As permitted by Regulation 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, we have elected for you to not perform any auditing procedures with respect to information prepared and certified by Principal Life Insurance Company and Principal Trust Company (Principal), the trustees, in accordance with DOL Regulation 2520.103-5, except for comparing the information with the related information included in the financial statements and supplemental schedule. We understand that the form and content of the information in the financial statements and supplemental schedule, other than that derived from the information certified by Principal has been audited by you in accordance with auditing standards generally accepted in the United States of America, and was subjected to tests of our accounting records and other procedures you considered necessary to enable you to express an opinion as to whether they are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors. We confirm, to the best of our knowledge and belief, as of the date of this letter, the following representations made to you during your audit:

22. We have no knowledge of any fraud or suspected fraud that affects the Plan and involves:
- a. Management,

 - c. Others where the fraud could have a material effect on the financial statements.
23. We have no knowledge of any allegations of fraud or suspected fraud affecting the Plan's financial statements communicated by employees, former employees, participants, regulators, beneficiaries, service providers, third-party administrators, or others.

24. We have no knowledge of any instances of noncompliance or suspected noncompliance with laws and regulations (including ERISA, DOL, and IRS regulations) whose effects should be considered when preparing financial statements.

29. Amendments to the Plan instrument, if any, have been properly recorded or disclosed in the financial statements.
30. The Plan has complied with all aspects of debt and other contractual agreements that would have a material effect on the financial statements in the event of noncompliance.
31. The methods and significant assumptions used to estimate fair values of financial instruments, including nonreadily marketable securities, are as follows:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

Pooled separate account: Valued at the NAV of the account which primarily includes short term securities, such as commercial paper. The NAV is based on the observable pricing inputs of the underlying investments held by the account, including quoted prices for similar assets in active or non-active markets. The NAV is the basis for current transactions and the pooled separate account can be redeemed at NAV as of the measurement date.

Guaranteed interest accounts: Insurance company general accounts with Principal which are not actively traded and significant observable inputs are not available. Thus, the fair value of the guaranteed interest accounts is considered the contract value adjusted to take into account the current rates of interest available in the market place (Market Value Adjustment). Fair value is computed utilizing a combination of the current interest rates based on remaining investment term and the interest rate on the accounts.

The methods and significant assumptions used result in a measure of fair value appropriate for financial measurement and disclosure purposes.

32. All required amendments to and filings of Plan documents with the appropriate agencies have been made.
33. The Plan (and the trust established under the Plan) is qualified under the appropriate section of the Internal Revenue Code (IRC) and we intend to continue them as a qualified plan (and trust). The plan sponsor has operated the Plan (and trust) in a manner that did not jeopardize this tax status. [Required nondiscrimination testing related to Code Section 401(k) and 401(m) arrangements, as applicable, has been completed for the Plan, and any excess deferrals or contributions have been disposed of in accordance with regulations. The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However,

the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

34. The Plan has complied with the DOL's regulations concerning the timely remittance of participant contributions to trusts containing assets for the Plan.
35. The Plan has complied with the fidelity bonding requirements of ERISA.
36. We have apprised you of all communications, whether written or oral, with regulatory agencies concerning the operation of the Plan.
37. We have obtained appropriate fee disclosures from covered service providers and have concluded the fees are reasonable. The Plan is in compliance with DOL regulations regarding ERISA Section 408(b)(2).
38. We believe the form and content of the Schedule of Assets Held at the End of the Year is fairly presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
39. Discretionary matching contributions equal 50% of the first 6% of the compensation that a participant contributed to the Plan were authorized and made for the year ended December 31, 2021.
40. Employer contributions receivable of \$70,178 represent true-up contributions calculated to allow for the maximum amount of possible matching funds under the Plan's contribution guidelines.
41. There were no hardship distributions during the year ended December 31, 2021.
42. There were no excess proceeds remitted to the Plan during the year by Principal which would need to be applied to pay administrative expenses or allocated to participant accounts.
