 maximum will be reduced by the participant's highest outstanding loan in the previous 12 months. Repayment terms generally may not exceed five years. The trustees determine the repayment terms. The notes bear interest at prime plus 1% at the time the note is entered into. As of December 31, 2021, the outstanding notes receivable from participants bear interest ranging from 4.25% to 6.0%.

In the event of default, as described by the Plan, participants are considered to have received a distribution and are subject to income taxes on the distributed amount.

Vesting

Participants are always 100% vested in amounts contributed to the Plan by the participants. Vesting in employer matching and discretionary contributions is based on years of continuous service. A participant is 20% vested after two years and is vested on a graduated basis until completion of five years of continuous service or attaining age 65, at which time the accrued benefit is 100% vested. Upon death or total and permanent disability, participants are 100% vested. Qualified non-elective employer contributions are 100% vested.

Benefits

The Plan provides for normal retirement benefits upon reaching age 65 or at an early retirement age of 55 with seven years of vested service. The Plan has benefit provisions of disability, beneficiary, hardship, and early termination.

At December 31, 2021 and 2020, there were no significant amounts of benefit payments to individuals who have withdrawn from the Plan but have not been paid.

401(k) Profit Sharing Plan and Trust**

Notes to the Financial Statements (Continued)

1. Plan Description (Continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become 100% vested in their accounts. The value of the interests of all participants and beneficiaries is to be determined, and after deduction of estimated expenses in liquidating and distributing the trust, would be distributed to them as soon as practicable after such termination. The Company is to direct the trustee in making payments in accordance with the plan provisions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are maintained on the accrual basis of accounting, except for benefit payments that are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Contributions

Employee contributions are recorded in the period during which the Company makes payroll deductions from the participants' earnings.

The Company's contributions are accrued and paid based on amounts required to be funded for each year under the plan provisions and the applicable requirements of the IRC.

Investment Valuation and Income Recognition

Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at a measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers the assumptions that market participants would use when pricing the asset or liability.

**Oxford Development Company
401(k) Profit Sharing Plan and Trust**

Notes to the Financial Statements (Continued)

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition (Continued)

The three levels of inputs that may be used to measure fair value are as follows:

- Level 1 - Observable inputs such as quoted prices in active markets for identical investments that the Plan has the ability to access.
- Level 2 - Inputs include:
 - a. Quoted prices for similar assets or liabilities in active markets;
 - b. Quoted prices for identical or similar assets or liabilities in inactive markets;
 - c. Inputs, other than quoted prices in active markets, that are observable either directly or indirectly;
 - d. Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.
- Level 3 - Unobservable inputs in which there is little or no market activity for the asset or liability, which require the reporting entity to develop its own estimates and assumptions relating to the pricing of the asset or liability including assumptions regarding risk.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund on the last day of the Plan's year end using a quoted price in an active market and are classified within Level 1 of the fair value hierarchy.

The Plan's investment in the T. Rowe Price Stable Value Fund (the Fund) is a fully benefit-responsive investment contract in a stable value common collective trust fund. The investment in the Fund is valued using the NAV provided by the administrator of the trust on the last day of the Plan's year end. The NAV is based on the value of the underlying assets owned by the trust, minus its liabilities, and then divided by the number of shares outstanding. In relation to these investments, the Fund has no unfunded commitments. Also, the Plan along with its participants can exchange shares with minimal restrictions.

The Plan maintains life insurance contracts. The cash value of life insurance contracts is valued by determining the premiums paid by participants, less expense charges used to purchase insurance coverage, and surrender charges. The cash value of the life insurance contracts is classified within Level 2 of the fair value hierarchy.

**Oxford Development Company
401(k) Profit Sharing Plan and Trust**

Notes to the Financial Statements (Continued)

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend basis. Net investment gain or loss includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with these investments and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in the near term could materially affect the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Investment Management Fees and Operating Expenses

Investment management fees and operating expenses charged to the Plan for investments in various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair values of investments.

Administrative Expenses

Contract administrative expenses are paid by the Company. Other administrative expenses are paid by the Company or the Plan, as provided in the plan document.

Benefit Payments

Benefits are recorded when paid.

Consideration of Subsequent Events

The Company evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through October 12, 2022, the day the financial statements were approved and authorized for issue.

3. Investments

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit a reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

4. Common Trust Fund

The Plan's investment in the common collective trust (CCT) is the T. Rowe Price Stable Value Fund (the T. Rowe Price Fund). CCTs are public investment vehicles valued using the NAV provided by the trustee on the last day of the Plan's year end. NAV is based on the value of underlying investments, primarily synthetic guaranteed investment contracts insured by wrapper contracts and short-term securities minus its liabilities, and then divided by the number of units outstanding. The Plan's participants may exchange units in the T. Rowe Price Fund on a daily basis with minimal restrictions based on NAV. Participants have agreed to the payment of redemption over a period of up to twelve months under certain circumstances.

4. Common Trust Fund (Continued)

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

5. Certification of Financial Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, PNC Bank, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investment information included in the schedule h, line 4i - schedule of assets (held at end of year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

At the request of the plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

6. Tax Status

The Plan is a non-standardized pre-approved money purchase/profit sharing plan of Newport Group Inc. Newport Group Inc. received an opinion letter from the Internal Revenue Service (IRS) dated November 30, 2020, stating that the form of the Plan is qualified under Section 401 of the IRC and, therefore, the related trust is tax-exempt. In accordance with IRS pronouncements, the plan sponsor has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the opinion letter. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a taxing authority. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Parties-in-Interest Transactions

Certain plan investments are shares of a common trust fund managed by PNC Bank or shares of mutual funds managed by an affiliate of PNC Bank. PNC Bank is the trustee and custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Certain administrative functions are performed by officers or employees of the Company at no cost to the Plan.

The Plan has notes receivable from participants subject to specific guidelines as defined in the plan document (Note 1).

These transactions are not deemed prohibited party-in-interest transactions, because they are covered by statutory or administrative exemptions from the IRC and ERISA's rules on prohibited transactions.
