Plan Sponsor of the
401(k) Retirement and Savings Plan
Alpena, Michigan 49707

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of **401(k) Retirement and Savings Plan** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Independent Auditors' Responsibilities for the Audit of the 2021 Financial Statements* section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Independent Auditors' Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Independent Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an independent auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The December 31, 2021 supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

401(k) RETIREMENT & SAVINGS PLAN

Notes to Financial Statements

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the **401(k) Retirement and Savings Plan** (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Description of the Plan

General

The Plan is a defined contribution plan covering all employees of several separate companies and various divisions thereof, which are related by virtue of common ownership, and employees of Via-Tech Corp., Marting Mfg. of Iowa, Inc., Hawkeye Products Corp., Rapid-Pro Mfg., Inc., and Smidley Mfg., Inc., companies outside the group of controlled entities (collectively the "Company") who have attained the age of twenty-one and completed one year of eligible service. Eligible service is the completion of 1,000 hours of service during an eligibility period as defined by the Plan agreement. Union and leased employees are excluded from participating in the Plan. Currently, the Company does not employ any union or leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Risks and Economic Uncertainties

The Plan invests in various mutual funds and collective investment trusts with the underlying assets consisting of any combination of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of interest rate, market, and credit risks inherent with certain of the Plan's investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.

Contributions

Each year participants may contribute annual compensation as defined in the Plan agreement up to the maximum allowed by the Internal Revenue Code (the "IRC"), provided such contributions do not exceed 88% of eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company contributes a safe harbor matching contribution equal to 100% of each employee's contributions, up to a maximum of 3% of each participant's eligible wages and 50% of the participant's deferral between 4% and 5% of eligible wages (for a maximum matching contribution of 4%). The Company, at its discretion, may make additional nonelective, qualified matching, or discretionary contributions. The Company did not make any additional contributions for 2021 or 2020. Participants direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and collective investment trusts as investment options for participants. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

401(k) RETIREMENT & SAVINGS PLAN

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's safe harbor matching contributions and an allocation of (a) the Company's nonelective, qualified matching, or discretionary contributions (when made), and (b) Plan earnings and charged with an allocation of administrative expenses, including investment management fees, if any. Participants who initiate a benefit payment are charged a fee for that transaction. Allocations are based on participant account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their 401(k) voluntary contributions, the Company's safe harbor matching contributions, nonelective and qualified matching contributions, plus actual earnings thereon. Vesting in the Company's discretionary contributions, if and when made, is based on years of continuous service. A participant is 100% vested after six years of credited service.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or transfer the amount to another qualified plan, as defined by the Plan agreement. For termination of service or for other reasons, a participant will received the value of the vested interest in his or her account as a lump-sum distribution. If the participant's account balance is \$1,000 or less, payment will be made in an immediate lump-sum without the participant's consent.

In-service withdrawals of vested balances may be elected by participants who have reached 59 ½ years of age. The Plan also permits withdrawals of active participants' elective contributions only in amounts necessary to satisfy financial hardship as defined by the Plan agreement.

Forfeited Accounts

Forfeited nonvested accounts, if and when applicable, are used first to restore any forfeited amounts that are required to be restored to reemployed participants under the provisions of the Plan and then are used to reduce future employer cash contributions. No forfeitures were used for these purposes during 2021 or 2020. At December 31, 2021 and 2020, there were no forfeited nonvested accounts as the Company has not made any discretionary contributions.

Administrative Expenses

The Plan's administrative expenses are paid either by the Plan or the Company, as provided by the Plan document. Certain administrative expenses, including an allocation of salaries related to Plan administration, and audit and legal costs, are paid by the Company and qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Expenses that are paid directly by the Company are excluded from these financial statements. Fees for custodial, record keeping, and investment management services are paid by the Plan. Participants are charged directly for fees related to certain distribution types.

Notes to Financial Statements

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's aggregate gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds and collective investment trusts are deducted from income earned on a daily basis and are not separately reflected. Consequently, such management fees and operating expenses are reflected as a reduction of net appreciation or an addition to net depreciation in the aggregate fair value of such investments.

Contributions

Participant contributions are recorded when withheld from compensation. Employer contributions are recorded in the period in which they become obligations of the Company.

Benefits Paid to Participants

Benefit payments to participants are recorded when paid.

Subsequent Events

In preparing these financial statements, Plan management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to December 31, 2021, the most recent statement of net assets available for benefits presented herein, through October 12, 2022, the date these financial statements were available to be issued. No such significant events or transactions were identified other than the matter described in Note 5.

401(k) RETIREMENT & SAVINGS PLAN

Notes to Financial Statements

2. INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Bank, as trustee, has certified the completeness and accuracy of the investment information reflected in (1) the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, (2) the December 31, 2021, schedule of assets (held at end of year), and (3) the related investment activity reflected in the statements of changes in net assets available for benefits during 2021 and 2020.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability; and
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. For financial assets recorded at fair value, the description includes an indication of the level of the fair value hierarchy in which the assets are classified. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Shares held in mutual funds are valued at quoted market prices that represent the net asset value ("NAV") of shares held by the Plan at year end and are classified as Level 1. The NAV is based on the value of the underlying assets owned by the fund, less its liabilities, then divided by the number of shares outstanding. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price and, therefore, are deemed to be actively traded.

401(k) RETIREMENT & SAVINGS PLAN

Notes to Financial Statements

Collective investment trusts : Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value and, as a result, are not assigned a level in the fair value hierarchy. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31:

2021	Level 1	Level 2	Level 3	Other (1)	Total
Mutual funds	\$ 27,332,935	\$ -	\$ -	\$ -	\$ 27,332,935
Collective investment trusts	-	-	-	57,704,279	57,704,279
Total investments at fair value	\$ 27,332,935	\$ -	\$ -	\$ 57,704,279	\$ 85,037,214
2020	Level 1	Level 2	Level 3	Other (1)	Total
Mutual funds	\$ 23,981,688	\$ -	\$ -	\$ -	\$ 23,981,688
Collective investment trusts	-	-	-	47,841,254	47,841,254
Total investments at fair value	\$ 23,981,688	\$ -	\$ -	\$ 47,841,254	\$ 71,822,942

(1) Certain investments are measured at NAV per share (or its equivalent) on a non-active market and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

401(k) RETIREMENT & SAVINGS PLAN

Notes to Financial Statements

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There were no transfers of assets into or out of Level 3 in 2021 or 2020.

The following tables set forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31:

Investment Type	2021			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective investment trusts	\$ 57,704,279	\$ -	Daily	Daily

Investment Type	2020			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective investment trusts	\$ 47,841,254	\$ -	Daily	Daily

4. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Charles Schwab Trust Bank ("Charles Schwab"). Charles Schwab is the trustee of the Plan. Additionally, investment advisory services are provided by CapFinancial Partners, LLC and contract administration and recordkeeping services are provided by Watkins, Ross & Co. Transactions with these entities qualify as party-in-interest transactions. Fees paid by the Plan for these services, which include distribution fees charged directly to participant accounts, amounted to \$114,366 and \$114,723 for 2021 and 2020, respectively. Fees paid by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing rather than a direct payment.

5. TAX STATUS (AND SUBSEQUENT EVENT)

The IRS has determined and informed the Company by a letter dated April 13, 2017, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's legal counsel believe that the Plan is designed in compliance with the applicable requirements of the IRC. Additionally, the Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC, and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

In July 2022, the Company submitted to the IRS for determination if the third six-year cycle amendment and restated plan document is designed in accordance with applicable selection of the IRC. The restated plan document is to be effective January 1, 2022.

401(k) RETIREMENT & SAVINGS PLAN

Notes to Financial Statements

The Plan Administrator has considered the tax positions taken by the Plan and has concluded that, as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. While the Plan may be subject to routine audits by taxing jurisdictions, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2018.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Company may determine.
