**FINANCIAL STATEMENTS
AND
SUPPLEMENTAL SCHEDULE**

YEARS ENDED DECEMBER 31, 2021 AND 2020

Independent Auditor's Report

Canterbury Park 401(k) Retirement Plan
To the Plan Administrator
Shakopee, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Canterbury Park 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Canterbury Park 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Canterbury Park 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Canterbury Park 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Canterbury Park 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Canterbury Park 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Canterbury Park 401(k) Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 8, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS**

NOTE 1. DESCRIPTION OF PLAN

The following description of the Canterbury Park 401(k) Retirement Plan (the "Plan") provides for general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan providing retirement benefits to eligible employees of Canterbury Park Holding Corporation (the "Company"), who have elected to participate under the terms of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended, and the Internal Revenue Code ("IRC").

The Plan has adopted certain provisions of the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") that was signed into law on March 27, 2020, which were immediately available, for coronavirus-related distributions, suspended participant loan payments and increased loan limits, and waiver of required minimum distributions that were due during 2020. Written amendments to the plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Eligibility – Prior to July 1, 2014, all Company employees who had completed one year of eligibility service and were not covered by a collective bargaining agreement were eligible to participate in the Plan. One year of eligibility service was defined as being credited with 1,000 or more hours of service during the 12-month period beginning on the employee's employment commencement date and for each successive 12-month period ending on the last day of each plan year. Hours of service were determined for all employees on the basis of actual hours for which an employee is paid or entitled to payment. Effective July 1, 2014, all employees who completed six months of service and are not covered by a collective bargaining agreement are eligible to participate in the plan. Effective February 1, 2015, you must be 21 years old to enter the Plan. After completing the eligibility requirements, an employee may become a participant in the Plan as of the first day of the months of January or July, coinciding with or following the date on which the employee meets the eligibility requirements.

Contributions - Each year participants may contribute up to 75% of their eligible compensation, as defined by the Plan, up to the maximum amount specified by the Internal Revenue Service ("IRS"). Participants who have obtained 50 years of age or older may make catch-up contributions to the Plan equal to the maximum allowed by the IRS. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions and all Company contributions into one or more of the various investment options offered by the Plan. The Plan also includes an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan.

**CANTERBURY PARK
401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE 1. DESCRIPTION OF PLAN (continued)

The Plan has an automatic deferral rate of 3% of eligible compensation and employer matching contributions equal to 50% of elective deferral contributions up to 6% of compensation. Matching contributions can be made in cash or qualifying employer securities. Participant contributions exceeding 6% of the participant's annual compensation, as defined by the Plan, were not eligible for an employer match. The Company may also make an additional discretionary employer contribution. For the years ended December 31, 2021 and 2020, the Company contributed \$541,693 and \$381,838, respectively, of matching contributions. There were no additional discretionary employer contributions made to the Plan in 2021 or 2020. Contributions in excess of IRC limitations are returned to participants when determined.

Participant Accounts - Each participant's account is credited with the participant's contributions, the Company's matching contributions, allocations of the Company's discretionary contributions, and allocations of Plan earnings (losses), and charged with Plan withdrawals and an allocation of administrative expenses. Allocations of earnings (losses) are based on participant earnings, account balances, or specific participant transactions as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions and rollover contributions plus actual earnings thereon. Participants become 20% vested in Company contributions and related earnings after two years of service and vest in 20% increments per year thereafter. Participants are fully vested in Company contributions after six years of service, and also become fully vested upon death, disability or attainment of age 65.

Termination - Although the Company has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the Plan's provisions and regulations of ERISA. In the event of the Plan's termination, participants' accounts and earnings would become fully vested in their Company contributions and the assets would be distributed in accordance with the Plan agreement.

Notes Receivable From Participants - Participants may borrow from their fund account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants may only have one outstanding loan at any given time. The loans are secured by the balance in the participant's accounts and bear interest at rates ranging from 4.25% - 6.50% per annum at December 31, 2021. The maximum loan term is five years unless the loan is used to buy a principal residence, in which case the loan may be repaid over a period of time not to exceed 15 years. Generally, loan principal and interest payments are made in level amortized payments through biweekly payroll deductions. All loans are due-in-full upon termination of employment.

**CANTERBURY PARK
401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE 1. DESCRIPTION OF PLAN (continued)

Forfeited Accounts - Forfeited nonvested accounts may be used to pay the Plan's administrative expenses or to reduce future Company contributions. During the years ended December 31, 2021 and 2020, the Company used forfeitures to reduce employer matching contributions by \$30,090 and \$26,487, respectively. As of December 31, 2021, and 2020, forfeited nonvested account balances aggregated \$2,133 and \$16,096, respectively.

Payment of Benefits - On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Any balance between \$1,000 and \$5,000 is an automatic rollover to an individual retirement account. Any balance under \$1,000 is automatically paid out. In addition, hardship distributions out of the participant's voluntary contributions account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 65. The Plan includes the IRS hardship distribution regulations that were implemented to allow participants to have access to earnings on the deferral portion of their account, to include federal disasters as a hardship category, to eliminate the suspension period subsequent to receiving a hardship distribution, and to eliminate the requirement to exhaust plan loans.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Investments Valuation and Income Recognition - The Plan's investments are reported at fair value, which is the price that would be received upon sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 3 for a discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

**CANTERBURY PARK
401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates - The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Risks and Uncertainties - The Plan provides for investment in a variety of investment options including mutual funds and investment contracts. Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Administrative Expenses - The Plan incurred administrative expenses paid to the third-party administrator aggregating \$130,517 and \$110,330 for the years ended December 31, 2021 and 2020, respectively. Fees related to the administration of loans and distributions aggregating \$15,565 and \$22,610 for the years ended December 31, 2021 and 2020, respectively, were charged directly to the participant's account and are included in administrative expenses. A portion of the costs of administering the Plan, including asset trustee fees, are paid by the plan sponsor, and are excluded from these financial statements. Investment related expenses are netted against net appreciation (depreciation) in fair value of investments.

Notes Receivable From Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred. Delinquent participant contributions are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Subsequent Events - The Company has evaluated events through September 28, 2022, which is the date the financial statements were available to be issued.

NOTE 3. FAIR VALUE OF MEASUREMENTS

Authoritative guidance establishes a framework for measuring fair value. The framework provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. There were no unfunded commitments in 2021 or 2020. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The fair value hierarchy consists of three levels of inputs that may be used to measure fair value as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets.
- quoted prices for identical or similar assets or liabilities in inactive markets.
- inputs other than quoted prices that are observable for the asset or liability.
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Pooled Separate Accounts: Fair value of mutual funds held in pooled separate accounts is based on quoted net asset values of underlying investments held by the pooled separate accounts adjusted by an asset charge. The underlying mutual funds held in the pooled separate accounts are open-ended mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**CANTERBURY PARK
401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE 3. FAIR VALUE OF MEASUREMENTS (continued)

Common and collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that are valued at the NAV of units in the bank collective trust. The NAV is used as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities' liquidations will be carried out in an orderly business matter. There are no unfunded commitments.

Canterbury Park Holding Corporation Common Stock: The common stock, which is traded in an active market on a national securities exchange, is valued at the closing price reported on the last business day of each period presented.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

Assets at Fair Value as of December 31, 2021

Mutual funds	\$ 5,027,188			\$ 5,027,188

NOTE 4. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net (depreciation) appreciation in fair value of investments, dividend income, and interest income on notes receivable from participants for the years then ended was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, (the trustee of the Plan).

NOTE 5. TAX STATUS

The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and the related trust is exempt from taxation. The plan administrator is not aware of any significant uncertain tax positions taken by the Plan.

NOTE 6. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are issued by Principal Trust Company, the Plan Trustee; therefore these transactions qualify as party-in-interest. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. Fees paid to Principal Trust Company for administrative services were \$146,082 and \$132,940 in 2021 and 2020, respectively. The Plan Sponsor pays directly any other fees related to the plan's operations.
